OVERVIEW OF CORE SERVICES

Digital Transformation & E-Governance Initiatives

CYBER SECURITY	STATE PROJECTS / PORTALS	CENTRAL PROJECTS / PORTALS	ONLINE SERVICES
NICNET/NKN	VC & WEBCAST	Email, VPN, Firewall Services	CLOUD SERVICES

NIC INFRASTRUCTURE & CONNECTIVITY

Network Infrastructure, Data Center & Communication Services

NIC NOC

High Speed Internet Access - ensuring seamless connectivity across all UT Govt. offices with round-the-clock monitoring

NIC/NKN Connectivity

*10 Districts-1Gbps &
10 Districts- 100Mbps with redundant Connectivity

J&K Police Network

NICNET based connectivity, including VC, has been extended to all DIGs, SSPs and various wings of J&K Police.

Network Infrastructure

Core Links	3×10 Gbps
BSNL, PGCIL and RailTel via Delhi & Chandigarh	

NKN Institute Links	29
Including IIM, IIT and AIIMS	

Network Nodes	24,000+

E-Mail Services

Government Email accounts of more than 1.8 Lakh employees/ offices have been created.

@jk.gov.in   @jkpolice.gov.in

VC Studios

VC facility in the offices of the Lt. Governor, Chief Minister, High Court, Chief Secretary, Div. Commissioners, Financial Commissioner, Administrative Secretaries, 20 District HQs, 20 SSP Offices, Chief Electoral Office and different Directorate of Government of J&K.

VC Statistics (last one Year):

- PM Events   :   **05**
- LG VC's   :   **47**
- CM VC's   :   **106**
- CS VC's   :   **657**

On average, **28–30 VC sessions** are

NIC Cyber Security Initiatives

Endpoints, Network Infrastructure, Data Center & Applications

Geo-fencing of J&K Web Applications/Sites

Restricting access to websites and web applications based on geographic location to enhance security.

Web Application Firewall (WAF) Implementation

Deploying WAFs to protect web applications from common attacks like SQL injection, cross-site scripting (XSS), etc.

MAC Binding to Static IP Addressing

Associating devices' MAC addresses with static IPs to prevent unauthorized access and IP spoofing.

Removal of DHCP Service from Civil Secretariat Jammu

Disabling DHCP to enforce static IPs for better control over the network and reduce unauthorized device connections.

Implementation of NIC EDR & UEM Tools

Deploying Endpoint Detection and Response (EDR) and Unified Endpoint Management (UEM) tools for improved endpoint security and management.

Cloud SEK Tool Implementation

Cloud SEK providing compromised credentials and Systems of J&K, SSL and Website issues etc. to concerned CISO's of concerned dept.

Use of Official Email IDs instead of Private Email

Moving official communication to secure, managed private email platforms rather than public or less secure email services

Restricted USB Storage Drive Access throughout J&K

Limiting the use of USB drives to prevent data leaks and introduction of malware via removable media.

Gov Drive Implementation (Under Process)

Developing or deploying a government cloud or secure drive solution for centralized, secure file storage and sharing.

NTP Server Policy Enforcement

Enforcing strict policies on the use of official Network Time Protocol servers to ensure time synchronization and prevent time-based loggings attacks.

ICT Initiatives in Progress

Setup of Mini SoC in UT

While a full-fledged SOC is a time-intensive project, there is an urgent need for an interim Mini SOC at the NIC NOC Centre, Jammu, leveraging tools provided by the National SOC of NIC.

The Mini SOC Benefits
- Monitoring Capabilities
- Build skilled manpower
- Strong foundation for transition into a full-scale SOC

Security Tools :

SentinelOne
Cloud Native Security for EDR

KACE Systems
Management Appliance for UEM

CloudSEK
Unified Intelligence Platform

Network Dashboard
Router, Firewall & Switches logs

SIEM Monitoring
For Government Websites

Proposed Layout of Mini SOC

ICT Initiatives in Progress

SWAN integration with NIC/NKN

- Integration of SWAN Network at SHQ and DHQ (20).

- Smart City Data Centers in Jammu and Srinagar.

- All Small Govt Data Centers – JPDCL, KPDCL Data

  Centers etc.

- Police Network (upcoming) on SDWAN – All police

  Stations and HQs

- Centralized Monitoring of all SWAN devices from

  Security Operating Center - **Mini SOC**

NEW INITIATIVES

SAKOON MOBILE APP

Final stage

Mobile App for providing relief to victims of Natural calamities in progress

SNA SPARASH Implementation

Launched in July 2025

IFMS integrated with PFMS and RBI for implementation of SNA SPARSH Just-In-Time Release under CSS.

PDIMP

Launched in 2025

Preventive Detention Information Management Portal to monitor detention cases, representations and court cases

GEPNIC E-TENDER

New features under Development

Integration of Payment Gateway for end-to-end management of EMD and related deposits

E-SAMIKSHA

Roll Out in Progress

Roll out in progress of Central E-Samiksha portal for online tracking of status of decisions

LAND RECORDS

Launched in May 2025

JAKLAND Portal, a customised version of Haryana Land Records has been implemented, as of 01/08/2025 approx. 4372 villages Jambandis have been taken up for digitisation. 1,55,227 Khewats completed

Dashboard for Public Services Guarantee Act (PSGA)

Rollout in Progress

Digital Dashboard for real time monitoring of disposal time taken by various departments on citizen –centric services and schemes (220) across the UT

E-SAM

Launched in October 2025

Rollout of application for ICT inventory Management in progress

STATE PROJECTS

REVENUE SERVICES

Digitisation of Fard, Mutation, Jamabandi, Land Passbook, Property Certificates and NGDRS

IFMS

A bunch of integrated applications for better Financial management

AMARNATHJI YATRA

Registration of Yatris, Aadhar based eKYC, Bank Branch Registration, Helicopter Booking

RCCMS

Revenue Court Cases Monitoring System

JKBOPEE

eCounselling of Professional Courses

SERVICE PLUS

Online end to end delivery of citizen services

eABGARI

Manage and regulate excise duties related to alcoholic beverages and other intoxicants.

