

Supreme Court Launches *Samadhan Samaroh* – Justice at the Doorstep

The Supreme Court of India has introduced a landmark program called **Samadhan Samaroh** (*Supreme Court Action for Mediated Adjudication and Disputes Harmonization Across Nation*). This initiative allows litigants to participate in Supreme Court proceedings directly from their own districts, without the need to travel to Delhi.

📅 Officially launched on April 21, 2026, the program will conclude with a **Special Lok Adalat** on August 21–23, 2026.

- ✓ Aim: Speedy and friendly resolution of pending cases.
- ✓ Method: Mutual consent between plaintiff and defendant, saving time and reducing backlog.
- ✓ Access: Parties can join physically at designated venues or virtually through online platforms.

Eight cases from Paschim Medinipur have already been identified for this Special Lok Adalat. This marks a milestone in India's judicial history, breaking the perception that Supreme Court justice is always a long and costly journey.
