PART-I STATE SCHEMES**

(1)

<b>Code No.</b>	<b>1-10-2401-51-105-96-51</b>
<b>Name of the Scheme</b>	<b>Scheme for Quality Control on Agriculture Inputs</b>
<b>Outlay</b>	<b>₹ 3,00,00,000/-</b>

The objectives of the scheme are to check malpractices/adulteration in fertilizers, pesticides, seeds as well as to ensure good quality agricultural inputs to the farmers by testing pesticides, fertilizers and seeds samples on the basis of provisions of Insecticides Act, 1968, Insecticides Rules, 1971 and Fertilizers (Control) Order, 1985 and Essential Commodities Act, 1955 Seed Act, 1966 and Seed (Control) Order, 1983.

To create a buffer stock of DAP and Urea fertilizers with the institutional agencies like Haryana State Co-operative Supply and Marketing Federation Limited (HAFED), Haryana Agro Industries Corporation Limited (HAIC) and Haryana Land Reclamation and Development Corporation (HLRDC) during lean consumption period of fertilizers. Presently, only Urea fertilizer is under partial control and rest of the fertilizers are de-controlled. The distribution of major fertilizers namely, DAPS and Urea is done through State nodal institutional agencies such as HAFED. Introduction of natural and organic farming is under consideration.

(2)

<b>Code No.</b>	<b>1-10-2401-51-108-79-51</b>
<b>Name of the Scheme</b>	<b>Reimbursement of GST Plus Market Fee under Price Support Scheme (PSS) to HAFED.</b>
<b>Outlay</b>	<b>₹ 300,00,00,000/-</b>

The main objective of the scheme is procurement in order to ensure a remunerative and stable price environment to the farmers of the State for increasing agriculture production and productivity. The market prices for agricultural produce many times have a propensity to be unstable and volatile which may result in undue losses to the farmers and discourage them for adoption of the modern technology and required inputs.

The Government of India declare the Minimum Support Price (MSP) for notified agricultural commodities every year well before the sowing season of both crops so that the farmers may take a considered view whether the said particular crop will be a profitable venture for them or not. The MSP of Oilseeds (Sunflower, Til, Mustard) and Pulses (Moong, Gram, Arhar, Urd) have a propensity to be unstable and volatile which may result in undue losses to the farmers and discourage them for adoption of the modern technology and required inputs. Consequently, State Government has decided to procure the Mustard, Sunflower Seed, Black Gram and Moong on MSP under Price Support Scheme of Government of India through State Nodal Agency Haryana State Co-operative Supply and Marketing Federation Limited (HAFED). A State Scheme for reimbursement of Goods and Service Tax (GST) Plus Market Fee under Price Support system to HAFED is functional in the State.

**Code No.** 1-10-2401-51-111-90-51  
**Name of the scheme** Pradhanmantri Fasal Bima Yojana (PMFBY)  
**Outlay** ₹ 700,00,00,000/-

Pradhan Mantri Fasal Bima Yojana is a Centrally Sponsored Scheme on sharing basis on 50:50 ratio. It is a path breaking scheme for farmers' welfare. There will be a uniform premium of only 2% to be paid by farmers for all Kharif crops, 1.5% for all Rabi crops and 5% for Cotton crops. In case of annual commercial and horticultural crops, the premium to be paid by farmers will be 5%. The premium share to be paid by farmers is very low and balance premium will be borne by the State and Central Government to provide insurance to the farmers against crop loss on account of natural calamities. The use of technology will be encourage to a great extent. Smart phones will used to capture and upload data of crop cutting to reduce the delays in claim payment to farmers. Remote sensing will be used to reduce the number of crop cutting experiments. The following stages of crop and risks leading to crop loss are covered under the scheme:-

- a) Standing crop (Sowing to Harvesting): Comprehensive risk insurance is provided to cover yield losses due to non-preventable risks, viz. drought, dry spells, flood, inundation, pests, diseases, storm, hailstorm and cyclone.
- b) Post-Harvest Losses: coverage is available only upto a maximum period of two weeks from harvesting for those crops which are allowed to dry in cut and spread condition in the field after harvesting against specific perils of cyclone and cyclonic rains and unseasonal rains.
- c) Localized Calamities: Loss/damage resulting from occurrence of identified localized risks of hailstorm and inundation (except paddy) affecting isolated farms in the notified area.

Government of Haryana had launched a unique initiative during kharif 2020 "Mera Pani Meri Virasat" to diversify the Paddy Crop (water guzzling crop) into alternative less water consuming crops like Maize, Cotton, Bajra, Pulses, Vegetables and Fruits. Under the "MPMV", assistance @7000/acre is being provided to the farmers who have replaced their paddy crop with alternate crops. The Scheme was further strengthened in Kharif 2021 with additional alternate crops like Kharif Oil seeds (Til, Castor, Groundnut), Kharif Onion, Kharif Pulses (Moth, Urd, Guar, Soyabean), fodder crops. In Kharif 2021 another initiative was inclusion of fallow land in this scheme. Farmers who kept their land fallow in place of paddy for improvement of soil health were also allowed for incentive in Kharif 2021(Khet Khali Phir Bhi Khushhali). During Kharif, 2021 Bajra crop was dropped from the ambit of alternate crops. Due to concerted efforts of the State Government, an approximate 25,600 hectare. and 20,752 hectare. area was diversified from paddy to other alternate crops and the State Government has provided incentives of Rs. 45 crores and Rs. 31 crores during 2020 & 2021, respectively. The Scheme was further strengthened in Kharif 2022 by inclusion of Agro-Forestry (Poplar and Eucalyptus) in the ambit of alternate crops. During Kharif, 2022 an area of 37956 has been registered against the targets of 40000 hectare and an area of 23554 hectare has been verified. The Scheme has been further continued in Kharif 2023, with a target of 48000 hectare diversification of paddy into other alternative crops. During current year through online registration an area of 28370 hectare has registered and 18693 hectare are verified for benefit. By achieving 100% target in 2023-2024, State Government will be saving 42480 crore litres of water. The following programme/scheme are covered under promotion of Crop Diversification and Water Conservation:-

- (i) Distribution of Dhaincha seed for green manuring
- (ii) Direct Seeded Rice (DSR)
- (iii) Promotion of Pulses & Oilseeds

**Name of the Scheme** Loan to the Haryana Agricultural University, Hisar  
**Outlay** ₹ 672,00,00,000/-

The Haryana Agricultural University came into existence on 2nd February 1970 through the 16th Act of Parliament, i.e., the Haryana and Punjab Agricultural Universities Act 1970, to fulfill the mandate of teaching, research and extension of a comprehensive

land grant institution. Prior to its becoming a full-fledged university the campus at Hisar was a part of the Punjab Agricultural University. The University received its present nomenclature, Chaudhary Charan Singh Haryana Agricultural University (CCS HAU), as a result of amendment to the Haryana and Punjab Agricultural Universities Act (Haryana Amendment) in 1991, which received the assent of the Hon'ble President of India on 8th October 1991.

**CCS HAU was envisaged to achieve the following objectives:-**

- Imparting education in different branches of study, particularly Agriculture, Agricultural Engineering, Community Science and Allied Sciences.
- Furthering the advancement of learning and research, particularly in Agriculture and Allied Sciences.
- Undertaking the extension of such sciences to the rural people within the State
- The main objective of the University is to provide technology to farmers and other stakeholders for achieving food/nutritional security in a constantly changing technical, economic and social environment of the State. In order to achieve this, the agricultural education, research and extension programmes are re-oriented/redefined from time to time based on peer review and changing requirements.

**Main long-term objectives are as under:-**

- Natural Resource Management in order to maintain better soil health and enhancing the water use efficiency.
- Development of climate resilient and market competitive technologies including crop varieties/ hybrids.
- Enhancing the availability of good quality seed of commercial crop hybrids/varieties including the seedlings of Horticultural crops through the promotion of seed village concept and establishment of hi-tech seedling nurseries.
- Validation and refinement of farmers' Innovation and put them for larger application.
- Revamping extension system with changing needs.
- Presently, University is concentrating on several thrust areas of research as per need of the State and the thrust areas are as under:
- Improvement and conservation of important plant genetic resources, pollinators and bio-control agents, protective cultivation of high value fruits, flowers and vegetable crops.

Due to non-implementation of Prime Minister Crop Insurance Scheme during Kharif 2023 in the state of Haryana, the State Government has decided to provide security to the cotton crop of the farmers in Cluster-11 (Ambala, Karnal, Sonapat, Hisar, Jind, Mahendragarh and Gurugram). Haryana Crop Protection Scheme was implemented so that farmers could be provided financial assistance for their bad crops. Under the scheme, a nominal registration fee of Rs 1500/- has been fixed for the farmer to register cotton crop in 1 acre.

Under the scheme, in Kharif 2023, 17916 farmers has registered with 61471 acres. Apart from this, a provision has been made by the government to compensate for the loss through the compensation portal.

This scheme is being implemented on sharing basis in the ratio of 60:40. The scheme was revamped during the year 2018 as RKVY-RAFTAAR- Remunerative Approaches for Agriculture and Allied sector Rejuvenation. RKVY-RAFTAAR aims at making farming a remunerative economic activity through strengthening the farmers' efforts, risk mitigation and promoting agri-business entrepreneurship.

The main objectives of the scheme are as detailed below:-

- To strengthen the farmers' efforts through creation of required pre and post-harvest agri-infrastructure that increases access to quality inputs, storage, market facilities etc. and enable farmers to make choices.
- To provide autonomy, flexibility to States to plan and execute schemes as per local/farmers' needs.
- To promote value chain addition linked production models that will help farmers increase their income as well as encourage production/productivity.
- To mitigate risk of farmers with focus on additional income generation activities like integrated farming, mushroom cultivation, bee keeping, aromatic plant cultivation, floriculture etc.
- To achieve national priorities through several sub-schemes.
- To empower youth through skill development, innovation and agri-entrepreneurship based agribusiness models that attract them to agriculture.

RKVY-RAFTAAR is a project based scheme. All type of farmers have been covered under the scheme. All the projects have been submitted by Agriculture and Allied Departments and Agencies. The subsidy has been given in cash or kind on inputs like seed, fertilizers, pesticides etc. varies from project to project and duration of subsidy also depends on project duration. The research based projects are also covered in this scheme. The scheme consists of Infrastructure & Assets, Production Growth, Sub-Schemes.

Main Focus Areas under RKVY are Agriculture (Soil Health, Water Management, Seed Treatment, Farm Mechanization, and Promotion of DSR). Horticulture (Promotion of Integrated Post-Harvest Management, Promotion of Bio-pesticides in horticulture crops, Assistance on Mushroom Production Units), CCS HAU, LUVAS, Hisar, CSSRI, Karnal & Sugarcane Breeding Institute, Karnal (All Research Projects) FPO Haryana State Agriculture Marketing Infrastructure.

This is a Centrally Sponsored Scheme being implemented on sharing basis of 60:40 ratio.

