Respected Sir/Madam,

As you are aware, the Government of India is implementing the National Green Hydrogen Mission (NGHM) to support the country's commitment to achieving net zero emissions by 2070. The Mission seeks to foster a robust innovation ecosystem in the Green Hydrogen sector, ensuring a level playing field for producers while stimulating demand, particularly in hard-to-abate sectors.

2. Building on the success of the second edition of the International Conference on Green Hydrogen (ICGH-2024), held from 11th –13th September 2024 in New Delhi, which brought together global leaders from scientific, policy, academic, and industrial domains, the Government of India is pleased to announce the third edition—**ICGH-2025—scheduled from 11th - 12th November 2025 at Bharat Mandapam, New Delhi.**

3. ICGH-2025 aims to convene a diverse and distinguished gathering of international stakeholders, including researchers, academicians, industry leaders, and policymakers, to deliberate on the latest developments across the Green Hydrogen value chain. The two-day conference will feature plenary sessions, expert panels, and technical discussions focused on building a resilient Green Hydrogen ecosystem and advancing India's goal of producing 5 MMT of Green Hydrogen annually by 2030.

4. In this context, we would be honoured by the participation of your esteemed institution. As a leading academic and research body, your engagement will significantly enrich the discourse and contribute to shaping the future of Green Hydrogen innovation in India. I am pleased to cordially invite you to attend the conference. The Inaugural Session is scheduled for 11th November 2025 from 10:00 a.m. to 11:15 a.m. at Bharat Mandapam.

5. The agenda and registration details are available at <https://icgh.in>. Kindly circulate this to all concerned. For any further information, you may kindly contact Mr. Radhey Shyam, Programme Director (NGHM), MNRE at rshyam.mnre@gov.in or +91 9929205059.
