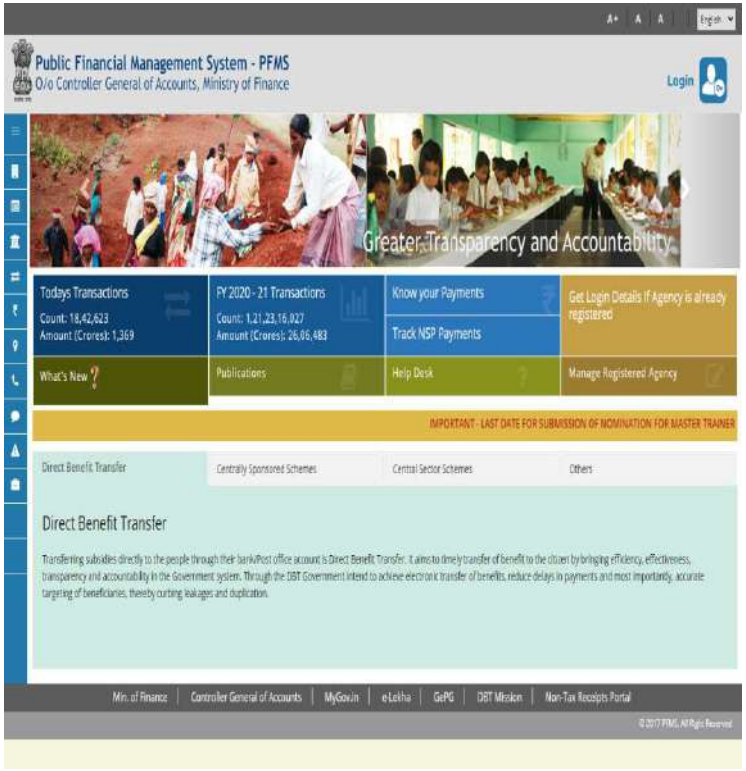
- NIC J&K is providing technical support for towards Integration of treasuries with PFMS upload master data on PFMS and mapping of most of CSS with State Schemes.
- Creation of State Advisory Group and Setup of SPMU office.

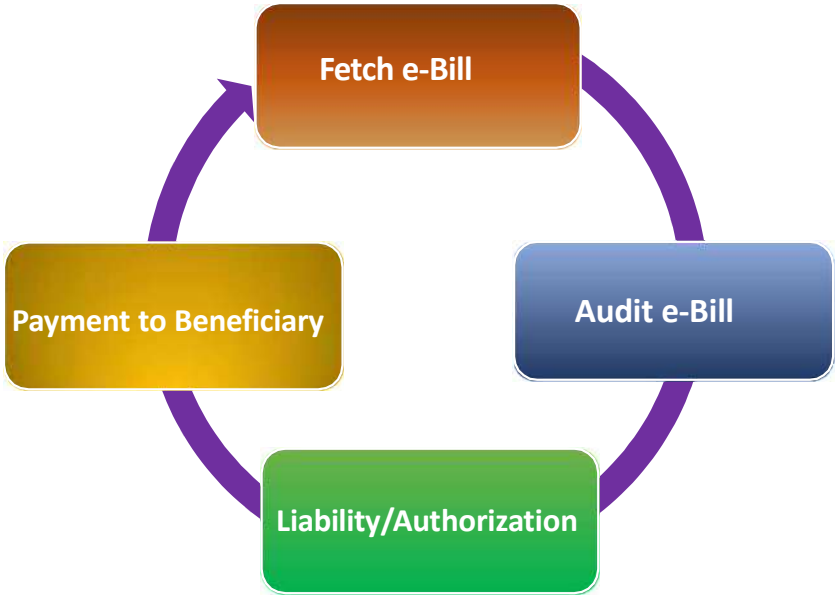


URL is: https://pfms.nic.in/

TreasuryNet Application (IFMS)

TreasuryNet is a work flow based electronic Bill/Challan processing system designed as per Treasury business code.

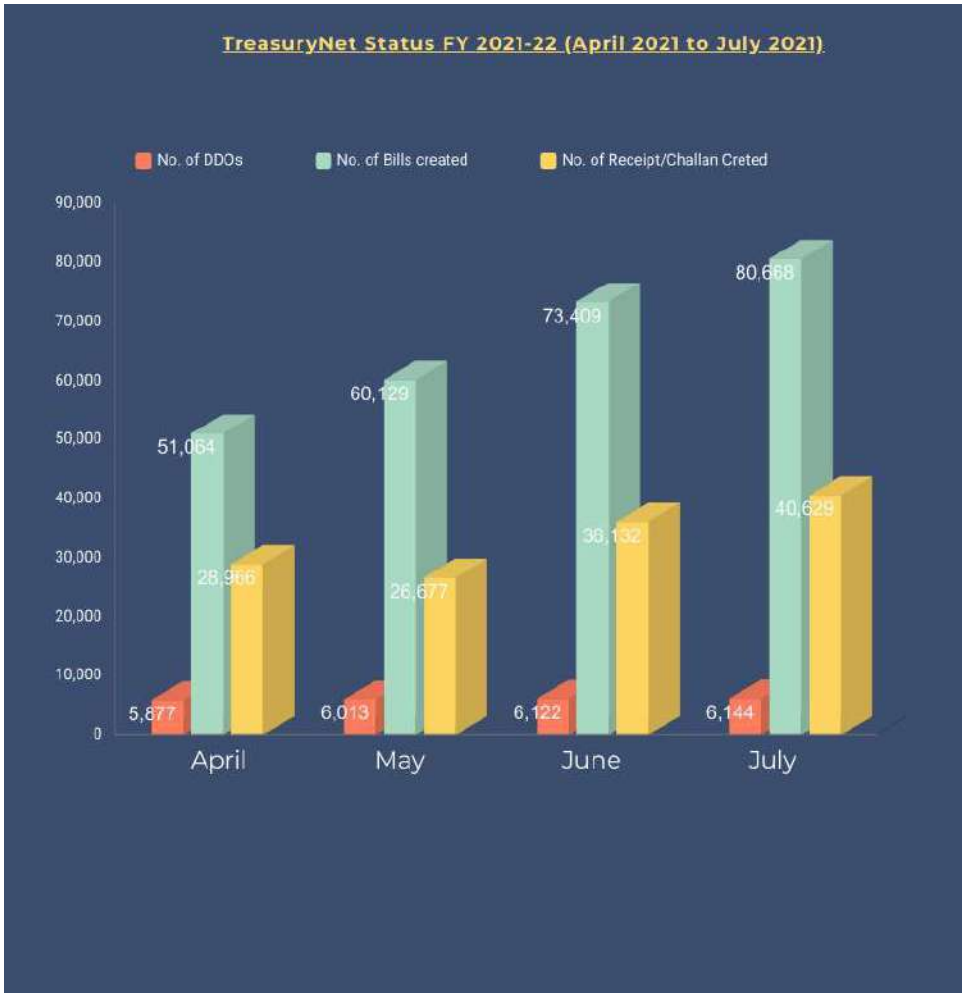
Process Flow



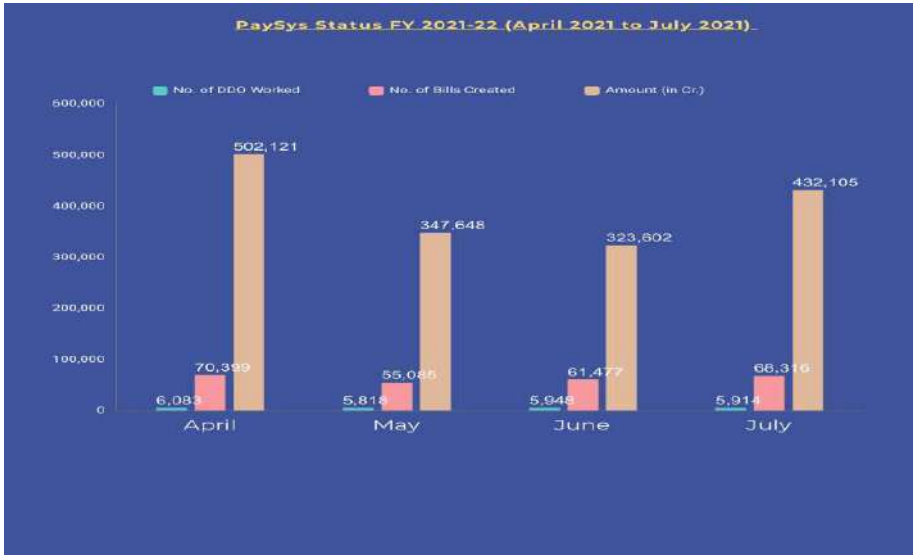
- Integration with BEAMS, JKPaySys, e-Kuber, PFMS
- Use of Bar Code Scanner for fetching the e-Bill in TreasuryNet for auditing
- Treasury makes payment through the agency bank directly into the account of beneficiary.
- Treasury sends the LOP's and cash account to the AG office and specific reports to other stake holders.

http://10.149.2.18/treasurynet/login.php

TreasuryNet Application (IFMS)



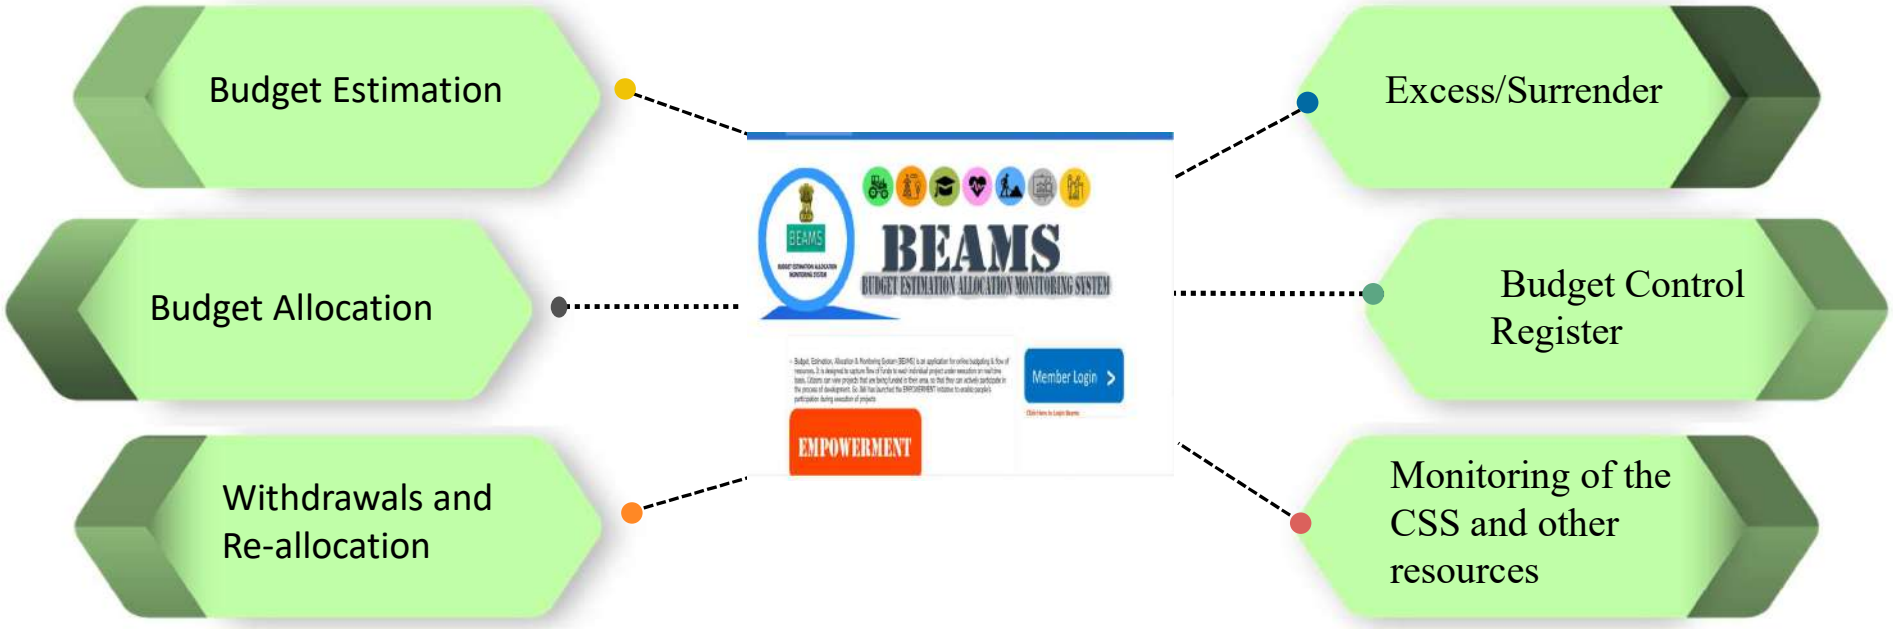
Payment System (JK-Paysys)



