### Update on COVID-19 Vaccine Availability in States/UTs

More than 193.53 Crore vaccine doses provided to States/UTs

More than 18.34 Crore balance and unutilized vaccine doses still available with States/UTs

The Union Government is committed to accelerating the pace and expanding the scope of COVID-19 vaccination throughout the country. The nationwide COVID 19 vaccination started on 16<sup>th</sup> January 2021. The new phase of universalization of COVID-19 vaccination commenced from 21<sup>st</sup> June 2021. The vaccination drive has been ramped up through availability of more vaccines, advance visibility of vaccine availability to States and UTs for enabling better planning by them, and streamlining the vaccine supply chain.

As part of the nationwide vaccination drive, Government of India has been supporting the States and UTs by providing them COVID Vaccines free of cost. In the new phase of the universalization of the COVID19 vaccination drive, the Union Government will procure and supply (free of cost) 75% of the vaccines being produced by the vaccine manufacturers in the country to States and UTs.

VACCINE DOSES

(As on 9<sup>th</sup> May 2022)

 SUPPLIED	1,93,53,58,865
 BALANCE AVAILABLE	18,34,94,170
	

 More than **193.53 crore (1,93,53,58,865)** vaccine doses have been provided to States/UTs so far through Govt. of India (free of cost channel) and through direct state procurement category.

More than **18.34 Cr (18,34,94,170)** balance and unutilized COVID Vaccine doses are still available with the States/UTs to be administered.

### CoWIN: Myths Vs Facts

#### CoWIN has successfully served as the Digital Backbone for India's COVID-19 Vaccination Programme

#### CoWIN has a robust Grievance Management System with 'Raise an Issue' feature

There have been some media reports alleging that technical glitches in CoWIN have resulted in two certificates being issued to 2.5 lakh beneficiaries in Pune district for taking first dose of COVID vaccine.

CoWIN has successfully served as the digital backbone for India's COVID-19 vaccination programme. It has enabled the administration of over 190 crore doses of COVID-19 vaccination for over 100 crore residents in India that are registered on the platform. Such scale has been achieved without a single day of down-time.

The platform takes pride in its simplicity and ease of use. For registration on the platform, the beneficiary is provided three media – walk-in (offline), online portal and assisted through helplines and CSCs (Common Services Centres). An individual only needs to provide their mobile number for registration, along with minimal inputs in name, age (Year of Birth) and gender for scheduling an appointment for vaccination or availing a vaccine at walk-in. As a proof of identity, an option to choose from 9 photo identity proofs has been accorded.
