- **12. Some of Colocated Projects**
- **13. Messaging Services ACTIVITIES**
- **14. Backup & Restore Infrastructure**

## **District activities :**

 Monitoring and ensuring NICNET services in District Collectorate . Coordinating and providing ICT services for State and Central Schemes in district. This includes 2Bhk house randomization, PM Janman , Jalshakti, Vishwakarma, VBSY , PM Rojgar, District Website Updations .
 Providing Technical Support and NICNet services.

**3. Application Development and Customization.** 

Arranging VCs for all Depts. by coordinating with Network team, VC team at Central and State as required and dept concerned.
 Providing ICT services seamlessly during VVIP visits by coordinating with PMO/ President Office , BSNL , Revenue dept staff .
 Eoffice Implementation in Depts. , training for staff by coordinating with IT E&C Dept and providing tech support as and when required.
 IT support during Elections both State and Parliament. Data entry monitoring of polling personnel, data management, Web portal support by coordinating with State Tech team and Network team, Randomisation of polling personnel , Generating postal ballot voters list Facilitation Centre wise . This was done every 2 hrs. and sent to concerned ARO and consolidating reports every EOD during postal ballot. IT support for Counting day too. Supervising Webcast setup on Day of Poll and on Day of Counting .

8. Coordinating for Prajavani every week in District Collectorate .

9. As a member of CAA at district level committee, attending meeting as called by Chairman and verifying the documents received along with application on the portal and being present when the applicant called for personal interview.
10. Registering Departments on GEM portal and providing IT support for purchase of items thru GEM .
11. Conducting Computer proficiency Test for Departmental staff .

**12. Development and deployment of district websites in S3Waas.** 

## Telangana State Projects Under NIC Telangana.

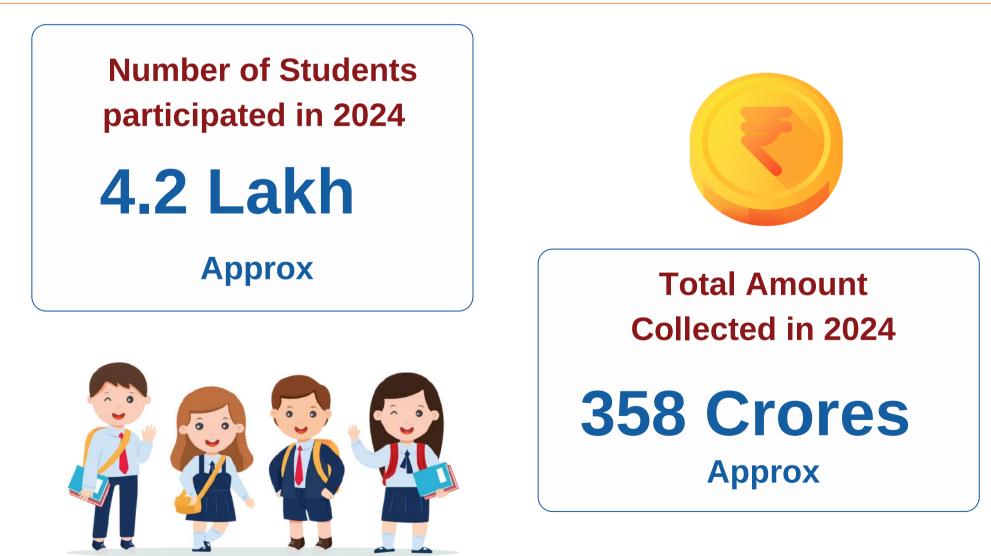

## **E-COUNSELING**

TGPOLYCET, TGEAPCET, TGECET, TGEAPCET (BIPC) and TGICET are major Common Entrance Tests (CET) being conducted for the Academic Year 2024-25 in Telangana State. About 4 lakh students participated in the eCounseling process and secure admission into various professional courses like Engineering, Pharmacy, Management and Polytechnics.

#### **Education Department**

#### Multiple modes for the payment are integrated:

- 24\*7 Online Payment available with security.
- Receipt for the paid fee can be generated automatically.
- Multiple options: Credit, debit, net banking, digital wallets.
- Verification status API for failed transactions.
- Reconciliations made easy for colleges & department.
- Centralized Spot Admissions Done.