1. JKPaySys is integrated with BEAMS, CPIS, GPF and TreasuryNet applications.
2. DDO can prepare all 37 types of Bills.
3. Salary Slip of J&K Govt. Employees and IT, GPF & SLI Statements.
4. System is accessed by 5894 DDOs of 36 departments.

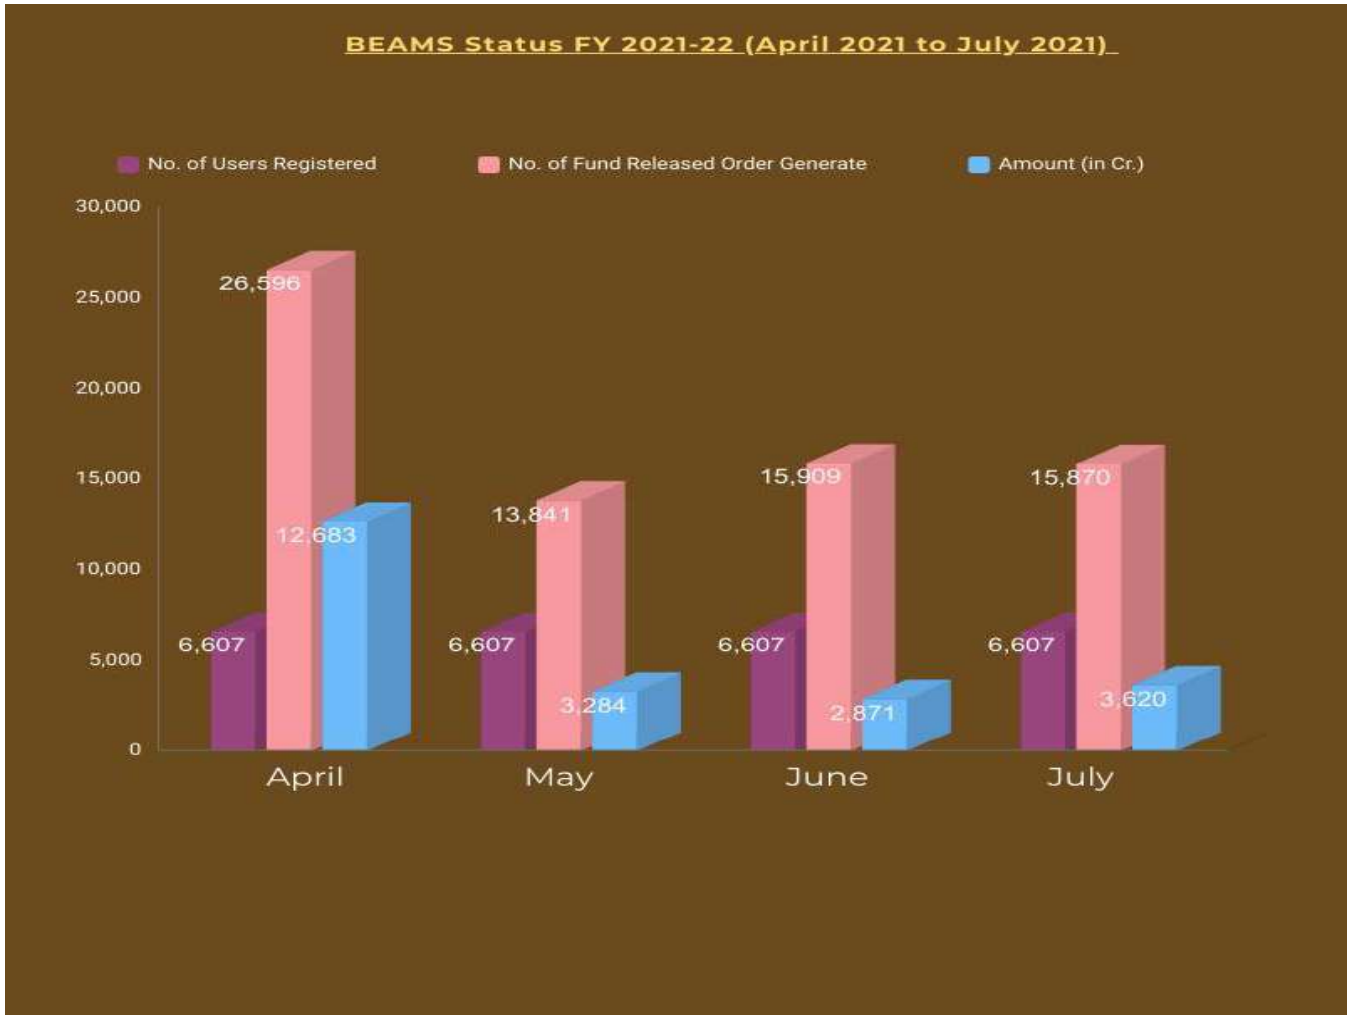
Budget Estimation Allocation & Monitoring System (BEAMS)

Budget automation has a wide scope in comparison to the manual budgeting process which lacks transparency and is construed with difficulties due to time delay in authorizations, ineffective monitoring and budget control mechanism. The flow of information is very reliable, accurate better monitoring, control and sustainable decision support system for better planning and expenditure audit.



BEAMS was rolled out on 01-04-2018 and is currently accessed by 6792 Users/DDOs in 36 departments of the J&K UT.

Budget Estimation Allocation & Monitoring System (BEAMS)



Government Receipt Accounting System (GRAS)

Government Receipt Accounting System (GRAS) is a secure web application on URL https://jkgras.jktreasury.gov.in/ which provides facility to the Citizens, Business Community to pay Taxes / Non Tax receipts to the Government electronically.

GRAS promotes e-payment for govt. revenue collection and facilitates the Departments in Receipt Monitoring. In order to enable online payment, the module helps to fill Challan (e-Challan) on its website and make online payment using the participating Banks' Internet Banking Facility

- To enable citizens to remit tax / non tax online 24x7.
- To facilitate the departments in receipt monitoring.

- To know accurate & factual Govt. Receipts position.
- To promote e-payment for Govt. Revenue collection.

- To ease Receipts Reconciliation Process to bring transparency in Govt. Receipt collection.
- To ease Receipts Reconciliation Process.

- Generating and printing e-Challan.
- Hassle free 24x7 remittance of tax & non-tax revenue in Government Account.
- Remit amount either using e-payment gateway as well as over the counter.

- Facility to register as a user so as to avoid entering personal data repeatedly.
- Facility to pay taxes, non-tax payments to any of the department without visiting the office.
- Facility for storing historical records of payments and re-viewing / re-printing the same at any time.

- Revenue Receipts Accounting Package.
- Various MIS reports available.
- Data can be given to other departments in electronic format.

Centralized Personnel Information System (CPIS)

Government has initiated the process of preparing Employees and Pensioners Data Bank as per the 13th Finance Commission recommendations. The scope of the project was to capture employee service particulars and assign a unique Employee Identification Number to all the employees for future references. IT Department J&K outsourced the data entry task; NIC provided data entry application and imparted necessary training to the vendor. NIC published the data vide Finance Department Order No. DGAT/Comp-Try/CPIS/467-A/38 dated 28/09/2016.

Statistics & Figures	
Total No. of DDO's	6535
Total of PAO's	121
Employees Registered	4,30,354
No. of Active Employees	4,07,305

Features

01 To strengthen administrative and institutional machinery of J&K through rationalized deployment of staff in remote areas.

02 Electronic Service Register for all employees

03 Assigning unique Employee Identification Number (EIN) for each employee.

CPIS was rolled out on 01-04-2011 and is currently accessed by 6411 DDOs in 36 departments of J&K UT.

JKERMS: Electoral Rolls and EPIC Management System of J&K

NIC J&K is the state level agency to the state Election Department and has developed (in-house) and deployed a large number of ICT based applications in this sector. The major features are:

1. Hosting ERMS Software/ Database Centrally at NIC J&K Data Centre in Jammu Disaster Recovery at NIC, NDC Pune.
2. The most extensive usage of Urdu in any ICT application anywhere in India.
3. EPIC coverage at 96.28%.
4. E-Filing of Claims and Objections – (Forms 6, 7, 8 & 8-A)
5. Electoral Rolls/ EPIC Management System
6. Where is polling station ?
7. Biggest electronic Database in the state of J&K at 74.98 lakhs records.
8. Transliteration from Urdu to English and Urdu to Hindi URL is http://ceojk.nic.in
9. Dissemination of Services through Common Service Centres (CSC)
10. Know your status (In Electoral Rolls)
11. Name based and EPIC No. base Search (3 Languages)
12. General SMS services

JK_LBNet: Election Management System

NIC J&K has been providing complete technical support to the State Election Machinery for conduct of a free, fair and smooth election in the state for Urban and Rural Local Bodies. Some of the major applications includes:

- Video-Conferencing
- Online EVM Randomization
- MIS Reports
- EPIC & PER Ratio
- EP and Gender Ratio
- Photo Voter Slips
- Security & Communication Plan
- De-duplication
- Health of Rolls
- SMS based Poll Day Monitoring
- Webcast of Poll process
- EP and Gender Ratio
- Candidates Information online
- Online Results Processing

e-Libraries: A Digital Agenda For Library Automation and Networking

The Department of Libraries and Research, Ministry of Tourism and Culture, Govt. of J&K has envisaged that 140 Public Libraries in J&K are to be covered under the project for automation and networking using the proprietary e-Granthalaya software of NIC. URL is (http://jkpubliclibraries.nic.in)

1. Four largest public libraries having 1.75 Lakhs books collection covered in Phase - I
2. Website of the Department of Archives, Archaeology and Museums launched (http://jkarchives.nic.in)
3. **Website of J&K Academy of Art, Culture and Languages launched (http://jkculture.nic.in)**

4. **22 District Libraries covered under Phase – II of the project**
5. Digitization of 500 Rare Books completed at the Public Libraries
6. Official website http://jkpubliclibraries.nic.in

MeraVetan Mobile Application

Features

Allowances like
Basic, DA, HRA & MA.

