ANNUAL FINANCIAL STATEMENT
AND EXPLANATORY MEMORANDUM
ON THE BUDGET

CHAPTER - 1

INTRODUCTION

Under Article 202 of the Constitution of India, in respect of every financial year, a statement of the estimated receipts and expenditure of the State for that year, called "the annual financial statement" (or the "Budget") is to be laid before the State Legislature. The estimates of expenditure show 'charged' and 'voted' items of expenditure separately and distinguish expenditure on revenue account from other expenditure.

The Budget framed by the Finance Department and submitted to the Legislative Assembly is a compilation on the basis of the following estimates: -

- (1) the estimates of income;
- (2) the estimates of ordinary expenditure;
- (3) the estimates of new expenditure;
- (4) the estimates of major and minor works;
- (5) the statements of anticipated excesses and surrenders.

After compilation of the above estimates the following budget documents have been prepared/digitized and presented to the Haryana Vidhan Sabha:-

- (i) Budget 2021-22- Vol.I
Detailed Estimates of Receipts for the year 2021-22.
- (ii) Budget 2021-22 Vol.II
Demands for Grants with Detailed Estimates of Expenditure for the year 2021-22.
- (iii) Budget 2021-22 Vol.III
Detailed Estimates of Capital Expenditure for the year 2021-22.

Besides the above three documents, the following link documents have also been prepared by the Finance Department to facilitate better understanding of the above documents: -

- (iv) Explanatory Memorandum on Welfare & Development Schemes for the year 2021-22.
- (v) Budgetary Transfers to Local Bodies 2021-22.

The copies of the documents listed at Serial No.(i) to (v) are being presented before the Legislative Assembly along with Annual Financial Statement and the Explanatory Memorandum on the Budget for the year 2021-22, Haryana Budget at a Glance 2021-22, Fiscal Policy Statements, Disclosure Statements and Half Yearly Review of trends in Receipts and Expenditure in relation to Budget Estimates- 2019-20 & 2020-21 as required under the Haryana Fiscal Responsibility & Budget Management Act, 2005 and the speech of the Finance Minister, Haryana.

Input tax credit attributable to construction of residential portion in a real estate project (REP) other than residential real estate project (RREP), which has time of supply on or after 1st April, 2019, shall be calculated project wise for all projects which commence on or after 1st April, 2019 or ongoing projects in respect of which the promoter has not exercised option to pay central tax on construction of apartments at the rates as specified for item (ie) or (if) against serial number 3, as the case may be, in the prescribed manner, before the due date for furnishing of the return for the month of September following the end of financial year 2018-19, in the following manner:

1. Where % completion as on 31st March, 2019 is not zero or where there is inventory in stock

- (a) Input tax credit on inputs and input services attributable to construction of residential portion in a REP, which has time of supply on or after 1st April, 2019, may be denoted as Tx. Tx shall be calculated as under:

$$Tx = T - Te$$

Where,

- (i) T is the total ITC availed (utilized or not) on inputs and input services used in construction of the REP from 1st July, 2017 to 31st March, 2019 including transitional credit taken on 1st July, 2017;
- (ii) Te is the eligible ITC attributable to (a) construction of commercial portion and (b) construction of residential portion, in the REP which has time of supply on or before 31st March, 2019;
- (b) Te shall be calculated as under:

$$Te = Tc + Tr$$

Where, -

Tc is the ITC attributable to construction of commercial portion in the REP, calculated as under:

$Tc = T * (\text{carpet area of commercial apartments in the REP} / \text{total carpet area of commercial and residential apartments in the REP})$ and

Tr is the ITC attributable to construction of residential portion in the REP which has time of supply on or before 31st March, 2019 and which shall be calculated as under,

$$Tr = T * F_1 * F_2 * F_3 * F_4$$

Where, -

$$F_1 = \frac{\text{Carpet area of residential apartments in REP}}{\text{Total carpet area of commercial and residential apartments in the REP}}$$

$$F_2 = \frac{\text{Total carpet area of residential apartment booked on or before 31st March, 2019}}{\text{Total carpet area of the residential apartment in REP}}$$

$$F_3 = \frac{\text{Such Value of supply of construction of residential apartments booked on or before 31st March, 2019 which has time of supply on or before 31st March, 2019}}{\text{Total value of supply of construction of residential apartments booked on or before 31st March, 2019}}$$

(F3 is to account for percentage invoicing of booked residential apartments)

$$F_4 = \frac{1}{\text{\% Completion of construction as on 31st March, 2019}}$$

Illustration: where one- fifth (twenty percent) of the construction has been completed, F_4 shall be $100 \div 20 = 5$.

Explanation: “% Completion of construction as on 31st March, 2019” shall be the same as declared to the Real Estate Regulatory Authority in terms of section 4 and section 11 of Real Estate (Regulation and Development) Act, 2016 (16 of 2016) and where the same is not required to be declared to the Real Estate Regulatory Authority, it shall be got determined and certified by an architect registered with the Council of Architecture constituted under the Architects Act, 1972 (20 of 1972) or a chartered engineer registered with the Institution of Engineers (India).

(c) A registered person shall have the option to calculate ‘Te’ in the manner prescribed below instead of the manner prescribed in (b) above,-

Te shall be calculated as under:

$$Te = Tc + T1 + Tr$$

Where, -

Tc is the ITC attributable to construction of commercial portion in the REP, calculated as under:

$Tc = T3 * (\text{carpet area of commercial apartments in the REP} / \text{total carpet area of commercial and residential apartments in the REP});$

Wherein

$$T3 = T - (T1 + T2)$$

T1 = ITC attributable exclusively to construction of commercial portion in the REP

T2 = ITC attributable exclusively to construction of residential portion in the REP

and

Tr is the ITC attributable to construction of residential portion in the REP which has time of supply on or before 31.03.2019 and which shall be calculated as under,

$$Tr = (T3 + T2) * F_1 * F_2 * F_3 * F_4$$

or

$$Tr = (T - T1) * F_1 * F_2 * F_3 * F_4$$

(d) The amounts ‘Tx’ and ‘Te’ shall be computed separately for input tax credit of central tax, State tax and integrated tax.

(e) Where, Tx is positive, i.e. $Te < T$, the registered person shall pay, by debit in the electronic credit ledger or electronic cash ledger, an amount equal to the difference between T and Te. Such amount shall form part of the output tax liability of the registered person and the amount shall be furnished in FORM GST DRC- 03.

Explanation: The registered person may file an application in FORM GST DRC- 20, seeking extension of time for the payment of taxes or any amount due or for allowing payment of such taxes or amount in installments in accordance with the provisions of section 80. The commissioner may issue an order in FORM GST DRC- 21 allowing the taxable person further time to make payment and/or to pay the amount in such monthly installments, not exceeding twenty-four, as he may deem fit.

(f) Where Tx is negative, i.e. $Te > T$, the registered person shall be eligible to take ITC on goods and services received on or after 1st April, 2019 for construction of residential portion in the REP, for which he shall not otherwise be eligible, to the extent of difference between Te and T.

(g) The registered person may calculate Tc and utilize credit to the extent of Tc for payment of tax on commercial apartments, till the complete accounting of Tx is carried out and submitted.

(h) Where percentage completion is zero but ITC has been availed on goods and services received for the project on or prior to 31st March, 2019, input tax credit attributable to construction of residential portion which has time of supply on or after 1st April, 2019, shall be calculated and the amount equal to Tx shall be paid or taken credit of, as the case may be, as prescribed above, with the modification that percentage completion for calculation of F_4 shall be taken as the percentage completion which, as certified by an architect registered with the Council of Architecture constituted under the Architects Act, 1972 (20 of 1972) or a chartered engineer registered with the Institution of Engineers (India), can be achieved with the input services received and inputs in stock as on 31st March, 2019.

