Form-6: Authorization Letter	34

1. Introduction

1.1 Background

The Government of Haryana has constituted an Authority, namely the 'Quality Assurance Authority' (QAA) for the purposes of quality assurance in engineering works implemented by the State Government and by organizations owned and controlled by the State Government vide notification no. 18/07/2022-3FICW/24265 dated 4th April 2023 published in Haryana government gazette vide no. 16-2023, Chandigarh, Tuesday, April 18th, 2023.

The Quality Assurance Authority (QAA) has previously empanelled agencies to provide Detailed Project Report (DPR) and Design Consultancy Services across various sectors during the first phase. However, some sectors experienced comparatively lower levels of participation. To increase competition, encourage broader participation, and provide opportunities to agencies that were unable to participate or qualify in the initial phase, the QAA Haryana is now inviting additional agencies to be empanelled for the provision of DPR and Design Consultancy Services for Power Transmission Projects (i.e. 66 kV level and above) in the second phase. The empanelled agencies will work for Haryana Vidyut Prasaran Nigam Limited (HVPNL) to ensure the highest quality standard in planning & design for sustainable development of the state infrastructure.

1.2 Objectives

To achieve its defined purpose, QAA plans to empanel agencies for:

- 1.2.1 Ensuring the design and construction of high-quality infrastructure projects.
- 1.2.2 Enhancing the durability, safety, and performance of public infrastructure.
- 1.2.3 Complying with national and international standards and best practices.
- 1.2.4 Promoting innovative and sustainable design and construction practices.
- 1.2.5 Providing timely and effective quality assurance throughout the project lifecycle.
- 1.2.6 Ensuring uninterrupted and Quality Supply of electricity.

1.3 Scope of Services

The broad scope of services to be provided by the selected agencies is listed below. Such services are merely indicative of the expertise and capacity that can be offered by the empanelled agencies. However, the client department may decide to modify the scope of services based on their respective requirements in each case at the time calling bids.

Electrical Works: Electric Power Projects (Transmission)

- 1.3.1 Carry out site survey for respective projects/works and prepare survey information schedules ensuring Right of Way (RoW). Client Department is also required physically verify site survey reports on sample basis.
- 1.3.2 PPR (Preliminary Project Report)- Preparation of preliminary architectural drawings for substation buildings and after preliminary survey, with modifications as per client's instructions and then submitting the preliminary drawings and rough cost estimates if required.
- 1.3.3 To prepare the cost estimates etc. The cost estimate should be as per the current Haryana Schedule of Rates (HSR) for the Scheduled items and prevalent market rates for non-Scheduled items. No lump sum provision admissible in the estimate is allowed unless indispensable.
- 1.3.4 DPR (Detailed Project Report)- Submission of final working Drawings after carrying out detailed field survey and approval from the client department, for:

- A) The following major activities in design and construction of sub-stations (66 kV and above):

- I. Laying of Earth Mat in the Sub-Station area, as per approved drawings/ layout designs.
- II. Construction of Earth Pits, as per approved designs in accordance with the type of soil and topographical conditions, for providing earthing to all electrical equipment.
- III. Construction of foundation for Power Transformer and all other major equipment as per approved civil design for respective equipment.
- IV. Construction of trenches as per approved types & designs depending upon the voltage level of the sub-station.
- V. Installation of Gentries, beams, structures.
- VI. Installation of power transformers and all other allied equipment i.e. Lightening Arrestor, Isolators with L&E Switches, Isolators, Busbars, Instrument Transformers (Current Transformer/ Potential Transformer/ Capacitive Voltage Transformers) etc.
- VII. Installation of Capacitor Bank.
- VIII. Laying of power cables in loose earth and trenches, as per standards.
- IX. Laying of control cables in trenches with proper procedures and demarcations.
- X. Installation of C&R Panels (Control & Relay Panels in control rooms).
- XI. Installation of battery bank along with battery chargers.
- XII. Installation of ACDB (AC Distribution Board), DCDB (DC Distribution Board).
- XIII. Routing and termination of cables in 11KV Incomer Panels and control cables in various panels.
- XIV. Safely covering all the cables laid and all the trenches inside the control room.
- XV. Providing and laying all the safety mats in control room for accessing the 11KV Panels, other C&R panels and various other equipment.

