COVID-19 Update

- f** **India's COVID19 Vaccination Coverage increases to 33.57 cr**
- **With 48,786 New Cases reported in the last 24 hours, less than 50,000 Daily New Cases reported for four continuous days now**
 - **India's Active Caseload (5,23,257) constitute only 1.72% of Total Cases**
 - **Daily Positivity Rate (2.54%) less than 5% for 24 consecutive days**

🗨 India's cumulative vaccination coverage exceeded 33.57 crore yesterday. A total of **33,57,16,019** vaccine doses have been administered through 44,75,791 sessions, as per the provisional report till 7 am today.

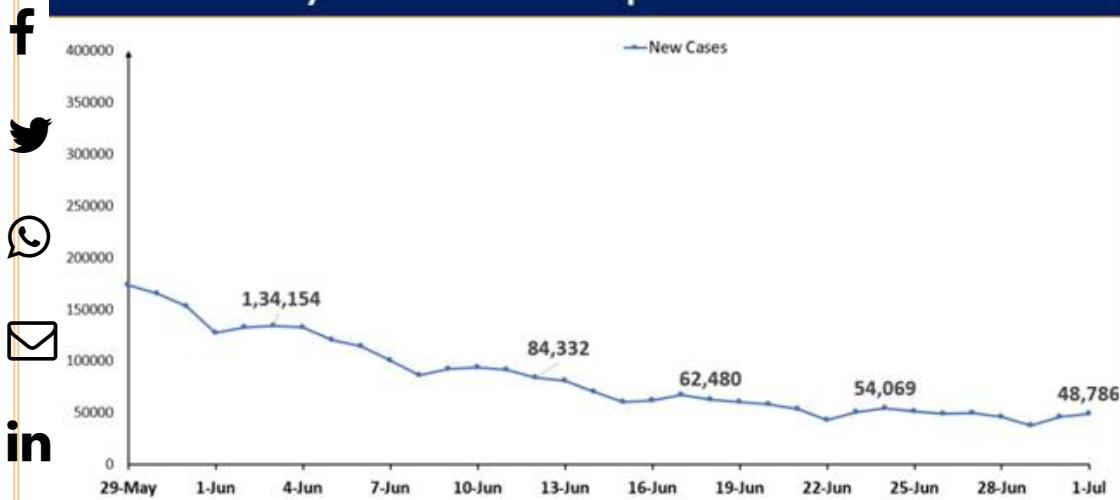

✉ 27,60,345 vaccine doses were administered in the last 24 hours. These include:

in HCWs	1 st Dose	1,02,12,078
	2 nd Dose	72,56,031
FLWs	1 st Dose	1,75,12,765
	2 nd Dose	95,16,814
Age Group 18-44 years	1 st Dose	9,16,00,418
	2 nd Dose	21,82,234
Age Group 45-59 years	1 st Dose	8,86,47,056
	2 nd Dose	1,63,14,943
Over 60 years	1 st Dose	6,81,27,563
	2 nd Dose	2,43,46,117
Total		33,57,16,019

The new phase of universalization of COVID19 vaccination commenced from 21 June, 2021. The Union Government is committed to accelerating the pace and expanding the scope of COVID19 vaccination throughout the country.

India has reported 48,786 new cases in the last 24 hours. Less than 50,000 Daily New Cases have been reported since **four continuous days**. This is a result of sustained and collaborative efforts by the Centre and the States/UTs.

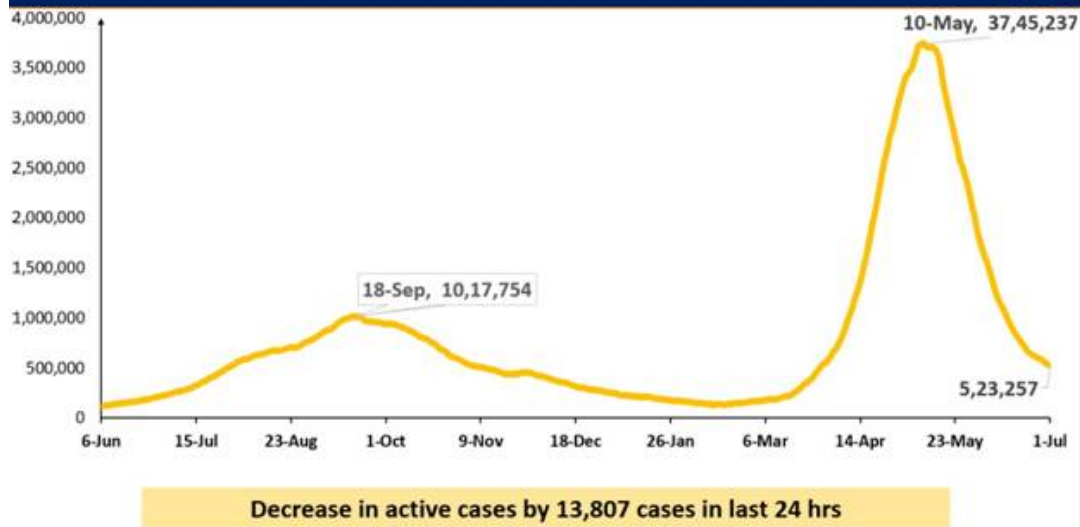

48k Daily New Cases reported in last 24 hrs

India has also been witnessing a continuous fall in the active caseload. The country's Active Caseload today stands at 5,23,257 today.