PENSION SUVIDHA

Pensions under Integrated Social Security Schemes. Old Age Pension, Widow in Distress, Physically Challenged Persons and Transgenders.

HOSPITALITY & PROTOCOL

Government Guest House Bookings

TOURISM

Building Permission Software in Pahalgam Development Authority

ePROCUREMENT

Oversee procurement processes to streamline the acquisition of goods and services.

ABDP

Aspirational Blocks Districts Programme (ABDP)

STATE PROJECTS (Cont.)

STATE TAX
Administer and enforce state tax laws.

RD&PR
MGNREGA, PMAY(G), eGram Swaraj, LGD

LAND RECORDS
JAKLAND Online Platform for Management of Jamabandis, khatas, its UT specific instance of pan-india project

eUNNAT
Associated with e-UNNAT to enhance accessibility to government schemes.

NSAP
National Social Assistance Program offers financial assistance to vulnerable populations for social security.

STATE ELECTION COMMISSION
End to End support for conduct of local bodies election.

PDIMP
Preventive Detention Information management Portal.

HRMS
Efficiently manage an organization's human resources functions.

DMRRR
Department of Disaster Management, Relief, Rehabilitation and Reconstruction, following online certificates are being issued using the portal Migrant Certificate, Resident of Backward area Certificate, EWS Certificate•, Income Certificate

HADP - KISAN SAATHI
Enhance agricultural productivity and livelihoods through sustainable practices and modern technologies.

RTI
Online Digital platform for end-to-end processing of RTI Applications

LADLI BETI
Implement the Ladli Beti Scheme to improve the welfare of newborn girls and address declining female sex ratios.

STATE PROJECTS (Cont.)

JKSSB
Online platform for filling online application and examination for various posts conducting by JKSSB

REAL ESTATE REGULATORY AUTHORITY
JK RERA Portal

EDUCATION
Schools Database, Registration of students in JK BOSE and Declaration of results 10th class and 12th class

EMPLOYMENT PORTAL
Online Digital Platform for bringing Job seekers and employers at one place

JK CUSTODIAN PORTAL
Web Portal of Evacuee Property Department

JKPSC
Online **Swagatam** ne platform for Civil Services posts, from application to selection

SMART-PDS
Online Digital Platform for Public Distribution System

SWAGATAM
Digital Portal of Govt of India implemented in UT of J & K for visitor entry management in Civil Secretariat

e-Suttra
A digital platform launched by the Deputy Commissioner of Jammu to streamline the annual movement of nomadic tribal families and their livestock to upper reaches of J&K during April–May.

Estates
It provides an end-to-end digital solution for allocating housing units to eligible employees.

RRCM
This system is designed to make certificate handling efficient, transparent, and user-friendly, likely for government or institutional use.

OBPS
Online Building Permission System (OBPS) is a web-based platform hosted on J&K's State Data Centre that allows citizens, architects, and departments to digitally manage building plan approvals.

STATE PROJECTS (Cont.)

ILIP

This system involves four interconnected digital applications designed to support law enforcement, forensic documentation, and judicial

E-COMPENDIUM

To provide a centralized digital repository of all completed development projects across the Union Territory of Jammu & Kashmir, ensuring transparency, accountability, and citizen awareness.

CENTRAL PROJECTS

TRANSPORT

VAHAN, SARTHI, e-challan, ITMS, iRAD/iDAR, Online Platforms for Driving License, Vehicle Registration, Permits and Permissions, chaplains, etc

NGDRS

National Generic Document Registration System

S3WaaS

SECURE,SCALABLE & SUGAMYA WEBSITE AS A SERVICE

e-OFFICE

Online collaborative file movement system

SPARROW

Online APAR Management for Govt Employees

IVFRT

Immigration Visa Foreigner Registration and Tracking

MNREGA

Mahatma Gandhi National Rural Employment Guarantee Scheme.

NEVA

National e-Vidhaan Application

AEBAS

AEBAS (Aadhaar Enabled Biometric Attendance System)

Mission Vatsalya

Old Age Pension, Widow in Distress, Physically Challenged Persons and Transgenders

ORS & NextGen eHospital

ORS Module is currently started with onboarding of 25 District Hospitals, for NextGen eHospital Platform, Super Specialty Hospital Srinagar is in process of approval request

SMART-PDS

Online Digital Platform for Public Distribution System

CENTRAL PROJECTS (Cont.)