B) For the major Activities in design and construction of Transmission Line (66 kV and above) works:

- I. Erection of Transmission Lines.
- II. Selection of coarse (after sieve analysis) and cement (as per standard grades) for use in the foundation works of various transmission line towers.
- III. Bed preparation for laying the foundation of the tower, depending upon the type & design of the tower.
- IV. Chimney preparation and filling with mixture of suitable proportions (as per approved designs) and stub installation.
- V. Proper curing of the foundation to ensure optimized strengthening for healthy performance throughout the standard life of the tower.
- VI. Installation of tower members with proper sized hardware (nut/ bolt) and ensure that the same are torqued with proper value depending upon the size & type of the hardware.
- VII. Tag welding of the hardware to restrict the theft activities.
- VIII. Laying of conductor and earth wire/ OPGW with proper sag and adopting all the safety measures & practices.

1.3.5 Forms and formats for Project Management Systems

The agencies are required to provide various submittals for the proposed works in electronic and written form for approval and information of the Client Department.

- 1.3.6 Finalization of alignment, Geo-technical and sub-soil investigations, etc and other infrastructure work, as the case may be, including preparation of detailed Estimates, Bill of Quantities and Tender Documents (required as per scale of the project) in three sets.
- 1.3.7 Substation Building and Yard Design should consider all safety norms, rain harvesting, green building concept, light, water, sun light, rain, wind and other climate conditions.
- 1.3.8 DPR for substation building should be considering to seismic zone, fire safety norms and NBC. Design should confirm to various Gol / states building by – laws, etc and quality parameters
- 1.3.9 Site development if any, boundary wall of substation, Landscaping drawings will also form part of DPR.
- 1.3.10 Helping in obtaining all statutory approvals wherever required.

2. Instruction to Bidders

2.1 General Instructions

- 2.1.1 The Quality Assurance Authority (QAA), Government of Haryana, issues this RFP for centralized empanelment of DPR and Design Consulting Agencies for engineering works being implemented by organizations and departments owned and controlled by the State Government of Haryana.
- 2.1.2 These instructions shall be read in conjunction with information specific by the client department to the services contained in the Notice inviting tender, Data Sheet, and accompanying documents.
- 2.1.3 The Bidder shall bear all costs associated with the preparation and submission of its proposal.
- 2.1.4 QAA is not bound to accept any proposal and reserves the right to annul the selection process at any time before the empanelment without thereby incurring any liability to the bidder.
- 2.1.5 It is the responsibility of the bidder to ensure that the bids are submitted on time.
- 2.1.6 The QAA reserves the right to solicit additional information from the Bidders, if required, during the course of evaluation.
- 2.1.7 The QAA reserves the right to accept the whole, or part of or reject any or all bids without assigning any reasons and to select the Bidder(s) which, in the sole opinion, best meets the interest of the QAA.
- 2.1.8 The QAA reserves the right not to accept the bid(s) from the agencies resorting to unethical practices or on whom investigation/enquiry proceedings have been initiated by the Government investigating Agencies/Vigilance Cell.
- 2.1.9 All information contained in the RFP, or provided in subsequent discussions or disclosures, is proprietary and confidential. No information may be shared by the bidder with any other organizations/agencies.
- 2.1.10 The details regarding eligibility criteria, scope of services, application procedures, selection methodology and other terms and conditions have been clearly stated in the RFP document that can be downloaded from QAA Website as well as Haryana Engineering Works Portal.
- 2.1.11 For Hassle Free Submission of Bids, please read instruction on the above portal.