2. Where % completion as on 31st March, 2019 is zero but invoicing has been done having time of supply before 31st March, 2019, and no input services or inputs have been received as on 31st March, 2019, “Te” shall be calculated as follows: -

(a) Input tax credit on inputs and input services attributable to construction of residential portion in a REP, which has time of supply on or before 31st March, 2019 may be denoted as Te which shall be calculated as under,

$$Te = Tc + Tr$$

Where, -

Tc is the ITC attributable to construction of commercial portion in the REP, calculated as under:

$Tc = Tn \times$ (carpet area of commercial apartments in the REP/ total carpet area of commercial and residential apartments in the REP) and

Tr is the ITC attributable to construction of residential portion in the REP which has time of supply on or before 31st March, 2019 and which shall be calculated as under,

$$Tr = Tn \times F_1 \times F_2 \times F_3$$

Where, -

Tn= Tax paid on such inputs and input services on which ITC is available under the CGST Act, received in 2019-20 for construction of REP

F1, F2 and F3 shall be the same as in para 1 above

(b) The registered person shall be eligible to take ITC on goods and services received on or after 1st April, 2019 for construction of residential portion in the REP, for which he shall not otherwise be eligible, to the extent of the amount of Te.

(c) The amount ‘Te’ shall be computed separately for input tax credit of central tax, State tax and integrated tax.

3. Notwithstanding anything contained in paragraph 1 or paragraph 2 above, Te shall be determined in the following situations as under:

- (i) Where percentage invoicing is more than the percentage completion and the difference between percentage invoicing (per cent. points) and the percentage completion (per cent. points) of construction is more than 25 percent points; the value of percentage invoicing shall be deemed to be percentage completion plus 25 percent. points;
- (ii) Where the value of invoices issued on or prior to 31st March, 2019 exceeds the consideration actually received on or prior to 31st March, 2019 by more than 25 percent of consideration actually received; the value of such invoices for the purpose of determination of percentage invoicing shall be deemed to be actual consideration received plus 25 percent. of the actual consideration received; and
- (iii) where, the value of procurement of inputs and input services prior to 1st April, 2019 exceeds the value of actual consumption of the inputs and input services used in the percentage of construction completed as on 31st March, 2019 by more than 25 percent of value of actual consumption of inputs and input services, the jurisdictional commissioner or any other officer authorized in this regard may fix the Te based on actual per unit consumption of inputs and input services based on the documents duly certified by a chartered accountant or cost accountant submitted by the promoter in this regard, applying the accepted principles of accounting.

1. Where % completion as on 31st March, 2019 is not zero or where there is inventory in stock

(a) Input tax credit on inputs and input services attributable to construction of residential and commercial portion in an RREP, which has time of supply on or after 1st April, 2019, may be denoted as Tx. Tx shall be calculated as under:

$$Tx = T - Te$$

Where,

- (i) T is the total ITC availed (utilized or not) on inputs and input services used in construction of the RREP from 1st July, 2017 to 31st March, 2019 including transitional credit taken on 1st July, 2017;
- (ii) Te is the eligible ITC attributable to construction of commercial portion and construction of residential portion, in the RREP which has time of supply on or before 31st March, 2019;
- (b) Te shall be calculated as under:

$$Te = T * F_1 * F_2 * F_3 * F_4$$

Where, -

$$F_1 = \frac{\text{Carpet area of residential and commercial apartments in the RREP}}{\text{Total carpet area of apartments in the RREP}}$$

(In case of a Residential Real Estate Project, value of "F1" shall be 1.)

$$F_2 = \frac{\text{Total carpet area of residential and commercial apartment booked on or before 31st March, 2019}}{\text{Total carpet area of the residential and commercial apartment in the RREP}}$$

$$F_3 = \frac{\text{Such value of supply of construction of residential and commercial apartments booked on or before 31st March, 2019 which has time of supply on or before 31st March, 2019}}{\text{Total value of supply of construction of residential and commercial apartments booked on or before 31st March, 2019}}$$

(F3 is to account for percentage invoicing of booked residential apartments)

$$F_4 = \frac{1}{\% \text{ Completion of construction as on 31st March, 2019}}$$

Illustration: where one- fifth (twenty percent) of the construction has been completed, F_4 shall be $100 \div 20 = 5$.

Explanation: "% Completion of construction as on 31st March, 2019" shall be the same as declared to the Real Estate Regulatory Authority in terms of section 4 and section 11 of Real Estate (Regulation and Development) Act, 2016 and where the same is not required to be declared to the Real Estate Regulatory Authority, it shall be got determined and certified by an architect registered with the Council of Architecture constituted under the Architects Act, 1972 (20 of 1972) or a chartered engineer registered with the Institution of Engineers (India).

