Stray Animal Vaccination Process in NDLM

- Go to First Aid(UT) in Untagged Animals Module and enter the details

The screenshot shows the 'First Aid(UT)' form in the NDLM system. The left sidebar contains the navigation menu with 'First Aid(UT)' highlighted. The form is divided into two main sections: 'Owner Details' and 'Animal & First Aid Details'. The 'Owner Details' section includes fields for 'Requestor Name', 'Mobile Number', and 'Select Village'. The 'Animal & First Aid Details' section includes fields for 'Treatment Data Entry Date', 'Treatment Date', 'Species', 'Sex', 'Minor Ailment', and 'Reason For Not Tagging'. A 'Prescription/Symptoms/Clinical Parameters' text area is also present. The form has 'Reset' and 'Preview' buttons at the bottom right. Red circles with numbers 1 through 10 are placed over various fields to indicate the sequence of data entry.

Stray Animal Vaccination Process in NDLM

- Click on the preview button and then Click on the Submit Button

The screenshot displays the NDLM (National Digital Livestock Monitoring) interface for the 'First Aid(UT)' process. The main form is titled 'First Aid(UT)' and includes a sidebar with navigation options: Dashboard, Owner Management, Animal Management, Flock Management, Animal Health, Animal Breeding, PR, Miscellaneous, Untagged Animals, Treatment(UT), First Aid(UT), MIS & Report, and Knowledge Center. The 'First Aid(UT)' form is currently active, showing the following details:

- Owner Details:** Requestor Name (test), Mobile Number (9876543210), Select Village (Niljai(543999)).
- Animal & First Aid Details:** Treatment Data Entry Date (08/07/2026), Treatment Date (08/07/2026), Species (Dog), Sex (Male), Minor Ailment (Castration), Reason For Not Tagging (Stray Animal).
- Prescription/Symptoms/Clinical Parameters:** Stray Animal Sterilized.

A 'Preview Details' modal is open on the right, showing the same information in a summary view. At the bottom right of the modal, there are 'Cancel' and 'Submit' buttons. A red circle with the number '1' is placed over the 'Submit' button, indicating the final step in the process.

Stray Animal Vaccination Process in NDLM

- This pop-up will show when data enter successfully

The screenshot displays the NDLM (National Digital Livestock Mission) interface for the 'First Aid(UT)' section. A central pop-up window confirms the successful saving of 'Untagged Animal Details' with Transaction ID: 225. The background form contains the following fields:

- Owner Details:**
 - Requestor Name: test
 - Mobile Number: 9876543210
 - Select Village: Niljai(543999)
- Animal & First Aid Details:**
 - Treatment Data Entry Date: 08/07/2026
 - Treatment Date: (empty)
 - Species: Dog
 - Prescription/Symptoms/Clinical Parameters: Stray Animal Sterilized
 - Reason For Not Tagging: Stray Animal

The pop-up window includes a green checkmark icon, the text 'Transaction ID: 225', 'Untagged Animal Details Saved Successfully', and buttons for 'OK' and 'Download Report'. The background interface also features a sidebar with navigation options like Dashboard, Owner Management, Animal Management, Flock Management, Animal Health, Animal Breeding, PR, and Miscellaneous, as well as a top navigation bar with a language selector (English) and a user profile (Maresh).

THANK YOU