2.2 Disclosure

- 2.2.1 Bidders and its promoters, have an obligation to disclose any actual or potential conflict of interest, failure to do so may lead to disqualification of the Bidder or termination of its empanelment.
- 2.2.2 Bidders and its promoters must disclose, if they are or have been the subject of any criminal/disciplinary proceedings or blacklisting, or other proceedings relating to bankruptcy/insolvency, or of any other similar proceedings.
- 2.2.3 Bidders and its promoters must disclose if they have been convicted of, or are the subject of any proceedings relating to:
 - A criminal offence or other serious offence involving the activities of a criminal organization, or where they have been found by any regulator or professional body to have committed professional misconduct.
 - Corruption including the offer or receipt of an inducement of any kind in relation to obtaining any contract, with QAA, any other donor of development funding, or any contracting authority; Failure to fulfil any obligations in any jurisdiction relating to the payment of taxes, etc.

2.3 Anti-Corruption

A recommendation for award of Contract will be rejected if it is determined that the recommended Bidder has directly, or through an agent, engaged in corrupt, fraudulent, collusive, or coercive practices in competing for the contract in question; in such cases QAA will declare the Bidder and/or members of the consortium ineligible, either indefinitely or for a stated period of time, from participation in QAA -financed activities, and Bidders shall be blacklisted by the QAA.

2.4 Consortium/Joint Venture

The Joint Venture is not allowed.

2.5 Preparation of Proposals Language of Proposals

The Proposal and all related correspondence exchanged between the Bidder and the QAA shall be written in the English language. Supporting documents and printed literature that are part of the Proposal may be in another language provided they are accompanied by an accurate translation of the relevant passages in English, in which case, for the purposes of interpretation of the Proposal, the translated version shall govern.

2.6 Cost of bidding

The Bidder shall bear all costs associated with the preparation and submission of the Proposal. QAA shall not be responsible or liable for those costs, regardless of the conduct or outcome of the bidding process.

3. Instructions for submission of Proposal

3.1 Submission

These instructions shall be read in conjunction with information specific to the consulting services contained in the Covering Letter and accompanying documents. Proposals must be received before the deadline of the bid submission. Proposals must be submitted as hardbound copy **as well as** on email – qaapklhry@gmail.com or before the time specified in the bid document.

- 3.1.1 Bidders shall submit the technical proposal along with EMD and tender document fee.
- 3.1.2 The bid shall be opened at the date and time specified.
- 3.1.3 The Bidder shall submit a proposal and use the appropriate submission sheets provided at the end of this RFP. These forms must be completed without any alteration to their format, and no substitutes will be accepted. All fields shall be completed with the information requested.
- 3.1.4 Proposals shall remain valid for the period of 120 days commencing with the deadline for submission of Technical Proposal as prescribed by QAA. A Proposal valid for a shorter period shall be considered non-responsive and will be rejected by QAA. In exceptional circumstances, prior to the expiration of the proposal validity period, the QAA may request Bidders to extend the period of validity of their Proposals. The request and the responses shall be made in writing. A Bidder may refuse the request. A Bidder granting the request shall not be required or permitted to modify its Proposal during the proposed as well as extended validity period.
- 3.1.5 Bidders shall maintain the availability of required key/other professional personnel at the time of awarding the work by the client department. Replacement in accordance with the applicable clauses shall be permissible
- 3.1.6 These instructions shall be read in conjunction with information specific by the client department to the assignment contained in the Letter of Invitation, Data Sheet, and other accompanying documents. The Technical Proposal shall be typed or written in indelible ink and shall be signed by a person duly authorized to sign on behalf of the Bidder. This authorization shall consist of a written confirmation and shall be attached with the Proposal. The name and position of the person signing the authorization must be typed or printed below the signature. All pages of the Proposals, except for unnamed printed literature, shall be signed or initialized by the person signing the Proposals. Any interlineations, erasures, or overwriting shall be valid only if signed or initialled by the person signing the Proposal.
- 3.1.7 Proposals must be submitted to the address specified and delivered on or before the time specified. QAA may, at its discretion, extend the deadline for the submission of Technical Proposal by amending the RFP, in which case all rights and obligations of the QAA and Bidders subject to the previous deadline shall thereafter be subject to the deadline as extended from the time the Proposals are opened to the time of the award of the empanelment, the Bidders will not contact the QAA on any matter related to its Technical Proposal.
- 3.1.8 Any attempt by a Bidder to influence QAA in the examination, evaluation, comparison, and post- qualification of the Proposals or Contract award decisions may result in the rejection of its proposal.
- 3.1.9 In case of showcasing experience of relevant projects (in Tech From 2A), if the completed work has been executed in a JV, then the applying agency/bidder shall furnish the then executed JV agreement showing the respective shares of the participating agencies. The evaluation shall be done on pro rata basis of the applying agency.
- 3.1.10 The bid document submitted must have a detailed index and page numbering.