#### **Education Department**

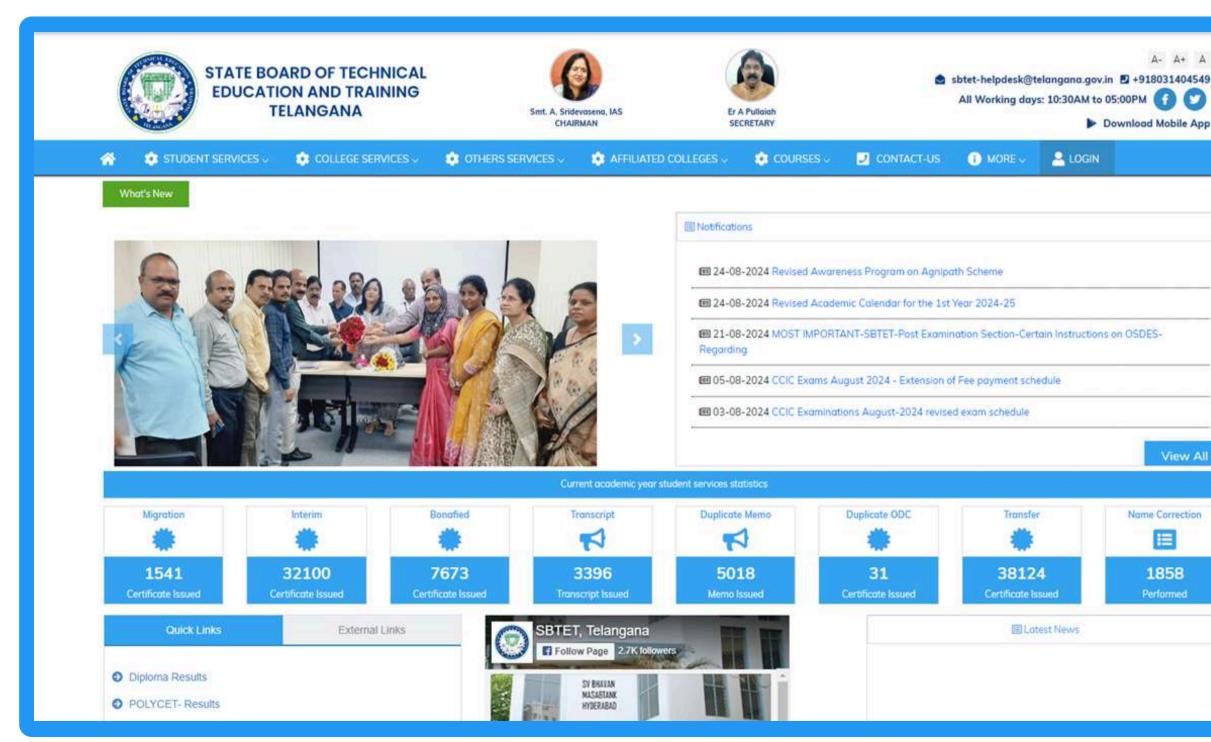

### **SBTET** State Board of Technical Education and Training, Telangana https://sbtet.telangana.gov.in

#### **Education Department**

SBTET Software suite is a webbased end to end software solution to ease the business processes of SBTET such as admissions, academics, assessment, examination fee collection, Pre-examination, post examination works along with publishing results without errors by the functional staff through result automation, auto generation of remuneration exam event wise, and Student service activities are a part of this software.

Students will have option to submit and see their services through mobile app also.

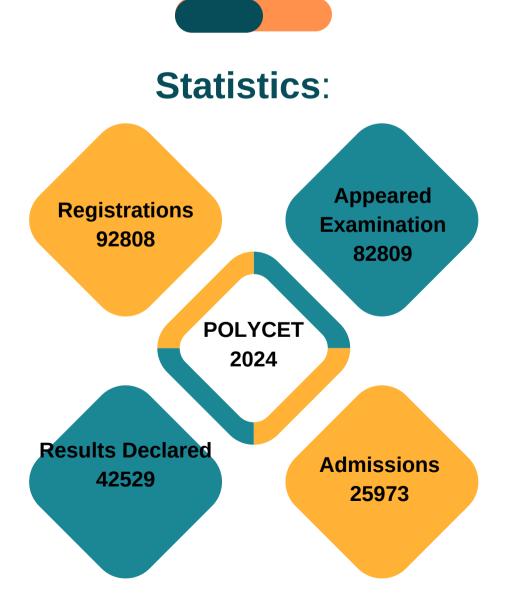

## POLYCET

#### https://polycet.sbtet.telangana.gov.in

The POLYCET portal is developed to facilitate the activities related to conduct the POLYCET entrance examination, Nominal rolls generation, Results declaration. Center locator mobile app provides navigation of examinations and capturing the center details.

### **Objective:**

TELANGANA POLYCET (Polytechnic Common Entrance Test) is a statelevel entrance exam for admission into Diploma courses in various polytechnic colleges in Telangana. This exam is conducted by the Telangana State Board of Technical Education and Training (SBTET).

#### **Education Department**

#### **Key Features:**

- Student can register in the POLYCET Website
   Student can Login for Submitting the
- Application and Downloading of Hall Ticket.

01.

03

## POLYCET

### https://polycet.sbtet.telangana.gov.in

**Application Process:** 

website of the SBTET.

#### **Registration:**

Create an account on the official website and fill out the application form with your personal and academic details.

### **Uploading Documents:**

Upload scanned copies of your signature, photograph, and qualifying examination certificates.

#### **Education Department**

#### Candidates can apply for the POLYCET exam online through the official

#### **Payment of Fees:**

Pay the application fee online through a debit card, credit card, or net banking.

#### Submission:

Submit the completed application form before the last date.