ECOURTS MMP

Digitisation of Operations of High courts, District Courts and Tehsil Courts

ICJS

Inter Operable Criminal Justice System

Projects In Pipeline

Pension Application for social Welfare Department

Online Digital Platform for sanction of Pension cases under Integrated Social Security Scheme (ISSS)

SVAMITVA DASHBOARD

Dashboard to monitor the activities being done under SVAMTIVA Scheme. UAT & Web-security audit is in progress

NeVA

National e-Vidhan Application implementation is ongoing with a target for a paperless assembly by March 2026. Training and infrastructure upgrades are underway. Apex meeting held in July

State Allied & Healthcare Council

Launch of website for State Allied and Healthcare council is in progress

Single Use Plastic

NIC JK is assigned the task of development of dashboard for challan cases. System study is in progress

NextGen eHospital

ORS Module ready to roll out in 25 Hospitals
Super Specialty Srinagar in process for onboarding of NextGen

Proposals in Pipeline

NGO Grants Management Application for Social Welfare

Discussions and requirement understanding in progress

Appraisal management Application for JKRLM

Detailed proposal submitted, approval of the department is pending

Digitisation of Records & Services

For **Relief & Rehabilitation Commissioner (Migrants)** and PRO Jammu . Proposal has been submitted and awaiting approval

Aligning CSR Grants ?

Pension Suvidha

Streamlining Pension Processing System

Launched: May 2025

649
Retiring Employees Registered

209
Cases Forwarded to AG

3
PPO Issued by AG

Streamlined Processing

Portal will help to streamline the processing of pension case.

Integrated Systems

Portal is integrated with HRMS, Paysys and AG office for electronic data exchange

Post-Retirement Services

Portal also provide online Post Retirement service

Comprehensive Database

About 2.45 Lac existing verified pensioner are also imported on the portal

IFMS: Introduction

Integrated Financial Management System

Following applications are working under IFMS

BEAMS

Module for Budget estimation and Allottment

- Budget planning and preparation
- Allocation of resources
- Fund distribution management

Paysys

Module for the generation of Bills

- Bill preparation and processing
- Payment authorization
- Financial record keeping

treasuryNet

Module for Budget Expenditure

- Expenditure tracking and monitoring
- Budget utilization analysis
- Financial reporting

GRAS

Online Module for collection of Govt Receipt

- Revenue collection management
- Online payment processing
- Receipt generation and tracking

Integrated Financial Management System provides comprehensive financial solutions for government operations

IFMS: New Initiatives

Expanding Integration Capabilities

Strategic integrations to enhance financial management capabilities

Integration with PFMS

Implementation of SNA_SPARSH

- Single Nodal Account framework
- Real-time fund tracking
- Improved financial accountability

Further 6 National Level Portals integrated with IFMS:

MGNREGA

Mahatma Gandhi National Rural Employment Guarantee Act

PMGSY

Pradhan Mantri Gram Sadak Yojana

JK NRLM

Jammu & Kashmir National Rural Livelihood Mission

IFMS: Initiatives Proposed

Future Enhancement Roadmap

Upcoming enhancements to streamline financial operations

Implementation of e-Bill and e- Claim

Electronic bill processing and claim management

- Paperless bill processing
- Automated claim verification
- Faster disbursement cycles

Module for Cash Management

Comprehensive cash flow monitoring and management

- Real-time liquidity monitoring
- Cash forecasting tools
- Optimized fund allocation

Online e-Account Submission to AG Office

Digital submission of accounts to Accountant General

- Secure electronic submission
- Reduced processing time
- Automated verification and validation

Comprehensive Dashboard

For Data dissemination and analysis

- Interactive visualization tools
- Real-time financial analytics
- Customizable reporting options

These initiatives aim to enhance government financial operations through digital transformation

Revenue Services

NIC J&K designed, developed and implemented a web based portal having end-to-end digitization of various services provided by the Revenue department

01
Online delivery of Revenue services to the citizens

02
(SMS, email, payment gateway integration)

03
End to end digitization of records, from filing to final delivery of document

04
Launched on 31st March, 2024 and till date 14,28,772 applications are received and processed

05
Real time integration with Auto Appeal System

Count	Services
561686	• Extract of Girdawari

Jammu and Kashmir Real Estate Regulatory Authority Portal(JKRERA PORTAL)

- *NIC JK has developed and implemented a workflow portal for JKRERA Portal.*

- *The portal JKRERA, aims to promote, transparency, accountability and efficiency in the real estate industry. It also envisages safeguarding the interests of homebuyers and ensuring fair business practices among developers, promoters, and real estate agents.*

- *The Real Estate (Regulation and Development) Act, 2016 is an Act of the Parliament of India which seeks to protect home-buyers as well as help boost investments in the real estate industry*

The Act came into force in Jammu and Kashmir from 16th December 2018 by virtue of SRO-123 Dated-22-02-2019 with the following Objectives:

1 To establish the Real Estate Regulatory Authority for regulation and promotion of the Real Estate sector

2 *To ensure transparency in projects.*

3 *To protect the interest of consumers in the Real Estate Sector and to establish an adjudicating mechanism for speedy dispute redressal.*

4 To provide proper information about the Promoter/Builder.

5 Provide recommendations to appropriate Government agencies in the matters relating to the development & promotion of real estate sector.

JKRERA MODULES

Project Developer/Promoter

The promoter module in the Real Estate Regulatory Authority (JKRERA) allows promoters to track the progress of their project registration application

Agent Module

Real estate agents are individuals who help others with real estate transactions and are required to register with the Real Estate Regulatory Authority (JKRERA). Real estate agents include property dealers, brokers, and middlemen.