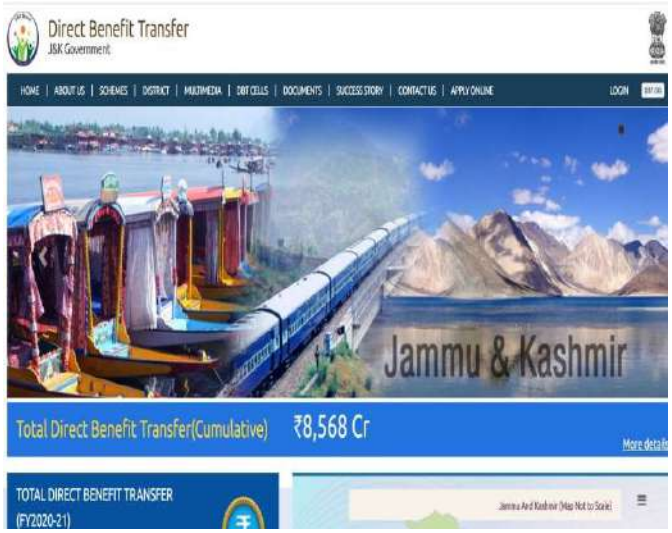
Deductions like
GPF / NPS Subscription,
Income tax, SLI etc.

Monthly Salary Slip,
GPF/NPS Statement.

Income Tax statement
&
SLI statement.

Direct Benefit Transfer (DBT) JK Portal

J&K DIRECT BENEFIT TRANSFER (DBT) PORTAL WAS LAUNCHED TO REPORT DBT TRANSACTIONAL DATA TO DBT MISSION CABINET SECRETARIAT WHO REPORT STATISTICS FURTHER TO PRIME MINISTER'S OFFICE.



D

Introduction

- DBT is a individuals' bank accounts electronically.
- Minimizing tiers involved in fund flow there by reducing delay in payment.

B

Features

- DBT covers all Central Sector and Centrally Sponsored Schemes .
- State DBT Portal is integrated with DBTBHARAT portal through web services.

T

Implementation

- 88 DBT applicable schemes have been registered .
- Application has been developed in open source.
- URL : **https://dbtjk.gov.in**

JKGAD Portal

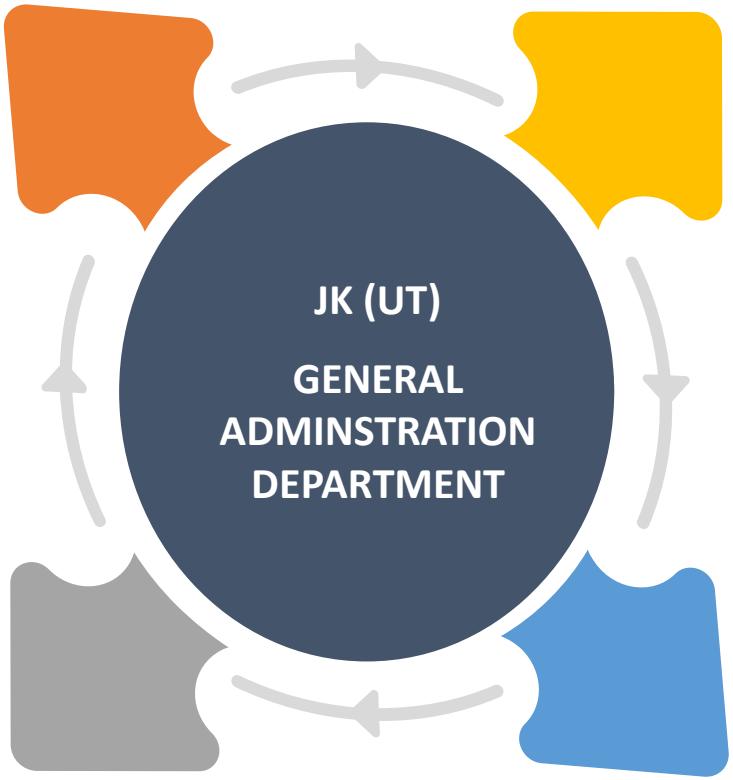
INTRODUCTION

JKGAD is G2C and G2G system. This is one of the most important website in Jammu and Kashmir. This website maintains information of all the Council of Ministers,Administrative Secretaries, State Civil Service Officers, Deputy Commissioners, Telephone Directory of State Officers, Award details, prosecution details and different SRO of Jammu and Kashmir.

MAINTENANCE

This is Dynamic website and role based access given to officer for maintenance of data.

URL is: http://jkgad.nic.in



FEATURES

Data of all KAS officers like their APR, Annual property Return, their posting and other service related issue are being updated through MIS available at JKGAD.

IMPLEMENTATION

Implemented successfully.

Total No. of order uploaded: 5331
Total No. of registered: 2200

J&K Service Selection Board (JKSSB) Online Portal

REGISTRATION

One Time registration by the candidate.

One time uploading of Photo and Signature.

Integration of Email.

One time uploading of Documents.

FEATURES

Uploading of Posts advertize by the department.

Online application form.

Integration of Payment Gateway.

Allocation of Exam Centers.

REPORTS

Generation of Admit Card.

MIS reports for JKSSB.

IMPLEMENTATION

Implemented in JKSSB office in 2014-15 .

Total 10 lakhs application Received online from this portal till date.

URL is: http://jkssb.nic.in

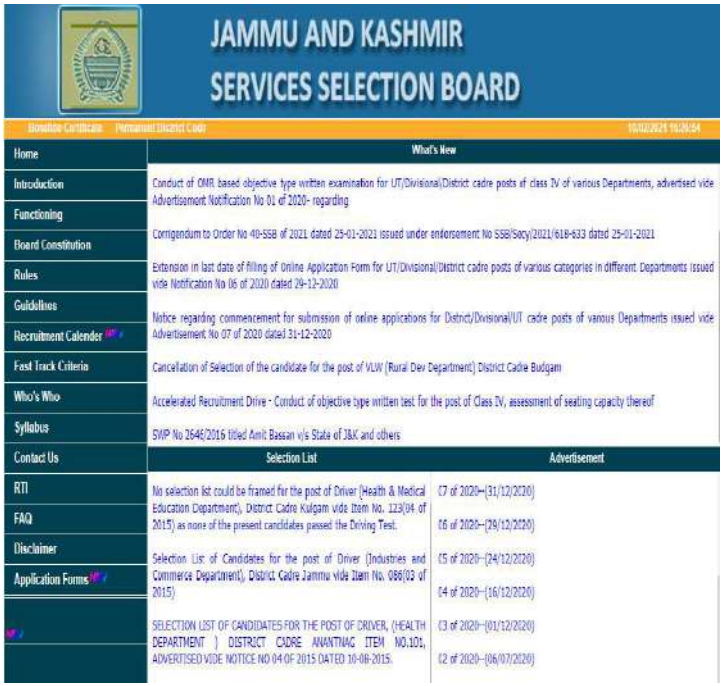
INTEGRATION

In the Pipeline-

SMS Gateway.

E-Payment Gateway

Addition of new parameters in already developed online form .



Online portal of J&K Public Service Commission

National Informatics Centre J&K has developed the online portal for JKPSC for One time registration by the Candidates and online apply for various posts advertize by JKPSC. Modules developed and implemented

1. **Integration of SMS and Email**
2. **One time uploading of Photo, Signature and Documents**
3. **Online application forms Competitive (KAS), Gazetted Posts, Departmental examination, Kashmir Judicial Service**
4. **Integration of Payment Gateway**

5. **One Time registration by the candidate**
6. **Generation of Admit Card**
7. **Addition of new forms for Kashmir Judicial Services and State forest Service's form, addition in the present forms for Aadhar and other parameters including Mobile App.**
8. **Revamping of One Time Registration of Form**
9. Total 25,000 applications for Lecturers on Higher Education
10. Around 60, 000 applications received in KAS

J&K Board of Professional Entrance Examination (BOPEE)

01 A G2G web based e-governance application.

02 Facilitate online registration and application submission.

03 Admit Card download facility.

04 Online getting preference/ Counseling of MD/MS/PGD/MDS courses.

05 Online application of JKCET, B. Ed., M. Ed, Diploma Courses and its Counseling.

06 Integration of payment, SMS and Email Gateway.

Networking of Directorate of Economics & Statistics

Networking including Internet connectivity, of all the 52 Offices of Directorate of Economics & Statistics located in the entire state and development of MIS for various activities being done by the department under implementation.

JKARMS (J&K Arms Licenses Processing and Monitoring System)

A G2G and G2C e-Governance initiative i.e. Web Based Work Flow application for Centralized Processing and Monitoring of Arms Licenses and Transactions thereof has been developed and implanted keeping in view all the local requirements of the User Department dealing with Issuance and Processing of Arms Licenses which has the following broadly major processes:-

Implemented in all the 22 offices of District Magistrates in the State

Training to more than 180 Officials

Go Live : Jan. 2014

The URL is: http://10.148.160.11/jkarms

J&K Revenue Management through Computerised Electricity Billing (JKRMCE) developed by NIC J&K SU to computerize the electricity billing system and Revenue Collection in J&K. The software is generating various types of MIS reports like Energy consumption, revenue realizations, metered, unmetered connections etc. reports for PDD like Station wise, subdivision wise, division wise are also being generated using this software.

Piloting was carried out in PDD wings of Srinagar and Jammu

Implemented in entire J&K State in 118 Sub-divisions.

13 lakh consumers in the state get electricity bills monthly

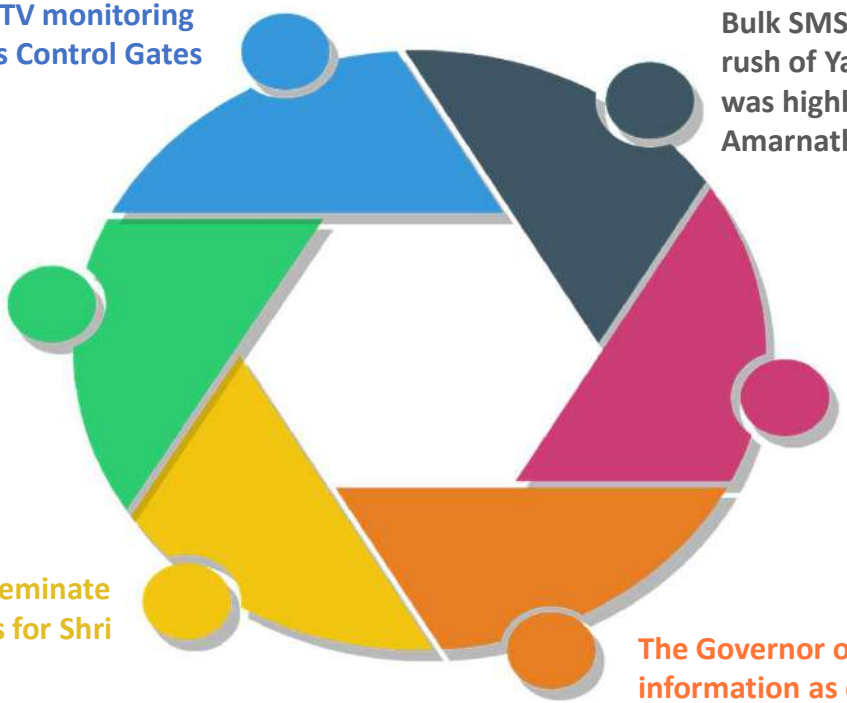
More than 13 lakh bills are generated every month

CCTV Monitoring System and Bulk SMS system for Shri Amarnathji Yatra

IP based Video Content Analysis CCTV monitoring system was installed at Yatra Access Control Gates at Domel and Chandanwari.