#### ERCS **Excise Revenue Collection System and Event Permit Management System**

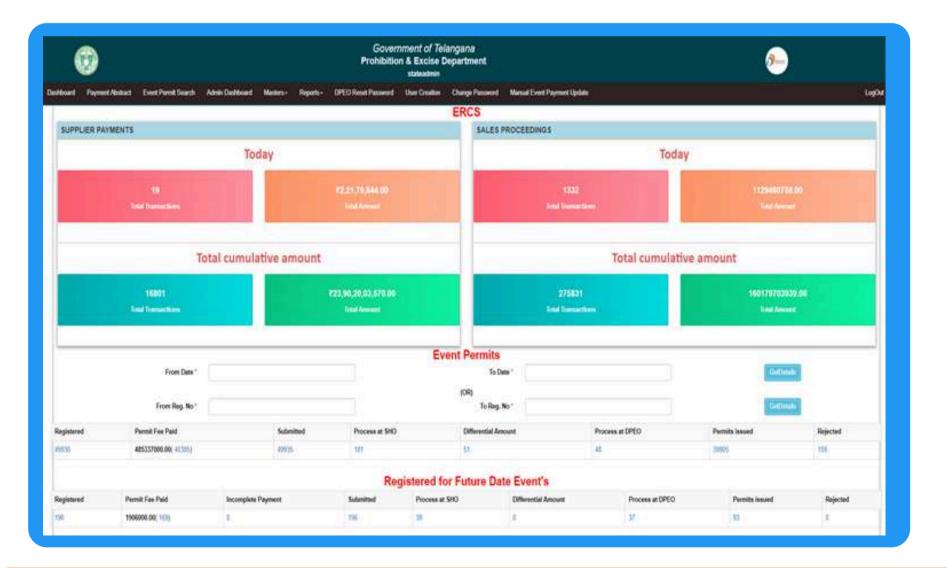

https://excise.telangana.gov.in

ERCS is an integrated application to digitize the payments of Suppliers excise duty and Fee, Sales proceedings and installments of Retailers for Excise department and corporation.

EPMS is an application to computerize the process flow of event permit from online registration to permit generation.

The scope of the project is to design, develop/customize, test and to host new modules. The software will have the following broad functionalities to address the ICT requirements of the Prohibition & Excise Department, TELANGNA.

- Online Registration of Retailers and Suppliers.
- Online receipt of excise duty and fee for suppliers, Sales proceeding and CPE instalment payments of retailers.
- Online reports for the payments.
- Online Registration of event permit request and payment of registration fee.
- Online processing of the event permit application and permit generation.
- Online verification of Permit generated by QR code.

#### **Prohibition & Excise Department**

#### **Activities:**

#### **Telangana Admission and Fee Regulatory Committee** (TAFRC) Fee Fixation Online Application (Technical / Medical Stream)

No. of Colleges Mapped-1100

### **Key Features:**

• AFRC is responsible for the fee fixation and regulation of fee structure in Private, Un-Aided professional Technical Engineering, Architecture ,Planning, LLB ,Pharmacy and Teaching etc courses) and Medical(Medical, Dental(for UG/PG courses), Paramedical, AYUSH and Nursing etc courses ) Colleges

• AFRC shall propose fees to institutes based on the inputs gathered

• Total 6 Appendices (based on Courses) and 26 schedules. Monitoring of work progress at each stage.

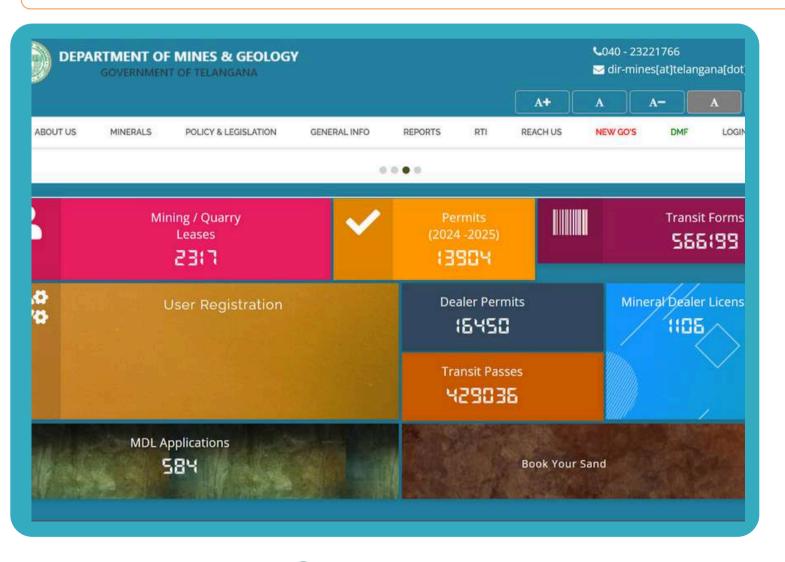

## eMining

**Geological & Mineral Resources Planning** 

https://mines.telangana.gov.in

eMining is an integrated solution developed in-house by the Department of Mines and Geology which is taken over by NIC for further enhancements and implementation. New features are being added to the existing solution based on new mining policy of the Telangana State.

#### Scope :

The scope of the project is to develop/customize, design, test and to host new modules. The software will have the functionalities to broad address the ICT requirements of the Department of Mines and Geology which is a 'Geological and Mineral Administration Resources wing' of the Telangana State Government.

#### **Mines and Geology Department**

#### **Key Features:**

- Online Receipt, Processing & Disposal of Mineral **Concession Applications**
- Online Mineral e-payment & e-permit System -Online issue of e-permits, filing of e-returns, mineral revenue assessments etc.
- Online Transit Passes to Mineral Dealers
- Online Registration of Mineral Dealers
- Temporary Permits
- Mineral Revenue Assessment for every Financial Year
- District Mineral Foundation Trust, Telangana (DMFT)

## eMining

**Geological & Mineral Resources Planning** 

https://mines.telangana.gov.in

Amendments to the Telangana Minor Mineral **Concession Rules, 1966 for regulation of Minor** Mineral activities in the State .