(c) The amounts 'Tx' and 'Te' shall be computed separately for input tax credit of central tax, State tax and integrated tax.

(d) Where, Tx is positive, i.e. $T_e < T$, the registered person shall pay, by debit in the electronic credit ledger or electronic cash ledger, an amount equal to the difference between T and T_e . Such amount shall form part of the output tax liability of the registered person and the amount shall be furnished in FORM GST DRC- 03.

Explanation: The registered person may file an application in FORM GST DRC- 20, seeking extension of time for the payment of taxes or any amount due or for allowing payment of such taxes or amount in installments in accordance with the provisions of section 80. The commissioner may issue an order in FORM GST DRC- 21 allowing the taxable person further time to make payment and/or to pay the amount in such monthly installments, not exceeding twenty-four, as he may deem fit.

(e) Where, Tx is negative, i.e. $T_e > T$, the registered person shall be eligible to take ITC on goods and services received on or after 1st April, 2019 for construction of the RREP, for which he shall not otherwise be eligible, to the extent of difference between T_e and T.

(f) Where percentage completion is zero but ITC has been availed on goods and services received for the project on or prior to 31st March, 2019, input tax credit attributable to construction of residential and commercial portion which has time of supply on or after 1st April, 2019, shall be calculated and the amount equal to Tx shall be paid or taken credit of, as the case may be, as prescribed above, with the modification that percentage completion for calculation of F_4 shall be taken as the percentage completion which, as certified by an architect registered with the Council of Architecture constituted under the Architects Act, 1972 (20 of 1972) or a chartered engineer registered with the Institution of Engineers (India), can be achieved with the input services received and inputs in stock as on 31st March, 2019.

2. Where % completion as on 31st March, 2019 is zero but invoicing has been done having time of supply before 31st March, 2019, and no input services or inputs have been received as on 31st March, 2019, “Te” shall be calculated as follows: -

(a) Input tax credit on inputs and input services attributable to construction of residential and commercial portion in an RREP, which has time of supply on or before 31st March, 2019 may be denoted as T_e which shall be calculated as under,

$$T_e = T_n * F_1 * F_2 * F_3$$

Where, -

T_n = Tax paid on such inputs and input services on which ITC is available under the CGST Act, received in 2019-20 for construction of residential and commercial apartments in the RREP.

F_1 , F_2 and F_3 shall be the same as in para 1 above

(b) The registered person shall be eligible to take ITC on goods and services received on or after 1st April, 2019 for construction of residential or commercial portion in the RREP, for which he shall not otherwise be eligible, to the extent of the amount of T_e .

(c) The amount ‘ T_e ’ shall be computed separately for input tax credit of central tax, State tax and integrated tax.

3. Notwithstanding anything contained in paragraph 1 or paragraph 2 above, T_e shall be determined in the following situations as under:

- (i) where percentage invoicing is more than the percentage completion and the difference between percentage invoicing (per cent. points) and the percentage completion (per cent. points) of construction is more than 25 percent points; the value of percentage invoicing shall be deemed to be percentage completion plus 25 percent. points;
- (ii) where the value of invoices issued on or prior to 31st March, 2019 exceeds the consideration actually received on or prior to 31st March, 2019 by more than 25 per cent of consideration actually received; the value of such invoices for the purpose of determination of percentage invoicing shall be deemed to be actual consideration received plus 25 per cent of the actual consideration received; and
- (iii) where, the value of procurement of inputs and input services prior to 1st April, 2019 exceeds the value of actual consumption of the inputs and input services used in the percentage of construction completed as on 31st March, 2019 by more than 25 per cent. of value of actual consumption of inputs and input services, the jurisdictional commissioner or any other officer authorized in this regard may fix the T_e based on actual per unit consumption of inputs and input services based on the documents duly certified by a chartered accountant or cost accountant submitted by the promoter in this regard, applying the accepted principles of accounting.