Complaints Module

The complaints module in RERA is a platform for homebuyers, real estate agents, and promoters to file complaints against other parties for violations of the JKRERA Act.

Holistic Agriculture Development Plan (HADP/KISSAN SATHI)

Holistic Agriculture Development Plan
HADP/KISSAN SATHI

Total Projects
29 + 3

Total Services
165+

Sectors
Agriculture, Horticulture, Livestock, Fisheries & allied

HADP Portal Workflow

Online Application Submission → Scrutiny → Field Verification → Review by Deputy & Chief Officers → Bank Manager Review (if loan required)
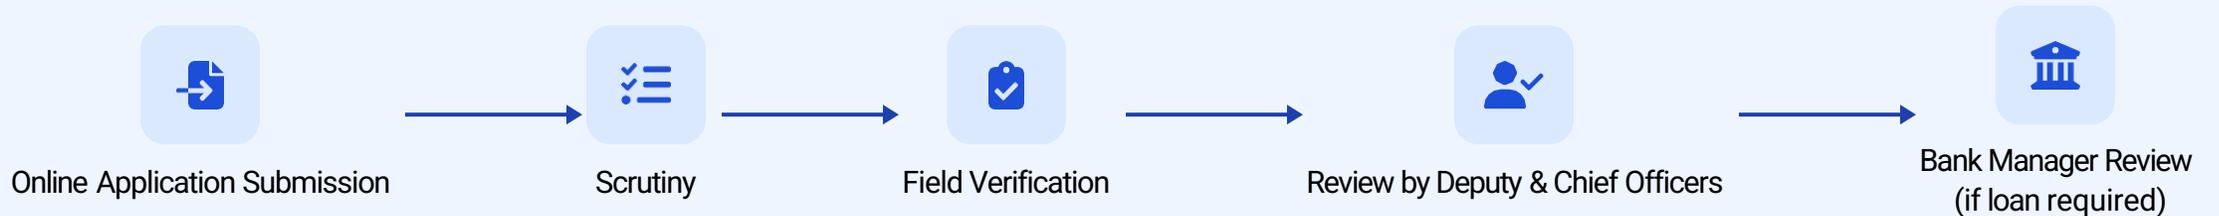

Portal Features

- ✅ Developed in consultation with project leads
- ✅ Tailored to User department's requirements
- ✅ Comprehensive workflow-based processing system for 29 projects
- ✅ Includes 3 additional Projects with NON-HADP Sector schemes

HADP Objectives

- 🌿 Enhance agricultural productivity and livelihoods
- 🌱 Promote sustainable agricultural practices
- 🚜 Implement modern technologies in farming
- 🍎 Advance horticulture, livestock, and education

Rural Development and Panchayati Raj MIS

Local Government Directory

Portal to maintain up-to-date list of respective administrative units (Districts, Sub-Districts, Villages, Blocks, Local Governance bodies along with their corresponding Rural/ Urban wards)

MGNERGA

A rural wage employment program in India which provides legal guarantee of at least 100 days of unskilled wage employment in a financial year to rural households whose adult members are willing to engage in unskilled manual work.

PMAY (G)

Pradhan Mantri Awaas Yojana Gramin aims at providing a pucca house, with basic amenities, to all houseless households and those households living in kutcha and dilapidated house.

eGram Swaraj

Portal for transparency in the decentralised planning, progress reporting and work-based accounting in PRI.

GPDP

Panchayats have been mandated for the preparation of Panchayat Development Plan (PDP) for economic development and social justice utilizing the resources available to them.

SAGY

Sansad Adarsh Gram Yojana is a village development project launched by GOI under which each Member of Parliament will take the responsibility of developing physical and institutional infrastructure in identified villages.

Panchayat Award

Ministry of Panchayati Raj has been incentivizing best performing Panchayats through National Panchayat Awards and portal is used for effectively selecting Panchayats on identified parameters.

RGSA

Rashtriya Gram Swaraj Abhiyan aims to strengthen the capacities of institutions for rural local governance to become more responsive towards local development needs and efficiently utilize available resources.