The scheme is being implemented in the more water exhaustive districts like Ambala, Fatehabad, Hisar, Jind, Karnal, Kaithal, Kurukshetra, Panipat, Rohtak, Sonapat, Sirsa and Yamunanagar where paddy is grown more than 1.25 lakh acre. A target of 710 acre for Maize and 500 acre for pulse like Moong, Urd and Arhar has been kept to diversify the paddy crop with these crops. A target of 16805 acre has been under Agro-Forestry i.e inter-cropping of Poplar-Wheat in the coming rabi season. In order to encourage the farmers, the State Government has decided to provide an incentive of Rs. 2400/- per acre for Maize and Rs. 3600/- per acre for pulse like Moong, Urd and Arhar and Rs. 2000/- per acre for Agro-Forestry i.e inter-cropping of Polar-Wheat. The target 602 numbers of Power-Spray Pump-set has been kept and subsidy of Rs. 3000/- per pump-set will also be given to the eligible farmers. The incentive will be disbursed in the farmer's bank accounts through DBT after physical verification. The farmer registration is mandatory on [www.agriharyana.gov.in](http://www.agriharyana.gov.in) to get the benefit of the scheme. Apart from this, District Level Melas will also be organized to make farmers aware about the scheme.

#### **National Food Security Mission (NFSM) (Centre & State Plan 60:40)**

Government of India has launched centrally sponsored National Food Security Mission in 2007 and State has been implementing since 2007-08. Two crops namely wheat and pulses have been covered under the mission. Seven districts of the State namely Ambala, Yamunanagar, Bhiwani, Mahendergarh, Gurugram, Rohtak and Jhajjar have been covered under NFSM-Wheat. At the inception of the scheme five districts Bhiwani, Hisar, Sirsa, Rohtak & Sonapat were covered under pulses and from the year 2010-11, all the districts have been covered under NFSM-Pulses.

The objective of the mission is to increase production of wheat and pulses through area expansion and productivity enhancement in a sustainable manner in the identified districts of the State. To focus on districts having high potential but relatively low level of productivity.

During the year 2014-15, the districts Hisar, Mewat and Palwal were included under wheat scheme instead of Mahendergarh Yamunanagar and Gurugram to see the increased area, production and productivity of these districts. Five districts namely Jhajjar, Hisar Bhiwani Narnaul and Rewari were covered under NFSM – Coarse Cereals and Commercial Crops, sugarcane and Cotton were also introduced in sugarcane and Cotton growing districts. Government of India has included two schemes namely NFSM-Nutri Cereals and Oil Seeds & Oil Palm in the main ongoing of NFSM during the year 2018-19. The newly added scheme Oilseeds & Oilpalm (OS & OP) was added and implemented in whole of the state from the year 2018-19.

## HORTICULTURE PART-1 STATE SCHEMES

(1)

<b>Code</b>	<b>1-10-2401-51-789-98-51</b>
<b>Name of the Scheme</b>	<b>Integrated Horticulture Development Plan Scheme of Scheduled Caste Families.</b>
<b>Outlay</b>	<b>₹ 20,00,00,000/-</b>

Various schemes are being implemented by Horticulture Department since long, however, no separate scheme was framed for giving direct benefit to the SC families /farmers (small land holders under regular schemes), therefore, as per the instructions of Govt. a separate scheme was formulated in the year 2007-08. The proposed activities for the benefit of SC Families are Vegetable cultivation, Protected cultivation, bamboo staking in vegetables, MS iron staking in vegetable crop, mushroom trays and seasonal mushroom thatched hut etc. The percentage of assistance available under this scheme is 65% to 85% depending upon the component.

The main objectives of the scheme are as under:-

1. To encourage the SC farmers to take horticultural crops as option.
2. To acquaint the SC farmers about the latest technologies in the field of Horticulture.
3. To increase the income of the land of SC families by way of increasing output by adopting various horticultural crops.
4. To increase area under Horticulture Crops.
5. To create awareness among SC farmers/families.

<b>Name of the Scheme</b>	<b>Scheme for Integrated Horticulture Development in Haryana State</b>
<b>Outlay</b>	<b>₹ 92,00,00,000/-</b>

For holistic approach this schemes was planned with forward and backward linkages. Various components which are not generally covered under National Horticulture Mission namely integrated farming systems, vertical farming, hi-tech horticulture, diversification programs have been included under this scheme and a total of 15,000 acre area under Integrated Farming System and Hi-tech Horticulture and 5,000 acre area under Plastic Farming Technology is aimed to be brought under this programme. In addition, three districts namely Kaithal, Faridabad & Rewari, which were not covered under National Horticulture Mission (NHM), were also included in the scheme. The promotion of horticulture in Shivalik area has also been incorporated in the Annual Action Plan for three districts i.e, Panchkula, Ambala & Yamunanagar. The percentage of assistance available under this scheme is from 25 to 75% depending upon the component.

The main objectives of the scheme are as under:

1. To make horticulture a profitable diversified farm activity for farmers.
2. To achieve potential productivity through sustained and advanced technologies through field visits and other exposure programmes.
3. To implement various aqua horticulture activities in the specified area.
4. To promote formation of Farmer Interest Groups (FIG) and Farmer Producer Organization (FPO) and investment gap of Stakeholders to be minimized.
5. To introduce and promote latest technologies in horticulture including Plastics, Mechanization etc.
6. To motivate farmers/families for adoption of latest horticulture technologies like vegetable cultivation, protected cultivation (poly house/net house), bamboo staking in vegetables, MS iron staking in vegetable crop, mushroom (trays, mushroom production unit, mushroom compost making unit and spawn making unit) etc. for enhancement of per unit income.
7. To provide extension services to farmers.

<b>Code No.</b>	<b>1-10-2401-51-119-71-51</b>
<b>Name of Scheme</b>	<b>Natural Farming and Sustainable Initiatives in Horticulture</b>
<b>Outlay</b>	<b>₹ 5,00,00,000 /-</b>

With the increase in intensity of farming, the pressure on resources has been increased and for higher yield the chemical fertilizers and pesticides uses has been increased tremendously. This has resulted into decrease in organic carbon in the soil and increase in harmful chemicals in the produce. Therefore, to mitigate the effect a new scheme has been proposed, firstly to continue measuring the pesticide levels in different locations in the State, testing of samples, organic certification and simultaneously to

promote use of natural practices including integrated pest management, compost-based products. Department has proposed specified targets under the scheme.

The main objectives of the scheme are as under:

1. To increase the organic carbon of the soil.
2. To decrease input cost at the farms.
3. To promote healthy and safe food.
4. To guide the farmers for adoption of Natural Farming and sustainable Initiatives in Horticulture.

<b>Name of Scheme</b>	<b>Scheme for Horticulture Crop Insurance in Haryana renamed as Mukhymantri Bagwani Bima Yojana (MBBY)</b>
<b>Outlay</b>	<b>₹ 1,00,000/-</b>

It is a State Scheme customized and specifically designed as crop Assurance. This scheme will operate an assurance based upon the principle of "implicit contract" between Department and Farmers of Haryana State. A registration number issued to each farmer will be considered as an implicit contract. It is mentioned here that the farmers who are interested voluntarily to enroll for the scheme by paying a contributory amount as per norms. This scheme is aimed to encourage famers to take high risk horticultural crops instead of the conventional cereal crops. All the registered farmers under "Meri Fasal Mera Byora (MFMB)" will be eligible to enroll for this scheme. It is pertinent to mention here that earlier this scheme was being implemented as Centrally Sponsored Sharing Basis (50:50) Scheme. This scheme has been introduced as State Scheme and renamed as "Mukhymantri Bagwani Bima Yojana (MBBY)" in the year 2021-22. 46 Horticulture Crops are covered under MBBY Scheme.

The major objectives of the scheme are as under:

- a) To encourage farmers to raise horticulture crops to increase their income level.
- b) To ensure the financial sustainability of farmers suffering from crop losses due to adverse weather & natural calamities.
- c) To encourage farmers to use innovative & modernize agriculture practices.

There is target to cover 1000 acre area under Mukhymantri Bagwani Bima Yojana (MBBY) for the year 2024-25.

This is a Centrally Sponsored Scheme (50:50 Sharing basis) started in the year 2020-21. Sericulture includes mulberry plantation and rearing of silkworms on the leaves of the plants for production of cocoon and thereafter raw silk. It is land-based activity having several advantages such as labor-intensive low capital investment and good

returns. Sericulture is gaining popularity over the years as a house-hold industry and a remunerative avenue for income generation in rural areas. The bye products like mulberry wood, fruits, waste leave, silkworm litter, silk waste and pupae etc. also supplement the household income on regular basis throughout the year. In this scheme the provision for subsidy is 75% (CS: 50%+SS: 25%+Ben: 25%) for General Farmers and 90% (CS: 65%+ SS: 25%+ Ben: 10%) for SC Farmers.

The primary objective of the scheme is to promote sericulture in favorable ecology & to create productivity employment opportunities in rural areas by promoting sericulture as a cottage industry.

- To bring horizontal and vertical growth in cocoon production in the cluster.
- To harness the available natural resources viz. waste/ degraded land for development for viable and sustainable Sericulture.
- To bring out entrepreneurial abilities among local people.
- To provide need based infrastructure support to silk industry to ensure regular support of raw material to the reeling industry

Code No.	2-10-2403-51-789-92-51	
Name of the Scheme	Livestock Health and Disease Control (SCSP Component)	
Outlay	₹ 4,00,00,000/-	Centre Share: ₹ 2,40,00,000/- State Share : ₹1,60,00,000/-

This scheme includes the following ongoing component for which the Government of India releases funds regularly:-

### (i) Assistance to States for the control of animal Diseases (ASCAD)

The Government of India has approved a macro management centrally sponsored scheme namely "Livestock Health & Disease Control". Assistance to States for the control of Animal diseases (ASCAD) is one of its components. The main object of this scheme is to control economically important diseases of livestock and poultry in the country by way of immunization and strengthening/modernization of existing biological products units/State Disease Diagnostic Laboratories.

### (ii) Foot and Mouth disease Control (FMD) Programme

FMD is the most important livestock disease in term of economic impact though the morbidity rate is high and the mortality rate due to FMD is low. The economic losses caused by the disease are mainly due to loss in milk production, reduction in working ability of working animals, reduction in the body weight leading reduced yields of meat etc. To prevent economic losses due to FMD and to develop herd immunity in cloven-footed animals, a location specific programme called Foot and Mouth Disease Control Programme with 60 % central assistance is being implemented in the entire State under which a major thrust is upon the control and virtual eradication of Foot & Mouth Disease from the country as a whole and Haryana in particular. For this, mass vaccination and routine vaccination of all the susceptible animals within a zone will be undertaken.

