# Maharashtra, Kerala, Punjab, Karnataka, Gujarat and Tamil Nadu continue to report a spike in Daily New Cases

## Centre Supporting States/UTs exhibiting surge for containment and management of COVID19

Posted On: 08 MAR 2021 10:59AM by PIB Delhi

Maharashtra, Kerala, Punjab, Karnataka, Gujarat and Tamil Nadu have been reporting a surge in the COVID daily new cases. They cumulatively account for 86.25% of the new cases reported in the past 24 hours.

18,599 new cases were registered in the last 24 hours.

Maharashtra has reported the highest daily new cases at 11,141. It is followed by Kerala with 2,100 while Punjab reported 1,043 new cases.

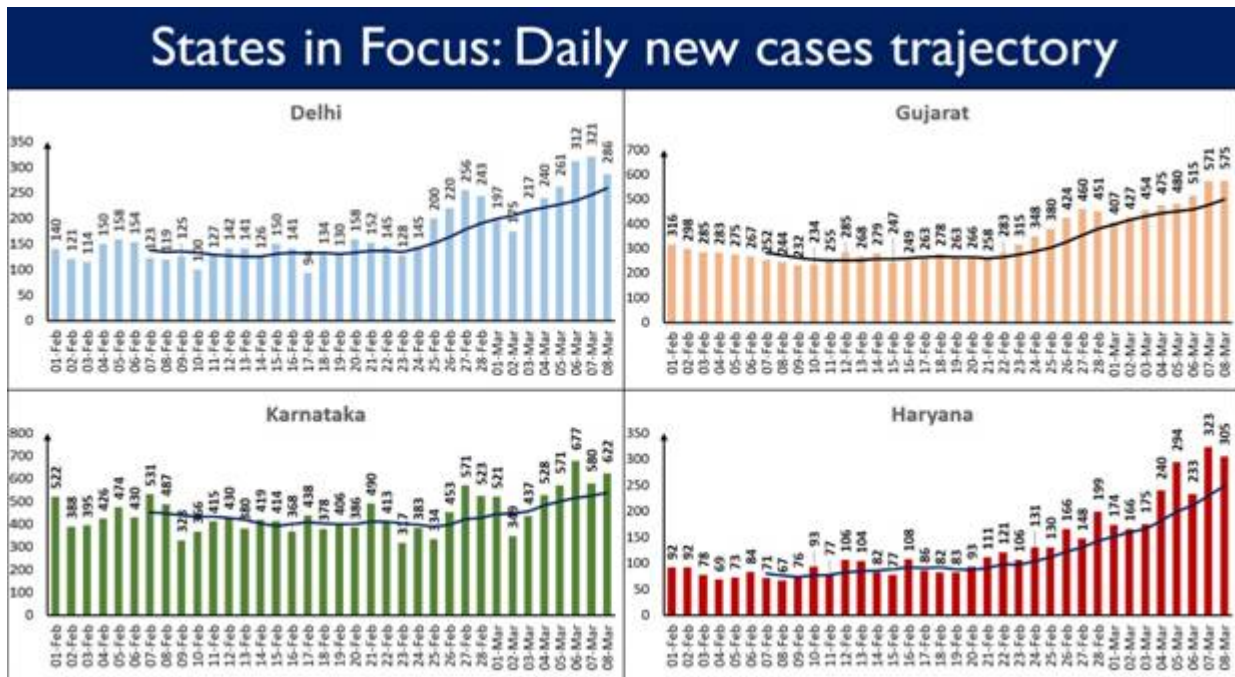

Centre is regularly holding high-level review meetings with the states and UTs showing a surge in new daily cases. The Health Secretary is also holding weekly review meetings as part of the Centre’s efforts to continuously engage with the states and UTs reporting higher caseload of active cases and those showing rise in daily new COVID19 cases.

Recently, the Centre rushed High Level Public Health teams to Maharashtra and Punjab to assist in COVID-19 control and containment measures in view of recent spike in cases in these States.

The Central Government has already deputed high-level teams to Maharashtra, Kerala, Chhattisgarh, Madhya Pradesh, Gujarat, Punjab, Karnataka, Tamil Nadu, West Bengal, and Jammu and Kashmir to support them in their fight against the recent spike in COVID-19 cases.

These teams interact with the State/UT authorities and get a firsthand understanding of the challenges and issues being faced by them so as to strengthen their ongoing activities and remove bottlenecks, if any.

Eight states are displaying an upward trajectory in daily new cases.

India's total Active Caseload has reached **1,88,747 today**. India's present active caseload now stands at **1.68%** of India's total Positive Cases.

The cumulative tests conducted in the country have surpassed 22 crores (22,19,68,271). The national cumulative positivity rate currently stands at 5.06%.

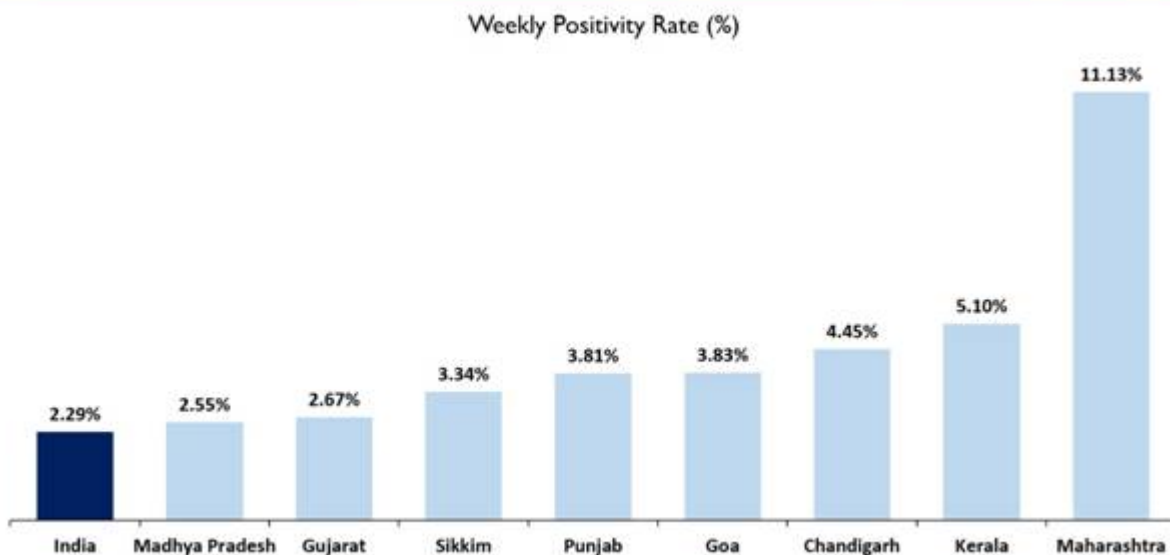

### Tests conducted cross 22 crore & cumulative positivity rate at 5.06%

Eight States/UTs have weekly Positivity Rate more than the National Average (2.29%). Maharashtra has the highest weekly positivity rate with 11.13%.

### 8 States/UTs have weekly positivity rate more than the national average

More than 2.09 cr (2,09,89,010) vaccine doses have been administered through 3,76,633 sessions, as per the provisional report till 7 am today.