A net decline of **13,807** is witnessed in the last 24 hours and active cases are now only **1.72%** of the country's total Positive Cases.

Continuous decrease in Active cases since last 49 days

As more people are getting recovered from COVID-19 infection, India's Daily Recoveries continue to outnumber the Daily New Cases for 49 consecutive days now. **61,588** recoveries were registered in the last 24 hours.

More than 12,000 (**12,802**) recoveries were reported during the last 24 hours as compared to the daily new cases.

Recoveries exceeding the Daily cases reported

12,802 more recoveries during last 24 hours vis a vis new cases

Out of the people infected since the beginning of the pandemic, **2,94,88,918** people have already recovered from COVID-19 and **61,588** patients have recovered in the last 24 hours. This constitutes an overall recovery rate of **96.97%**, which is showing a sustained increasing trend.

Daily Recovered Cases

With substantially ramped up testing capacity across the country, a total of 19,21,450 tests were conducted in the last 24 hours in the country. Cumulatively, India has conducted over 41.20 crore (**41,20,21,494**) tests so far.

While on one side testing capacity has been enhanced across the country, a continued decline in weekly case positivity is noticed. **Weekly Positivity Rate is currently at 2.64%** while the **Daily Positivity rate stands at 2.54% today**. It has remained less than 5% for 24 consecutive days now.

COVID19 Vaccination: Myths vs. Facts

COVID-19 Vaccination programme gives priority to strengthening the country's healthcare system by protecting the professionals, health and frontline workers and the most vulnerable population groups

All citizens irrespective of their income status are entitled to free vaccination by Government of India

Non-transferable Electronic Vouchers are in the pipeline to be used to support vaccination of Economically Weaker Sections at private COVID Vaccination Centres

India's National COVID Vaccination Program is built on scientific and epidemiological evidence, WHO guidelines and global best practices. It is anchored in systematic end-to-end planning and is implemented through effective and efficient participation of States/UTs and the people at large. Government of India's commitment to the vaccination program has been unwavering and proactive from the beginning.

Dr. Harsh Vardhan addresses Medical Fraternity at the inauguration of Gratitude Week on National Doctors' Day

- Enumerates a three-fold action plan to defeat COVID-19

f “History shall bear witness that when the time came and humanity needed to be saved, it was the doctors who stepped up to answer the Call of Duty”

🐦 Wishing them on the auspicious occasion of National Doctors’ Day, Dr. Harsh Vardhan first remembered and condoled the sacrifices of COVID Warriors: “Normally a day to be celebrated with much vigour & zeal, I can’t help but feel disheartened thinking about the numerous noble souls from our medical fraternity who left for heavenly abode, most of them much before their time. Their loss is deeply unfortunate and yet a matter of immense pride and inspiration for the medical community at large.

📧 History shall bear witness that when the time came and humanity needed to be saved, it was the doctors who stepped up to answer the call of duty.”

Robust, mobile OxyJani can cater to acute & chronic oxygen needs at grassroots level

Indian researchers have designed a robust, mobile group oxygen concentrator that can be used in rural settings and also be rapidly deployed in emergencies in any location.

The second wave of COVID-19 led to an acute shortage of medical oxygen. While the crisis in the bigger cities was more about rapidly responding by overcoming supply chain limitations, in smaller cities and villages, the crisis exposed the chronic lack of medical oxygen infrastructure in the country.

Shri Piyush Goyal says India will be playing a much greater role in the post pandemic world in creating resilient supply chains

f Minister of Railways, Commerce & Industry, Consumer Affairs and Food & Public Distribution Shri Piyush Goyal yesterday said that India will be playing a much greater role in the post pandemic world in creating resilient supply chains. Speaking at the India Global forum yesterday, he said that we are looking at a greater degree of engagement with countries that are democratic in their political system with which we can relate & trust as a partner. He added that India is working towards greater engagement with countries with which we have a shared ecosystem, countries which believe in transparent rules-based trading mechanisms. He said that India is talking to UK, Australia, Canada and EU for trade related matters, and is keen to speed them up.
