

STATE PROGRAM MANAGEMENT UNIT

RECORD OF PROCEEDING

DISTRICT: UDHAM SINGH NAGAR

FY 2024-25

NATIONAL HEALTH MISSION
UTTARAKHAND

Preface

Record of the Proceedings (ROP) document prepared by the State Program Management Unit, NHM Uttarakhand serves as the Ready reckoner for the districts for effective and timely implementation of various activities and programmes approved under NHM and provide a ready reference for budgetary approvals for the FY 2024-25. Effective implementation and rigorous monitoring of these approved activities would certainly help the districts in expediting its efforts towards achievement of the National Health Policy targets and will also enable the State's journey towards achieving the targets envisaged in the Sustainable Development Goals (SDG) document.

Uttarakhand Government is fully committed to eliminate Tuberculosis by the year 2025 and is putting in a lot of sincere efforts to materialize this dream. We pledge to achieve elimination of Malaria, Leprosy and work consistently towards alleviating the burden of communicable and non-communicable diseases in the communities. Rashtriya Kishore Swasthya Karyakram has now been extended to cover a total of nine districts in the FY 2023-24 and remaining four districts are likely to be covered in FY 2025-26. A total of 1762 public health facilities have been upgraded as Ayushman Arogya Mandir.

In order to strengthen the health infrastructure in Himalayan State of Uttarakhand, we have received financial support under 15th Finance Commission, Emergency COVID Response Package (ECRP-II) and Pradhan Mantri- Ayushman Bharat Health Infrastructure Mission (PM-ABHIM). Operationalization of 50 bedded Critical Care Blocks (CCBs), District Integrated Public Health Laboratories (DIPHLs), Block Public Health Units (BPHUs), Sub Health Centre- Ayushman Arogya Mandir, diagnostic infrastructure with essential Human Resources for Health (HRH) is our top priority. We urge districts to effectively utilize these funds in a time bound manner and avoid any sort of duplicacy in utilizing the funds approved under NHM, 15th FC, ECRP and PM- ABHIM.

Key deliverables, NHM conditionalities framework mentioned in this document are intended to sensitize Program Managers and other officials towards their role in achieving various activities with full potential within stipulated timeline for better outcome. Districts have to mandatorily undertake supportive supervision visits every month by engaging the existing pool of technical and management staff posted in DPMUs and BPMUs to cover a maximum number of public health facilities, Jan Arogya Samiti (JAS), Rogi Kalyan Samiti (RKS) and Village Health, Sanitation and Nutrition Committees (VHSNCs). Adhering to a rigorous monitoring system with mechanisms to handhold the peripheral health functionaries would go a long way in improving the scope and quality of health services provided.

I am sure that districts will be able to accomplish all approved activities in a time bound manner and render public health services with great enthusiasm and dedication under the able leadership of the Chairman, District Health and Family Welfare Society/ District Magistrate.

(Swati S. Bhaduria), IAS

Mission Director

National Health Mission, Uttarakhand

General Principle for program implementation and Management

1. Summary of Program wise budget approved for FY 2024-25 under NHM is given in **Annexure- 1.**
2. Program wise Key Deliverables for FY 24-25 are placed as **Annexure- 2.**
3. Full Immunization Coverage (FIC) % will be treated as the screening criteria and Conditionalities shared along with District NHM RoP 2024-25 would be assessed only after achieving at least 85% Full Immunization Coverage. Therefore, all districts should now focus on achieving at least 85% full immunization coverage.
4. Decentralized planning has to be adopted based on local requirements. However, Districts must ensure that there is no duplication or overlap between various sources of funds including the recently approved FC-XV Health Grants support and PM-ABHIM for the similar activities.
5. The support under NHM is intended to supplement and support and not to substitute State expenditure.
6. **Human Resources for Health (HRH)**

All the support for Human Resources for Health (HRH) will be to the extent of positions engaged over and above the regular positions as per IPHS norms and caseload. NHM aims to strengthen health systems by supplementing and hence it should not be used to substitute regular HRH. HRH should only be engaged when infrastructure, procurement of equipment etc. required to operationalize the facility or provide services, are in place.

7. **Finance**

The District should convey the Block wise Physical and financial targets and approvals within 10 days of issuing of District RoP by SPMU.

The District must ensure due diligence in expenditure and observe, in letter and spirit, all rules, regulations, and procedures to maintain financial discipline and integrity particularly with regard to procurement; competitive bidding must be ensured, and only need-based procurement should take place as per ROP approvals.

The unit cost/ rate wherever approved for all activities including procurement, printing, etc. are only indicative for the purpose of estimation. However, actuals are subject to transparent and open bidding process as per the relevant and extant purchase rules and upto the limit of unit cost approved.

The District has to ensure regular meetings of District Health Missions/ Societies. The performance of DHS along with financials and audit report must be tabled in District Health Mission meetings.

The accounts of District/ grantee institution/ organization shall be open to inspection by the sanctioning authority and audit by the Comptroller & Auditor General of India under the provisions of CAG (DPC) Act 1971 and internal audit by Principal Accounts Officer of the Ministry of Health & Family Welfare.

All approvals are subject to the Framework for Implementation of NHM and guidelines issued from time to time and the observations made in this document.

The RoP document conveys the summary of approvals accorded by GoI based on the District/ State PIP 2024-25.

The program-wise details of Physical and Financial approvals for FY 2024-25 for the PIP appraised by GoI have been given as **Annexure-3** for reference and ease of implementation.

8. Infrastructure

The approval for new infrastructure is subject to the condition that the Districts will use energy efficient lighting and other appliances.

The Districts should submit a Non-Duplication Certificate in prescribed format.

The Districts should review quarterly performance of physical & financial progress of each project and share the progress report with SPMU.

9. Equipment: The Districts should submit Non-Duplication Certificate in prescribed format.

10. JSSK, JSY, NPY and other entitlement scheme

The District must provide for all the entitlement schemes mandatorily. No beneficiary should be denied any entitlement because of any limitations (including the ceiling of 10% additional budget allocation) of approved amount for such entitled bases schemes. The District to ensure that JSY and NPY payments are made through Direct Benefit Transfer (DBT) mechanism through 'Aadhaar' enabled payment system or through NEFT under Core Banking Solution.
