[See Section 11(1) and Rule 5 (1)]

PRELIMINARY NOTIFICATION

No. LAQ/Entrance Gate/Naroli/2023/501

Date: - 9/12/2024

Whereas, it appears to the appropriate Government that a total of **3140.66 Sq. Mtrs.** (standard measurement) land is required in Naroli (Executive Engineer, PWD, Civil Division No-I (Road)) of Dadra and Nagar Haveli for public purpose, namely, for Development of Entrance Gate and surrounding area in Naroli, the details of the land/lands for the above said project in the Naroli area of Dadra and Nagar Haveli District is mentioned below. The Social Impact Assessment (SIA) was carried out by the NH Consulting Pvt Ltd, New Delhi an Agency appointed by the Hon'ble Collector, Dadra and Nagar Haveli, Silvassa vide Notification No. LAQ/Entrance Gate/Naroli/2023/22/LAO/2024 dated: 16/01/2024 and a report submitted by the NH Consulting Pvt Ltd, New Delhi after preliminary investigation was conducted by a team constituted by Collector as laid down under rule 4. The summary of the Social Impact Assessment Report/ preliminary investigation is as follows (copy attached):

The total 3140.68 square meter of land being bought for the proposed project is spread out between Silvassa village, Dadra and Nagar Haveli, along the Construction of Development of Entrance Gate & Surrounding area at Naroli. The majority of the land's owners are private and governmental organizations. Under the terms of the RFCTLARR Act 2013, the Public Woks Department of Silvassa submitted a request for the acquisition of land to the UT Administration of Dadra and Nagar Haveli.

The proposed acquisition of the aforementioned land will have a significant impact on the income and livelihoods of those who rely on it, such as landowners, owner shopkeepers, and tenant households. The project social consequences are both immediate and indirect, affecting people and communities throughout its entire cycle. Construction activities=, for example, are likely to have a variety that may be adverse to the living and health conditions of affected populations during the development phase. Increased dust levels, air pollution from building and excavation, material preparation, and material stacking are all possibilities. Increasing machining activity will be a safety hazard for communities near the affected area.

Despite the fact that it is challenging to calculate the exact cost of social impact given the seriousness of land acquisition, efforts should be taken to offset unfavourable effects through intervention. Both tourist and residents of the nearby areas will gain a lot from this effort.

The planned project's impact on various types of structures, as well as the acquisition of private land, may entail social disturbance and economic loss for project-affected families/people. While implementing the project, it is necessary to consider the project's disruptions and losses, as well as their impact on people's socioeconomic conditions. If there are any alternatives to the proposed land

acquisition, they should be investigated. A plan of action for implementing mitigation measures to lessen the severity of negative impacts can be developed. According to the results of the socioeconomic survey, project affected families are willing to give up their land for the project only if they are adequately compensated under the RFCTLARR Act 2013 or the RFCTLARR (Rehabilitation and Resettlement, Development Plan) Rules 2015 of the Administration of Dadra and Nagar Haveli.

The Resident Deputy Collector, Silvassa is appointed as Administrator for the purpose of Rehabilitation and Resettlement of the affected families vide Notification no. LAQ/RFCTLARRA, 2013-2015/174 dated 11/08/2015 u/s 44 (1) and Section 43(1) of the Act-2013. Therefore, it is notified that for the above-said project in Dadra & Nagar Haveli District, a piece of land Admeasuring **3140.66 sq. mtr.** of standard measurement, whose detail description is as following, is under acquisition:
