Ministry of Health & Family Welfare
Government of India

75 Azadi Ka Amrit Mahotsav

CONGRATULATIONS INDIA!

On achieving a
landmark Milestone of

125

CRORE

COVID VACCINE DOSES

mohfw.gov.in @MoHFWIndia @MoHFW_INDIA @mohfwindia @mohfwindia @mohfw_india @mohfw_india

India achieves milestone as Cumulative COVID-19 Vaccination coverage exceeds 125 Cr

More than 80.35 Lakh doses administered in the last 24 hours

Recovery Rate currently at 98.35%

9,765 New Cases reported in the last 24 hours

India's Active Case load stands at 99,763

Weekly Positivity Rate (0.85%) less than 1% for last 18 days

India has achieved yet another milestone as the Cumulative COVID-19 Vaccination coverage has exceeded 125 Cr mark as of today afternoon. With the administration of **80,35,261** vaccine doses in the last 24 hours, India's COVID-19 vaccination coverage had exceeded **124.96 Cr (1,24,96,19,515)** as per provisional reports till 7 am today. This has been achieved through 1,29,79,828 sessions.

The break-up of the cumulative figure as per the provisional report till 7 am today include:

HCWs	1 st Dose	1,03,83,998
	2 nd Dose	95,09,164
FLWs	1 st Dose	1,83,79,363

	2 nd Dose	1,65,20,117
Age Group 18-44 years	1 st Dose	46,11,59,223
	2 nd Dose	23,00,04,760
Age Group 45-59 years	1 st Dose	18,53,50,013
	2 nd Dose	12,22,12,176
Over 60 years	1 st Dose	11,60,67,930
	2 nd Dose	8,00,32,771
Total		1,24,96,19,515

The recovery of **8,548** patients in the last 24 hours has increased the cumulative tally of recovered patients (since the beginning of the pandemic) to **3,40,37,054**.

Consequently, India's recovery rate stands at **98.35%**.

Sustained and collaborative efforts by the Centre and the States/UTs continue the trend of less than 50,000 Daily New Cases that is being reported for 158 consecutive days now.

9,765 new cases were reported in the last 24 hours.

9K New Cases reported in last 24 hrs

India's Active Caseload presently stands at **99,763**. Active cases constitute **0.29%** of the country's total Positive Cases, which is **lowest since March 2020**.

India's Active cases Trajectory

The testing capacity across the country continues to be expanded. The last 24 hours saw a total of 10,98,611 tests being conducted. India has so far conducted over **64.35 Cr (64,35,10,926)** cumulative tests.

While testing capacity has been enhanced across the country, **Weekly Positivity Rate at 0.85% remains less than 1% for the last 18 days now**. The **Daily Positivity rate reported to be 0.89%**. The daily Positivity rate has remained below 2% for last 59 days and below 3% for 94 consecutive days now.

Update on COVID-19 Vaccine Availability in States/UTs

More than 138 Crore vaccine doses provided to States/UTs

More than 22.78 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The nationwide COVID 19 vaccination started on 16th January 2021. The new phase of universalization of COVID-19 vaccination commenced from 21st June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs.

VACCINE DOSES	(As on 2nd December 2021)
SUPPLIED	1,38,46,29,010
BALANCE AVAILABLE	22,78,95,731

f More than **138 crore (1,38,46,29,010)** vaccine doses have been provided to States/UTs so far through Govt of India (free of cost channel) and through direct state procurement category.

🐦 More than **22.78Cr (22,78,95,731)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

✉️ **Union Health Ministry reviews status and progress under “Har Ghar Dastak” campaign with States/UTs**

in **A jump of 11.7% in 2nd dose COVID19 vaccination coverage during the campaign (till 30th Nov)**

No vaccine should get expired, both in Govt. and Private facilities; Available vaccines to be consumed timely

States advised to aim for zero wastage of vaccines

The ‘Har Ghar Dastak’ nation-wide COVID-19 vaccination campaign has resulted in a hike of 5.9% in the 1st dose coverage (till 30th Nov), and an appreciable jump of 11.7% in 2nd dose COVID-19 vaccination coverage during the campaign. This was stated by Shri Rajesh Bhushan, Union Health Secretary as he reviewed the status and progress under “Har GharDastak” campaign with Health Secretaries and NHM MDs of States and UTs, through video conference (VC), today.