Education Department

Education Department
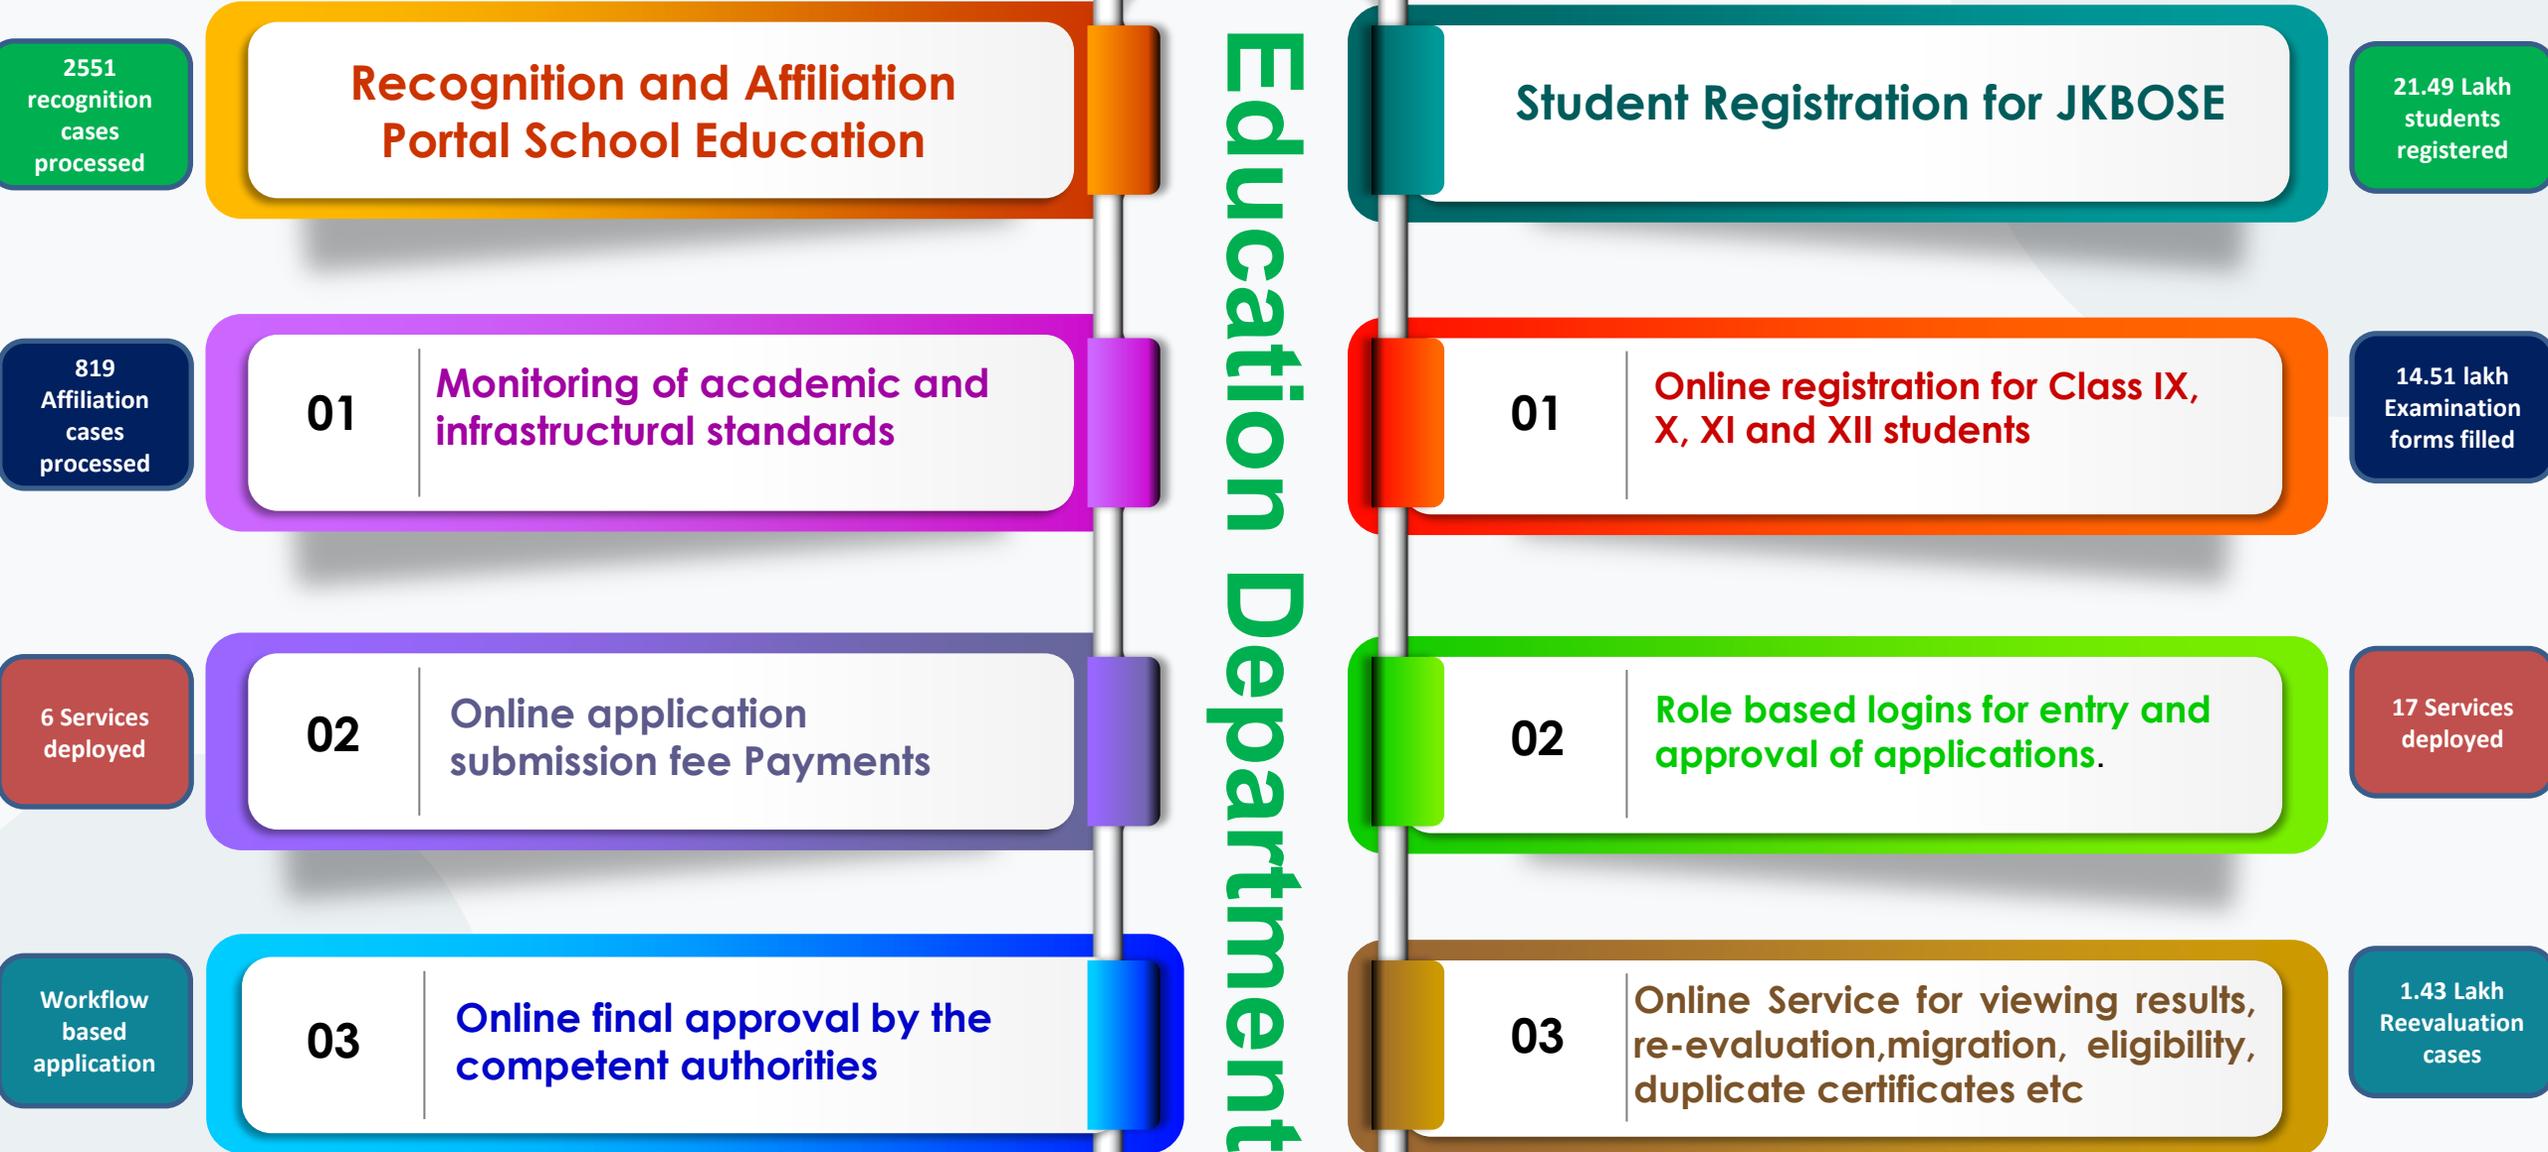

Recognition and Affiliation Portal School Education

05 Online application of JKCET, B. Ed., M. Ed, Diploma Courses and its Counseling.

06 Integration of payment, SMS and Email Gateway.

J&K Board of Professional Entrance Examination

Publish of Advertisement
Announcing the availability of application forms and important dates for prospective students.

Online Application/Registration
Candidates can register and apply online, simplifying the application process.

Payment of Fee
Secure online payment options for application fees, ensuring a hassle-free transaction.

SMS and Email Integration
Notifications and updates sent via SMS and email to keep applicants informed throughout the process.

JKBOPEE

Print Application Form
Option for candidates to print their completed application forms for personal records.

Edit Application Form by JKBOPEE
Allows the JKBOPEE to make necessary edits to application forms as required.

Apply for Preference of College (eCounselling)
Candidates can select their preferred colleges during the eCounselling process.

Allotment of College by JKBOPEE with Rule 17
Colleges are allocated to candidates based on their preferences and eligibility, following established rules.

Integration of Institutions with JKBOPEE Portal
Ensures that all participating institutions are connected to the JKBOPEE portal for seamless data exchange.