3.2 Opening of Bid Proposal

QAA will open Technical Proposals on the date and time specified in the RFP.

3.3 Evaluation of Bid Proposals

Information relating to the examination, evaluation, comparison, and post-qualification of Proposals, and recommendation of Contract award, shall not be disclosed to Bidders or any other persons not officially concerned with such processes until information on Contract award is communicated to all Bidders.

3.4 Clarification of Bid Proposals

- a) To assist in the examination, evaluation, comparison and post-qualification of Proposals, QAA may, at its discretion, ask any Bidder for a clarification of its Proposal. Any clarification submitted by a Bidder that is not in response to a request by the QAA shall not be considered. The QAA's request for clarification, and the response, shall be in writing.
- b) During the examination and evaluation the QAA may permit bidders to submit additional documents and/or may propose alternate key resource personnel, if the originally proposed personnel or documentation are found to be non-compliant with the requirements set forth in the RFP.
- c) The client department, at the time of awarding the work, shall reserve the right to call the proposed key resource personnels, to appear for an eligibility assessment. In case, after assessment, the client department deems the proposed personnel to not align with the requirements of the scope of work, the agency shall have to provide a suitable replacement for the same.

3.5 Right to accept any Proposal, and to reject any or all Proposals

QAA reserves the right to accept or reject any Proposal, and to annul the bidding process and reject all Proposals or re-issue the RFP at any time prior to Contract award, without thereby incurring any liability to the Bidders or onus on QAA.

3.6 Notification of Empanelment

Prior to the expiration of the Proposal validity period, QAA shall notify the successful Bidder(s), in writing, that its Proposal has been accepted. At the same time, QAA shall notify all other Bidders of the results of the bidding. Until a formal Contract is prepared and executed, if required, the notification of empanelment shall constitute a binding Contract.

3.7 Signing of Agreement

Promptly after notification, QAA shall send to the successful Bidder(s) the Agreement and the Special Conditions of Agreement. Pursuant to negotiations, the successful Bidder shall sign, date, and return the Contract, along with necessary supporting documents, to QAA. All formalities of negotiation and signing of contract will be completed within twenty-one (21) days of notification of award.

3.8 Earnest Money Deposit (EMD)

The Bidders shall submit along with the Proposal an EMD of INR 1,00,000/- (Indian Rupees One Lakhs only). The EMD of unsuccessful Bidders will be returned without any interest as promptly as possible on acceptance of the bid of the selected Bidder or when the bidding process is cancelled by QAA.

The Agency shall deposit an Earnest Money amounting to Rs. 1,00,000/- in the account no. 0532100100005858, IFSC Code: PUNB0053210, Bank Name: Punjab National Bank, Sector 11, Panchkula of QAA, Haryana through RTGS mode. The same shall be retained for the eligible bidders till the validity of the empanelment process.

The cost of bid document of 11,800/- (Rs 10,000 + Rs 1,800 GST) is also required to be paid in the same account through RTGS.

The EMD shall be forfeited:

- 3.8.1 If a Bidder withdraws its bid during the period of bid validity.
- 3.8.2 In case of a successful Bidder, if the Bidder fails to sign the contract in accordance with this RFP document.