### (iii) Control of Brucellosis

Brucellosis is also an economically important abortifacient disease of cattle. Infected cows/buffaloes usually abort in the second half of pregnancy with the squeal of retained placenta, delayed involution, predisposal to secondary bacterial infections and acute or chronic endometritis. In several cases, it may cause ovaro-bursal adhesions resulting into permanent sterility. Some of the infected animals, which carry fetus to term, often give birth to either dead or weak and underweight calves leading to heavy neonatal mortality. Infected cows usually abort once but may continue to shed the organism subsequently, sometimes for life. There is high risk of Brucellosis transmission through artificial insemination as the semen is deposited after passing cervix which officers a protective barrier. Provision has also been made under this scheme for the taking steps to control this disease also. In initial phase, the testing against brucellosis will be undertaken at bull mother farms, sperm production centers and in the areas having high density of good quality livestock.

**(iv) Peste-des-Petits Ruminants Control Programme (PPR-CP)**

Peste-des-petits Ruminants (PPR) also known as 'Goat Plague' is a viral disease that affects goats and sheep, which causes huge financial loss to the livestock farmers and economic loss to the country. The Peste des Petits Ruminants (PPR) is characterized by high fever, inflammation of the gastro-intestinal tract leading to necrosis and ulceration of the mucous membrane and diarrhea. The PPR infection causes huge losses in the rural economy both in terms of morbidity and mortality in sheep and goats. The symptoms of disease are purulent discharge from eyes & nose, sores in mouth, swollen & eroded lips, diarrhea, sudden fever, pneumonia and coughing. Affected animals appear restless, have a dull coat, dry muzzle and depressed appetite and the pregnant animals may abort. The disease is highly contagious the transmission and spread of disease is more in young flocks, disease spreads through direct contact with infected animals, contact with contaminated water & inhalation when affected animals sneeze, feed troughs, contact in markets where animals from different sources are brought together.

<b>Code No.</b>	<b>1-10-3435-03-104-99-51</b>
<b>Name of the Scheme</b>	<b>Climate Change Division</b>
<b>Outlay</b>	<b>₹ 50,00,000/-</b>

National Action Plan on Climate Change (NAPCC) was released in the year 2008 with strategy to meet the challenge of Climate Change. The NAPCC is guided by the principles of sustainable development and aligns the environmental and economic objectives. It outlines a national strategy that aims to enable the country adapt to Climate Change and enhances the ecological sustainability of nation's developmental path. It stresses to maintain high growth rate which is essential for increasing living standards of the vast majority of people of India and reducing their vulnerability of the impacts of Climate Change. There are Eight "National Missions" which form the core of the National Action Plan. They focus on promoting understanding of Climate Change, adaption and mitigation, energy efficiency and natural resources conservation.

<b>Code No.</b>	<b>1-10-3435-03-003-99-51</b>
<b>Name of the Scheme</b>	<b>Setting up of Environment Training Institute at Gurugram</b>
<b>Outlay</b>	<b>₹ 8,00,00,000/-</b>

The main objective of the scheme is to promote environmental sensitivity and knowledge in all sections of the society including industrial units as air, water, hazardous & solid waste pollution being created by industrial units and the persons handling these works are totally ignorant regarding scientific waste from these units. To impart training to these workers of industrial units who are handling ETP, hazardous/solid waste disposal for proper functioning. It is proposed to prepare short films, environmental literature, posters, holding exhibitions, imparting training and advertising in the leading newspaper and other training related to the field of environment. There is no training institute in the State. The department has purchased one acre plot at the cost of ₹800,50,500/- for establishing the Environment Training Institute at IMT Manesar, Gurugram for enhancing competency level of different Stakeholder about Environment & Climate Change related issues. The institute will also undertake the research studies on environmental protection and monitoring of air and water quality.

**Code No.** 1-10-3435-03-190-99-51  
**Name of the Scheme** State Environment Impact Assessment Authority, Haryana  
**Outlay** ₹ 8,50,00,000/-

The State Environment Impact Assessment Authority (SEIAA) Haryana has been setup by Ministry of Environment, Forest & Climate Change, Government of India, on the recommendation of State Government as required under EIA Notification for according environmental clearance to Category "B" Projects covered under EIA Notification dated 14.09.2006 in the State of Haryana.

EIA Notification is applicable since its inception for different projects like Mining Projects (sand mining, stone mining etc), Bio-medical Waste, Common Effluent Treatment Plant, Manufacturing/Storage Units of Hazardous Chemicals and all Construction Projects (more than 20,000 sq.mt. etc.).

The State Environment Impact Assessment Authority was constituted for 3 years from 30.01.2019 to 29.01.2022. During the period 30.01.2019 to 22.09.2021 a total of 508 applications were received for EC/TOR out of which 267 cases has been decided by the SEIAA.

The funds are required for purchase of pool vehicles in SEIAA for purpose for monitoring and control purpose and various site visits, procurement of office items and payment of salary to the Outsourcing Staff engaged in SEIAA for the smooth functioning of the authority.

## FORESTS

### PART-I STATE SCHEMES

(1)

**Code No.** 1-10-2406-01-070-97-51  
**Name of the Scheme** Building  
**Outlay** ₹ 11,00,00,000/-

Forest Department has grown into one of the largest Department of the State. Its assets include offices, residences and rest houses. These require annual maintenance and repairs. A large number of employees in the Department are still without Government accommodation. Thus, there is a need to construct new buildings and maintain the existing building /rest houses.

(2)

**Code No.** 1-10-2406-01-102-68-51  
**Name of the Scheme** Revitalization of Institutions in Aravalli Hills  
**Outlay** ₹ 7,00,00,000/-

Project for rehabilitation of Aravalli Hills was executed by the department during the year 1991-2000. Village institutions were created and plantations were done in almost 350 villages in six districts having Aravalli Hills. After closure of the project, these institutions have become defunct and in several villages, the plantations have become degraded. This scheme was started to revive these institutions to maintain green cover over the Aravalli Hills, one of the oldest mountain systems in the world.

Some enrichment planting will be done in areas where degradation has taken place. Areas will be closed so that natural root stock gets regenerated. Protection trenches / stone wire / wire structures will be constructed and village ponds will be rehabilitated.

The aims of the scheme are as under:

- (i) To maintain and protect the green cover created under "Aravalli Afforestation Project" with the help of Village Forest Committees and other stakeholders.
- (ii) To afforest the barren hills by enrichment plantation with trench-cum -pit method.
- (iii) To protect the barren hills by construction of stone wall fencing so that natural root stock available in the area gets regenerated.
- (iv) To conserve soil and water by construction of water harvesting structures/stone wire / create wire structures in the foothills of Aravalli.
- (v) To construct protection trenches in foot hills of Aravalli to obstruct possible illegal mining activities and also to engage protection watches in these areas.
- (vi) To rehabilitate / construct ponds in the villages of the Aravalli regions for ground water recharge.

(3)

**Code No.** 1-10-2406-01-102-71-51  
**Name of the Scheme** Herbal Nature Park  
**Outlay** ₹ 10,00,00,000/-

This scheme is being implemented to make general public, especially farmers, aware of the importance, scope and potential of herbal plants. Cultivation and propagation of medicinal plants outside forest is important for conservation and meeting the demand of medicinal plants, herbs and shrubs. Government of India has also directed the State to create bio-diversity parks around city areas. 62 Herbal Parks have been established in the State so far. Herbal Parks in big cities will also be developed in PPP model.

Setting up of Herbal parks/cluster of vatikas in each district helps in generating awareness, preserving gene pool and production of quality seeds and seedlings for distribution to farmers. Herbal Gyan Kendras setup inside the park will be utilized to

educate people about the traditional Indian system of medicine. Track Route is proposed to be develop from Kalka to Kalesar.

(4)

<b>Code No.</b>	<b>1-10-2406-01-102-78-51</b>
<b>Name of the Scheme</b>	<b>Development of Agro-forestry Clonal and Non-Clonal</b>
<b>Outlay</b>	<b>₹ 110,00,00,000/-</b>

Agro-Forestry is a dynamic land management system that combines agriculture with forestry, horticulture, medicinal plants and animal husbandry on the same piece of land. It utilizes production potential of land in two to three tiers with suitable crop-tree combinations. The demand of agro-forestry products and services in the country is increasing with rapid economic growth, industrialization and increase in population. Integrated cultivation of agriculture and tree crops is being adopted as a strategy to save natural forests and to ensure sustained supply of raw-material to Wood-Based Industries. Besides Agro-forestry on Private farm lands, the other components of the scheme include creation of wood lots on Panchayat lands/Institutional lands/Community lands / Plantation in households of General/Scheduled Castes families under Plantation of clonal eucalyptus on farm lands of Scheduled Castes. The employment opportunity is provided to Scheduled Castes communities nurseries of the department. In addition, employment opportunities are generated for Scheduled Castes in plantation works under this scheme. The aims of the scheme are as under:

- i) To increase the tree cover outside forests in consonance with the State and National Forest Policies.
- ii) To encourage practice of agro-forestry on farmlands for crop diversification and increase in the productivity of farmlands.
- iii) To raise more plantations on Panchayat lands, institutional lands, community lands and private farm lands and area wise tree census and Geo Tagging
- iv) To create shelter belts (Multiple rows of trees) on private farm lands along national highways, state highways and other main roads to check pollution caused by vehicular traffic.
- v) To plant grafted fruit plants/other plants in households under “Har Ghar Hariyali” campaign.
- vi) To raise seedlings in nurseries for sale/distribution to public.

(5)

<b>Code No.</b>	<b>1-10-2406-01-102-88-51</b>
<b>Name of the Scheme</b>	<b>Afforestation of Waste Land &amp; Agro Forestry Project.</b>
<b>Outlay</b>	<b>₹ 50,00,00,000/-</b>

Afforestation of Wastelands and Agro-Forestry Project was launched in the State in the year 1991-92 to continue as Social Forestry Project. This project covered wastelands including alkali soil, sand dunes, other Panchayat land and agriculture fields which are generally not covered under traditional forestry programme. The Project play vital role in harmonizing the regional imbalance of climate and environment in the State and neighboring areas. The project also promoted social, economic and developmental activities.

To meet with the expenses on salary as per approved cadre of the establishment of the Department under the scheme, the whole salary portion of Strip plantation on Government & development of Agro-Forestry Clonal & Non-clonal Scheme merged in this scheme.

(6)

<b>Code No.</b>	<b>1-10-2406-01-102-90-51</b>
<b>Name of the Scheme</b>	<b>Green Belts in Urban Areas</b>
<b>Outlay</b>	<b>₹ 8,00,00,000/-</b>

The urban areas are adversely affected from vehicular and industrial pollution. The population in the urban areas, therefore, suffers from respiratory and water borne

diseases. Urban Island Heat effect also increases air temperature. The amelioration of urban environment effectively checks the air pollution bringing respite to the residents.

Objectives of the scheme are to take up tree plantation activity in urban area along roads, in parks and in other areas available in various localities for beautification, to convert hot spots as Green Spots after checking the feasibility report and to increase the green cover in urban areas for amelioration of the local environment and to check air pollution.