JKBOPEE

E-Counseling Processes

ecounselling process of following courses initiated :

- BE/BTECH Engineering courses
- MDS Courses
- 10th Based Paramedical Courses
- 12th Based Paramedical Courses
- Bsc Nursing/Technology and Paramedical Courses
- B.Ed Courses

Achievements

- Application of All courses taken online

- Counseling for all rounds is done online mode for 6 courses till date

- No visit of Applicant to BOPEE office for counselling

- All Fee paid by the applicant in online mode only

- Online Joining of candidates for 3 courses in pilot mode

e-SUTTRA

Secure & Unified System for Transhumance and Transportation of Animals

OBJECTIVE

Streamline the process of granting permits for movement of bovine animals

INTRODUCTION

E-SUTTRA is an online portal conceptualized by District Administration Jammu

Designed and developed in house by National Informatics Centre District Jammu

Single window system for receipt / tracking of applications and grant of permits with respect to the movement of bovine animals within the territory of Jammu and Kashmir

SYSTEM FEATURES

It brings all the stake holders/ authorities at a single platform that speeds up the process of granting permits.

Time frame for granting a permit manually which was earlier 12 to 15 days, now shall be only 5 days

This system features an inbuilt disposal System that can be used by respective authorities as and when applications are uploaded into the portal.

