NIC Telangana: Report on IT Security and Cyber Security Training Program

The **IT Security and Cyber Security Training Program** at **AVNL-IOL (Armoured Vehicles Nigam Limited – Institute of Learning), Medak**, under the Ministry of Defence, was successfully conducted by the NIC Telangana State Centre Cyber Security experts from **15-04-2026 to 17-04-2026**. The program was attended by approximately **15-20 Group “B” and “C” officers from various units**.

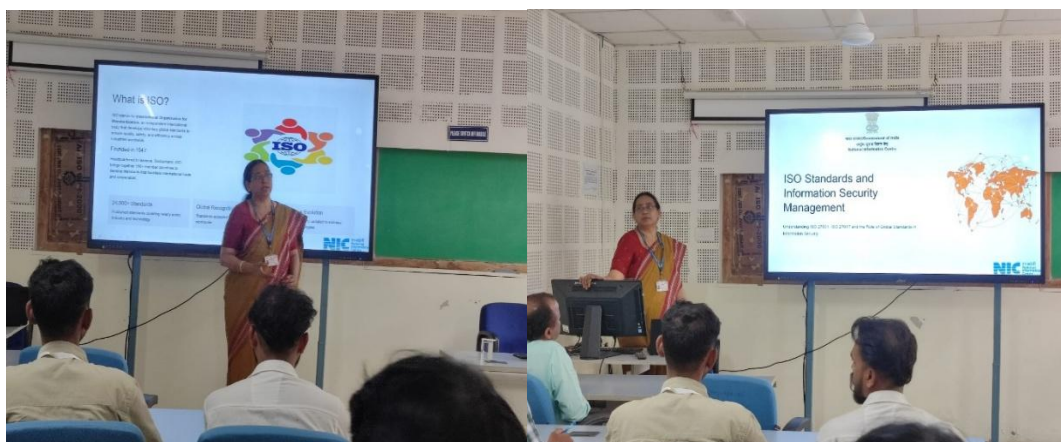

The training covered a wide range of critical topics, including **Information and Cyber Security, Network Security, Risk Management, Cloud Computing, Information Security Audit, Cybercrime Trends, Internet and E-mail Tracking, Storage Media Forensics, Cyber Law in India, Information Security Management Systems (ISMS), and provisions of the Indian IT Act** related to e-Commerce and e-Governance.

The sessions were delivered by distinguished experts:

- **Ms Kavitha Mruthunjaya Rao, Scientist ‘F’**
- **Mr Pisay Sreenath Rao, Scientist ‘F’**
- **Ms Srilatha Gorla, Scientist ‘D’**
- **Mr Kasi Viswanath Kethineni, Scientist ‘D’**

The program significantly enhanced participants’ understanding of emerging cyber threats, best security practices, legal frameworks, and risk management strategies. It equipped them with the knowledge and skills needed to address information security challenges in their respective domains effectively.

Overall, the training program successfully achieved its objectives and received positive feedback from all participants.
