#### **Vice President calls for fast-tracking of genome sequencing of new COVID-19 variants to speed up vaccine, drug development**

#### **VP urges international partnership to study developing a universal vaccine for various variants**

#### **Vaccine drive should become a national movement: Shri Naidu**

The Vice President visited CCMB's LaCONES (Laboratory for the Conservation of Endangered Species) facility soon after his arrival in Hyderabad. He witnessed a presentation by Scientist-in-charge of LaCONES, Dr. Karthikeyan Vasudevan and visited National Wildlife Genetic Resource Bank, Assisted Reproduction Lab and animal cages at the facility.

Addressing scientists and research scholars, Shri Naidu observed that sequencing, as an adjunctive tool, plays a critical role in identifying the emergence of new viral mutations and thus helps combat the spread of Covid-19. It would also help in timely interventions, he added.