Application features a comprehensive application tracking system that can be used by the applicants for tracking status of their applications thus bringing transparency and accountability in the issuance process.

KEY BENEFITS

Single Window facility for Nomadic Families

Online Applications and Permits with no Manual Interface

Application Tracking and Time-Bound Disposal

Hassle free Transport Permits with focus on Animal Welfare

PROCESS FLOW

Application → Verification → Approval → Permit Issue

ICJS - Integrated Criminal Justice System

Data Integration Framework

Police Data

Data is synchronized by all the PS of a State to SDC which is further synchronized with the NDC. This is updated on ICJS.

ALIS Data

Arms Licenses Issuance System Data from MHA is synchronized on daily basis with ICJS

Judiciary Data

CIS Data at District is synchronised with NJDG. Data is synched with ICJS

CBI / NIA / RPF Data

CBI, NIA & RPF data is synchronised on daily basis from respective HQs

Prisons Data

ePrisons Data of State is synched with ICJS

E-PROCUREMENT

ⓘ Overview

✅ Government eProcurement System of NIC (GePNIC) is an online solution to conduct all stages of a procurement process.

✅ GePNIC converts tedious procurement process into an economical, transparent and more secure system.

✅ Today, many Government organizations and public sector units have adopted GePNIC.

⚙ Features

GePNIC Modules:

Registration Publishing of tender Bid submission

Tender opening Technical evaluation Financial bid opening

Financial evaluation Award of contract

👤 Enrollment of Government officials & bidders

📄 Tender creation & publishing

📝 Publishing of corrigendum

💡 New Initiative

💵 Implementation of Payment Gateway is in process.
</> Request has been received from State Taxes department for the development of a API for monitoring of finance related issues. Integration is in process

📈 Major Highlights of the System

📅 Implemented in J&K since Dec 2011. Hon'ble Chief Minister of J&K launched the GePNIC portal https://jktenders.gov.in on 12th of Feb. 2012.

🛡 It aims at transparency and non-discrimination amongst bidders, by allowing free access to tender documents, promoting higher Competition and thus reduces the cost of procurement.

📌 The number of Legal Issues relating to tenders have come down because of the enhanced transparency in the system.

🏢 The e-Procurement solution has been successfully implemented in 1930 departments/ sub departments including 96 Major Departments/ Organizations across JK.

🔀 Support provided to for onboarding the interested departments to the system and creation of various roles for departmental users.

🖥 Training for State Government employees on eProcurement and Capacity building activities for Bidders. Ensuring that the Government officers are trained on the latest eGovernance best practices.

👤 About 7522 Officers/ Officials of various departments/ PSUs and 926 bidders have been trained.

✳ DSCs of about 1500 officers/ officials have been registered with GePNIC system.

📄 A total of 8,63,538 tenders have been published amounting to Rs. 2,61,294.84 Crores till 31st August 2025.

🔗 Implemented in more than 1930 Major/ Sub Departments/ PSUs.(Including 96 Major departments)

| 📄 **8,,63,538** Tenders Published | ₨ **₹2,61,294.84 Cr** Tender Value (as of Jul 2025) | 🏢 **1,930** Departments/PSUs Implemented | 👥 **7,522** Officers/Officials Trained |

ROLLED OUT STATES OF NGDRS
(National Generic Document Registration System)

The system has been rolled out

128	**Locations**
20	**RO**
108	**SROs**

NGDRS

- In Jammu and Kashmir, the process of registration of documents was being handled by judicial officers till recently. Government of Jammu & Kashmir created a separate Registration Department which would function under the overall administrative control of the Revenue Department. Now, NGDRS has been implemented in J&K. The system has been rolled out in all the 97 locations (20 RO + 77 SROs). Backlog data digitization and SMS services are in the pipeline to be followed by integration with PAN, Aadhar/ e-KYC and e-Payment.

DIGITAL J&K Mission – Priorities of J&K Government

Prime Agenda

1. Development and Rollout of all pending Citizen Centric Services (in different sectors / departments) using any platform (Microsoft, Open Source) or Service Plus Framework.

2. Integration of those G2C Services with:
- RAS of NeGD
- Meri Pehchaan
- UMANG
- SANDES
- DigiLocker
- e-Payment Gateway

3. Making e-UNNAT, the Unified G2C Services Portal as the single stop shop for providing all citizen centric services in a seamless manner with NSSO.

4. Conformance of those Services to Guidelines of NeSDA (National e-Governance Service Delivery Assessment)

5. District Good Governance Index (DGGI) Portal. 58 performance indicators in 10 sectors. J&K in the first among all UTs in the country wide ranking.

6. EPM (Employees' Monthly Performance Monitoring System) with dashboards

7. Single Window System for e-Services under EoDB / BRAP / EoL Auto-Appeal System with e-Services Dashboard

8. E-Office – 300+ office on boarded with 97% file disposal rate and less than 3 days average disposal time. J&K is now first among all UTs in e-Office usage.

9. SPARROW (online APAR) for nearly 1,00,000 Gazetted Officers

10. eHRMS (e-Human Resources Management System) to be implemented.

