

NIC Telangana Projects bags six awards at Governance Now South GovTech Symposium Telangana 2024, Hyderabad on 24/07/2024

Governance Now, a premier publication on public policy and governance had organised the South GovTech Symposium & Awards Telangana 2024 at Hyderabad on 24-07-2024. The theme of the symposium was “**Embracing the Era of Digital Advancement and Forging New Frontiers**”. The event was supported by “**Department of Electronics, IT and Communications, Government of Telangana**”. The event aims to gather perspectives, success stories, and explore the role of emerging technologies in driving citizen-centric services, enhancing operational efficiency, and fostering innovation for a successful digital transformation journey.

As part of the Symposium Governance Now South GovTech Awards 2024 honoring State government Department, Public sector organizations, Smart cities, etc which are leveraging digital technologies to transform their customer engagement, business operations, and operating models in order to compete and thrive in the new digital economy was also organized.

The State Government had enrolled various projects under different categories for the Governance Now South GovTech Awards 2024. The winners were decided based on the decision of the high-powered Jury, which met to evaluate and adjudicate the winner in each of the awards categories