A promoter has procured following goods and services [other than capital goods and services by way of grant of development rights, long term lease of land or FSI] for construction of a residential real estate project during a financial year.

6	Paints	5	Y
7	Architect/ designing/ CAD drawing etc.	10	Y
8	Aluminium windows, Ply, commercial wood	15	Y

In this example, the promoter has procured 80 per cent of goods and services [other than services by way of grant of development rights, long term lease of land (against upfront payment in the form of premium, salami, development charges etc.) or FSI (including additional FSI), electricity, high speed diesel, motor spirit, natural gas], from a GST registered person. However, he has procured cement from an unregistered supplier. Hence at the end of financial year, the promoter has to pay GST on cement at the applicable rates on reverse charge basis.

In this example, the promoter has procured 50 per cent of goods and services from a GST registered person. However, he has procured sand, cement and aluminum windows, ply and commercial wood etc. from an unregistered supplier. Thus, value of goods and services procured from registered suppliers during a financial year falls short of threshold limit of 80 per cent. To fulfill his tax liability on the shortfall of 30 per cent from mandatory purchase, the promoter has to pay GST on cement at the applicable rate on reverse charge basis. After payment of GST on cement, on the remaining shortfall of 15 per cent., the promoter shall pay tax @ 18 (9+9) per cent under RCM.

CESS ON SUGARCANE

A tax on the purchase of Sugarcane by or on behalf of a sugar factory was levied by the State Government under the provisions of the Punjab Sugarcane (Regulation of Purchase and Supply) Act, 1953 during the year 1953-54 crushing season at the rate of one anna per maund of Sugarcane. It was increased to 1½ anna per maund during 1956-57. With the introduction of decimal coinage in the year 1957-58, the tax was fixed at 9 paise per maund. Further, with the change in the system of weight from maund to quintals, the rate of this tax was fixed at 24.12 paise per quintal from 1963-64 and this rate remained in force till 31st March, 1970. With effect from 1st April, 1970 this tax was enhanced to 50 paise per quintal. It was further enhanced to 70 paise per quintal with effect from 10th April, 1974 and Rs. 1.25 per quintal with effect from 26th Nov. 1974. The rate of this tax was further enhanced to Rs. 1.50 per quintal with effect from 31st October 1977.

An exemption was granted to the Sugar Mills to the extent of 50 paise per quintal in the payment of this tax for the period from 1st May, 1978 to 10th July, 1978 due to less yield of sugar from the Sugarcane and crash in sugar prices during the crushing season 1977-78. Therefore, the tax was applicable @ Rs.1.00 per quintal during the above period with a view to encouraging the purchase of additional standing cane by sugar factories. Keeping in view the dwindling recovery, exemption in full was granted to the sugar factories from the payment of purchase tax during the period commencing on the 1st May, 1982 and ending with the close of crushing season 1981-82.

Thereafter in the year 1982-83 the 50% exemption was granted in cane purchase tax to the Sugar Mills i.e. 75 paise per quintal with effect from 15th February 1983 to the end of the crushing season. In the meeting of the Sugarcane Control Board held on 21st November 1983 under the Chairmanship of Chief Minister, it was decided that full exemption in cane purchase tax would be granted to the Sugar Mills for the crushing season 1983-84. Accordingly, the purchase tax was not levied for the above season. The purchase tax @ Rs.1.50 per quintal was levied continuously during the season 1984-85 to 1990-91. The purchase tax for the season 1991-92 was levied at Rs. 1.50 per quintal, but full exemption was granted to the Sugar Mills with effect from 19-6-1992 to 30-6-1992. The purchase tax for the season 1992-93 to 2013-14 was levied @ Rs. 1.50 per quintal. The purchase tax for the seasons 2014-15 and 2015-16 was also levied at Rs. 1.50 per quintal, but full exemption was granted to the Sugar Mills for the season 2014-15 and 2015-16 by the State Government. The same rate is leviable for the season 2016-17 to 2021-22 and the same rate is leviable for the season 2022-23 also.