(7)

<b>Code No.</b>	<b>1-10-4406-01-101-99-51</b>
<b>Name of the Scheme</b>	<b>Scheme for Creation/Purchase of Capital Assets for Forests Wing</b>
<b>Outlay</b>	<b>₹ 50,00,000/-</b>

The objective of the scheme is to meet out the capital expenditure like motor vehicle and furniture of the Department.

## **PART-II CENTRALLY SPONSORED SCHEMES (SHARING BASIS)**

(8)

<b>Code No.</b>	<b>2-10-2406-01-101-96-51</b>
<b>Name of the Scheme</b>	<b>Agro-forestry under National Mission for Sustainable Agriculture (NMSA) Centrally Sponsored Scheme.</b>
<b>Outlay</b>	<b>₹ 1,00,00,000/-</b>
	<b>Centre Share: ₹ 60,00,000/-</b>
	<b>State Share : ₹ 40,00,000/-</b>

This is a Centrally Sponsored Scheme which is being implemented on 60:40 sharing basis. The main objectives of the scheme are as under:-

- (i) To establish modern nurseries for raising quality plants to be used under this scheme.
- (ii) To undertake plantation on farmers field in the form of bund planting/block plantations.
- (iii) To increase the tree cover in the State.
- (iv) To provide employment opportunities to local people in the selected districts under this scheme.

The following target of development will be achieved in the year 2024-25:-

1. Low density block plantation.
2. Capacity Building and Training.
3. Plantation along boundary and periphery.

The tree cover in the State will increase by implementation of this scheme. The farmers/beneficiaries of this scheme will be benefited by sale of the farm produce. No new staff is being proposed.

(9)

<b>Code No.</b>	<b>2-10-2406-01-102-64-51</b>
<b>Name of the Scheme</b>	<b>National Afforestation Programme (National Mission for Green India)</b>
<b>Outlay</b>	<b>₹ 100,00,00,000/-</b>
	<b>Centre Share: ₹ 60,00,00,000/-</b>
	<b>State Share : ₹ 40,00,00,000/-</b>

This is a Centrally Sponsored scheme which is being implemented on sharing basis (60:40). Green India Mission (GIM) is one of the eight Missions identified under the National Action Plan on Climate Change (NAPCC). The GIM aims to address key concerns related to Climate Change in the forest sector, namely: Adaptation, Mitigation, Vulnerability and Ecosystem Services. GIM is to be implemented based on landscape (L-1), Sub landscape (L-2) and L-3 landscape. Prospective Plan for the GIM has been

prepared and submitted to Government of India. Funds are likely to be released by Government of India after approval of the Prospective Plan.

	(10)	
Code No.	2-10-2406-01-102-74-51	
Name of the Scheme	Integrated Forest Protection Scheme	
Outlay	₹ 3,00,00,000/-	Centre Share: ₹ 1,80,00,000/- State Share : ₹ 1,20,00,000/-

This is a Centrally Sponsored scheme which is being implemented on sharing basis (60:40).

The main objectives of the scheme are as:

- Protection of forests from devastating forest fires.
- Protection of forests against illegal encroachment.
- Infrastructure development for frontline staff.
- Enhancement of e-Governance initiatives.
- Procurement of Forest Fire Control Tools and equipments etc.
- Construction and maintenance of Fire lines.

The targets achieved under the scheme include maintenance of fire lines in the forest areas, demarcation of forest boundaries, infrastructure development for frontline staff and creation of awareness amongst local population.

World over, the efforts are being made to protect and conserve the forests for healthy and clean environment. Government of India launched "Integrated Forest Protection Scheme", commencing from the year 2002-2003. The scheme makes judicious use of all available methods for better protection and conservation of forest resources of the country. These methods include management of forest fires, maintenance of fire lines, purchase of firefighting equipment, demarcation of forest boundaries, enumeration of trees, improving communication through wireless equipments and creation of awareness among the local masses. These methods also include control of forest fires, creation of fire lines and fire watch towers and fire mapping. After initiation of this scheme, the annual loss of forests and wildlife during the fire season has considerably come down.

## WILD LIFE PRESERVATION PART-I STATE SCHEMES

(1)

<b>Code No.</b>	<b>1-10-2406-02-110-93-51</b>
<b>Name of the Scheme</b>	<b>Wild life Protection in Multiple Use Area</b>
<b>Outlay</b>	<b>₹ 11,00,00,000/-</b>

This scheme is for protection of wildlife and extension activities. It is proposed to encompass all these into one scheme and expand the activities for improvement of habitat for wildlife, especially for birds outside protected areas and for promotion of facilities for eco-tourism. Additional check posts and regulatory chain gate at entry points will be established for apprehending poachers and illegal trade in wildlife produce. A very effective means of protection of wildlife is through education of the common masses, farmers, teachers and students. Holding nature education camps, preparing the educational material and such other activities are included in this scheme. It is also proposed to strengthen the information on the wildlife resources in the State. For this census of wildlife in the protected areas needs to be carried out. In-service training of the forestry staff in the wildlife and in-service training for up-grading the skills of the wildlife staff for better management of resources in the State has been proposed and incorporated. In recent years unusual mortality of peacocks, partridges and quails has been reported. Excessive use of pesticides/insecticides in agriculture may be harming the birds. The survival of these birds is important for agriculture because they protect the crops from insect pests. There are several important bird areas outside National Parks and Sanctuaries that will be developed. Activities to encourage publicity, extension and eco-tourism will be undertaken. Rewards/Incentives will be given to informer of wildlife offence under the scheme.

In addition, Haryana Forest and Wild Life Department has started a scheme for the adoption of animals and birds in Zoos and Deer Parks of the State to generate love for animals and birds. Maintenance of National Parks/Wildlife sanctuaries and repair of old buildings will be done through this scheme.

Through the implementation of this scheme, the wildlife in the State will be better conserved and protected and any adverse effect on human and live stock population and agriculture due to decline in wildlife will be checked.

(2)

<b>Code No.</b>	<b>1-10-2406-02-800-98-51</b>
<b>Name of the Scheme</b>	<b>Extension of Zoos &amp; Deer Parks.</b>
<b>Outlay</b>	<b>₹ 8,00,00,000/-</b>

The Zoos in the country have to follow the guidelines issued by the Central Zoo Authority (CZA) of Ministry of Environment, Forest & Climate Change (MOEF&CC) (GOI) and these have to be approved by it. In the absence of adequate resources for the management of Zoos, three Zoos were closed in the State and only three Zoos at Pipli, Bhiwani and Rohtak were given provisional approval by CZA. CZA has given specific requirement of space and facilities for each species of wild animal kept in the Zoo. The layout plan for Pipli and Rohtak Zoos has been prepared and submitted for approval to CZA. Although some cages at Pipli and Rohtak Zoos fit into these specifications, there are other enclosures that need to be renovated and enlarged. CZA provides adequate funds for such works, although the basic responsibility of maintaining the Zoos lies with the State Government. More cages are required to be constructed as per CZA guidelines. As indicated above following Zoos, Deer Parks and Peacock and Chinkara Breeding Centre will be developed /maintained under the scheme.

1. Mini Zoo, Pipli.
2. Mini Zoo, Rohtak.
3. Mini Zoo, Bhiwani.
4. Deer Park, Hisar.
5. Peacock and Chinkara Breeding Centre Jhabua, Rewari.
6. Crocodile Breeding Centre, Bhoursaidan

This is a Centrally Sponsored Scheme on 60:40 sharing basis between Centre and State. The erstwhile "Assistance for Development of National Parks and Sanctuaries" was modified and renamed as 'Integrated Development of Wildlife Habitats'. The objectives of the scheme are as under:

1. Support to Protected Areas (National Parks, Wildlife Sanctuaries, Conservation Reserves and Community Reserves).
2. Protection of Wildlife outside Protected Areas.
3. Recovery Programmes for saving critically endangered species and habitat.

In Haryana, the wildlife conservation is being achieved through in-situ and ex-situ conservation strategies. There are 2 National Parks, 7 Wildlife Sanctuaries and 2 Conservation Reserves in the State subjected to in-situ conservation. A Jatayu (Vulture) Conservation and Breeding Centre is established at Bir-Shikargah near Pinjore in collaboration with Bombay Natural History Society (BNHS). Under the Integrated Development of Wild Life Habitat Scheme, following activities may be implemented with a view to support Protected Areas (PAs), providing protection to wildlife outside Protected Areas (PAs) and in developing research base for safeguarding critically endangered species.

1. Regular research projects can be given to Lala Lajpat Rai University of Veterinary Sciences, Hisar to monitor the behavior and adverse effect on their health in captivity for Zoos in Haryana.
2. Various wildlife conservation activities in the protected areas for the development, management and improving the Wildlife habitat.
3. Various habitat enrichment and protection activities for wildlife found outside protected areas including wetlands.
4. Empowering the staff in effectively carrying out their duties by developing infrastructure like vehicle, communication system and procuring weapons/tranquilizer guns, medicines and other tools for rescue operations etc.

National Parks, Sultanpur and Kalesar, Vulture conservation and Breeding Centre, Pinjore and other wildlife sanctuaries will be developed and habitats will be improved which is very important for wildlife conservation.

As we are aware that Bhindawas Wetland and Sultanpur Wetland declared as Ramsar Sites and these Lakes and Wetlands are important parts of our eco-systems, which are effective in the flood control, waste water treatment, recharging the aquifers and also serve as natural habitat for migratory birds. Hence, the objective of the scheme is to restore and conserve the unique fresh water eco-systems in urban and semi-urban lakes degraded due to waste water discharge in the lake and other unique freshwater ecosystems. There are two wetlands in Haryana viz. Sultanpur Wetland and Bhindawas Wetland which are notified as sanctuaries under Wildlife Protection Act, 1972. Both of these wetlands carries out habitat improvement activities like deepening of lake area, weed removal from the lake surrounding area, development of watch tower/birds sighting sites, ecosystem stability by introducing fish fingerling etc. Other activities include improving the research base and scientific management by assessing the water quality and identification of flora and fauna in these wetlands. The financial assistance for carrying out new activities in Sultanpur Wetland and Bhindawas Wetland has been provided under National Wetland Conservation Programme (NWCP), Ministry of Environment, Forest and Climate Change with funding on a cost sharing basis of 60:40 between the Central Government and State Government.

<b>Code No.</b>	<b>1-11-2425-51-107-76-51</b>
<b>Name of the Scheme</b>	<b>Mukhya Mantri Dugdh Utpadak Protsahan Yojana in Haryana.</b>
<b>Outlay</b>	<b>₹ 100,00,00,000/-</b>

To give remunerative prices to the milk producers for sustainable growth of Dairy Sector, subsidy is paid in addition to existing rate to milk pourers of cooperative milk societies during lean period from April to September. The subsidy is paid on the basis of the quantity of milk supplied by the milk pourer. Further, it is proposed to extend the subsidy throughout the year which will help in inducting more milk producers members in the Dairy Cooperatives Societies, as it will help the milk producers financially. Hon'ble Union Home and Cooperation Minister during his visit in Antyodaya Mahasammelan at Karnal on 02.11.2023 made an announcement that Rs. 10/- per litre shall be provided to the Antyodaya families for supply of milk to the milk unions upto one year.

The subsidy is paid on the basis of the quantity of milk supplied by the milk pourer. For the year 2024-25, the subsidy under the scheme is proposed based on the quantity of milk by giving subsidy per litre of milk both for Cow & Buffalo Milk and an additional deduction of Rs. 1/- in the milk rate chart of buffalo milk having Fat below 6% and Solid-not-Fat (SNF) below 8.4% may also be made as was done last year. The scheme is proposed as under:-

- Rs. 5/- per litre of milk during the lean period from 01.04.2024 to 30.09.2024
- Rs. 3/- per litre of milk for the period 01.10.2024 to 31.03.2025

- Rs. 10/- per litre shall be provided to the Antyodya families for supply of milk to the milk unions upto one year.

The benefit of the scheme will be that the milk producers will get per litre higher prices of milk and it will help to improve financial position of the members. The Dairyfed will also increase their quantum of milk procurement that is essential to meet the requirement of increased demand of milk and milk products.

State Share : ₹ 24,00,00,000/-

The Ministry of Home Affairs, Government of India has started Multi-Sectoral Development Programme in the year 2008-09 and this scheme was restructured as "Pradhan Mantri Jan Vikas Karyakaram (PMJVK)" w.e.f. 01.04.2018 to address the development deficits of the identified Minority Concentration Areas. The areas for implementation of PMJVK has been identified on the basis of substantial population of minority communities i.e. 25% of minority population in the area and backwardness parameters in the area concerned which are below the national average on the basis of the Census-2011.

Under this scheme, infrastructure will be created to improve the quality of life of people and to reduce the imbalances in the identified minority concentration areas to be at par with the rest of the country. 80% of the resources would be utilized for projects relating to education, health and skill development out of which at least range to 33-40% will be earmarked for creation of assets/facilities for women/girls. This scheme has been mainly focused on convergence the existing infrastructure development under different programmes of Government of India along with newly taken up innovative projects. In Haryana State, the following 15 blocks of 7 districts have been identified to develop socio-economic assets and basic amenities in the concerned area:

Sr.No.	Districts / Minority in domination	Name of Block	
1	Sirsa (Sikh)	1	Odhan
		2	Dabwali
		3	Baragudha

<b>Outlay</b>	<b>₹ 70,00,00,000/-</b>

Under this scheme, State has covered 142 Development blocks at present. For the proper and efficient functioning, it is essential that the block offices/Zila Parishad offices housed in rented buildings are provided their own buildings. Besides, with the passage of time, the buildings of old blocks become

un-safe and need to be replaced with new buildings.

Beside above, another main objective for launching the scheme of Gram Sachivalyas is to bring Gram Panchayat and Village-level Functionaries of all departments under one roof for better functioning & coordination. It aims to ensure efficiency, transparency and accountability in the working of Gram Panchayat and other agencies engaged in the process of rural development. 1856 Gram Sachivalyas have been established in the State. For this purpose, the Rajiv Gandhi Sewa Kendras, Panchayat Ghars or any other suitable community building available in Gram Panchayats will be upgraded and basic IT facilities (infrastructure and hardware) will be provided in order to set up Gram Sachivalyas. New Block office buildings and Zila Parishad Bhawans are also constructed under this scheme.

It is a Centrally Sponsored scheme (sharing basis 50:50). The main objectives of the scheme are:-

- a) Survey/Resurvey and Updating of Survey and Settlement Records (including ground control network and ground trusting).
- b) Modern Record Room/Land Records Management Centre at Tehsil/Sub Tehsil level.

The Government of India decided to implement the Centrally Sponsored Scheme in the shape of the National Land Records Modernization Programme (NLRMP) by merging two existing centrally-Schemes of Computerization of Land Records and Strengthening of Revenue Administration and Updating of Land Records in the Department of Land Resources, Ministry of Rural Development. The integrated programme aimed at modernization and management of land records, minimize scope of land dispute, enhance transparency in the land records maintenance system, and to facilitate moving eventually towards guaranteed conclusive titles for immovable properties in the country. This scheme is being implemented from the year 2010.

Haryana Space Applications Centre (HARSAC), the nodal agency for Geographic Information System work in the State, had been entrusted to accomplish the job of digitization of cadastral maps and scanning of old records under this programme. HARSAC allotted the work to four executing agencies selected through RFP process. Revenue Department had made a proposal to modernize the tehsil level revenue record room and providing the compactors/optimizers for storage of revenue records and computers, printers etc. to provide copies of scanned revenue records to public, on demand.

The Government of India has decided to implement the Centrally Sponsored Scheme in the shape of the National Land Records Modernization Programme (NLRMP) by merging two existing centrally sponsored Schemes of Computerization of Land Records and Strengthening of Revenue Administration and Updating of Land Records in the Department of Land Resources, Ministry of Rural Development. The integrated programme would modernize management of land records, minimize scope of land dispute, enhance transparency in the land records maintenance system, and to facilitate moving eventually towards guaranteed conclusive titles to immovable properties in the country. This scheme is being implemented from the year 2010.

The main objectives of the scheme are:-

- a) Data entry of legacy encumbrance data
- b) Scanning & preservation of old documents
- c) Data entry of valuation details
- d) Computerization of registration work
- e) Computerization of SROs.
- f) Connectivity of SROs with Revenue Offices

Development of a modern, comprehensive and transparent land records management system is to be set up. The system will be based on following basic principles.

- A single window to handle land records (including the maintenance and updating of textual records, maps).
- Timely issuance of copies of land records in the shortest possible time to those who need it.
- Transparency in matters of registration of documents, sanction of mutations and aspects of public dealings.
- Creation of land records information system, which automatically updates revenue record by bringing all the revenue entries on-line.
- Creation of land information system and database for effective reforms, revenue administration and development at grass root level.
- Low cost easy storage medium for revenue records and database and efficient retrieval of information both spiritual and textual.
- Land disputes will be minimized.

The State Government had constituted Mewat Development Board (MDB) in 1980 with the vision to ameliorate the conditions of poverty, unemployment, economic and social backwardness and to raise the standard of living of the people in the Mewat area consisting of six blocks of Nuh District viz Nuh, Tauru, Ferozepur Jhirka, Nagina and Punhana and one block of Palwal district namely Hathin to provide special funds for the development of these areas. Mewat Development Agency (MDA) is the executing Agency for the specific development programmes in this backward region.

The Government provides Grant-in-Aid for on-going schemes/activities to create infrastructure and basic amenities in the field of education, drinking-water supply, water harvesting, agriculture, animal husbandry, women empowerment, sanitation, community development etc.

In 2018, National Institution for Transforming India (NITI) Aayog started Aspirational District Programme to identify and support the most backward districts of India. Out of 108 districts selected by the NITI Aayog, Mewat scored lowest among all the indicators. Hence, Mewat was tagged as the most backward district of the country. Mewat Development Agency being the nodal agency for the development of Mewat district (now known as Nuh district) has very high responsibility to meet the expectation of the people of the region. Mewat Development Agency works in various sectors, either alone or with the support of line departments, for the upliftment of the region.

The major components of development are as follows:-

1. Female Health, Immunization and Nutrition
2. Scholarship & Coaching
3. Skill Development Trainings
4. Animal Husbandry:

## MAJOR & MEDIUM IRRIGATION PART-I STATE SCHEMES

(1)

<b>Code No.</b>	<b>1-19-2700-80-190-98-51</b>
<b>Name of the Scheme</b>	<b>Grant-in-Aid to Haryana Irrigation &amp; Research Management Institute (HIRMI)</b>
<b>Outlay</b>	<b>₹ 8,00,00,000/-</b>

The temporary/regular staff at Haryana Irrigation & Management Institute, Kurukshetra provides training to the engineers and other allied staff of Irrigation and Water Resources Department. In addition, field trainings to the farmers are also being provided by HIRMI to create the awareness about latest technologies in the water sector among the stakeholders. The Government provides funds in the shape of grant-in-aid to Haryana Irrigation & Research Management Institute (HIRMI) at Kurukshetra. The scheme covered under SDG 6 & 8 with the aim to enhance skill and create awareness for water conservation through latest techniques & technology of stakeholders in irrigation & agriculture sector.

(2)

<b>Code No.</b>	<b>1-19-2700-80-800-98-51</b>
<b>Name of the Scheme</b>	<b>Improvement, Up-gradation, Operation &amp; Maintenance</b>
<b>Outlay</b>	<b>₹ 60,00,00,000/-</b>

Provision of funds is to be made for improvement, up-gradation, operation & maintenance of the existing channels/drains and office/ residential/ rest house buildings of the Department to get the intended benefits, which are not being accrued due to deterioration of the system. This will also include repair of canal network in Bhakra, Yamuna and lift irrigation system and drainage system in Ghaggar and Yamuna Basin. Maintenance includes repair of lining, pucca structures and earth work. The scheme covered under SDG 6 with the aim of unrestricted flow in canal and drainage network of the state to achieve the target of "Har Khet Ko Paani".

(3)

<b>Code No.</b>	<b>1-19-2700-80-800-96-51</b>
<b>Name of the Scheme</b>	<b>Compensation to Farmers for Loss of their Crop due to Breach of Canal</b>
<b>Outlay</b>	<b>₹ 50,00,000/-</b>

Irrigation and Water Resources Department, Haryana is maintaining the irrigation canal network with its best efficiency and efforts. However, due to shortage of regular watch and ward staff and natural reasons such as rat/ snake holes, weak bunds etc. some unexpected breaches of canal occurred and because of which the water is filled up in the adjoining fields and sometimes standing crops were damaged. The farmers of the adjoining fields whose crops were damaged have to bear the loss without any fault. The Government has decided that compensation to farmers for loss of their crop due to breach of canal will be given after confirming the assessment of field and District authorities. The approval of Government for case to case basis as per the recommendation of District Level Authorities shall be taken-up. The scheme covered under SDG 2 for compensation of livelihood to the farmers for loss of crops due to accidental breach of canal in the State.

(4)

**Code No.** 1-19-4700-05-800-98-51  
**Name of the Scheme** Dam & Appurtenant Work  
**Outlay** ₹ 50,00,00,000/-

11 Dams namely Dudhgarh Dam, Bhud Dam, Khetpurali Dam, Chicken Dam, Kansali Dam, Ambawali Dam, Khillanwalla Dam, Nagli dam, Darapur dam, Lohgarh dam & Dhanaura Dam with the estimated storage capacity of 36.10 Million Cubic Metre on various tributaries of River Yamuna have been approved by Govt. The Forest, Wild Life, Environment, Upper Yamuna River Board (UYRB) clearances for these dams are in-process.

Also a weir is proposed to be constructed on the upstream abandoned Tajewala Head Works, is anticipated to start in the FY 2024-25. Actual budget requirement shall be worked out after getting the clearances of various agencies for construction of 11 small dams. The scheme covered under SDG 6 & 9 to ensure availability of additional water through regulated supplies by enhancing the storage of water during Monsoon period.