4. Termination of Empanelment

The failure on the part of the successful bidder to perform any of its obligations or comply with any of the terms of this RFP shall constitute an Event of Default on the part of the successful bidder. The events of default as mentioned above may include, inter-alia, the following:

- 4.1 The successful bidder has failed to perform any instructions or directives issued by QAA or client department which it deems proper and necessary to execute the scope of work under the RFP and assigned by client department.
- 4.2 The successful bidder has failed to remedy a failure to perform its obligations in accordance with the specifications issued by QAA/client department, despite being served with a default notice which laid down the specific deviance on the part of the successful bidder to comply with any stipulations or standards as laid down by QAA/client department
- 4.3 The successful bidder has failed to conform with any of the specifications as set out in the RFP/assigned by the client department or has failed to adhere to any amended direction, modification or clarification as issued by QAA and which QAA deems proper and necessary for the execution of the scope of work under this RFP, or any future RFPs from the concerned departments.
- 4.4 There is a proceeding for bankruptcy, insolvency, winding up or there is an appointment of receiver, liquidator, assignee, or similar official/legal action against the successful bidder.
- 4.5 The successful bidder or its team has failed to comply with or is in breach or contravention of any applicable laws.
- 4.6 The successful bidder has failed to comply with any terms and conditions of this RFP/assigned by the client department.
- 4.7 Policy for Review and Evaluation of DPR and Design Agencies**
 - 4.7.1 The Quality Assurance Authority (QAA) shall conduct annual reviews of the agencies that have been deployed by the client department on any projects.
 - 4.7.2 The evaluation criteria shall include reports and feedback from the concerned department, and review and evaluation shall be conducted by a review committee comprising QAA members and independent experts as deemed fit by QAA. The committee shall analyse reports, scores, and overall performance, providing necessary feedback and recommendations
 - 4.7.3 All evaluations and feedback shall be documented to ensure transparency and accountability.
 - 4.7.4 In the event of any default by the empanelled agency as stated above client department will issue a Notice to the empanelled agency in writing setting out specific defaults / deviances / omissions. The empanelled agency will need to remedy the default/ deviances / omissions committed within thirty (30) days of the receipt of the notice to the satisfaction of client department. In case, the successful empanelled agency fails to remedy the default to the satisfaction of

client department. QAA will be entitled to terminate the empanelment in full or in part in the periodical review.

5. Patents, Copyright & Intellectual Property Rights

Intellectual Property Rights for any software developed for these services shall lie with QAA. If any stakeholder claims that a product/service delivered by the selected consultant to QAA infringes that party's patent or copyright, the selected consultant shall defend QAA against that claim at his expense and pay all costs, damages, and attorney's fees that a court finally awards or that are included in a settlement provided that QAA promptly notifies the empanelled agency in writing of the claim and allows the empanelled agency to control and cooperates with him in the defence and any related settlement negotiations.

6. Bid Submission, Opening of Bids and Award of Contract

- 6.1 The agency shall submit the signed and completed proposal as hardbound copy, **as well as** on QAA's official email address – qaapklhry@gmail.com
- 6.2 A Bid Evaluation Committees will be constituted by QAA for scrutinizing the bids received to determine whether they are complete and as per the bid notice.
- 6.3 During evaluation the QAA may seek clarification on the proposal if required.
- 6.4 The QAA shall be under no obligation to accept the lowest or any other response to the RFP received and reserves its right to reject all or any of the offers without assigning any reason whatsoever.
- 6.5 If any information and details furnished by the bidders are found to be false or any information withheld that comes to the notice later, the proposal/offer of such bidder will be cancelled immediately, and appropriate action would be initiated against the bidder.
- 6.6 Bidder is required to furnish documentary evidence, to prove its credentials claimed, such as certification/ work order/ contract document/ information available in public domain/ from the client/ completion certificate where applicable).

7. Requirement of Key Personnel

S. No	Key Personnel
1	Team Leader
2	Senior Electrical Engineer
3	Structural Design Engineer
4	Material-cum-Geo-technical Engineer cum Geologist
5	Survey Engineer
6	Electrical Safety Expert
7	Environmental Specialist
8	Quantity Surveyor/ Documentation Expert

Note:

- 1) The individual projects shall be assigned by the client department at the later stage as per their requirement and these full-time resources (Key Personnel) shall vary depending upon the project cost and nature/scope of work.
- 2) The agency shall have the flexibility to assign the same key resource person(s) to multiple projects simultaneously.