However, it is also pertinent to mention here that after coming into force of GST w.e.f. 01.07.2017, some of the sugar mills of the State has raised objections that after implementation of GST, they need not to deposit purchase tax on sugarcane. In this regard, clarification from Excise & Taxation department as well as Law & Legislative Department was obtained and a self contained proposal was submitted to State Govt. regarding discontinuation of purchase tax w.e.f. 01.07.2017 retrospectively, if applicable so, as per law. The decision in this regard is still awaited from the State Govt.

As regards supply for other purposes within their area of reticulation, the following instructions are applicable in the matter of levy of Electricity Duty:-

If the supply is taken at a single point both for bonafide use of the offices/works and for "other purposes", the duty should be levied on the consumption after deducting the consumption for bonafide use at the following rates:-

(a) **MES Staff Quarters**—As per single domestic supply for domestic purposes as explained item III (i) above.

Canteen/Shops, etc.—As per "single" commercial supply for commercial purposes as explained item III (i) above.

Other than Staff Quarters/Canteen/Shops, etc.—At 10 paise per unit per month.

(b) **Department of Colonies like P.T. etc.**—As per single domestic supply for the total consumption excluding the bonafide consumption of the department.

Note—(i) In case of electricity is given free by the MES to the Military barracks, etc., within their area of supply duty is not leviable. It is, however leviable in respect of the undermentioned categories of consumers as per rates mentioned under item (IV) above:-

- (a) Defence Personnel (even if supply is given free) and civilians.
- (b) Commercial and industrial undertakings and shops.
- (c) Cinemas, etc. for the entertainment of the Defence Personnel.
- (d) Messes, Clubs and other places of entertainments of the Defence Personnel.
- (e) Street lighting.

See also item III (i) above.

- (f) Railway.

Wherever connections to individual residential quarters meant for Railway employees are given directly by the Board, there will be no difficulty in levying the duty which should be done as in the case of other consumers. Some difficulty is bound to arise in the case of those residential quarters to which individual connections are not given by the Railway themselves. Here again these can be types of cases namely, first in which the supply for residential colony only is taken by the Railway at one point as distinct from the supply for the Railway Station and is distributed to the consumers and second in which the supply for the entire Railway Station including the general load of the Railway Station. Yard lighting industrial load of the residential colony, etc. is taken at one point and supply given to the residential colony therefrom.

In the first case, the Electricity Duty is leviable as per single domestic supply.

In the second category of cases referred to above, if the supply to the individual railway employees is metered, duty should be levied on the total consumption of these employees as recorded by the meter at the rate applicable to domestic supply. In this case, the meter so installed by the Railway shall be sealed by the Board and such seals shall not be broken except in the presence of a representative of the Board after serving 48-hours notice to the Board of their intention to do so. If, however, the supply to individual employees of the Railway is not metered, the Railway should be required to provide a suitable meter to measure the consumption of the whole of the residential colony, at one point and duty should be levied on the total consumption recorded by such meter at the rate of duty applicable to domestic supply consumers. In this case also, the meter shall be sealed by the Board and the seal shall not be broken by the Railway except in the presence of a representative of the Board after serving 48-hours notice as applicable in the first case above.

For this purpose the consumer is required to keep a proper account of energy sold to other, i.e. residential quarters, private consumers, etc., and submit monthly statement to the local office of the Board regularly for the assessment of Electricity Duty.

(ii) (a) If any of the departments in giving unmeasured supply to its employees etc. the departments should be asked to provide a suitable meter to measure the consumption separately. Pending installation of a meter, total consumption should be divided in the ratio of the connected load and duty levied accordingly.

(b) In case where a single meter is installed for a combined office and an employee resides in the building, the electricity duty at the rate for domestic supply be calculated for that portion of the total consumption as is charged by the authorities concerned from the resident.

(c) If any of the Government of India offices is in a rented building and the connection is in the name of the landlord the exemption from the levy of electricity duty should also be allowed on a certificate to be obtained, from the officer incharge of the office that the consumption of the particular connection is entirely for bonafide use of the office.

(d) If a Government of India office and a private consumer other than the departmental employers are housed in the same building, the exemption from the levy/ Electricity Duty, should be only allowed if separate meters are installed.

(iii) If supply for other purposes is taken at the point distinct from the supply for bonafide use of the department and further distribution is done by the department, the duty should be in item IV (ii) above.