Bulk SMS System was used to provide weather, rush of Yatris, track Bulk SMS and CCTV system was highly appreciated by all stakeholders of Amarnathji Yatra.

Installation of CCTV system provided Ground zero realities, Automatic Yatris Counting, effective management of Yatra and Yatris rush, Surveillance of Yatra Access Control Gates.



All Board members of Shri Amarnathji Shrine Board, NIC officer at Raj Bhawan was awarded for his outstanding services.

Bulk SMS service was used to disseminate information to all registered Yatris for Shri Amarnathji Yatra 2016.

The Governor of J&K position and various other information as deemed fit by Shri Amarnathji authorities.

India Portal

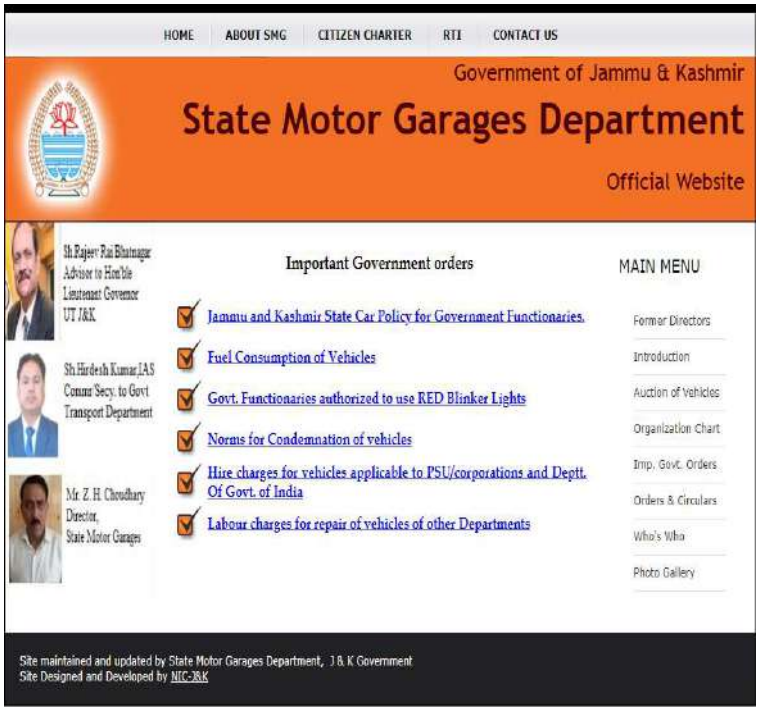
- The national level project which envisaged and collected the information about the acts/rules/forms/services across all the states of India.
- It is a single platform to showcase the e governance work done by all the States.
- More than 8000 entries were made in the India portal from the J&K State
- **URL is: https://india.gov.in**

State Motor Garages – Government of J&K

Work Flow based Inventory Management Software for the computerization of the store items of State Motor Garages.

Installed in two Regional stores at Jammu and Srinagar.

The software is working smoothly at 02 major workshops of SMG at Jammu and Srinagar.

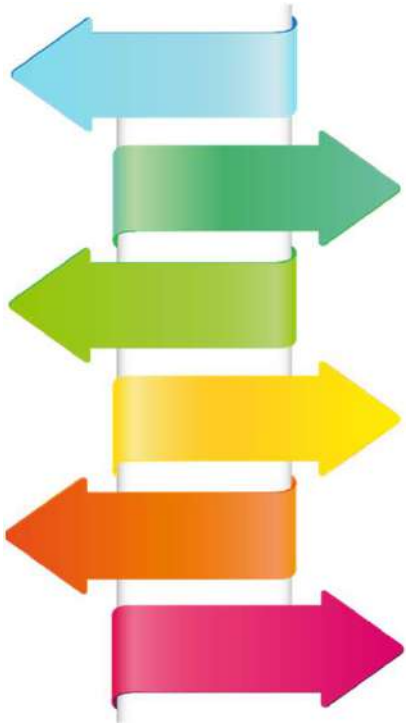


Anti Corruption Bureau – Surveillance software

The Surveillance software has been developed for Jammu & Kashmir UT Anti Corruption Department to computerize the working of different sections of the organization.

The software keeps record of all Complaints / Enquiries / FIRs / Challans which have been registered in Anti Corruption Bureau.

It consists of various modules to increase the efficiency of this organization.



The Surveillance software is working smoothly as per the expectations and satisfaction of ACB since 2014.

ePDS - Public Distribution System Computerization

1

In coordination with the J&K State Food department, following activities were completed using NIC CAS software.

Master data Creation :

- ❑ All District and Tehsil Level State Food office. (Approx. 300 in number)
- ❑ 155 Depot (State Godown)
- ❑ 6340 Fair price Shop details.
- ❑ Ration Card Digitization : 28.41 Lakh Ration Cards with 1.26 crore members.
- ❑ Online Allocation of Food Grains Started in 02 districts of J&K on Pilot basis.

2

State Portal and Online Grievance Redressal Mechanism have been made operational. The following reports are available from portal :

- ❑ District, Tehsil food offices, Godown details.
- ❑ TSO wise FPS count and their details.
- ❑ Drill Down Ration Card Report of the beneficiary by clicking
- ❑ Request for the issuance of new Fair Price Shop License will also be processed using ePDS application.

3

Pilot Implementation of Online Allocation Module for 2 districts is in process, the same shall be replicated in remaining districts in J&K by September 2018. In the pipeline are Integration of SMS, its security Audit clearance and then hosting of Grievance Management system under NFSA for FCS and CA J&K.

The ePDS application is being used by district and Tehsil level Food supply officers in entire J&K.

Birth & Death Registration For Rural Areas

The web based Birth & Death Registration application implemented for ULBs has also been customized for registration of birth and death events for rural areas through Police Stations.

URL: https://jkhome.ulb.gov.in/birthcertificate/BirthCertificate.aspx

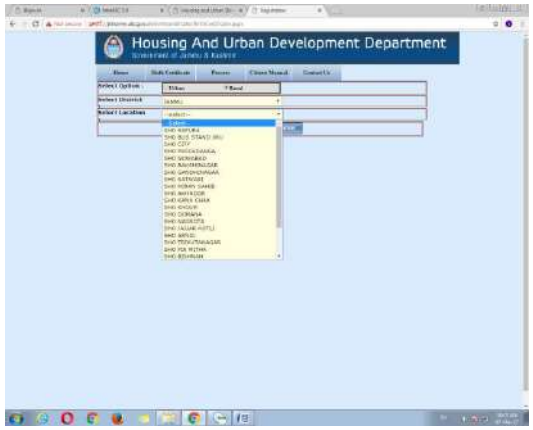
Project start : April, 2013
Pilot : Ending 2013
Go Live : Jan. 2014

Implemented for registration of Birth & Death Events occurring in rural areas through Police Stations.

Around 198 Police Stations of 22 Districts have been using this web based application.

Around 200 officials have been trained in multiple training programs.

SMS facility has been integrated with Birth & Death Registration and the citizens are getting update of their cases through SMS.



National Animal Disease Reporting System (NADRS)

The National Animal Disease Reporting System (NADRS) is a Centrally Sponsored Scheme being implemented by Department of Animal Husbandry, Dairying & Fisheries (DADF) through National Informatics Centre. The NADRS involves a computerized network, integrating both MIS and GIS, which links each block, district and the State/UT headquarters in the country to the Central Disease Reporting & Monitoring Unit (CDRMU) in the DADF at New Delhi.

1. **Implemented in all the 158 Locations in J&K (2 Directorate Level, 22 District Level and 134 Block Level Nodes.**
2. **Animal Disease Reporting through various Channels like IVRS, SMS, email and web based system.**
3. **Centralized Animal Disease Database at National Level GIS based Decision Support System and Analytical System available using analytical modeling tools.**

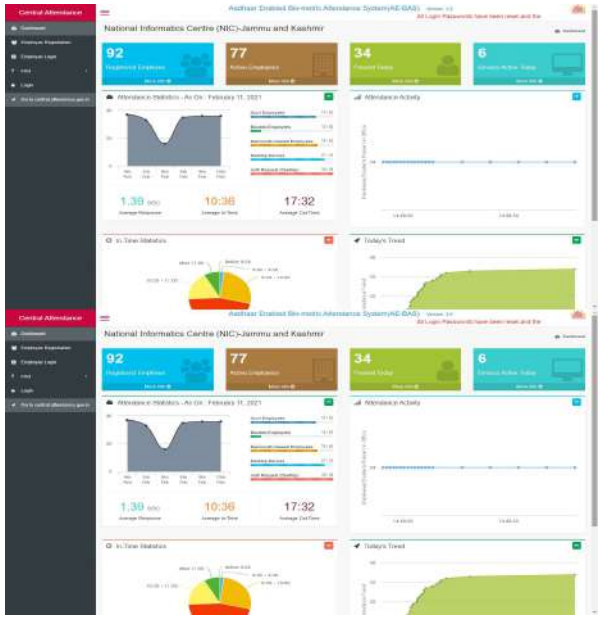
Aadhaar Enabled Bio-Metric attendance System (AEBAS)

The Aadhaar Enabled Bio-Metric System for monitoring of the day to day attendance related activities of employees working in Central and State Government/Semi-Government Departments in J&K and also implemented in 25 NIC Offices in J&K.

10 Central Government Offices in J&K

182 Departments/Organizations of State Government registered

All the State Government Offices located at Civil Secretariat; All Deputy Commissioners Offices and in various other field level offices of J&K State Government.