•Revision of Seigniorage Fee Revision of Dead Rent •Enhancement of Application Fee on Minor Minerals •Levy of Permit Fee on Minor Minerals •Levy of Transfer Fee on Minor Minerals •Levy of Renewal Fee on renewal of Minor Minerals Levy of Security Deposit on existing leases
Levy of Letter of Intent (LoI) holders

 $\circ$  SMS Integration for all the new activities developed as per the new Mining Policy.

• Upgradation of SSL/TLS Latest version for providing secured interfaces with payment gateway and SMS

#### **Mines and Geology Department**

## eMining

**Geological & Mineral Resources Planning** 

https://mines.telangana.gov.in

## **District Mineral Foundation Trust, Telangana (DMFT)**

The primary aim of DMF is to uplift mining affected areas and people impacted by mining operations. They achieve this by funding various initiatives in those areas as envisaged under Pradhana Mantri Khanija Kshetra Kalyan Yojana (PMKKKY).

#### **Mines and Geology Department**

#### What is DMFT?

District Mineral Foundation (DMF) is a trust set up as a non-profit body, in those districts affected by the mining works, to work for the interest and benefit of persons and areas affected by mining related operations. It is funded through the contributions from the holder of major or minor mineral concession in the district as may be prescribed by the Central or State Government.

#### **Objective:**

The objective of District Mineral Foundation is to work for the interest of the benefit of the persons and areas affected mining related operations in such manner as may be prescribed by the State Government.

## **TGeMining-Mobile APP**

The mobile APP facilitates inspection of minerals during transportation by vehicles:

1.TS-eMining Mobile App serves the field officers at District level (Assistant Director's, Assistant Geologist's, Technical Assistant's, Royalty Inspector's) to verify the validity of the transit forms/passes, sand way bills, Brick Transportation etc., issued by the department.

2. In case of unauthorized mineral transportation detection, the Mobile App facilitates auto calculation of statutory payments based on the quantity, type and variety of mineral the Payment Link is sent through SMS to the owner of the vehicle to pay penalty online.

3 .It provides online payment facility for the penalty imposed due to non-availability of passes or excess quantity that being transported.

4. Owners/ defaulters shall be communicated through SMS and avoid manual handling of cash by the officers in the field.

5. Online Receipts and Reports shall be viewed and verified by the concerned authorities.

#### **Rural Water Supply Works Management system**

Watersoft is web based MIS on work flow automation of Department Of Mission Bhagiratha, Govt. of Telangana. This application monitors safe drinking water facilities to rural sector and also integrating 138 Rural Water Supply Offices across the state.

- Complete work flow automation
- Online Habitation Directory
- Maintenance of contractor details
- Funds Monitoring
- Status reports on habitation and assets
- Maintenance of employees data online
- Annual Action Plan preparation

#### **Rural Water Supply & Sanitation**

 Monitoring of work progress of stage wise work along with milestone target and achievement made

• Coverage status as per census population(2011 Census year)

## TBOCWWB

**Telangana Building and Other Construction Workers Welfare Board** 

https://tbocwwb.telangana.gov.in

- A Web-Portal for Telangana Building & Other Construction Workers Welfare Board (TBOCWWB)
- Registration and Renewal of Construction Workers involved in any of the construction activities.
- Printing and Issue of Bilingual Id Cards with QR Code of construction workers.
- Registration, Renewal and Claims Application Entry Services are being offered through State's CSCs (MeeSeva). • Features like OTP Authentication for Officials to recommend and approve the Claims Application
- SMS alerts are being sent at every step of the Workflow
- The system alerts if the system detects tampering of Worker Data or discrepancy in dates of Registration and incident date of Death or duplicate Challans being used.
- Aadhar authentication using eKYC and Storing of Authenticated Data in Aadhar Vault has been introduced to remove duplicate workers and Verify the worker before releasing the benefit of welfare schemes.
- With Checks and alerts the Claim processing process is made simple and transparent.
- Complete workflow for skill up-gradation, a welfare scheme implemented through training partners, has Short listing and approval of workers for trainings, with attendance capturing.
- Training information module is for entering training details (Venue, Dates and Trade) and Batch creation for the Training Partners like APPC, CSC, NAC, NIMSME.

### **Prisions Department**

## **Telangana Prosecution Department**

## https://www.prosecution.telangana.gov.in

#### DEPARTMENT OF PROSECUTION

Government of Telangana

#### ABOUT PROSECUTION

The Directorate of Prosecutions in Telangana State is headed by the Director of Prosecution who is senior most prosecutor of the state. The Directorate of Prosecutions in Telangana state functions under the administrative control of Home Department. All the Prosecutors cadre, special public Prosecutors and prosecutors appointed by the Govt are Subordinates to the Director of Prosecutions.

Director of Prosecutions is assisted by the Addl director of prosecution and Joint Director of Prosecutions/Public Prosecutor to look after the administration and supervision of entire State Prosecution. Deputy Director of Prosecutions/Addl PP grade-I is responsible for the administration of the District and also entrusted with prosecution in District and sessions Judge. Addl Public Prosecutor Grade-I & II are entrusted with prosecution in District and sessions Courts, Addl.District and Sessions Courts. Senior Asst Public Prosecutors and Asst Public prosecutors are entrusted with prosecution in Magistrate Courts.

