COVID-19 Update

f India's COVID-19 Vaccination Coverage crosses the landmark of 32 cr

t 64.25 Lakh vaccine doses administered in last 24 hours

🗨️ India reports 50,040 New Cases in the last 24 hours

✉️ India's Active Caseload further declines to 5,86,403

in Daily Recoveries outnumber Daily New Cases for 45th consecutive day

- Recovery Rate increases to 96.75%

- Daily Positivity Rate stands at 2.82%, less than 5% positivity for 20 consecutive days

In a significant achievement, India's cumulative vaccination coverage has exceeded 32 Crores yesterday. A total of **32,17,60,077** vaccine doses have been administered through 42,79,210 sessions, as per the provisional report till 7 am today. 64,25,893 vaccine doses were administered in the last 24 hours. These include:

HCWs	1 st Dose	1,01,96,091
	2 nd Dose	72,00,994
FLWs	1 st Dose	1,74,36,514
	2 nd Dose	93,79,246
Age Group 18-44 years	1 st Dose	8,34,29,067
	2 nd Dose	18,56,720
Age Group 45-59 years	1 st Dose	8,68,82,578
	2 nd Dose	1,46,35,430
Over 60 years	1 st Dose	6,74,40,309

	2 nd Dose	2,33,03,128
Total		32,17,60,077

The new phase of universalization of COVID-19 vaccination commenced from 21 June, 2021. The Union Government is committed to accelerating the pace and expanding the scope of COVID19 vaccination throughout the country.

Less than 1 lakh Daily New Cases have been reported for **20 continuous days now**. This is a result of sustained and collaborative efforts by the Centre and the States/UTs.

50k Daily New Cases reported in last 24 hrs

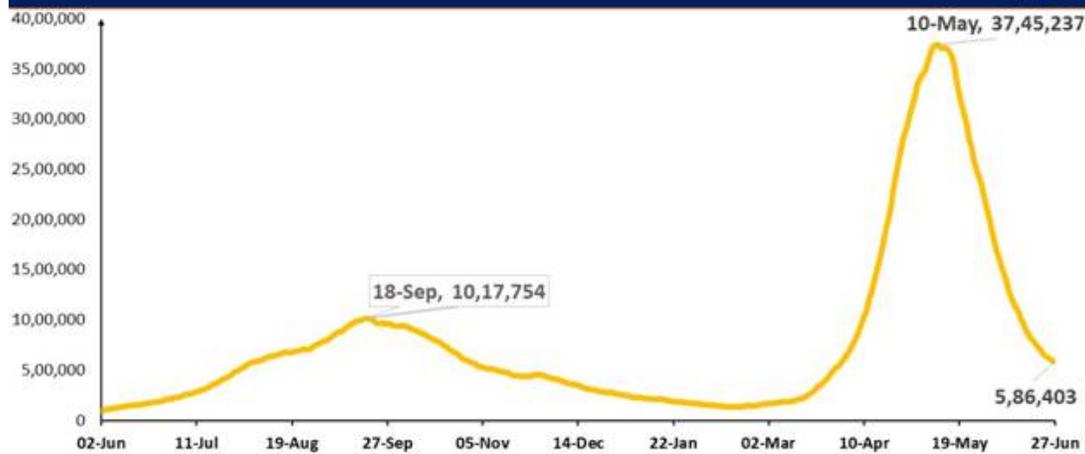

India has also been witnessing a continuous fall in its active caseload. The country's Active Caseload today stands at 5,86,403 today.

A net decline of **9,162** is witnessed in the last 24 hours and active cases are now only **1.94%** of the country's total Positive Cases.