Secure Scalable and Sugamya Website as a Service

SWaaS
Secure, Scalable & Sugamya Website as a Service

Platform for generating **secure accessible and multilingual** websites in a short span of time

Simplifies the process of building and managing a website

Website development involves **multiple processes** and **touchpoints**

Re-engineered in S3WaaS with **simple dashboard-driven, automated** processes

SWaaS LifeCycle

1. Choose Theme
2. Customize Theme
3. Migrate Content
4. Live
5. Certify

Roll Out Statistics

S3WaaS has been used for the websites of:

| 655 Districts | 719 District Courts | 50 E Counselling | 75+ State Departments | 1500 KV Websites Underway |

Features

GIGW Compliance
Compliant with mandatory guidelines of GIGW

Open Source Technology
SaaS solution, built upon cutting edge Open Source technology

Easy CMS
Easy to use CMS for publishing content

Responsive Design
Easily accessible through Smart Phones, Tablets and Desktop PC

Customizable Themes
Easily configurable themes for visually exclusive presentation

Multilingual
Interface available in 18 languages including Hindi & English

Integrated Search
Integrated search to enable easy discoverability of content

Infrastructure Included
compute, storage and networking provisioned

Secure Scalable and Sugamya Website as a Service

S3WAAS Service Pricing Model

Paid Model Through NICSI

Includes:

- ✔ Infrastructure Support
- ✔ Manpower Support
- ✔ 5 Years Service

Modules

Patient Registration (OPD, Casualty, Appointment & ORS)

The patient registration module of the eHospital application is used for patient registration in the OPD and Casualty departments as well as to book, confirm and cancel appointments.

Admission, Discharge & Transfer (IPD)

The IPD module commences when the patient is being registered and allotted bed in the ward. It deals with the complete treatment and services provided to the patient during his stay in the hospital.

Billing

The Billing module handles all types of billing workflows. This module facilitates cashier and billing operators for managing billing functions related to billing receipts and refunds.

Clinic (OPD & IPD)

The Clinic module allows the clinicians and doctors to record the clinical data of the patients like visits, examination, diagnosis, history, treatment, prescriptions etc., and to order investigations, procedures and medicines, to keep track of the treatment and other services provided to the patients.

PRE-REQUISITES

1

2

3

4

Technical and Operational Manpower will be provided by the hospital for implementation and operations.

Hardware like Desktops/ Laptops/Tablets, printers, QR code scanners, bar code scanners and most importantly LAN, Dual Internet Connectivity etc. will be provided by hospital.

Organization will be required to set up a Project Monitoring Unit (PMU) for successful roll -out.

A team of Master Trainers should be the part of PMU for efficient implementation

NeVA Project – Jammu & Kashmir Legislative Assembly

- The **Jammu & Kashmir Legislative Assembly** functions in **two locations** — **Jammu (winter)** and **Srinagar (summer)**.

- The Assembly comprises **95 MLAs** (90 + 5 nominated)

- The Secretariat **moves biannually** between Jammu and Srinagar, making **digital integration essential** for a **paperless and efficient legislative process**.

- **Total Project Cost:** ₹15.47 Crore

- **Funds Released:** ₹3.09 Crore (**First Instalment – 20%**)

- **Implementing Agency: NICSI (National Informatics Centre Services Inc.)**

Implementation Progress

- **NICSI** identified for **hardware procurement**.

- **SIO, NIC J&K** directed to **finalize technical specifications**.

- NICSI to prepare **RFP based on technical specifications**.

- **3 staff training sessions** successfully conducted.

- **Coordination ongoing** between **Assembly Secretariat**, **NICSI**, and **NIC (SIO J&K)** for infrastructure planning at **both Jammu and Srinagar** locations.

Way Forward

- **Finalization and issuance of RFP** by NICSI.

- **Procurement and installation** of required hardware at **both Secretariats**.

- **Comprehensive training** for MLAs and Assembly staff.

- **Integration of Urdu language** in addition to Hindi and English into the NeVA software.

- **Rollout and operationalization** of **paperless Assembly sessions**.

E-COMPENDIUM OF WORKS
Govt. of Jammu & Kashmir

🌐 URL: https://ecompendium.jk.gov.in

💡 Objective:

To provide a centralized digital repository of all completed developmental projects across the Union Territory of Jammu & Kashmir, ensuring transparency, accountability, and citizen awareness.

⭐ Key Features

🏢 Department-wise & District-wise Reports

Access to detailed information about completed works under each government department.

🔍 Interactive Search & Filters

Users can view projects by year, sector, or department.

📍 Geotagged Works

Each project entry includes images, cost details, and geolocation tags.

📄 Downloadable Reports

Compendium of works can be downloaded in PDF format for record and offline reference.

🖼 Visual Gallery

Pictorial representation of key completed works for public visibility.

📈 Purpose & Impact

👁 Promotes transparency in public spending and development activities.

👥 Enables citizens, researchers, and officials to verify and track completed infrastructure projects.

📋 Acts as a reference system for administrative review, departmental reporting, and governance evaluation.

💻 Supports Digital Governance initiative under the Digital J&K Mission for open data dissemination.

🗄 Centralized Digital Repository   Part of Digital J&K Mission

Ban of single Use Plastic below 120-micron thickness portal (B-SUP)

Purpose

NIC JK is requested to develop a Portal for online challan to enforce ban on single use plastic.

Assigned Departments

Few government departments are assigned the duty to have field visit and on spot challan of the violators.

Process Flow

| Officer logs in while visiting shops, godowns and other places | Fill details of violators, quantity and amount of penalty | Collect cash or through online mode of penalty | Issue receipt to the violator |

Monitoring

The portal has also the facility to monitor the challans from centralized authority.

Thank You...