Unlike the Prosecution Departments of other states, the Telangana Prosecution Department is represented by a unique Logo which reflects the aspirations of Department. The Directorate has emerged as a legal advisory hub for various government departments. The Directorate being a department of Youngest state in India committed in shaping the department into a most effective Prosecution system in India. The Directorate has taken initiation to expertise its prosecutors through various training programs at National and State Level, Sensitizing various stake holders of Criminal Justice System to build safer communities. The Directorate is also playing key role in drafting new state enactments and amendments by sending its recommendations by constituting expert committees of relevant subjects.

#### Vision of Directorate:

- To develop a prosecution system on par with the global standards.
- To set and enhance skills, knowledge, professionalism and ethics in Prosecution.
- To promote fair, impartial and expeditious justice to Victims of Crime.
- To promote integrity, proficiency and accountability in the prosecution process.
- To sensitize other stake holders of Criminal Justice System.

## **GODAVARI RIVER MANAGEMENT BOARD (GRMB)**

## https://grmb.gov.in

## Vision of GRMB:

To achieve equitable sharing of Godavari River waters under the jurisdiction of the Board, to the Andhra Pradesh and Telangana States based on relevant Awards/ Agreements entered into and by facilitating resolution of disputes, if any, amicably through consensus.

#### **Department Of Water Resources, River Development & Ganga** Rejuvenation

**Mission of GRMB:** 

1) Collection and compilation of river water availability and Utilization data from Godavari basin States and other sources for decision making.

2) Regulating supply of water from storages and barrages of erstwhile AP to successor States.

3) Appraisal of proposals for construction of new projects in AP & TS on Godavari River basin and giving technical clearance.

4) Acquiring real time water availability and utilization data for water accounting in Godavari basin in the states of AP & TS.

GRMB is a robust & scalable Content Management Web portal designed, developed by the NIC-TG, and facilitates the implementation of department's goals.

# AGRI MSP (MINIMUM SUPPORT PRICE)

## https://agrimsp.telangana.gov.in

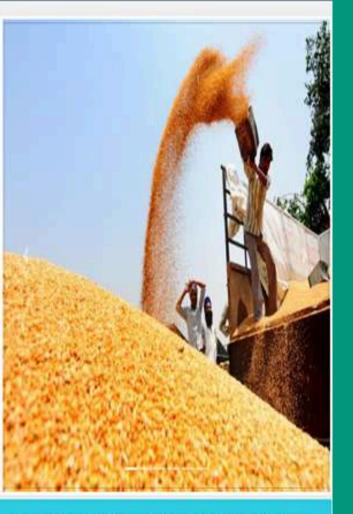

Minimum Support Price Agriculture Commodities Procurement System MARKFED.Government of Telangana

The Government policy of procurement of Food grains has broad objectives of ensuing MSP to the farmers and availability of food grains to the weaker sections at alfordable prices. It also ensures effective market intervention thereby keeping the prices under check and also adding to the overall food security of the country.

Agriculture Marketing is a State subject and concerned States/Union Territories regulate and facilitate marketing of agriculture produce under their respective State regulations. No specific study has been conducted by Government providing statistics about the quantity of his produce a farmer is selling on MSP and how much through middlemen and through distress sale. However, National Sample Survey Office (NSSO) conducts 'Stuation Assessment of Agricultural Households' form time to time to provide a comprehensive assessment of stuation of agricultural households in rural parts of the country. The last such Survey was conducted by NSSO during January 2013 to December 2013 to collect information on consumer expenditure, income and productive assess, indebtedness, farming practices and preferences, resource availability, awareness of technological developments and access to modern technology in the field of agriculture, information on crop loss, crop insurance and awareness about Minimum Support Price (MSP).

et us join hands together and move to Online system to realize the dream of Good Governance.

# ELAABH- BENEFIT MANAGEMENT SYSTEM (VAHD)

## https://elaabh.telangana.gov.in

Home Registration Scheme Application Acknowledgement Upload Bill Application Status Reports Downloads Dash board Feedback Helpdesk Dept. Login

eLaabh is Web based Benefit Management System designed for the welfare of Dairy Farmers and Fishermen for sanction and release of subsidy under various schemes offered by Government of Telangana in a highly objective and transparent manner. The dairy farmers and Fishermen need to register his/her details as a one- time measure and then apply for various schemes as per their eligibility through this online system.

The System generates Farmer Registration Number and Acknowledgement and same is sent through SMS to citizen. The applications received under various schemes through this system will be verified by the field level officers for their eligibility. Receipt of application will also be acknowledged through SMS to citizen. All the Eligible applications will be considered in a phased manner for sanction, as per budget availability and subsidy will be released to their bank accounts directly. As soon as subsidy is sanctioned, beneficiary will be intimated through SMS.

The beneficiary will utilize subsidy component and his own contribution to procure the goods and services as per norms of scheme and upload the bills online in token of having utilized the subsidy for the purpose it was meant. However failure to upload the bills will make beneficiary ineligible for any scheme in future till he uploads the proper bill.

The new system will avoid need for multiple visits to Government office and eliminate avoidable physical interface with Government machinery. Thus drastically reducing ills associated with too much physical interface with Government machinery. It will also accrue savings for citizen in terms of Time and Travel cost.