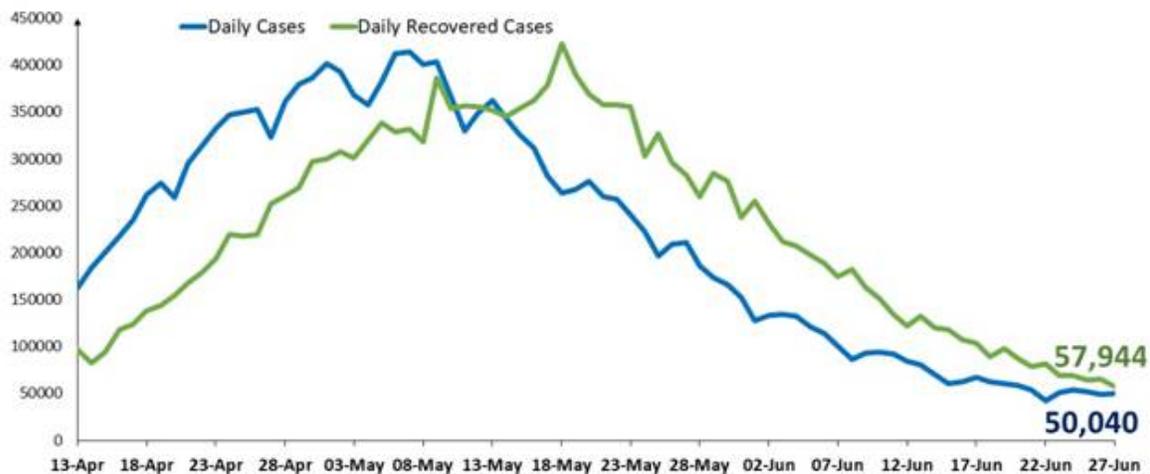

Continuous decrease in Active cases since last 45 days

Decrease in active cases by 9,162 cases in last 24 hrs

As more people are getting recovered from COVID-19 infection, India's Daily Recoveries continue to outnumber the Daily New Cases for 45 consecutive days now. **57,944** recoveries were registered in the last 24 hours. Nearly 8 thousand (**7,904**) more recoveries were reported during the last 24 hours as compared to the daily new cases.

Recoveries exceeding the Daily cases reported

7,904 more recoveries during last 24 hours vis a vis new cases

Out of the people infected since the beginning of the pandemic, **2,92,51,029 people have already recovered from COVID-19** and **57,944** patients have recovered in the last 24 hours. This constitutes an overall recovery rate of **96.75%**, which is showing a sustained increasing trend.

English rendering of PM's address in the 78th Episode of 'Mann Ki Baat' on 27.06.2021

My dear countrymen, the battle we the countrymen are fighting against corona is continuing...but in this fight, together, we have achieved many an extraordinary milestone! Just a few days ago, our country accomplished an unprecedented feat. On the 21st of June, the next phase of the vaccination campaign commenced...and that very day, the country registered a record of administering vaccines to over 86 lakh people, free of cost...that too on a single day! Such a huge number of free vaccinations by the Government of India; that too in a day. It is but natural that it was widely discussed.

Friends, a year ago, the question that was confronting all was – When will the vaccine come! Today, in a day, we are administering the Made in India vaccine to lakhs of people, free of cost...and this indeed is the strength of New India.

Shri. D.V. Sadananda Gowda Minister for Chemicals & Fertilizers visits COVID Vaccine manufacturing sites of Bharat Biotech, and Biological E, Hyderabad

Minister for Chemicals & Fertilizers Shri. D.V. Sadananda Gowda visited Bharat Biotech, Hyderabad on 27th June 2021 to oversee the COVAXIN production. Minister interacted with the top scientists of Bharat Biotech and complemented the company for making available an indigenous vaccine against COVID-19 for the country. Vaccination being the only tool to mitigate this deadly pandemic, ramping up of COVID vaccine production is being taken up by the Government of India on a war footing. COVID Suraksha was announced by the Government of India under Atmanirbhar Bharat 3.0 Mission to accelerate the development and production of Indigenous COVID Vaccines. This mission is being

f spearheaded by Department of Biotechnology Govt of India and implemented by its Public Sector BIRAC. The goal is to reach a target of 6-7 crore COVAXIN doses/month in July – August and further to reach nearly 10 crore doses per month by Sep 2021.