(5)

**Code No.** 1-19-4700-07-800-98-51  
**Name of the Scheme** Construction of Canal (SYL)  
**Outlay** ₹ 100,00,00,000/-

Satluj Yamuna Link (SYL) Project was conceived in the year 1978 to bring Haryana share of Ravi-Beas Water. This project consisted of two segments, one lying in Haryana (91kms.) and other in Punjab (121kms.). Haryana completed its portion of the channel in year 1979 at a cost of ₹56.00 Crore, but Punjab has not so far completed the canal in its territory. The completion of SYL Canal will bring full share of Ravi Beas water to Haryana and potential created through various projects such as Jawahar Lal Nehru Lift Irrigation Scheme, Loharu Lift Irrigation Scheme, Rewari Lift Irrigation Scheme and Gurugram Canal will be fully utilized. The Hon'ble Supreme Court of India has decided the case in favor of Haryana and it is likely that SYL canal would be completed. The scheme covered under SDG 6 to get legitimate share of water from Ravi & Beas rivers through Satluj Yamuna Link (SYL).

(6)

**Code No.** 1-19-4700-11-800-97-51  
**Name of the Scheme** Dam Rehabilitation and Improving Project (DRIP) for Bhakra Beas Management Board  
**Outlay** ₹ 5,00,00,000/-

To strengthen Dam Safety Management and Institutional Capacity Building of Bhakra Beas Management Board, Dam Rehabilitation and Improving Project (DRIP) has been approved as Flagship scheme of Ministry of Jal Shakti (MOJS), Government of India and being the partner State, Haryana intends to participate in this programme. The safety of ageing Dams of BBMB is principal concern and thus rehabilitation and improvement proposals for all 4 Dams of BBMB including proposal to reduce silt ingress into Bhakra and Pong Reservoirs are very significant for increasing the life expectancy of Dams and Reservoirs. DRIP seeks to promote new technologies and use of new material with technical and financial support of World Bank. The Project DRIP is to be implemented with the help of World Bank over a period of 10 years in two phases, with each phase of six years duration and an overlap of two years over each other. The scheme covered under SDG 6 with the aim to increase life expectancy and reduction of silt ingress in all the four dams of BBMB.

<b>Code No.</b>	<b>1-19-4700-13-001-Capital Outlay on Major Irrigation-Modernization and Lining of Canal Systems – Direction &amp; Administration</b> <b>1-19-4700-13-001-88-51-Pensionary Charges</b> <b>1-19-4700-13-001-89-51-Special Revenue</b> <b>1-19-4700-13-001-91-51- Executive Engineer</b> <b>1-19-4700-13-001-92-51- Superintending Engineer</b> <b>1-19-4700-13-001-93-51-Chief Engineer</b>
<b>Name of the Scheme</b>	<b>4700-13-001-Capital Outlay on Major Irrigation-Modernization and Lining of Canal Systems – Direction &amp; Administration Pro rata transfer of Establishment Charges from 2700-02-001-87-51</b>
<b>Outlay</b>	<b>₹ 182,05,00,000/-</b>

As per Article 42 of Account Code Volume-III, the establishment charges are to be booked towards Capital side on prorata basis to justify the capital expenditure in commercial departments. In the previous years due to non-provision of budget in these schemes, AG, Haryana booked the expenditure on prorata basis, due to which para of excess over voted Grant is being framed and same is to be got regularized from Haryana Vidhan Sabha regularly. In order to stop this practice, it has been desired to make the budget provision for establishment under these schemes. At the end of the FY AG Haryana calculate the establishment cost on prorata basis on actual capital expenditure of the scheme and book the same in these schemes after deducting the expenditure of establishment from revenue head 2700-02-001-87-51. The scheme covered under SDG 6 & 8 with the aim to settle annual accounts as per Accountant General, Haryana Manual for smooth working of the department

<b>Outlay</b>	<b>₹ 150,00,00,000/-</b>

Most of the canal system in Haryana is about 45 years old. The rehabilitation and modernization of existing system is being given priority to improve the hydraulic flow conditions and to reduce losses to achieve the designed efficiency of water carrier/feeder distribution network. More stress more efforts are being to bring back the canal system to its designed/required parameters and efficiency with the minimum possible investment. The major rehabilitation work with estimated cost of Rs. 995 Crore have been taken-up on Siwani canal, Jui Feeder, Dadri feeder, Risalia khera sub minor, Bharawas sub minor, Sirsa Major, Lohari minor, Sahuwas minor, Hassanpur minor, Bir minor, Kishanpur minor, and distributaries of Bainswal, Kural, Rattanthai, Khol, Nikhri, Bawal, Jeetpur, Kamalpur, Jhabwa, Rattanpur, Kheri Motla, Tankri, Bidawas, Pranpura, Bolni, Raliawas, Sorra etc. during FY 2023-2024 & 2024-25. Due to merger land holding of scheduled castes population in the State, no rehabilitation of canal network scheme could benefit directly to scheduled castes population. However, flow of benefit in terms

of employment and drinking water to SC population can be ensured. This is for improvement in construction works and rehabilitation of existing canal network for efficient distribution of water. The scheme covered under SDG 6 & 10 with the aim to supply of more water for irrigation & other purposes to the satisfaction of stakeholders.

**Name of the Scheme** Improving Capacity of Western Jamuna Canal (WJC) & Jawahar Lal Nehru (JLN) Canal System.  
**Outlay** ₹ 5,00,00,000/-

The basic concept of the project is to utilize maximum Yamuna water during rainy season particularly for the water-deficit Southern part of Haryana. Further, WJC carrier system is not designed to run all the off-taking channels during rainy season when sufficient water is available in Yamuna River. The WJC Carrier system has been designed in a manner that all the off-taking canal systems from Khubru, Munak and Indri will be able to run simultaneously, if there is demand in the area and no rotational programme would be enforced when sufficient water is available during rainy season. The majors works namely "Construction of PLC from RD 0 to 60000, Remodeling of Augmentation Canal from Km 0.00 to Km 75.250 i.e up to merging point with WJC Branch, Remodeling of PD Branch are approved under NABARD & in-progress. However, some leftover works shall be carried out under this head. This will help not only to meet with the drinking & irrigation needs of the water starved area of South Haryana. The scheme covered under SDG 6 with the aim to supply of additional water in the state from Hathni Kund Barrage during the monsoon period.

Punjab is supplying only a part of Haryana's share of Satluj and Ravi-Beas water through Bhakra Main Line Canal at RD 390000 and Narwana Branch Canal at RD160000. Due to constant running of these channels since 1954, designed carrying capacity of these channels has been reduced from 10794 Cs. to 9500 Cs. In order to restore this authorized capacity and for special repairs to be carried out for maintaining the capacity of the channels, so that Haryana keeps on getting uninterrupted authorized share of the State, funds are being allocated to Punjab Irrigation Department on the basis of estimates submitted by it after taking administrative approval of Government. The scheme covered under SDG 6 with the aim to get the indented supply of Bhakra water in the State through interstate carrier channels in the territory of Punjab.

**Name of the Scheme** Equity Capital to Haryana Vidyut Prasaran Nigam Limited (HVPNL)  
**Outlay** ₹ 1,00,00,000/-

Haryana Vidyut Prasaran Nigam Limited (HVPNL) is a State Transmission Utility declared under Section 39 of the Electricity Act, 2003. The proposed investment will strengthen the communication of the transmission system. The State Government is supporting power project to the extent of 20% of the cost of the works which is used as margin money and balance 80% is raised by the company from financial institutions.

HVPNL is the co-owner of BBMB projects with other partner States. BBMB is executing Resource & Management of Nangal project which will enhance the production capacity of the plant and will in turn benefit the partner States including Haryana. The partner States are contributing to the project in the power sharing ratio which consists of loan from Rural Electrification Corporation Limited taken by the Utilities and Budget support from the State Government.

<b>Code No.</b>	<b>1-19-2810-51-101-98-51</b>
<b>Name of the Scheme</b>	<b>Installation of Solar Water Pumping System in the State</b>
<b>Outlay</b>	<b>₹ 400,00,00,000/-</b>

This is a NABARD aided scheme introduced during 2018-19. Under this scheme, Solar Water Pumping Systems are provided to the farmers with 75% subsidy (30% MNRE+45% State) under Pradhan Mantri Kisan Surakshaevam Utthaan Mahabhiyan (PM KUSUM).

About 65.2 % population of the State lives in the rural area and agriculture is the mainstay of their livelihood. Renewable Energy sources are available in abundance and these are sufficient to meet energy demand for irrigation. Medium and Small Farmers in the State are using diesel pump sets to irrigate their fields. These pumps create pollution and affect the climate. Solar Pumps are very useful for meeting the irrigation needs of the farmers and are pollution free. Once the system is installed, there are no recurring & running expenditure in their day to day working, thus helping these small farmers in earning sustainable income from their farming.

Ministry of New and Renewable Energy (MNRE), Government Of India have empanelled firms for the supply, installation and commissioning of 3 HP to 10HP capacity. The Govt. has proposed 70,000 solar water pumping systems for providing the same to the farmers with 75% subsidy (State+MNRE).

**Eligibility Criteria:**

- (i) Individual farmers will be supported to install standalone solar agriculture pumps of capacity up to 10 HP for replacement of existing diesel agriculture pumps/irrigation Systems in off-grid areas, where grid supply is not available.
- (ii) Water User Associations, Gaushalas and community/cluster based irrigation system will also be covered under this component. However, priority would be given to small and marginal farmers.
- (iii) These solar water pumping systems shall only be provided to the farmers who opt for micro-irrigation (drip/sprinkler) and/or Under Ground Pipe Lines (UGPL) in their field.

**Type/Mode of Benefit:**

Upfront subsidy @75% of Pump cost is provided to eligible categories only for irrigation purpose.

a) Long term objective	To reduce the dependence on conventional power and to replace diesel pumps so as to save the environment.
b) Medium term objective (5 years horizon)	From 2020-21 to 2022-23, 50,230 solar water pumps with capacity ranging from 3-10 HP were installed. In the year 2023-24, against the target of 65,000 solar water pumps, 17,188 have been installed till date, and the remaining are under installation.
c) Annual objective & impact expected	Keeping in view the demand for solar pumps, 70,000 solar water pumping system are proposed to be installed during the year 2024-25.

Code No.	1-19-2810-51-101-99-51
Name of the Scheme	Grid Connected Roof Top (GCRT) SPV Power Plant Programme
Outlay	₹ 12,40,00,000/-

Under this Scheme, Installation of GCRT Solar Power Plants in Social Sector Institute, Installation of GCRT Solar Power Plants in Scheduled Caste and Backward Classes Dharmshalas , Programmes of LED based SPV Home Lighting, SPV Street Lighting System for Rural areas, CBP/IBP/NSBP are to be implemented during the year 2024-25.