System is designed on First In First Out (FIFO) principle to ensure high level of objectivity and transparency in decision making. It will pave the way for More Governance through Least Government.

Interoperable Criminal Justice System is a national portal for crime and criminal insights. This governs digitization of 'One Data' once.

## eSakshya APP:

Digital evidence collection for criminal investigations. Platform for process recording of various events for the implementation of new criminal laws across country. Integrated with DigiLocker.

### eTransport MMP:

Transport Mission Mode Project (eTransport MMP), has successfully automated RTO operations across the country, set up a consolidated nationwide transport database with real-time update and availability, and has launched a host of citizen-centric and trade-centric applications.

## iRAD:

The Integrated Road Accident Database (iRAD) Project aims to improve road safety in the country and the establishment of an accurate and uniform road accident data collection mechanism. Departments: Police, Transport, Highways, Health. Services Offered: Road Accident Data Recording, Accident Data Analysis, Prevention methods of Accidents.

#### eDAR:

e-Detailed Road Accident Report. Police, Transport, Highways, E Courts, Insurance Detailed Accident Report as per Supreme Court Guidelines, victim Compensation etc.

### eOffice:

A digital document storage solution designed to automate manual processes within an organization or government department for File and workflow management. So far Total 36 eOffice instances (All District Collectorates ) are in progress and created eFiles 1846188 and eReceipts 5761792.

Smart Performance Appraisal Report Recording Online Window is a digital tool used by Indian government departments for online filing and reviewing of performance appraisals. Technical support provided to all IAS and IPS officers for online appraisal submission and review.

#### eProc:

A platform for e-Procurement, allowing organizations or governments to manage procurement processes electronically. Vendor registration, Tender publishing and bidding and Online evaluation and award of contracts. Total Tenders 12,123 created of total value 188982 Lakhs.

A hospital management solution leveraging digital tools to improve hospital administration and patient care.

Patient registration, appointment scheduling, Laboratory and diagnostics management, Billing, inventory, and bed management. Integration with health IDs or centralized systems. Major Hospitals in Telangana using eHospital Government General Hospital, Nizamabad, GOVERNMENT GENERAL HOSPITAL, COMMUNITY HEALTH Mahbubnagar, CENTRE BADEPALLY, AREA HOSPITAL, NARAYANPET and AREA HOSPITAL BHAINSA

## **Email:**

Telangana State government Email are having total 58447 addresses are under the official government domain @telangana.gov.in signifying authenticity. Enhanced Security, Emails are secured with encryption and multi-factor authentication (MFA) to ensure confidentiality.

## **NIC PDF Tools:**

NIC PDF Tools are utilities developed or recommended by the National Informatics Centre (NIC) to manage and process PDF documents efficiently. These tools are often utilized in government offices and departments for handling official documents securely and maintaining compliance with government policies for document management. PDF Merging and Splitting Reduces the file size of PDFs to make them easier to share and upload, especially over limited bandwidth networks. PDF Password Protection, Reduces dependency on third-party tools, enhancing data security.

### **SMS Service:**

A robust and secure platform provided by the National Informatics Centre (NIC) to enable government departments and organizations to send SMS notifications to citizens and stakeholders. It is an essential part of many e-governance initiatives, ensuring timely communication and outreach.

#### **NIC Cloud Services:**

MeghRaj, is a government cloud initiative launched by the National Informatics Centre (NIC) under the Ministry of Electronics and Information Technology (MeitY), Government of India. These services provide a secure, scalable, and cost-effective cloud infrastructure for hosting applications, storing data, and delivering e-governance solutions. Ensures sensitive government data remains within India. Reduces the need for physical IT infrastructure in government offices. High uptime and robust support systems ensure uninterrupted services. Hosting E-Governance Platforms: Portals like All district collectorate website on S3WAAS, DigiLocker, eProcurement, and eHospital run on NIC Cloud. Government departments or organizations need to apply for access to MeghRaj. A dedicated portal for resource monitoring and management. DigiLocker, eOffice, eProcurement, COVID-19 Dashboards are hosted on MeghRaj

### S3WAAS:

All District Collectorate websites are designed in multilingual and developed by NIC using S3WAAS stands for Secure, Scalable, and Sugamya Website as a Service. It is a cloud-based website generation framework developed by the National Informatics Centre (NIC) to enable the creation and management of secure, accessible, and standardized websites for government departments and organizations. Scalability, Security, Accessibility, Multilingual Support, Responsive Design, Template-Based Approach, Content Management System (CMS) for managing website content without requiring technical expertise. Departments can create and manage websites without needing advanced technical skills. Reduces the cost of website development and maintenance by using a shared platform. Promotes uniformity in government websites while adhering to policies and standards. Ensures adherence to standards such as GIGW (Guidelines for Indian Government) Websites).

#### Immigration, Visa a (IVFRT)

This project is one of the Mission Mode Projects under the Ministry of Home Affairs, part of the National e-Governance Plan (NeGP). Its primary goal is to create a secure and integrated service delivery system that facilitates legitimate travel while enhancing security. The project encompasses Missions, Immigration Check Posts (ICPs), Foreigners Regional Registration Offices (FROs), and Foreigners Registration Offices (FROs) at state and district headquarters. It aims to authenticate travelers' identities at various checkpoints using intelligent document scanners and biometrics, update foreigners' details at entry and exit points, and improve tracking by sharing information captured during visa issuance at Missions, immigration checks at ICPs, and registration at FRRO/FROs.

