NATIONAL INSTITUTE OF WIND ENERGY
An autonomous Research & Development Institution
Ministry of New and Renewable Energy, Government of India
CHENNAI

The event was conducted online, enabling large number of participants to take part in the Webinar.

REGISTRATION

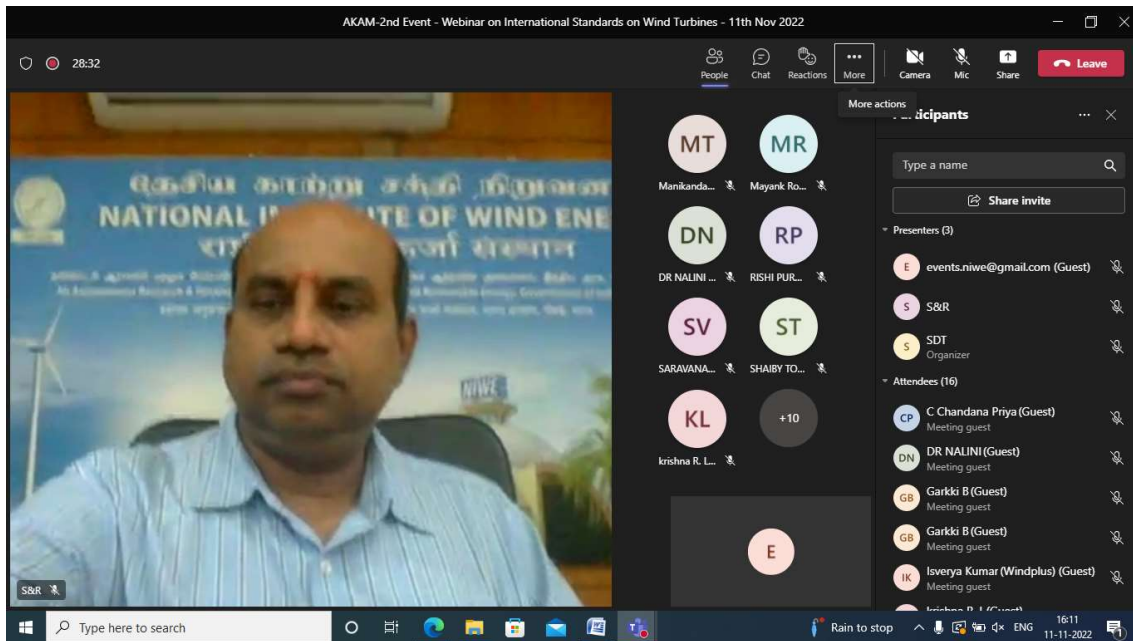

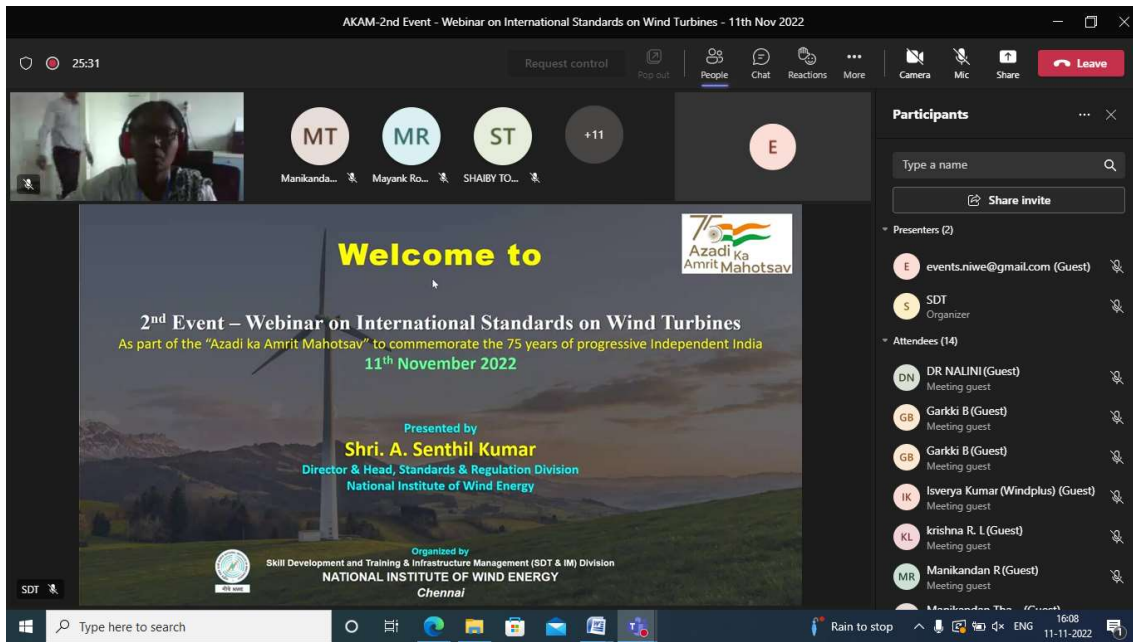

After the announcement, 84 candidates registered and 23 participants have attended the event.

PROGRAMME SCHEDULE

Date	Time	Theme	Speaker
11th November 2022	16.00 - 17.00 pm	International Standards on Wind Turbines	Shri. A. Senthil Kumar Director & Head S&R Division, NIWE

The speaker gave a detailed presentation on International Standards on Wind Turbines and followed by a Q&A session, which was open for the participants to interact with the speaker. Many questions were asked by the participants, which were clarified by the speaker. The organization of webinar was highly appreciated by the participants. The participants were very much satisfied with the quality of the presentation and expressed thanks to NIWE for arranging the online Event under the programme of Azadi ka Amrit Mahotsav.

STANDARDS

International Standard

An International Standard is a standard adopted by an International standards organization and made available to the public.

IEC International Standards reflect the global consensus and distilled wisdom of many thousand technical experts who are delegated by their countries to participate in the IEC.

Need for Type Certification ?

Safety and reliability are assessed by Type Certification body

To ensure the quality of the wind turbines used in a wind farm project

Provides Confidence to various stakeholders

Type certification of Wind Turbine is often included in the contract as a condition by developers, investors, financial institutions and/or insurance companies.