URLs are: http://nicjk.attendance.gov.in
http://jandk.attendnace.gov.in

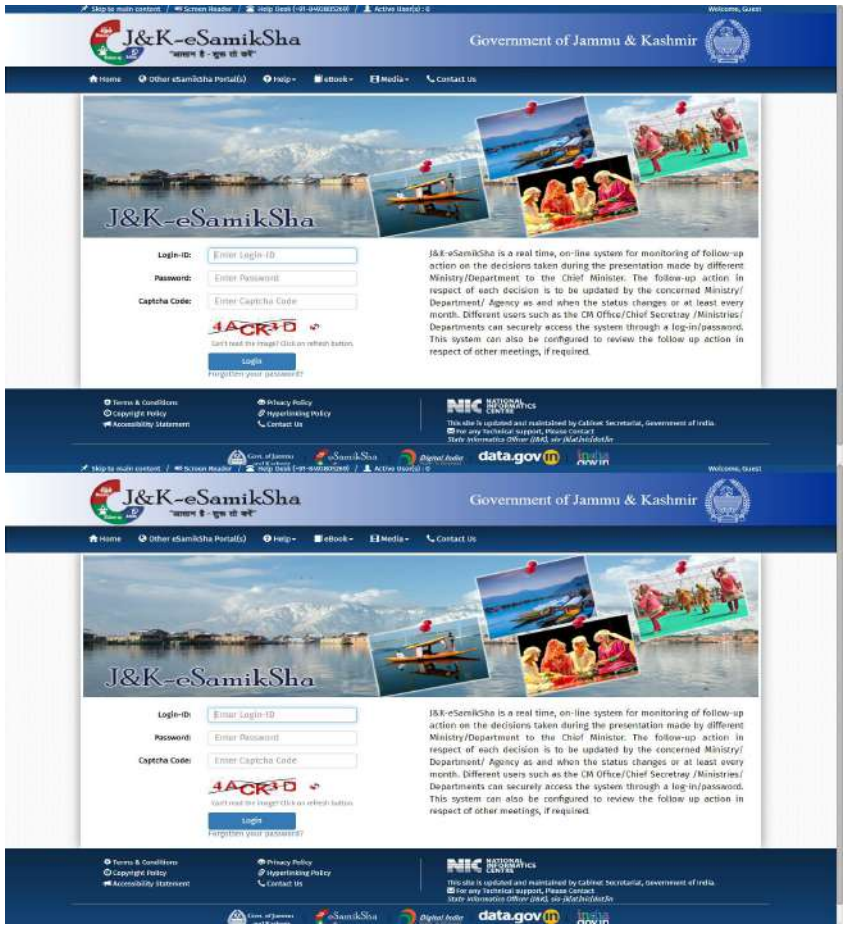
URL is: https://www.esamiksha.gov.in/jk/



Housing & Urban Development Department
(e-Governance in Municipalities)

The following 05 web based e-Governance applications have been developed & implemented in all the Urban Local Bodies:-

- Birth & Death Registration Urban
- Processing & issuance of Building Permissions
- Double Entry Accounting System
- Establishment System
- Public Grievances Monitoring and Redressal System

- 05 e-Governance applications implemented in all the 84 Urban Local
- 02 Municipal Corporations; 06 Municipal Councils; 76 Municipal Committees are covered
- Around about 500 Officials have trained through multiple training programs in persons and through VC
- All Nursing Homes and Government Hospitals have been connected with Birth & Death Software.
- All the NOC issuing departments are connected with Building Permission System viz Revenue, PHE, PWD, PDD, Town Planning etc.
- Project start : March, 2011
  Pilot: Dec. 2011
  Go Live: Jan. 2013

SARATHI- Learner License and Driving License

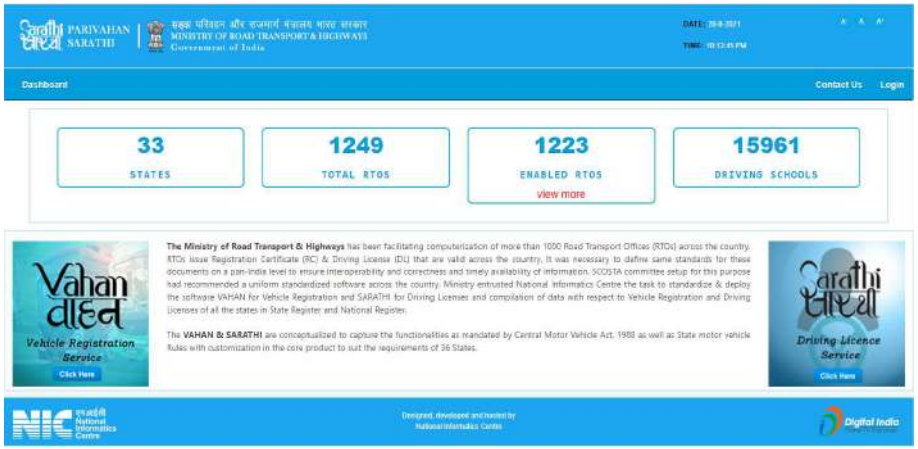
SARATHI 4.0, a web based and workflow based online portal for applying applications is implemented in J&K.

- ❑ **Learners License**
- ❑ **Driving License**
- ❑ **Services of Driving License Renewal, Duplicate Endorsement etc.**
- ❑ **Conductor License**
- ❑ **Issuance of Driving institute**

SARATHI 4.0 integrated with E-banking Payment gateway of J&K Bank.

SARATHI 4.0 is Implemented in all 22 RTO/ARTO offices of J&K.

- ❑ **Online apply for Learner and Driving license.**
- ❑ **Online slot booking and payment of fee.**
- ❑ **Online computer based LL test at RTO office.**



33
States

Traffic Challan Management System (TCMS)

This application has been developed for the J&K Traffic Police with objective to capture the detailed data of Challan imposed by the Traffic Police in the State. Based on the data various reports are generated for the authorities to make decision to control the traffic rule offenders. The software is composed of two modules: Data Capturing for the Challan Officers and MIS for the SSP and IGP. Data porting interface from District office /SSP Office to central servers through NICNET.

System has been implemented in J&K Traffic Police Department and successfully working for last five years in the distributed mode from Jammu as well as Srinagar offices of Traffic Police.

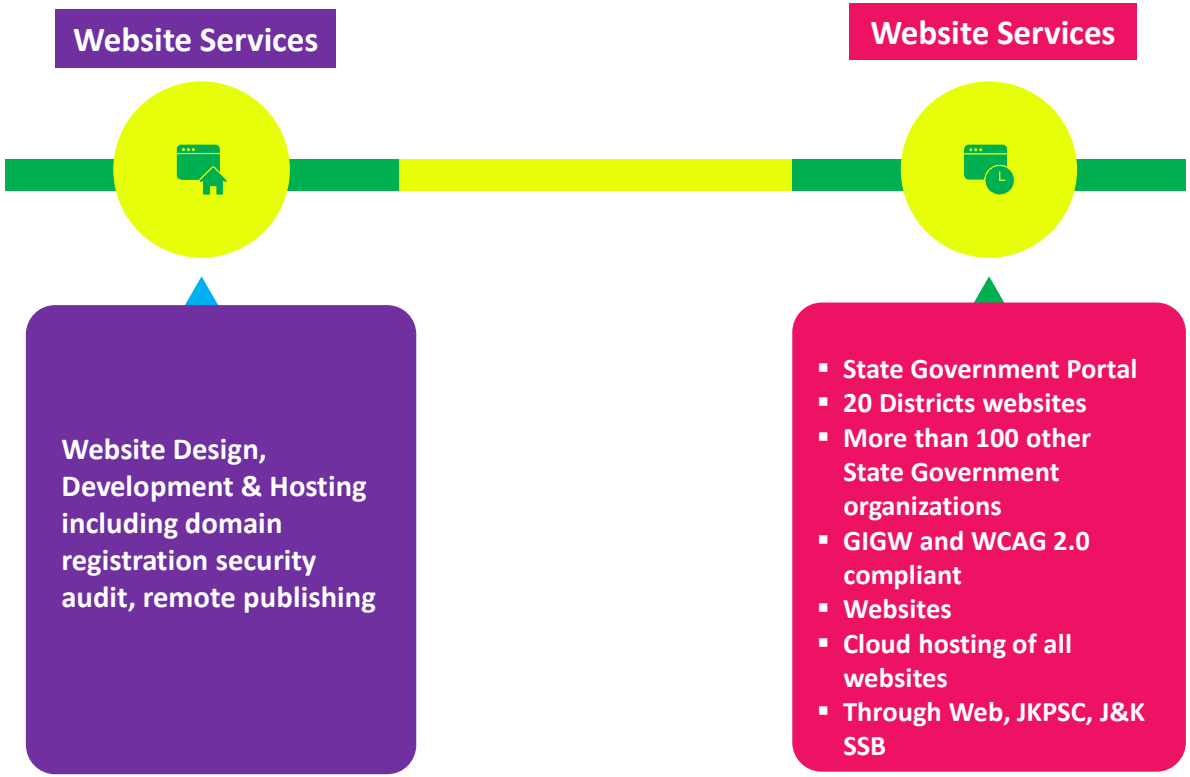
NATIONAL PERMITS

A Web based portal for issuance of Authorization of National Permit is implemented in Both offices of Transport Commissioner of J&K. This portal is integrated with E-banking payment gateway of SBI. Also implemented in 2 offices of Transport Commissioner.

Permit Issued
46,017

Total Revenue Generated
74,16,69,000

Web Services



Mobile Applications to Supplement Web Content

eAssembly App

eAssembly mobile app has been developed for viewing and submission of Answers by the Govt. Departments for the questions that are asked by Hon'ble Members during Assembly Sessions..

MeraVetan App

Android based mobile app to enable Employees to view their salary and GPF/NPS/SLI details.

C2G and G2C e-Governance services for JKSFC for distribution of Timbers

NIC J&K has developed a Portal for providing C2G and G2C e-Governance services for JKSFC J&K State Forest Corporation for distribution of timbers to bona-fide consumers in a transparent way.

- It will provide the consumers to submit their application for their requirement of timber online round the clock to JKSFC.
- The consumers will be facilitated to check their application status on JKSFC e-Portal while entering PAN Card
- Transparency is in the core of the e-Portal by providing the Priority No. to every applicant on First Cum First basis.
- Consumer can view the timber stock of SFC's depots.

e-Hospital@NIC

e-Hospital@NIC is a generic web based, work flow application which addresses all major functional areas of a hospital. A workflow based HL7 compliant and SNOMED-CT, LOINC integrated end-to-end solution for hospital management which covers complete treatment cycle of OPD/IPD as well integrates clinical, administrative, and billing/ insurance activities.

Features

01 NIC J&K has implemented eHospital software in 16 Health Institutions of J&K, selected by Govt of J&K.

02 On site e-Hospital implementation in J&K is done in 02 District, 04 sub-district Hospitals and 10 Primary Health Centers in J&K.

03 Around 28 lakh registrations and 1.5 lakh admissions have been made through this system since January 2013. More than 5 Crore billing made so far.

04 ORS cloud based under replication is under implementation at 5 Major Hospitals of J&K.

Panchayat and Municipal Elections

4100 + Panchayats	**34,200** Panch Constituencies	**7,050** Villages
22 Districts	**84** Local Bodies	

JK_LBNet has been rolled out in January 2018.

Electoral Rolls Management System (ERMS) for conduct of Panchayat and Municipal Elections is under development. NIC J&K is providing complete technical support to the government in terms of the following:

- Electoral Rolls
- EPIC Cards
- Voter Slips
- Roll Locator
- Video-Conferencing
- De-Limitation Online Module
- Poll Staff Randomization

Rural Development and Panchayati Raj MIS & Integrated Child Development Scheme

Rural Development and Panchayati Raj MIS

The following modules stands implemented in J&K also imparted training on these modules:

- Local Government Directory (LGD)
- National Panchayat Portal
- Plan Plus
- EPIC & PER RatioMIS on MGNREGA is also being used in J&K

AWAASSoft - eGovernance solution for INDRA AWAS YOJNA (IAY) for Rural Housing is implemented in J&K.
URL: http://iay.nic.in

Integrated Child Development Scheme

MIS on ICDS for the entry of Aanganwadi Centres in J&K has been implemented after imparting the requisite training to the Master Trainers of ICDS Department. The data entry completed.