- 3) The maximum time period for Key Professionals as well as the remuneration shall be decided by the concerned/client Department, based on the actual scope and nature of the work.
- 4) Each firm shall have all key personnels of the minimum qualification and experience, as per clause 7.1 below, to be eligible for the empanelment. In case key personnels are not on roles of the agency, the agency shall have an access to these experts with the requisite qualification and experience.

7.1 Qualification and Experience Requirement of Key Personnel

Team Leader			
a.	Educational Qualification		MARKS
	Essential	Graduate in Electrical/Mechanical Engineering from a recognized Institution	3
	Desirable	Postgraduate in Electrical/Mechanical/EEE/Power Engineering	0.5
b.	Essential Experience		
	<ul style="list-style-type: none"> Total Professional Experience 	Min. 20 years	3
	<ul style="list-style-type: none"> Relevant Experience 	Min. 15 years in Planning, project preparation and design of Power projects (Substations/Transmission/Distribution Lines)	3.5
c.	Max Age Limit	70 years on the date of submission of proposal	

Senior Electrical Engineer			
a.	Educational Qualification		MARKS
	Essential	Graduate in Electrical/Mechanical Engineering from a recognized Institution	1.5
	Desirable	Postgraduate in Electrical/Mechanical/EEE/Power Engineering	0.5
b.	Essential Experience		
	<ul style="list-style-type: none"> Total Professional Experience 	Min. 15 years	1.5
	<ul style="list-style-type: none"> Relevant Experience 	Min. 10 years in Planning, project preparation and design of Power projects (Substations/Transmission/Distribution Lines)	1.5
c.	Max Age Limit	70 years on the date of submission of Proposal	

Structural Design Engineer			
a.	Educational Qualification		MARKS
	Essential	Graduate in Civil Engineering from a recognized Institution	1.5
	Desirable	Masters in civil engineering (Structural/ Soil mechanics and Foundation Engineering)	0.5
b.	Essential Experience		
	<ul style="list-style-type: none"> Total Professional Experience 	Min. 15 years	1.5
	<ul style="list-style-type: none"> Relevant Experience 	Min. 10 years in Structural Design, primarily in foundations of the various infrastructure projects.	1.5
c.	Max Age Limit	70 years on the date of submission of Proposal	

Electrical Safety Expert			
a.	Educational Qualification		MARKS
	Essential	Graduate in Electrical/Mechanical Engineering from a recognized Institution	1.5
	Desirable	Postgraduate in Electrical/Mechanical/EEE/Power Engineering	0.5
b.	Essential Experience		
	<ul style="list-style-type: none"> Total Professional Experience 	Min. 15 years	1.5
	<ul style="list-style-type: none"> Relevant Experience 	Min. 10 years on similar works pertaining to electrical safety	1.5
c.	Max Age Limit	65 years on the date of submission of Proposal	

Material Engineer – cum – Geotechnical Engineer cum Geologist			
a.	Educational Qualification		MARKS
	Essential	Graduate in Civil Engineering or M.Sc. Geology from a recognized Institution	1
	Desirable	Masters in Foundation Engineering / Soil Mechanics / PhD in Geology /Geo Tech Engineering	0.5
b.	Essential Experience		
	<ul style="list-style-type: none"> Total Professional Experience 	Min. 15 years	1
	<ul style="list-style-type: none"> Relevant Projects 	Min. 10 years on similar projects in design and/or construction and as Geo technical Engineer.	1.5
c.	Max Age Limit	65 years on the date of submission of Proposal	

	<i>Survey Engineer</i>		
a.	Educational Qualification		MARKS
	Essential	Diploma in Civil Engineering from a recognized Institution	1
	Desirable	Graduate in Civil Engineering from a recognized Institution	0.5
b.	Essential Experience		
	<ul style="list-style-type: none"> Total Professional Experience 	5 years for Graduates/10 years Diploma Holder	1
	<ul style="list-style-type: none"> Relevant Experience 	Min. 3 years for graduates/5 years for Diploma holder on similar projects in project preparation and construction & thorough understanding of modern computer-based methods of surveying	1.5
c.	Max Age Limit	65 years on the date of submission of Proposal	

