"No poor will sleep hungry" - The Prime Minister

Beneficiaries getting almost double the earlier amount of ration after Pradhan Mantri Garib Kalyan Anna Yojana started: PM

More than 80 crore people getting free ration during the pandemic with an expenditure of more than 2 lakh crore rupees: PM

No citizen went hungry despite the biggest calamity of the century: PM

Empowerment of the poor is being given top priority today: PM

The Prime Minister pointed out that after independence, almost every government talked about providing cheap food to the poor. The scope and budget of cheap ration schemes increased year after year, but the effect it should have had remained limited. The country's food stocks kept increasing, but starvation and malnutrition did not decrease in that proportion. One major reason for this was the lack of an effective delivery system. To change this situation work was started afresh after 2014. He said, using new technology, crores of fake beneficiaries were weeded out of the system and ration cards were linked

to Aadhar cards. This helped in ensuring that no citizen went hungry despite the biggest calamity of the century when livelihoods were threatened and business suffered due to lockdown. The world has acknowledged the Pradhan Mantri Garib Kalyan Anna Yojana. Free ration has been made available to more than 80 crore people during the pandemic with an expenditure of more than 2 lakh crore rupees, said the Prime Minister.
