Transforming Technical Education: NIC Telangana Partners with the State Board of Technical Education and Training (SBTET), Hyderabad for Advanced ICT Solutions

National Informatics Centre, Telangana has always been at the forefront in guiding the State Government, concerning software solutions and ICT processes in various Government Departments. During the process NIC state unit has signed an agreement on 3rd February 2025 with the State Board of Technical Education and Training (SBTET), Government of Telangana to develop, maintain and implement customized software solutions **(https://www.sbtet.telangana.gov.in)** aimed at meeting student services, academic requirements, streamlining workflows, and enhancing operational efficiency.

The tri-partitite agreement signed by Er. A. Pullaiah, Secretary, SBTET & Shri Guntuku Prasad, State Informatics Officer, NIC, Telangana and the Company Secretary, NICSI, New Delhi on 3rd February 2025.

The objective of project is to provide a comprehensive and integrated ICT solution for the core functions of the State Board of Technical Education and Training, which enhance the operational efficiency with configurable business processes, formats and online dashboards etc. The stakeholders include the SBTET, Professional Institutions, Students, Academic counsellors and State Departments. The solution aims to provide transparent, accountable and trustworthy services in managing institutions, students, pre-exam and post-exam activities and serves as a decision support system for SBTET management.