Goods and Service Tax (GST) JK Portal

The Goods and Service Tax Network (GSTN) has setup the GST Common Portal to provide standard and uniform interface to tax payers, shared infrastructure and services to all stakeholders for implementing GST and data exchange. The Application Programming Interface (API) service is used to fetch CPIN and CIN reports from centralized GSTIN server.

Salient Feature

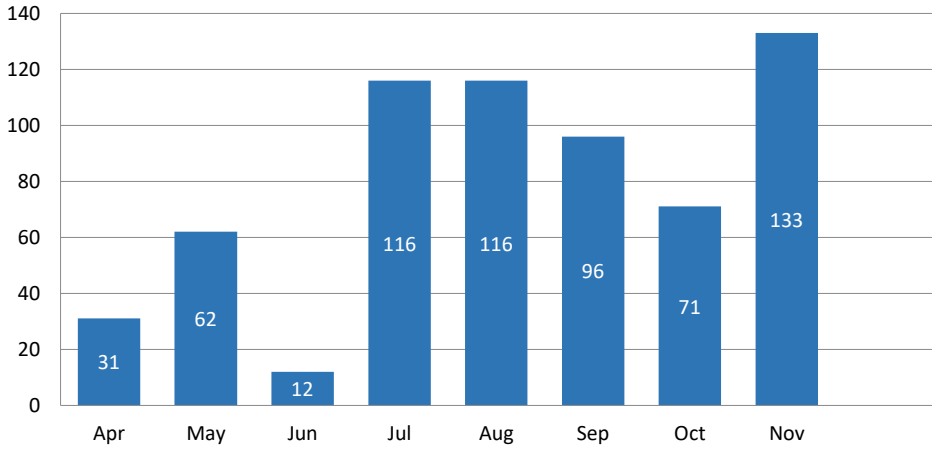
- Interface to Tax Payers.
- Shared Infrastructure .
- Provide Services to all stakeholders.

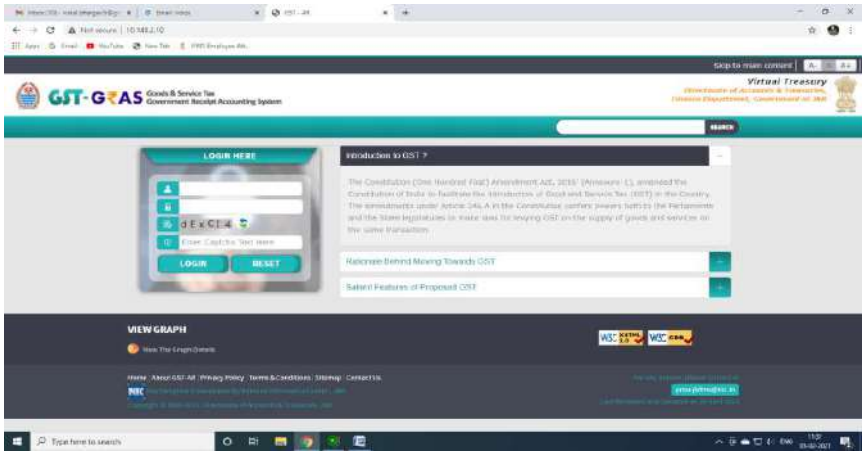
- GSTN has setup the GST Common Portal.
- Fetch CPIN
- CIN Reports.

- The credit notification and account statement from RBI are compared with CPIN and CIN.

- The Tax Administration IT Systems interfaced with the GST for data exchange.

Statistics In Crores



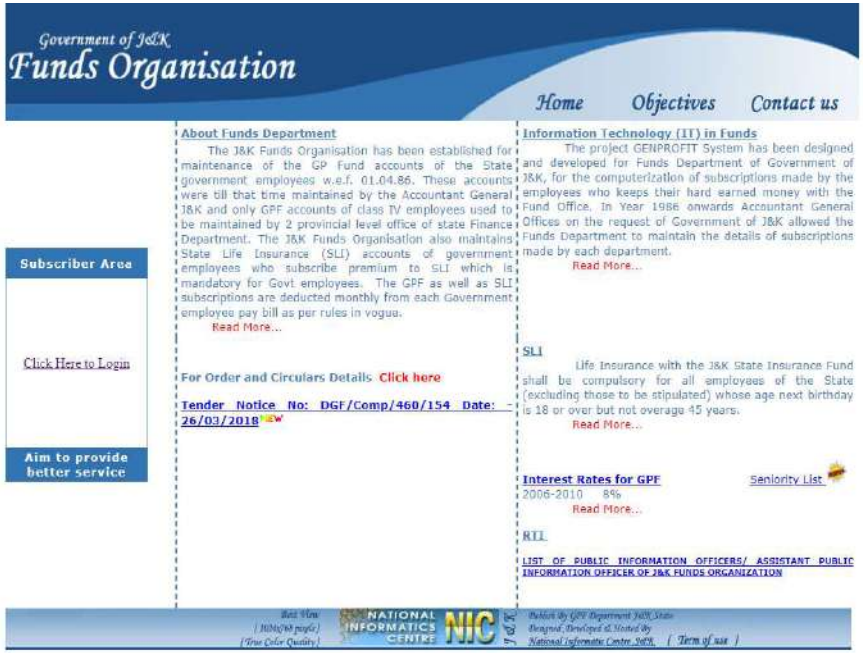


GenProfit Application

Salient Features

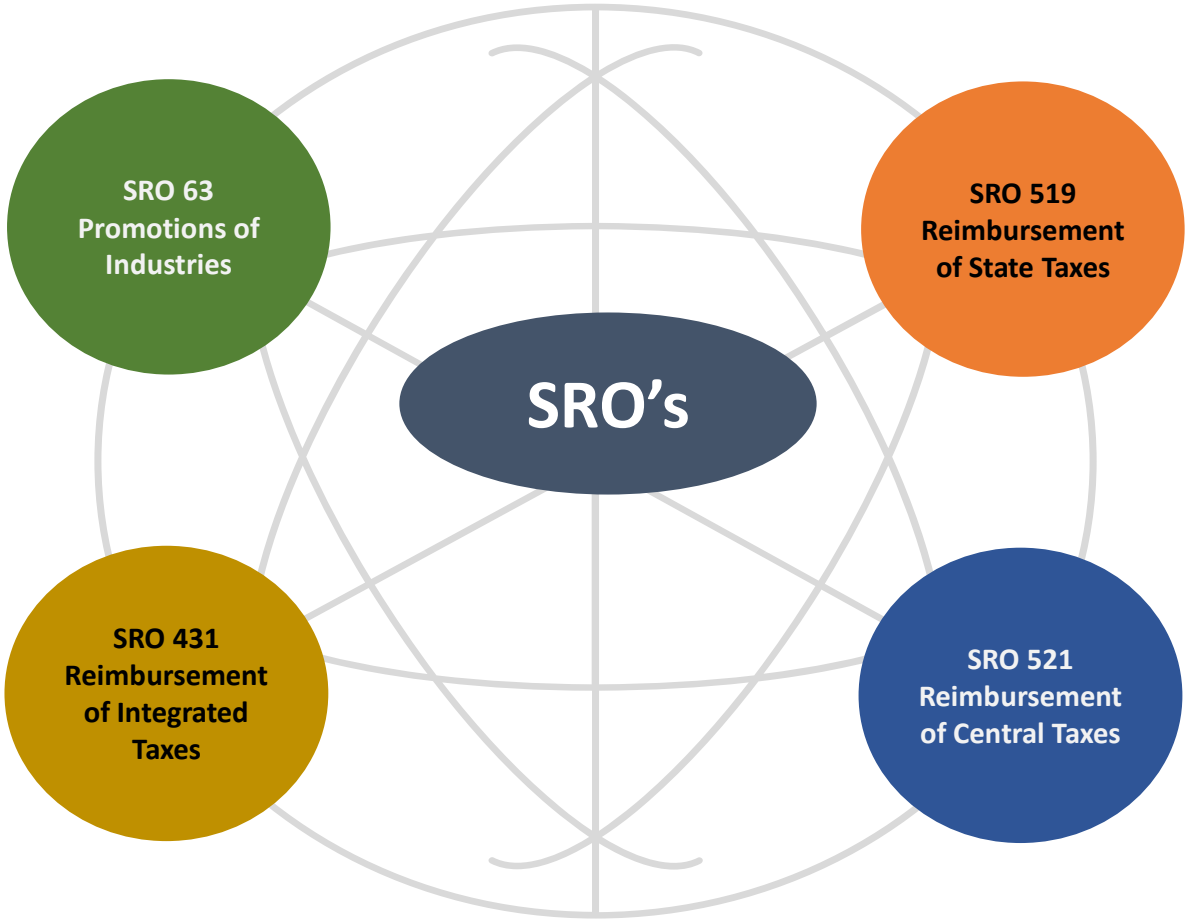
1. To automate/computerize the workflow process of Fund Office functioning.
2. To provide better services to the Subscribers.
3. To maintain the data pertaining to earlier years on the computer system.
4. Better control of Information regarding the Amount actually received and that of postings done.
5. Comparative Statements of the Compilation figures with the Posting figures.
6. Generation of reports like yearly detailed Broadsheets.
7. To provide a unique code to each subscriber, that remains same throughout the career of the subscriber.
8. To provide data of the subscribers on the internet through a portal in Password protected manner.

- The URL is **https://jkfunds.nic.in**



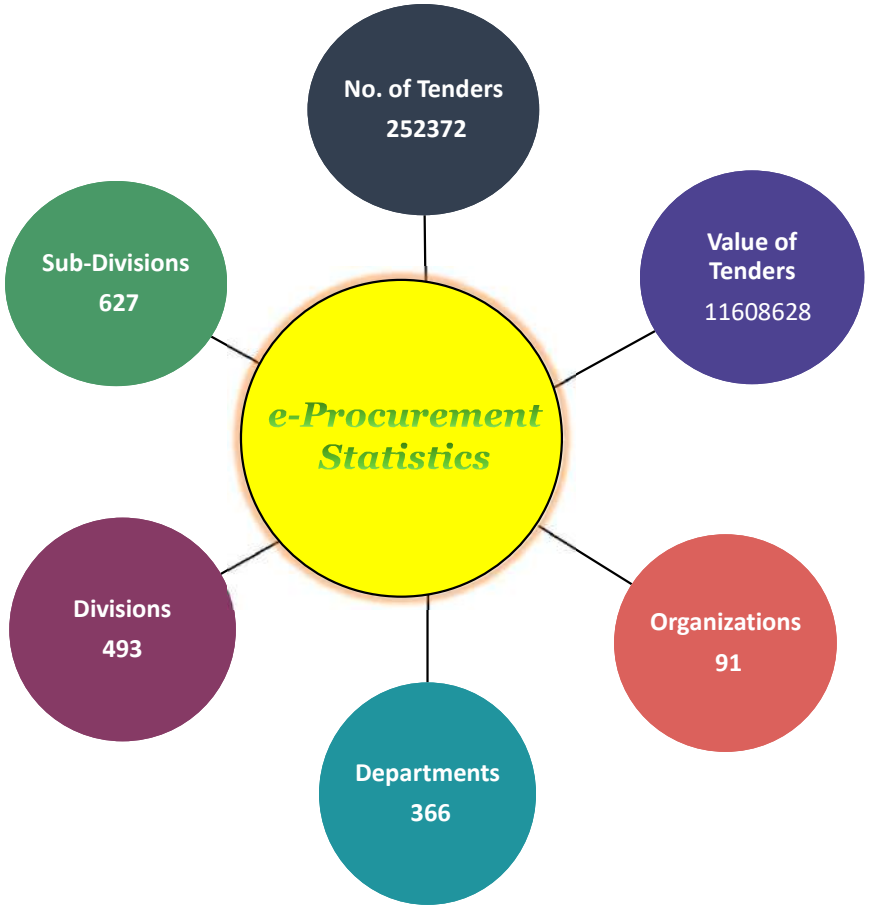
Taxes Reimbursement System for Industrial Units

