Subject : Invitation of Quotations for Construction of Protective Shade over the Newly Established 50,000 Litres Capacity Jivamrut Unit at Government Livestock Breeding Farm, Tathawade.

The Government Bovine Breeding Farm, Tathawade, Pune-33 invites sealed quotations from reputed, eligible, and experienced contractors/agencies for the construction of a protective shade over the newly established 50,000 litres capacity Jivamrut Unit at the Government Bovine Breeding Farm, Tathawade, Pune-33.

Interested contractors/agencies are requested to submit their quotations in a sealed cover within the stipulated time. The scope of work shall include the complete construction of the protective shade, including the supply of all required materials, labour, machinery/equipment, transportation, fabrication, erection, and all allied works, in accordance with the approved specifications and applicable Government rules and norms.

Only those contractors/agencies meeting the prescribed eligibility criteria shall be considered for evaluation.

Details of Requirement

1. Name of Item:
Construction of Protective MS Shade over Newly Established 50,000 Litres Capacity Jivamrut Unit
2. Size:
50 Feet × 30 Feet × 10 Feet (Approx.)
3. Quantity:
01 (One) Unit
4. Purpose:
To provide protection to the newly established 50,000 litres capacity Jivamrut Unit from direct sunlight, rainfall, and other adverse weather conditions.
5. Material Specification:
 1. MS (Mild Steel) structural framework of suitable sections conforming to standard engineering practices.
 2. Cement roofing sheets of approved quality and suitable thickness.
 3. PCC (Plain Cement Concrete) foundation/pedestals for all supporting columns.
 4. All nuts, bolts, welding electrodes, anchor fasteners, and other accessories required for complete installation.
 5. One coat of anti-corrosive primer and two coats of synthetic enamel paint on all exposed MS members.
 6. All materials shall be of approved quality and conform to relevant IS specifications.
6. Supply Includes:

1. Site marking, layout, excavation for PCC foundations, and all related civil works.
2. Supply of all MS structural members, cement roofing sheets, and other required materials.
3. Fabrication, welding, erection, alignment, and fixing of the complete shade structure.
4. Transportation of all materials, labour, machinery, tools, and equipment required for execution of the work.
5. Painting, finishing, testing, and handing over of the completed work.
6. Cleaning of the site and disposal of all construction debris after completion of the work.
7. Completion Period:
10 (Ten) Days from the date of issue of the work order.

Terms & Conditions

1. The sealed quotation shall reach the office of the undersigned on or before **7th Aug 2026 up to 12:00 PM**.
2. The contractor shall complete the work within **10 days** from the date of issue of the work order, as per the approved specifications.
3. All materials, labour, machinery, transportation, other incidental works and site cleaning required for the execution of the work shall be arranged by the contractor at their own cost.
4. The contractor shall ensure quality workmanship and comply with all applicable Government rules, safety standards, and technical specifications.
5. Payment shall be released only after satisfactory completion of the work and certification by the competent authority.