ENVIRONMENTAL SPECIALIST			
a.	Educational Qualification		MARKS
	Essential	Graduate in Civil/Environmental Engineering from a recognized Institution	1
	Desirable	Postgraduate in Civil/Environmental Engineering	0.5
b.	Essential Experience		
	• Total Professional Experience	Min. 10 years	0.5
	• Relevant Experience	Min. 5 years in environment impact assessment of relevant projects	1
c.	Max Age Limit	65 years on the date of submission of proposal	

QUANTITY SURVEYOR/DOCUMENTATION EXPERT			
a.	Educational Qualification		MARKS
	Essential	Diploma in Electrical Engineering from a recognized Institution	1
	Desirable	Graduate in Electrical Engineering from a recognized Institution	0.5
b.	Essential Experience		
	• Total Professional Experience	5 years for Graduates/10 years Diploma Holder	1
	• Relevant Experience	Min. 3 years for graduates/5 years for Diploma holder on similar projects in Preparation of Bill of Quantities, Contract documents and documentation for Power Projects	1.5
c.	Max Age Limit	65 years on the date of submission of proposal	

8. Evaluation Criteria

8.1 Pre-Qualification Eligibility

The Agencies shall be required to qualify each criterion as specified in the table below to be evaluated for technical evaluation:

<p>Category- I (Projects Costing above Rs. 20 Cr.)</p>	<ul style="list-style-type: none"> • The consulting agency must be registered either under Companies Act, 1956 or registered under Limited Liability Partnership (LLP) Act, 2008 or under Partnership Act, 1932, or Proprietorship firm. The Agency should have a Valid GST number, under Central Goods and Service Tax (CGST) Act, 2017. • The agency shall have a minimum of 7 years' experience in the field of Consultancy. • The agency shall have an Average Annual Turnover of Rs. 3 crores in the last 3 Financial Years as per the Audited financial statement for last three years. • The agency shall have completed at least 3 assignments of similar nature and of the category value or above (after considering 5% inflation per annum), during last 7 years ending last day of the month previous to the one in which the applications are invited • The consulting agency shall have the following, either in-house or outsourced: <ul style="list-style-type: none"> 1) Design software proposed to be used 2) Survey and investigation equipment 3) Material testing lab accredited by NABL • The agency must furnish an undertaking in this regard.
<p>Category-II (Projects Costing above Rs. 10 Cr. and up to Rs. 20 Cr)</p>	<ul style="list-style-type: none"> • The consulting agency must be registered either under Companies Act, 1956 or registered under Limited Liability Partnership (LLP) Act, 2008 or under Partnership Act, 1932, or Proprietorship firm. The Agency should have a Valid GST number, under Central Goods and Service Tax (CGST) Act, 2017. • The agency shall have a minimum of 5 years' experience in the field of Consultancy. • The agency shall have an Average Annual Turnover of Rs. 1.5 crores in the last 3 Financial Years as per the Audited financial