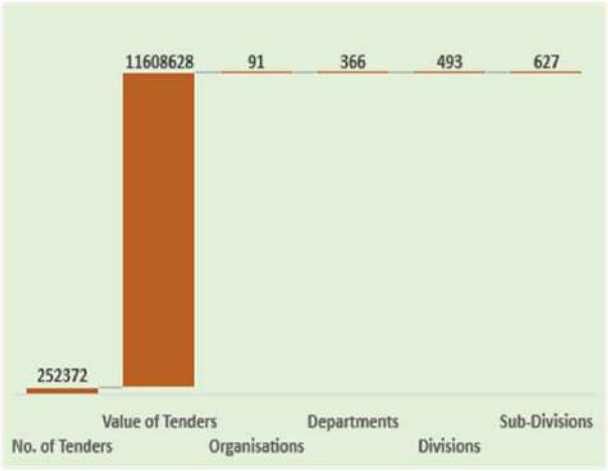
The Department of State Taxes, Government of Jammu and Kashmir, with the help of NIC, has got developed and rolled out an online MIS (Management Information System) for Taxes Reimbursement to Dealers under various SROs issued by the Government.



https://jkcomtax.gov.in

E-Procurement (GePNIC): An Online Tendering Solution for J&K





e-Courts Mission Mode Project

The e-Courts Integrated Mission Mode Project is one of the major national e-Governance projects being implemented in High Courts and district/subordinate Courts of the Country. The project is being implemented by National Informatics Centre (NIC) in J&K:

Project start date – April 2009
Go live date – September, 2010

Coverage (number of locations) : 89
- 2 High Court Wings,
- 22 District Courts,
- 65 Taluka Courts

126-Node LAN at High Court in Jammu and
130-Node LAN at Srinagar.

High Court website at the URL http://jkhighcourt.nic.in. Weekly Cause List at http://causelists.nic.in and AFR Judgments at http://jkjudis.nic.in.

Transactions
- Subordinate Courts – 1.91 lakh cases in circulation out of total backlog of 2.04 lakh cases.
- 1.27 lakh cases in circulation in High Court (both wings)

05 District Courts are uploading their case data and judgments to central server

Services have been initiated at 53 Taluka Courts out of 65.

31 of the identified 41 services have been initiated at 20 District Courts.

Community Information Centers (CIC) Project

J&K State is less developed and also lacking of infrastructure due to remoteness and difficult hilly terrain. The GOI envisaged that by extending the reach of ICT revolution to this region would give a boost to all round development, obviously the basic thrust was to put the region on the IT Map of the world for overall development and exposure of IT to the common people living in rural and remote areas.

FEATURES

- 132 CICs established equipped with the state of art ICT infrastructure.
- Computer Courses conducted like CCC & ITES/BPO courses of DOEACC
- Internet & e-Mail Facilities at each CIC.
- Short-term Courses through S&T Department J&K Government conducted through CIC.
- CICs were also generating good amount of revenues through the services provided to the citizens.
- After 5 years of successful running, it was handed over to the State Government.

Verification Management Information System for CID, J&K (VMIS)

NIC J&K designed and developed software to streamline the verification process being carried out by authorities of Criminal Investigation Department (CID) J&K. Verifications of Service, Passport, LOC and POK can be tracked using this software.

Allied wing of CID HQ, J&K responsible for verifications related to NGOS, Schools, and Trusts etc. is also taken care of. Index branch having legacy data of anti-national elements has also computerized.

Software provides detailed reports regarding pendency and clearance of cases at CID HQ Level, District Level (District Police and District CID Branch level).

More than 30 CID and Police locations are using this software from last 3 years. Approx 100 different reports are being generated through this software. Using this software issuance and tracking of various verification made easy

Online CGHS@NIC

Online CGHS is a comprehensive G2C, G2G health care to the Central Government Employees as well as Pensioners, including their dependents, through Wellness Centers located all over India. An Employee/Pensioner is initially registered with the CGHS, along with the dependents, and allotted Beneficiary ID applicable for getting service all over India. A record of all the Beneficiaries is maintained for providing available CGHS Services. Existing patient is registered on his/her visit to the concerned CGHS on the basis of Beneficiary id. Thereafter, MO/Doctor Diagnoses and recommends Medicines either to be collected from the Dispensary or Indented to the empanelled Chemist. Chemist supplies the Indented Medicine. http://cghs.nic.in

Available Modules implemented at Wellness Centre, Jammu and Srinagar are Additional Director, Registration, Doctor, Store, Pharmacy and Chemist etc. Plastic Card printing request to vendor sent online. Other services available are Transfer Card, Change of HOF and Addition of a new dependent etc. NIC J&K has extended NICNET connectivity to CGHS Jammu for its online solution.

2000 Total Beneficiaries Family Created

7980 Total Souls Registered

15897 Total CGHS Visit

14869 Total Indents Issued

Jeevan Pramaan Certificate

End to end mechanism for transferring funds

It is a biometric enabled digital life certificate (DLC) for pensioners. It fulfills the major requisite of the pensioners to provide life certificate to the disbursing agencies like banks etc., following which their pension is credited to their account. The authentication is based upon Aadhaar number of the pensioner.

URL is: https://jeevanpramaan.gov.in/

Coordinate with State Finance Department for issuance of notification for acceptance of Jeevan Pramaan digital life certificates at Bank.

Jeevan Pramaan certificate camps were held for the enrolment of Defence Pensioners at DPDO Jammu, Akhnoor, Udhampur, Rajouri, and Srinagar and at different location of Army 26 Inf Division Jammu in 2016

Micro, Small and Medium Enterprises

Enterprises (MSME) sector has emerged as a highly vibrant and dynamic sector of the Indian economy over the last five decades. MSMEs not only play crucial role in providing large employment opportunities at comparatively lower capital cost than large industries but also help in industrialization of rural & backward areas, thereby, reducing regional imbalances, assuring more equitable distribution of national income and wealth. In order to reach the entrepreneurs in nook and corner of the Country, The EM-I & EM-II formats has been made online.

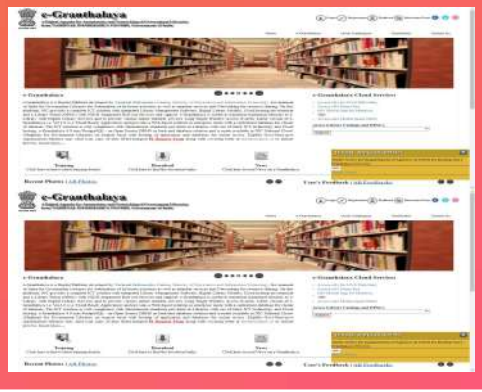
URL is:
(http://udyogaadhaar.gov.in/UA/UAM_Registration.aspx)

In J&K, trainings were held for more that 10 Directorates of Industries and Commerce and more than 80 people were trained for handling the EM-I & EM-II web applications.

eGRANTHALAYA - IVFRT - NSAP

eGRANTHALAYA

Standard Library automation SW developed by the NIC for implementation in all Libraries of the country with web-interface for info dissemination. e-Granthalaya successfully implemented in 04 major libraries of J&K Govt and its web based version is in process of rollout in libraries of Higher Education Department J&K Govt.



IVFRT

Immigration, Visa and Foreigner's Registration & Tracking software is used for tracking of foreigners visiting different parts of India. The SPs in the Districts have been designated as FROs (Foreigners Registration Officer) and there are three modules of IVFRT, namely cFRO, cForm and sForm.

Implemented in all the 22 districts of the State.

NSAP

NSAP comprises of Indira Gandhi National Old Age Pension Scheme (IGNOAPS), Indira Gandhi National Widow Pension Scheme (IGNWPS), Indira Gandhi National Disability Pension Scheme (IGNDPS), National Family Benefit Scheme (NFBS) and Annapurna. 1.40 lakh beneficiary records of J&K were digitized it seeding with ADHAR is in progress and in year 2018 it will be linked DBT/PFMS.

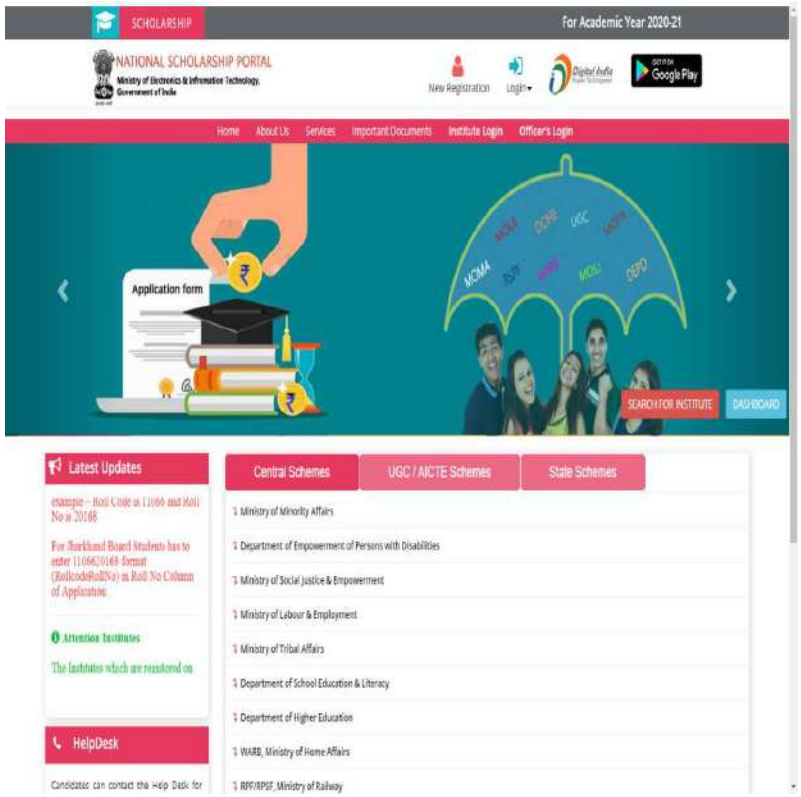
National Scholarship Portal NSP 2.0

The Mission Mode Project (MMP) of National Scholarships Portal NSP 2.0 under the National e-Governance Plan aims at providing common electronic portal for implementing various Scholarships schemes launched by Union Government, State Government and Union Territories across the country.

NSP 2.0 initiative aims at providing a Simplified, Mission-oriented, Accountable, Responsive & Transparent 'SMART' System for faster & effective disposal of Scholarships applications and delivery of funds directly into beneficiaries account without any leakages.