#### **Immigration, Visa and Foreigner's Registration & Tracking**

1. Monitoring and ensuring NICNET services in District Collectorate . Coordinating and providing ICT services for State and Central Schemes in district. This includes 2Bhk house randomization, PM Janman , Jalshakti, Vishwakarma, VBSY , PM Rojgar, District Website Updations.

2. Providing Technical Support and NICNet services.

3. Application Development and Customization.

4. Arranging VCs for all Depts by coordinating with Network team, VC team at Central and State as required and dept concerned.
5. Providing ICT services seamlessly during VVIP visits by coordinating with PMO/ President Office , BSNL , Revenue dept staff .
6. Eoffice Implementation in Depts , training for staff by coordinating with IT E&C Dept and providing tech support as and when required.

IT support during Elections both State and Parliament. Data entry monitoring of polling personnel, data management, Web portal support by coordinating with State Tech team and Network team, Randomization of polling personnel, Generating postal ballot voters list Facilitation Centre wise. This was done every 2 hrs and sent to concerned ARO and consolidating reports every EOD during postal ballot. IT support for Counting day too. Supervising Webcast setup on Day of Poll and on Day of Counting.
 Coordinating for Prajavani every week in District Collectorate.

 10. Registering Departments on GEM portal and providing IT support for purchase of items thru GEM.
 11. Conducting Computer proficiency Test for Departmental staff.

12. Development and deployment of district websites in S3Waas.

# **District Activities:**

- $\circ~$  Power from TSSPDCL : 2000 KVA Max On 11 KVA Feeder Line
- Present CMD(Contracted Max. Demand ) is 1500 KVA
- (2500 KVA T/F) + (2000 KVA T/F + 800 KVA T/F)
- $\circ~$  Redundant UPS (1200 KVA x 2 & 200 KVA x 2 ) with 30 Mins. Battery backup
- Power Backup (DG Sets -1500 +750 KVA & 1500 KVA + 750 KVA)
- PAC (Gas Based )
- $\circ~$  Automated Fire suppression System NOVEC 1230 and FM200 ~
- Total Racks = 220 (106 1st Floor + 114 2nd Floor) with iPDU
- CCTV 100
- Access Control System
- Water Leakage Detection System
- VESDA Very Early Smoke Detection Alarm System
- Public Addressing System
- Rodent Repellent System
- RF Code
- Integrated with BMS

- Network Infrastructure
- Security Infrastructure
- Storage Infrastructure
- Backup Infrastructure
- Management Infrastructure