**(1) Scheme for installation of GCRT Solar Power Plants in social sector institute**

This scheme has been formulated to meet the energy requirement of social sector institutions run by the State Govt. / Non Govt. Organisations like Gurukuls, working women hostels, orphanages, Deaf and Dumb Centres, Creches, Old age homes, Bal Greh, Nari Niketans, Bal Niketans, Hostels, Charitable Institutions, Natural Treatment Centres, Red Cross Institutes etc. Under the scheme, GCRT Solar Power Plants will be installed on 50% financial assistance basis and the balance 50% of the project cost is to be borne by the beneficiary institution.

Grid Connected Roof Top (GCRT) Solar Power Plants (without battery bank under CAPEX mode) of capacity upto 50 KW or sanctioned load whichever is lower, shall be allowed under the scheme or Grid Connected Roof Top (GCRT) Solar Power Plants (Hybrid, with battery bank under CAPEX mode) of capacity upto 10 KW or sanctioned load whichever is lower, shall be allowed under the scheme. A maximum of 1.0 MW capacity Grid Connected Roof Top (GCRT) Solar Power Plants (with/without battery bank under CAPEX mode) shall be installed annually under the scheme on "First Come First Serve".

**(2) Scheme for Installation of GCRT Solar Power Plants in Scheduled Caste and Backward Classes Dharmshalas**

This scheme has been formulated to meet the energy requirement of Scheduled Caste and Backward Classes Dharmshalas with solar energy. Under the scheme, GCRT solar power plants will be installed on 75% State financial assistance basis and the balance 25% of the project cost is to be borne by the beneficiary Dharmshala. Grid Connected Roof Top Solar Power Plants (with/without battery bank under CAPEX mode) of capacity upto 5 KW or sanctioned load whichever is lower, shall be allowed under the scheme.

A maximum of 1.0 MW capacity Grid Connected Roof Top Solar Power Plants (with/without battery bank under CAPEX mode) shall be installed annually under the scheme on "First Come First Serve".

**(3) Solar Photovoltaic Street Lighting for Rural Area's**

The solar street lights shall help in illumination of the community places in villages and will help in popularizing green and clean power. These systems shall help to conserve electricity and increase social security in rural areas. The system shall be installed through rate contract/purchase finalized by the competent authority of the State Government. 5000 Solar Street Lighting System and 1000 Solar High Mast lighting Systems are proposed to be installed in the year 2024-25.

## INDUSTRIES & COMMERCE PART- I STATE SCHEMES

(1)

**Code No.** 1-19-2851-51-101-97-51  
**Name of the Scheme** Development of Infrastructure under Haryana Enterprises and Employment Policy 2020.  
**Outlay** ₹ 145,00,00,000/-

The Government of India had launched the scheme for Assistance to States for Developing Export Infrastructure and Allied Activities (ASIDE) with an objective to involve the states in the export effort by providing assistance to the State Governments for creating appropriate infrastructure for the development and growth of exports. Later on, a partial modification has been made in the existing ASIDE Scheme and a new Scheme namely "State Industrial Infrastructure Development Scheme (SIIDS)" was launched by the State Government with an objective to create/upgrade the Industrial Infrastructure in the State.

The Haryana Enterprises & Employment Policy, 2020 has been notified on 29.12.2020 by the Government of Haryana whereby several schemes of Incentive & Infrastructure were formulated. It was decided by the Higher Authority that new projects sanctioned under SIIDS will be dealt by MSME and the old ongoing projects sanctioned till date under EPP-2015 will continue to be dealt by the Directorate of Industries. The funds are required for releasing the payment to the implementing agencies i.e. HSVP, HSIIDC & UHBVN, DHBVN.

(2)

**Code No.** 1-19-2851-51-102-65-51  
**Name of the Scheme** Incentives for Development of Industries under Haryana Enterprises and Employment Policy 2020.  
**Outlay** ₹ 100,00,00,000/-

The Government of Haryana had launched the scheme for infrastructure support and ease of doing business to attract investment in the backward areas rather there is a need to provide one of the major fiscal incentive of investment subsidy on VAT/ SGST, Capital Subsidy, Stamp Duty & Employment Generation for reducing cost of doing business to make the industry competitive and sustainable. These schemes are for Ultra Mega Projects, Mega projects, Large Units, Textile Sector, Agro and Food processing sector, Footwear Sector and Defence/ Aerospace/ Electronics/ Auto Components/ Railways.

(3)

**Code No.** 1-19-2851-51-102-69-51  
**Name of the Scheme** Rebate on Interest to Entrepreneurs with the Disabilities for purchase of industrial plots.  
**Outlay** ₹ 1,25,00,000/-

The entrepreneurs with disabilities (Rights of Persons with Disabilities (RPwd) Act, 2016) shall be allotted 5% Industrial Plots of the total number of Industrial plots available for allotment on preferential basis for the establishment of Industrial unit. However, same price of plot would be charged as applicable to General Category. The interest on installments to be paid shall be 8% and interest including penal interest, if any, shall be @11%. The interest/penal interest on installments will be subject to change as per policy of Developing Agency i.e. Haryana State Industrial & Infrastructure Development Corporation (HSIIDC). The difference in amount due to less rate of interest on installments shall be paid by the department to the Developing Agency i.e. Haryana State Industrial & Infrastructure Development Corporation (HSIIDC).

<b>Code No.</b>	<b>1-19-2852-07-202-98-51</b>
<b>Name of the Scheme</b>	<b>Setting up of Instruments Design, Development &amp; Facility Centre (IDDC) at Ambala under UNDP</b>
<b>Outlay</b>	<b>₹ 2,00,00,000/-</b>

Instruments Design Development & Facilities Centre (IDDC) has been set up by HARTRON at Ambala with assistance from UNDP/UNIDO (US € 2.5 million) and the State Govt. The aim of the centre is to modernize the scientific, electronic and optical/optoelectronic instrument Industry of the region. IDDC can support Ambala Scientific Industry by imparting the developed techniques in the field of Optics and Electronics. The IDDC can also support this industry by providing skilled manpower through various technical programmes and can also support Industry into selection of manufacturing methods & latest machines availability. Medium Term Objective (5 years Horizon):

- To help the Defence organizations namely TBRL, LASTEC, HAL, CSIO in manufacturing of precision components and sub assembly for their research and manufacturing products/projects.
- The main objective of the centre is to assist the local scientific industry in getting their instruments/standards calibrated and tested at our centre for helping them to produce quality products.
- The Test & Calibration (T&C) of measuring instruments in area of Electronics, Electrical, Mechanical and Optics.
- Workshop of Standardization & Calibration for realization of Make in India, Skill India & Start-up India programmes.
- Training of various Ministries and Departments of Govt. of India/State Govt. has been conducted in IDDC since its inception.

<b>Code No.</b>	<b>1-19-2851-51-102-60-51</b>
<b>Name of the Scheme</b>	<b>VAT Assistance in operating Industries on cleaner fuel</b>
<b>Outlay</b>	<b>₹ 25,00,00,000/-</b>

The Government recognizes that industries in the Haryana are being pushed to shift to cleaner fuels including natural gas due to concerns arising from the severity of air pollution. The shift would increase the cost of production for industries affecting their competitiveness. To help them remain competitive, 50% reimbursement on VAT collected on natural gas (piped or compressed) from industries in the MSME, Large, Mega and Ultra-Mega on fuel cleaner for a period of two years. This is in recognition of the need to promote industrial development within the principle of sustainable development.

- i) To promote a clean environment and support sustainable development in the State using cleaner fuels.
- ii) To incentivize and encourage Industries to use ecologically friendly PNG/CNG/LPG in industries.
- iii) To assist Industries in compliance mandated by Commission for Air Quality Management in National Capital Region and Adjoining Areas (CAQM).

To provide support to the industries from the MSME sector located in NCR districts of Haryana in conversion of Coal/Diesel boilers to PNG/CNG/cleaner fuel boilers, the Governor of Haryana is pleased to notify the Scheme of "Assistance in conversion of boiler to run on cleaner fuels".

The conversion cost of industries towards cleaner fuels requires investment in infrastructure. In order to provide support, Hon'ble Chief Minister of Haryana announced in his Budget Speech 2022 that MSME sector located in NCR shall be provided an assistance of 30 percent of the capital expenditure for conversion of their boilers from coal or diesel to cleaner fuels subject to a limit of Rs. 15 lakh. This will enable these industries to move towards compliance and fulfill their obligations towards a cleaner environment.

<b>Code No.</b>	<b>1-19-4851-51-102-92-51</b>
<b>Name of the Scheme</b>	<b>Scheme for Small Industries Cluster Development</b>
<b>Outlay</b>	<b>₹ 15,00,00,000/-</b>

Small Industries Development Bank of India (SIDBI) has launched a focused vertical for micro, small and medium enterprises (MSMEs) clusters' SIDBI Cluster Development Fund along with centric programs to give a thrust to hard infrastructure support to state governments. The expert Committee on MSME headed by Shri U.K Sinha, while recommending a more focused engagement of SIDBI with State Governments for MSME development and promotion, indicated "Use of Priority Sector Shortfall (PSS) funds to create a low cost lending window for State Governments for infrastructure projects in clusters, civil works for rehabilitation of existing industrial estates and setting up of new industrial estates. This would require RBI approval and could be structured on the lines of the Rural Infrastructure Development Fund (RIDF)." Pursuant to the recommendation made by the U K Sinha Committee and accepted by Gol, RBI formulated broad terms and conditions for setting up of a Cluster Development Fund (CDF) for the purpose of financing of State Governments, etc., to create infrastructure towards development of MSME clusters.

The Reserve Bank of India on the advice of Government of India has made an allocation of funds to be utilized by the State Governments/ Government sponsored organizations for infrastructural and Cluster Development initiatives for the MSMEs in the state (subject to state wise cap). This separate fund is called as cluster development fund (CDF).

The purpose of this assistance in the form of term loan is as mentioned below:-

- Infrastructure projects in MSME Clusters [both greenfield (induced clusters) and brownfield (existing cluster)] including machinery / equipment financing.
- Civil works for rehabilitation of existing industrial estates and setting up of new industrial estates.

Further, the financing under the scheme would be done for proposals falling under any of the following categories (indicative):

- I. Industrial and Agri-allied sectors in the MSME eco-space.
- II. Social sectors in and around MSME clusters
- III. Connectivity (Roads/Bridges) to MSME Clusters

The funds will be available at the following Bank rate – 150 basis points. The interest shall be payable on quarterly basis.

The borrowing by the State Government under SCDF will be in the range of 80%-95% of the project cost subject to the State wise exposure limit, if any.