	<p>statement for last three years.</p> <ul style="list-style-type: none"> • The agency shall have completed at least 3 assignments of similar nature and of the category value or above (after considering 5% inflation per annum), during last 7 years ending last day of the month previous to the one in which the applications are invited • The consulting agency shall have the following, either in-house or outsourced: <ol style="list-style-type: none"> 1) Design software proposed to be used 2) Survey and investigation equipment 3) Material testing lab accredited by NABL • The agency must furnish an undertaking in this regard.
Category-III (Projects Costing from Rs. 5 Cr to Rs. 10 Cr)	<ul style="list-style-type: none"> • The consulting agency must be registered either under Companies Act, 1956 or registered under Limited Liability Partnership (LLP) Act, 2008 or under Partnership Act, 1932, or Proprietorship firm. The Agency should have a Valid GST number, under Central Goods and Service Tax (CGST) Act, 2017. • The agency shall have a minimum of 3 years' experience in the field of Consultancy. • The agency shall have an Average Annual Turnover of Rs. 0.75 crores in the last 3 Financial Years as per the Audited financial statement for last three years. • The agency shall have completed at least 3 assignments of similar nature and of the category value or above (after considering 5% inflation per annum), during last 7 years ending last day of the month previous to the one in which the applications are invited • The consulting agency shall have the following, either in-house or outsourced: <ol style="list-style-type: none"> 1) Design software proposed to be used 2) Survey and investigation equipment 3) Material testing lab accredited by NABL • The agency must furnish an undertaking in this regard.
Category-IV (Projects Costing upto Rs. 5 Cr)	<ul style="list-style-type: none"> • The consulting agency must be registered either under Companies Act, 1956 or registered under Limited Liability Partnership (LLP) Act, 2008 or under Partnership Act, 1932, or Proprietorship firm. The Agency should have a Valid GST number, under Central Goods and Service Tax (CGST) Act, 2017. • The agency shall have a minimum of 2 years' experience in the field of Consultancy. • The agency shall have an Average Annual Turnover of Rs. 0.35 Crore in the last 3 Financial Years as per the Audited financial statement for last three years.

	<ul style="list-style-type: none"> • The agency shall have completed at least 3 assignments of similar nature and of the category value or above (after considering 5% inflation per annum), during last 7 years ending last day of the month previous to the one in which the applications are invited • The consulting agency shall have the following, either in-house or outsourced: <ol style="list-style-type: none"> 1) Design software proposed to be used 2) Survey and investigation equipment 3) Material testing lab accredited by NABL •
Category-V (Applicable only For Start-Ups/New Entrants in the field) (Projects Costing upto Rs. 5 Cr)	<ul style="list-style-type: none"> • Start-up agencies, for the purpose of eligibility under category V may be registered either under Companies Act, 1956 or registered under Limited Liability Partnership (LLP) Act, 2008 or under Partnership Act, 1932, or Proprietorship firm, not prior to 31st March 2020. • New Entrants agencies, for the purposes of eligibility under category V are agencies registered either under Companies Act, 1956 or registered under Limited Liability Partnership (LLP) Act, 2008 or under Partnership Act, 1932, or Proprietorship firm, which are engaged in Engineering related works, but do not have experience in Design and DPR consulting of the relevant field to this RFP and seek to expand their service portfolio. • The proprietor or partner or promoter of the agency must hold a degree in Electrical/Mechanical Engineering, with a minimum of five years of experience in the relevant field. • The proprietor or partner or promoter of the agency must demonstrate financial soundness by providing a solvency certificate of ₹7.5 lakhs. • The consulting agency shall have the following, either in-house or outsourced: <ol style="list-style-type: none"> 1) Design software proposed to be used 2) Survey and investigation equipment 3) Material testing lab accredited by NABL • The agency must furnish an undertaking in this regard.

NOTE:

1) The agencies previously empanelled by the QAA during the first phase of empanelment shall be reclassified into the revised category, in accordance with the eligibility criteria outlined above.

9. Duration of Empanelment

The empanelment duration shall be 36 months, which may be reduced, subject to provisions of applicable clauses in Section 4. A performance review of the agencies will also be held every year, or as approved by the QAA Chairman depending upon the request received from the client department. The same will be communicated in writing to the selected agencies.

10. Fee for the Empanelment

The one-time non-refundable empanelment fee for all categories shall be Rs 50,000 + GST as applicable

11. Process of Empanelment

Process of empanelment for any Indian registered company/firm or association of individuals.

- 11.1 All the criteria mentioned above in the document should be fulfilled for the empanelment. Agencies achieving at least 75 marks will be qualified for the empanelment.
- 11.2 All the agencies selected for empanelment shall later be invited to submit their financial bids on a project-to-project basis with the client department.
- 11.3 Empanelment of the agencies is a recurring process. QAA shall evaluate all the agencies received once in 1 year and update the panel of agencies.
- 11.4 The empanelment does not confirm the assignment of work by QAA to the agencies empanelled.

Annexure – I: Technical Proposal Forms
Tech Form-1: Letter of Proposal Submission

{Location, Date}

To:

The Chairperson,