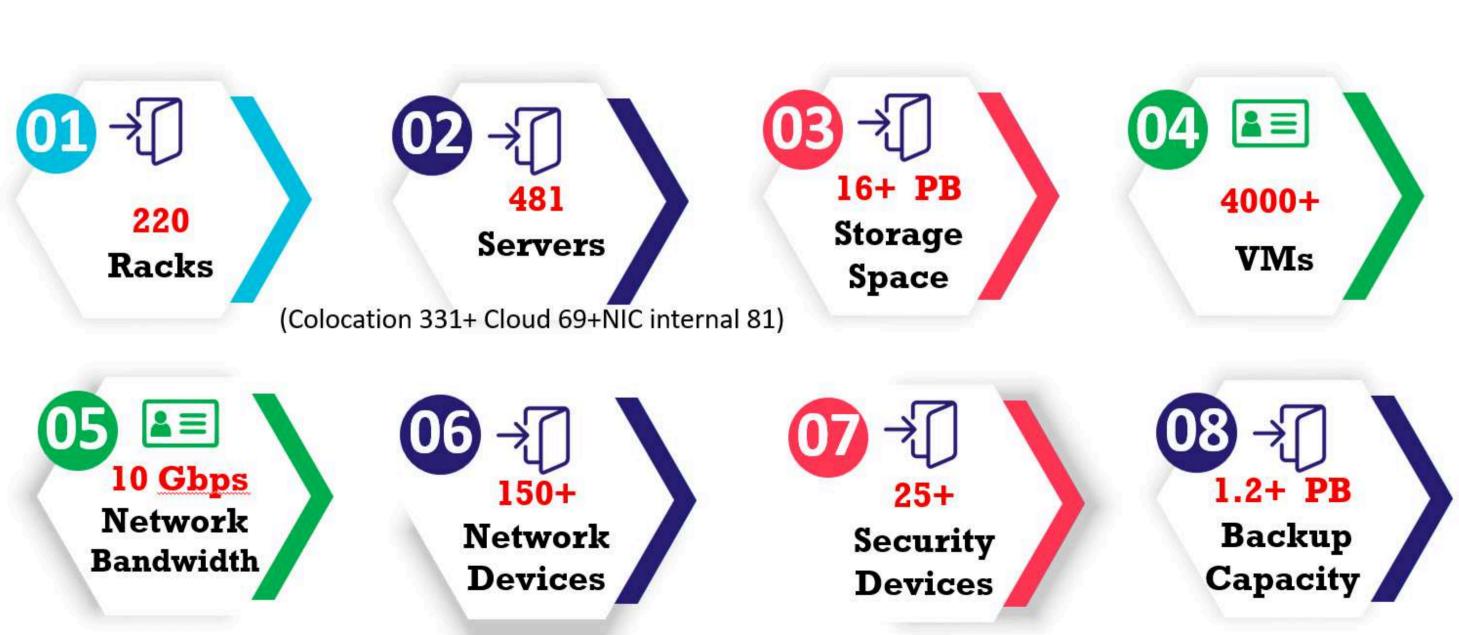

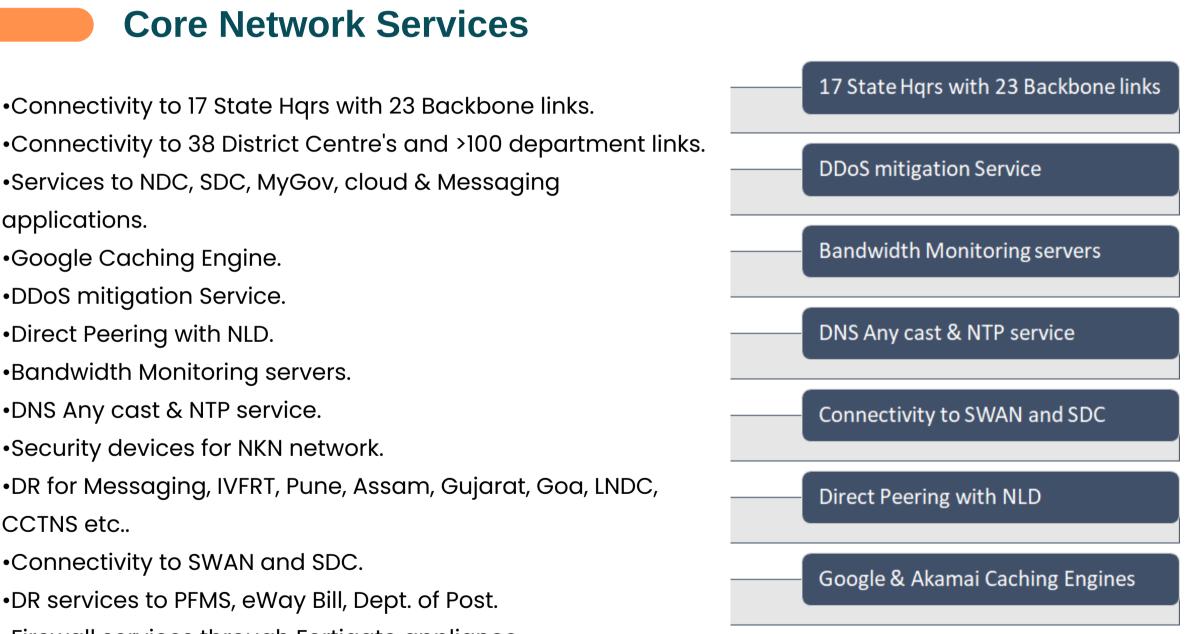

**Details of NKN,NMEICT and Backbone links:** 

<b>Total Links</b>	NKN	NMEICT
125	96	29
ISP Links	Jio	Airtel
2	13 Gbps	8 Gbps

#### To name a few HCU, INCOIS, IIT, NIT Warangal, IIPM Vizag.

<b>Back bone Links</b>	10 G Links
23	23

- •Connectivity to 17 State Hars with 23 Backbone links.
- Services to NDC, SDC, MyGov, cloud & Messaging applications.
- •Google Caching Engine.
- •DDoS mitigation Service.
- •Direct Peering with NLD.
- •Bandwidth Monitoring servers.
- •DNS Any cast & NTP service.
- •Security devices for NKN network.
- CCTNS etc..
- •Connectivity to SWAN and SDC.
- •DR services to PFMS, eWay Bill, Dept. of Post.
- •Firewall services through Fortigate appliance.

#### MAIL GATEWAY SERVICES

- Mail Gateway Cluster Services are broadly categorized to 4 categories
- Local Cluster
- Gateway-Old-Incoming Cluster
- Gateway-New-Incoming Cluster
- Gateway-Out Cluster

## LIST MANAGER SERVICES

List Manager Services are broadly categorized into 4 categories

- Mailman Gateway This is the Gateway for LSMGR Services.
- Small List LSMGR Lists in which the member count is less than 10k. Currently we are having 3700 Lists.
- Big List LSMGR Lists in which the member count is greater than 10k. Currently we have 40 Lists.

NDC, Hyderabad

#### -Contd..

 In 2024 around 1100 crores mails including promotional/campaign mails application and generated mails delivered.

• The Campaign mails are sent by PMO, MyGov etc..

• For application generated mails UIDAI is sending 1cr mails per day including otp and notifications.

• All the above services are implemented on HP Blade/Dell servers purchased in 2014. The Servers are under EOL and the AMC is up to August 2025 and the servers need replacement with new infra.

• All the above services are without any extra cost when compared with cloud based services like AWS SES (Simple Email Service) where AWS is charging \$1000 per one crore mail with mail size of 32KB per mail. Number of mails is based on the number of recipients.

**Backup & Restore Infrastructure** 

#### Veritas NetBackup Appliance Purpose-Built Backup Appliance (PBBA)-5340

- 2 Numbers
- Total Usable Disk Space 480TB (240 TB + 240 TB)