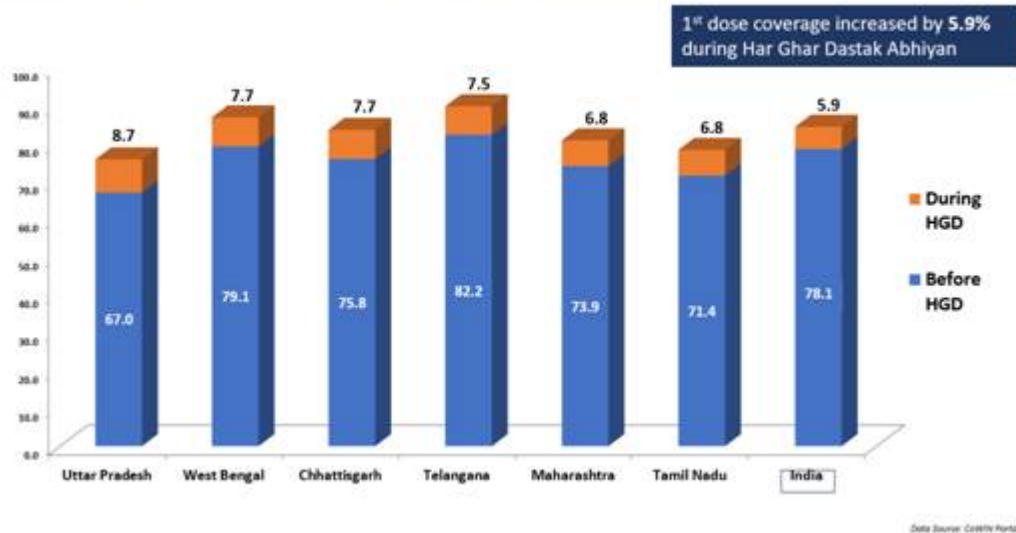

The COVID-19 vaccination campaign ‘Har GharDastak’, launched on 3rd November 2021, aims at awareness, mobilization and vaccination of all eligible beneficiaries with 1st dose and all due beneficiaries with 2nd dose of COVID-19 vaccines through House-to-House visits in all States/UTs.

Union Health Secretary appreciated the performance and achievement of all States and UTs during this campaign. It was highlighted that although the vaccination campaign has increased the pace of vaccination, it is important to note that around 12 Cr beneficiaries are still due for 2nd dose nationally.

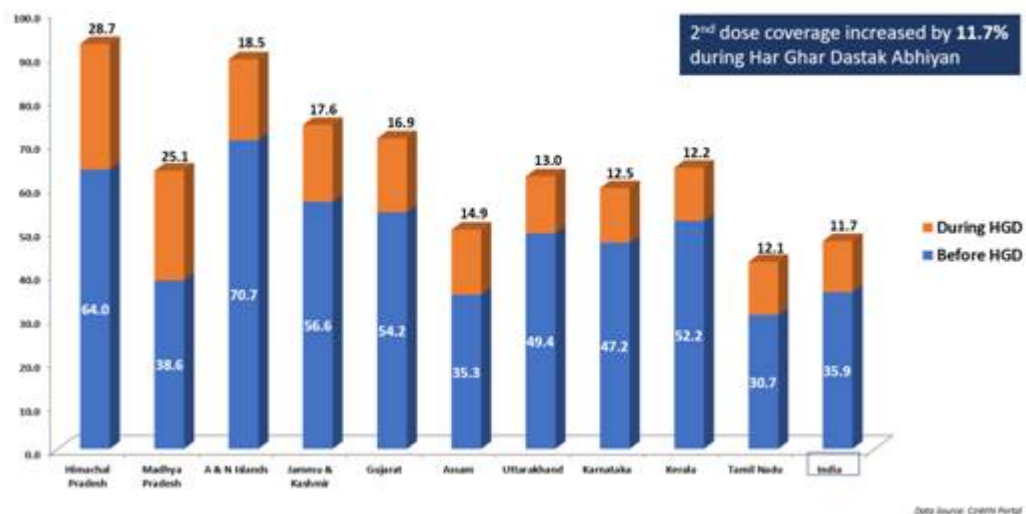

The graphs below show the progress of ‘Har Ghar Dastak’ Campaign for first and second dose of COVID-19 Vaccine.

Progress of 'Har Ghar Dastak' Campaign

Progress of 'Har Ghar Dastak' Campaign

The cumulative number of COVID-19 vaccine doses administered in the country has crossed 125 Crore today. Out of which, **79.13 Crore (84.3%)** beneficiaries have been vaccinated for 1st dose and **45.82 Crore (49%)** received 2nd dose of vaccine as per the provisional report.

States were advised to:

1. Saturate all eligible beneficiaries with 1st dose.
2. Devise targeted plans in context of doses given in Aug and Sept'21 to ensure coverage of all beneficiaries due for 2nd dose by exponentially increasing the pace of vaccination.
3. Ensure that the available vaccine in the state is consumed timely & no dose expires in both Government & private facility.
4. Seven States (Bihar, Jharkhand, Maharashtra, Punjab, Tamil Nadu, Uttar Pradesh & West Bengal) where ZyCoV-D vaccine will be used initially may identify districts with high number of first dose left out for introduction of the vaccine.
5. National training for ZyCoV-D has been completed. Selected States should plan sessions based on pharma jet injector and identify vaccinators to be trained for using it for vaccination.

States shared their experiences of expanding the coverage in remote and hard to reach areas. Union Health Secretary urged the States to optimally utilize local influencers and community leaders to enhance the awareness among communities to come forward for the vaccine doses, especially the ones who are overdue for the second dose.