(iv) In case where supply is being given individually by the Board to any of the employees of the Military and Railways, etc., in their area, the standard rate of Electricity Duty as per item I (d) above is applicable.

Note— (i) If the consumer falling in categories stated above is found utilizing the energy for domestic and for commercial purposes from the dowers circuit, the rate of electricity duty in the whole of energy so supplied including the energy so used shall be as per item I (d) above.

(ii) In the case of industrial/agricultural consumers where separate meters are installed the measuring general and motive powers supply the entire general supply consumption on lights, fans, heating, refrigeration, etc., within the factory, including godowns, canteens, offices, yards, watchmen's quarters when supplied electricity from the industrial connection, etc. except in the residence of owner as well as that of employees shall be charged as per rates shown against item I (b).

(iii) There is no distinction between temporary and permanent supply.

V. **Supply for illumination use:**—The word illumination used in item I (a) (ii) above means energy utilised for the purposes of ornaments lighting and lighting use for display of decoration and not on the energy used for bonafide lighting within the tent, shamiana, etc. The energy for loudspeaker, fans or heating will not be concerned by the term illumination. Where the ornamental lighting is not measured separately, the entire consumption will be charged as duty at Rs. 1 per unit.

VI. **Refund of Excess Duty**—Rule 12 of Punjab Electricity (Duty) Rules, 1958, if duty has been paid in excess of what is payable under the Act, the Electrical Inspector shall authorise the refund of the excess duty so paid to the consumer concerned by adjustment in subsequent bill or bills and in the case of as consumer who leave the premises and gets the meter transferred or disconnected from his name the excess duty shall be paid in cash. The claim for refund of the electricity duty through adjustment or cash shall be entertained, if it is presented to the local office of the Board within six months from the date of issue of the bill or date of disconnection of the meter.

VII. **Levy of Electricity Duty on monthly charges:**—Where the monthly minimum charges are recoverable from the consumers under the various schedules of Electricity Tariffs, the Electricity Duty is leviable on the monthly minimum charges in accordance with the Electricity Duty rates prescribed for relevant categories of the consumers:-

- (i) In the case of domestic and commercial consumers the Electricity Duty has to be charged in respect of the number of units consumed;
- (ii) Where the monthly minimum charges are covered from the other category of consumer by the Board under the various schedules of Electricity, the

Electricity Duty at the rate given in item I (b) is levied on the monthly energy bill.

Exemption:

1. No duty is levied on the energy used on the Works of the Board. However, energy supplied free or otherwise to the employees of the Board for domestic purpose is subject to levy of Electricity Duty as per domestic rate.

2. Where an independent Pumping connection is given at the domestic, commercial premises under the industrial tariff, the duty as per industrial rate shown against item I (b) above will be applicable.

3. Delhi Electric Supply Undertaking is exempted from the payment of Electricity Duty.

4. No duty is leviable with effect from 1st October, 1964, on the energy supplied for tube-wells and pumping sets installed for agricultural purposes, general consumption (2 Lamps points) is part and parcel of agricultural supply.

5. Duty on the energy consumed on lights, heating fans, refrigeration, etc., within the factory including godowns, canteens, offices, yards, etc., by all industrial consumers whether large, medium or small or agricultural consumers, except in the residence of owners as well as that of employees, is levied as on industrial consumption without regard to the limit of 5 per cent of industrial consumption laid down in the tariff of the Board.

6. Consumption for light in watchmen's quarters of the factory is also to be treated as industrial consumption for levy of Electricity Duty.

7. Industrial Tariff is applied by Board on energy supplied for power load and on load on the machinery in a poultry farm including incubators. Electricity Duty on such energy should be charged at the industrial rates.

8. All new industrial units engaged in manufacturing processing and preservation of goods, established in the State of Haryana, on or after the 1st day of April, 1988, other than those which are included in the negative list notified by Industries Department from time to time, from the payment of the whole of the electricity duty leviable under clause (iii) of sub-section (I) of section 3 of the Punjab Electricity (Duty) Act, 1958, for a period of five years from the date of release of electric connection to such units.