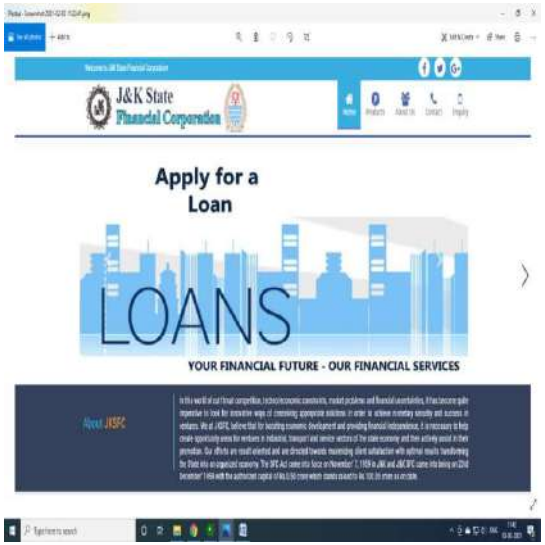
State Nodal officers, Chief Education officers and Institute Heads were trained for NSP 2.0 implementation in JK. Uploading of Scholarship applications from 22 districts of J&K through offline/online mode was ensured after providing required access at Institute/District/State level.

Institutes, Districts and State Nodal officers provided all support during the verification process at each level. This support also includes the students who were facing problems while filling their applications. Agencies were registered on Public Financial Management System (PFMS) with DSC linking to enable Direct Benefit Transfer (DBT).



JK SFC Loans and Accounts Management System

The computerization has become a necessity to meet the challenges of growth and diversification of any financial institution therefore the corporation with the help of state government aims to computerize its functions. NIC has developed a web based Accounts Management Application for Jammu and Kashmir State Financial Corporation. The architecture is conceptualized as being n-tier web based application.



Features of LAMS

- Maintenance of account books like General Ledger, bank Books etc.
- Generation of Balance Sheet and Profit & Loss Account.
- Maintenance of Insurance for assets financed by the corporation
- Maintenance of other Salary related activities like leave encashment, D.A arrears.
- Maintenance of Employee Loan accounts availed from corporation and any salary linked loan account from other organization.
- Maintenance of employee payroll considering earnings as per the government scales & deductions for staff loans, PF Income Tax etc.

LAMS application was rolled out on 01-04-2020.

Swachh Bharat Mission Urban

Under Swachh Bharat Mission Urban, the Master training programmes were conducted for all the DIOs of J&K for implementation of online application Individual House Hold Latrine (IHHL) Swachh Bharat Mission in J&K. The staffs of Urban Local Bodies were trained for using IHHL application its proper verification and disposal of the requests. All the ULBs of J&K are extensively using this application and regular reporting of Activities being carried out in the entire state. Online IHHL application has been implemented in all the Urban Local Bodies of J&K.

National Tracking System for Missing and Vulnerable Children

A Centrally Sponsored Scheme with objectives to contribute to the improvement in the well-being of children in difficult circumstances, as well as to the reduction of vulnerabilities to situations and actions that lead to abuse, neglect, exploitation, abandonment and separation of children. The Scheme, also envisages for creating a mechanism for tracking 'missing' and 'found' children under ICPS and Juvenile Justice. A national portal which not only has data on 'missing' children but it also has live database to monitor the progress of the 'found' children who are availing various services in different Child Care Institutions (CCIs) under the ICPS and the JJ Act.

http://trackthemissingchild.gov.in

AGMARKNET

AGMARKNET is NICNET based network which connects all the Mandis/Regional offices/ Directorates of the Horticulture, Planning and Marketing located throughout the State of Jammu & Kashmir and the offices located in the major metros city of India. J&K has sanctioned 34 Nodes at the Mandis as well at the Directorate of Horticulture Planning and Marketing. Details about the pricing/arrivals and transport information are available online. The pricing data is being uploaded daily for the consumption of farmers as well as Government agencies.

URL is: http://agmarknet.nic.in

Video Conferencing Services

- NIC is extending the Video Conferencing services to all the districts of J&K
- In addition the VC services are available at Raj Bhawan, CM Secretariat, DGP J&K Police, SKUAST, RAMSA, Directorate of Agriculture and CPMG Office.
- These services are widely being used by the state Government including Hon'ble CM, Council of Ministers, Senior Officers and the GoI.
- Government of Jammu and Kashmir has issued Government Order for the usage of VC services of NIC and minimizes travel thus saving time and travel expenses.
- NIC J&K has provided support for setting up of VC System for 35 police office in J&K

MGNREGS (Mahatma Gandhi National Rural Employment Guarantee Scheme)

The objective of the NeGP-Agriculture MMP is to create an environment conducive for raising the farm productivity and income to global levels through provision of relevant information and services to the stakeholders.

All such applications, already developed at GoI/ State level will be Integrated with the Central Agri Portal (CAP) and the State Agri Portals (SAPs) envisaged under NeGP-A.

Coverage: 100% in all 22 districts of J&K State.

Work is in progress with all stakeholders as well as GoI empanelled agencies for implementation of already developed SW solution.

All funds transfer through EFMS. Url is http://nrega.nic.in

MIS Reports

A Digital Workplace Solution in Government offices

Establish a Single Product for reuse in the Government

eOffice

Initiated in 2009. Developed and Implemented by National Informatics Centre (NIC)

Based on Central Secretariat Manual of e-Office Procedure (CSMeOP)

The government of Jammu and Kashmir has switched over to using e-Office in its file processing. This has helped put an end to the traditional system of Durbar Move which involved movement of government offices between Srinagar and Jammu every six months.

DM Dashboard

The UT of J&K has been registered with DM Dashboard under the URL: https://jk.dmdashboard.nic.in.

Recently the CS dashboard having URL:https://jk.csdashboard.nic.in has been launched

Personalized view of UT with Personal Images, Headers, Footers, Language, Theme creation, Sizing and Content has been completed. User creation of different levels completed. It has been rolled out in all 22 districts of J&K and Ladakh. All the major central projects like VAHAN, SARATHI, PMAYG, NSAP etc. are being projected.

JKLMS

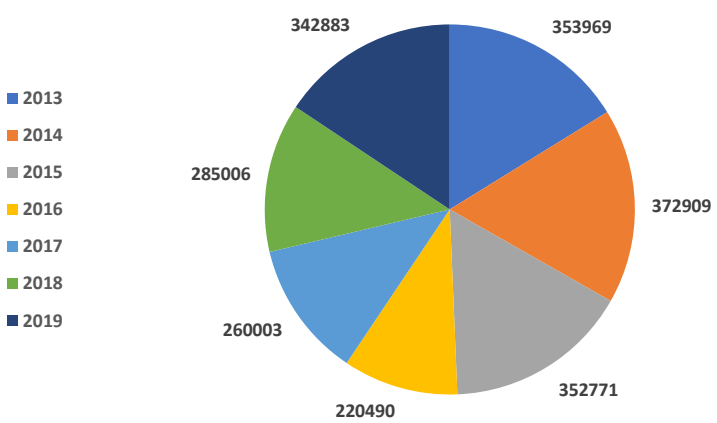
This system pertains to monitoring of court cases which involve government departments as a litigant – on either side. It has been implemented for the government departments of J&K. The system has been customized for J&K and now case data is being fetched from both the wings of the High Court of J&K using Web Service. Integration with CAT is underway.

Shri Amarnathji Shrine Board

1. NIC J&K designed, developed and implemented Online Registration and Tracking process for Shri Amarnathji Shrine Board (SASB). The provisions included uploading of Compulsory Health Certificate (CHC), e-payment of Registration Fees, generation of Yatra Permit having QR Code & Bar Code and SMS alerts. This facilitated up to date knowledge of Yatris and their tracking on a real time basis.

2. The system helped the administration take timely action in case of any mishap or act of God. A total of 10 lakhs SMS passing through NIC SMS gateway for the issuance of various advisories to the Yatris. Around 31,000 Identity cards also were issued to Pony and Tent walas having QR Code.

श्री अमरनाथ जी श्राइन बोर्ड
SHRI AMARNATHJI SHRINE BOARD



National Generic Document Registration System

ROLLED OUT STATES OF NGDRS

(National Generic Document Registration System)

The system has been rolled out

97	Locations
20	RO
77	SROs

NGDRS

•In Jammu and Kashmir, the process of registration of documents was being handled by judicial officers till recently. Government of Jammu & Kashmir created a separate Registration Department which would function under the overall administrative control of the Revenue Department. Now, NGDRS has been implemented in J&K. The system has been rolled out in all the 97 locations (20 RO + 77 SROs). Backlog data digitization and SMS services are in the pipeline to be followed by integration with PAN, Aadhar/ e-KYC and e-Payment.

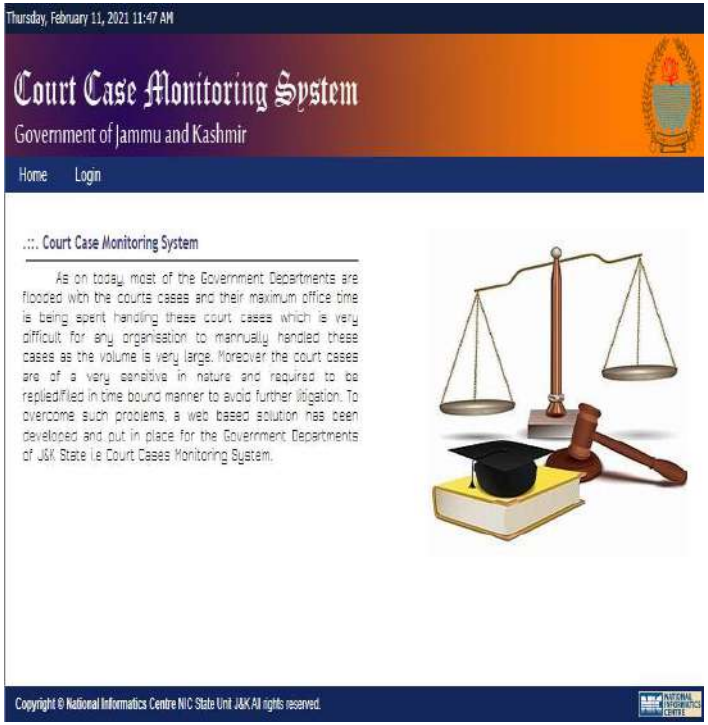
Documents Registered : 55397

Revenue Collected : 33019.11 Lakh

CCMS (Court Cases Monitoring System)

Most of the Government Departments are flooded with the courts cases and their maximum office time is being spent handling these court cases which is very difficult for any organization to manually handle these cases as the volume is very large. Moreover the court cases are of a very sensitive in nature and required to be replied/filed in time bound manner to avoid further litigation. To overcome such problems, a web based solution has been developed and put in place for the Government Departments of J&K State i.e Court Cases Monitoring System. Presently the Housing & Urban Development Department and its sub-offices are using this. With the implementation of CCMS the Court Cases handling become very easy and timely.

- Various weekly, monthly, quarterly alerts generated about cases regarding hearing /filing reply with in the current week, coming week, next 10 days
- Implemented in H&UDD, JMC, SMC, JDA, SDA.
- Project start : Jan. 2013
- Go Live : In 2014
- System displayed cases in different colors depending upon nature of cases viz Very Important, Important and least Important System helps to generate different types of reports of Court Cases like Courts-Wise, Legal Counsels-wise, Department-Wise, Hearing date-wise, year-wise, case-type-wise.



Accolades / Awards
