### **PM chairs meeting of CSIR Society.**

#### **We have to prepare for the needs of this decade as well as the needs of the coming decades: PM**

Prime Minister Shri Narendra Modi chaired a meeting of the Council of Scientific and Industrial Research (CSIR) Society today through video conference.

Speaking on the occasion, the Prime Minister remarked that the Corona pandemic has emerged as the biggest challenge of this century. But whenever there was a big humanitarian crisis in the past, science has prepared the way for a better future. He added that the basic nature of science is to create new strength by finding solutions and possibilities during crises.

The Prime Minister lauded the scientists for the scale and speed at which the vaccines were made within a year, to save humanity from the pandemic. He said this is the first time such a big thing has happened in history. He added that in the previous century, inventions were made in other countries and India had to wait for many years. But today the scientists in our country are working at the same speed and at par with other countries. He appreciated the scientists for making India self-reliant on COVID-19 vaccines, testing kits, necessary equipment and new effective medicines in the fight against Corona. He said that bringing science and technology at par with developed countries is better for the industry and the market.

### **Government caps Trade Margin on Oxygen Concentrators**

In view of the extraordinary circumstances arising due to the COVID pandemic that has resulted in recent volatility in Maximum Retail Prices (MRP) of Oxygen Concentrators, the Government has decided to step-in to regulate the price of Oxygen Concentrators. As per information collected by the government, margin at the level of distributor currently ranges up to 198%.

By invoking extraordinary powers under Para 19 of the DPCO, 2013 in larger public interest NPPA has capped the Trade Margin up to 70% on Price to Distributor (PTD) level on Oxygen Concentrators. Earlier, in February 2019 NPPA had successfully capped the Trade Margin on Anti-cancer Drugs. Based on the notified Trade Margin, NPPA has instructed the manufacturers / importers to report revised MRP within three days. Revised MRPs will be informed in public domain within a week by NPPA.

### **Indian visa or stay stipulation period of foreign nationals stranded in India due to COVID-19 pandemic to be considered as deemed to be valid till 31.08.2021**

Due to non-availability of normal commercial flight operations on account of the COVID-19 pandemic since March 2020, a number of foreign nationals who came to India prior to March 2020 on valid Indian visas had got stranded in India. Keeping in view the difficulties being faced by such foreign nationals in getting their visas extended in India due to the lockdown, the Union Ministry of Home Affairs (MHA) had issued an order on 29.06.2020 conveying that the Indian Visa or stay stipulation period of such foreign nationals expiring post 30.06.2020 shall be deemed to be valid until 30 more days from the date of resumption of normal international flight operations, on gratis basis. The matter has now been reconsidered by the MHA in the light of non- resumption of normal commercial flight operations, and it has accordingly been decided that the Indian visa or stay stipulation period of such foreign nationals stranded in India will be considered as deemed to be valid till 31.08.2021 on gratis basis without levy of any overstay penalty.
