

15th DIGITAL TRANSFORMATION CONCLAVE & AWARDS – 2024 GUWAHATI, ASSAM.

Digital Transformation in “Digital Payments” Category awarded to **RYTHU BIMA** web application in the National 15th Digital Transformation Conclave & Awards – 2024 function held at Guwahati, Assam.

The **Rythu Bima (Farmers Group Life Insurance Scheme)** a flagship programme of Govt of Telangana software designed and developed by the NIC, Telangana State Centre, in coordination with the Dept. of Agriculture, Govt. of Telangana.

Web application is a first of its kind in Telangana and in the country to facilitate ‘**Farmers Group Life Insurance Scheme**’. This web application end-to-end workflow has been automated for providing a financial relief of Rs.5 Lakhs to the family members/dependents of the deceased farmer to sustain their social security status.

Some of the key features of this system include:

- Identification of Farmers (age group of 18 to 59)
- Capturing Nominee details
- Checking and Scrutiny by the Agriculture Officers
- Process Automation
- Sharing of Enrolment data to the LIC
- Policy Generation
- Settlement of Claims by sharing data to LIC
- Receiving response files from LIC

The Agriculture & Health Informatics Division, National Informatics Centre (NIC), Hyderabad, Telangana State Unit received the award on 13th December 2024 along with the officials from the Dept. of Agriculture, Govt. of Telangana.