(1)

**Code No.** 1-03-2852-07-202-96-51  
**Name of the Scheme:** Computer Network  
**Outlay** ₹ 100,00,00,000/-

1. **Medium to long term objective:-**Availability of robust communication backbone to the State Government Departments, Boards and Corporations spread all across the State for rolling out their respective digital initiatives in an Intranet environment.
2. **Annual Objective and Expected:** -To ensure that the current managed Service provider of SWAN i.e. Rail Tel Corporation of India Ltd. a public sector undertaking of Ministry of Railways, Govt. of India and bandwidth Service provider i.e. Bharat Sanchar Nigam Limited (BSNL), Haryana circle make available this network to all the user Departments/Boards/Corporation.
3. **Strategies:-**100% availability of the connectivity among State Head quarter, District Headquarters and Block Headquarters with effective monitoring of this Network through a team of Domain experts already deployed on this Network in collaboration with National Informatics Centre Haryana State Unit.
4. **Roll out of the scheme in terms of commencement of activities:** - SWAN has been implemented in the State in the year 2007 as part of the National e Governance Program of Govt. of India. Under this network, State Headquarter at Chandigarh has been connected vertically with all the 22 District Headquarters, Haryana Civil Secretariat and Haryana Bhawan, New Delhi, 124 Blocks/Sub-Divisions/Tehsils/Sub-Tehsils, for providing facilities such as data transfer, Video etc. Beside this, 1254 offices of various 19 departments have been connected horizontally on this network. This Network since January 2015 is being looked after by Rail Tel Corporation of India Ltd. This network is riding on the 120 Mbps Multiple Protocol Label Switching (MPLS) cloud hired from BSNL, Haryana Circle. It is also integrated with 1G bandwidth of National Knowledge Network of NIC at State Headquarter and at each District Headquarter.
5. **Reporting System:** - The status of the network is monitored through an Open Network Management System tool deployed at State Network management centre at State Head Headquarter. Corrective actions are being taken with the concerned manage service provider, bandwidth provider and the user Departments. A support desk has been established and is working 24X7 with toll free numbers along with email to receive the complaints of the user Departments for redressed the issues.
6. **In-house/third party impact assessment:** - In house assessment along with user Departments to ascertain the availability of this network through a support desk mechanism already in place.

(2)

**Code No.** 1-03-2852-07-202-93-51  
**Name of Scheme** Organising of Seminars/Exhibitions/Workshops  
**Outlay** at National /International level  
 ₹ 50,00,000/-

The vision of Digital India programme is to transform India into a digitally empowered society and knowledge economy. It is much more than going paperless, but it is about transforming the lives of people across societies through effective use of ever evolving robust technologies and methodologies.

2. It is also known that with the rapid technological innovations and large number of IT & electronic units entering in the field, the market is getting highly competitive. Thus, it is becoming difficult for the industry to market their products and services. It is particularly so for small-scale industry, which has meagre resources in terms of trained manpower and finances for interacting with the buyers and to exhibit products and services in the national/ international exhibitions.

3. In view of the above, it is proposed that HARTRON/Society under the above scheme, may assist the IT & electronic industry in the State in the form of;

- (i) Holding workshops/ seminars at the State level on e-Governance, Cyber Security, Social & Financial inclusion, Incubation & Entrepreneurship, Awareness on Technology Innovations, Public Private Partnerships etc inviting stakeholders in the development of State. Stakeholders in the State would be academics, technology providers, government, industry and the citizens
- (ii) Arranging buyers' Sellers' Meet where the products of the local industry will be displayed. Seminars will be held so as to know their requirements and future trends.
- (iii) Participation in national/ International seminars and Exhibitions by senior officials so as to know the emerging trends in the field of Information Technology and Electronics.
- (iv) A massive promotion/ advertising campaigns would be done at district, block and village levels to connect to the grass root level.

At least 07 seminars/workshops are to be organized from time to time at National/ Inter National level in Electronics & IT Sector.

**Block Chain Process**

The Centre of Excellence for Block Chain Technology at Software Technology Parks of India, Gurugram is planned to be established in 10000 sq. ft. and approximately 100 Startups are expected to benefit from the same. Such initiative will help in nurturing startups on cutting edge technologies in the Block Chain domain and help in converting the State into a digitally empowered society, a knowledge economy and to improve the quality of service delivery.

**Atal Sewa Kendras (ASKs)**

Common Services Centres (CSC) scheme is one of the mission mode projects under the Digital India Programme. 18,552 ASKs (12,845 in rural areas and 5,707 in urban areas) have been registered in the State.

**Cashless Haryana**

Haryana Cashless Consolidated portal was launched to monitor the digital/cashless transactions with an objective to promote digital payments and achieve less-cash society. As on date 473.01 Cr. + digital transactions have been recorded.

**ICT Infrastructure**

State Data Centre (SDC) in Haryana was set up in August 2012 and is offering services in terms of hosting the applications in shared environment as well as providing collocation environment for various departments/ boards/ corporations of the State. Currently, 80 applications of various departments/ organizations and 7 Mission Projects (MMPs) of Haryana Government have been hosted on Data Centre. A new security appliance has been deployed at Data Center to counter the cyber threats. Presently the State Data Centre is at New Secretariat. Now for revamping of State Data Centre the space at New Secretariat is not sufficient. Therefore it was decided and was approved by Higher Authority to build up a new building for State Data Centre at sector - 22, IT Park, Panchkula.

The Swarna Jayanti Haryana Institute for Fiscal Management (SJHIFM) is a 'Centre of Excellence' for capacity building of Departments of the State Government in the field of Public Financial Management and Policies. It was set up in 2016 as a Registered Society under Finance Department of Haryana. In due course of time, SJHIFM has become a premier resource centre to meet the Sustainable Development Goals (SDG 2030) of the State Government and it also caters to the training needs of State Governments, Autonomous Bodies and other Financial Institutions.

In just a short span of 6 years since its inception, SJHIFM has built its proud legacy and at the same time taken advantage of the opportunity to innovate and bring a unique perspective to all the activities like Output Outcome Framework at State and District level, SDG Budget allocation report, State Indicator frame work & District Indicator Framework of Haryana State, Mukhya Mantri Parivar Samridhi Yojana (MMPSY) Scheme etc. The Institute has also conducted 10 Best Practice Case Studies.

(3)

<b>Code No.</b>	<b>1-06-3451-51-102-97-98</b>
<b>Name of the Scheme</b>	<b>Strengthening of Planning Machinery at State Level- Establishment Expenses</b>
<b>Outlay</b>	<b>₹2,30,00,000/-</b>

In order to achieve optimum outcome in terms of balanced development, based on the recommendation of an Expert Group on Planning at grass root level, guidelines for District Planning were framed by erstwhile Planning Commission, Government of India in 2006. Through these guidelines, strengthening of existing institutions like the State Planning Board and State Planning Department was also suggested. Therefore, it is necessary to strengthen the Planning Unit at State level so that all functions/ activities could be carried out properly.

In today's modern technological era, the system of manual data processing and analysis has become obsolete and is also not suited to cope up with even the existing statistical system, so, an increasing demand was felt in the department for new computer based data processing technique since long time. The Department had prepared its IT plan as per State Government instructions and purchased Computer Hardware and Software. Keeping in view the nature and quantum of work of various sections of the department at Headquarter as well as its District level field offices, the department has

identified 28 software applications, required for the full implementation of the department's IT Plan.

(4)

**Code No.** 1-06-3451-51-102-98-51  
**Name of the Scheme** Strengthening of District Planning Machinery  
**Outlay** ₹90,00,000/-

The department undertakes multifarious activities under the Planning Wing. The department has to assess the level of development in important sectors i.e. financial, manpower and material resources, to determine the priorities, suggest policies and programmes for removing the imbalances prevailing in various regions in the State. The department plays a major role to assist in formulation of district plan, to make critical appraisal of ongoing programmes and to advice on such other matters connected with the economic development as may be assigned by the State Government.

(5)

**Code No.** 1-06-3451-51-188-99-51  
**Name of the Scheme** Support to Institutes/ Universities for Economic and Fiscal Research & Management  
**Outlay** ₹10,00,000/-

The estimates of State Domestic Product and related aggregates are considered to be the most important economic indicators to measure the economic development of the State. This department compiles estimates of Gross State Domestic Product (GSDP) & related aggregates as per the technical guidance & methodology provided by National Statistical Office (NSO), Ministry of Statistics and Programme Implementation (MoSPI), Govt. of India. A Committee on Sub-National Accounts was constituted by Govt. of India to review the concepts, definitions, classifications, data conventions, data sources and data requirement for preparation of State Domestic Product (SDP) and District Domestic Product (DDP) and to lay down revised guidelines. The committee submitted its final report in March, 2020, recommending several actions to be taken by the NSO and State Governments. The recommendations of the committee did not only consist suggestions regarding improvement in the extent GSDP methodology and data sources but also regarding compilation of Sub-State aggregates and compilation of expenditure side aggregates by the State, as per defined release and revision calendar. The committee divided its recommendations broadly in following eight categories:-

- a. General;
- b. GSDP at Current Prices;
- c. GSDP at Constant Prices;
- d. New Surveys to be mandatorily undertaken by State DESs';
- e. Frequency and Revisions of GSDP Estimates;
- f. Expenditure Side Estimates;
- g. District Domestic Product;
- h. Strengthening and Training of Manpower at State DESs' and National Account Division (NAD) for GSDP Estimation.

Under this scheme, the funds will be provided to the Institutes/ Universities to carry out research work for the Department of Economic and Statistical Affairs, Haryana to implement the recommendations of Committee on Sub-National Accounts (SNA) by taking the benefit of expertise of Institutes/Universities for improving the estimation of GSDP and to carry out other specialized research work for the department.

## CENSUS SURVEY AND STATISTICS PART-I STATE SCHEMES

(1)

<b>Code No.</b>	<b>1-06-3454-02-001-84-51</b>
<b>Name of the Scheme</b>	<b>Provision for allotment of funds for Training/Meeting at State as Well as District Statistical Offices</b>
<b>Outlay</b>	<b>₹2,00,000 /-</b>

The availability and supply of an authentic and reliable data is the main basis for formulation of any development plans in the State. Sometimes, the data received from the field is very unrealistic and unreliable which may be attributed to the lack of trained statistical personnel. Therefore, in order to improve the quality of data, a Training Cell in this office (DESA) is functioning with the following objectives:-

- i) To impart Elementary Statistical Training regarding Collection, Compilation and Tabulation of official statistics to middle/lower level personnel of various departments at District Head Quarter. Four Districts are covered per year with the number of participants varying between 40-50 in each district.
- ii) To conduct on-job training to the staff of District Statistical Agencies regarding various socio-economic adhoc surveys allotted by the Government from time to time.
- iii) To conduct training to District Statistical Officers, Inspectors (NSS) and Junior Field Investigators (50 in numbers) for smooth conduct of National Sample Survey under the guidance of Ministry of Statistics and Programme Implementation, Government of India.
- iv) To organize training of the officers/officials of the various other organizations by the departmental officers who had received training at Haryana Institute of Public Administration, Gurugram, Central Statistical Organisation, Government of India and other institutes for enhancing their knowledge and technical skills.

The Department of Economic & Statistical Affairs, Haryana is the nodal department for the formulation and monitoring of Welfare and Development schemes in Budget Estimates. In this context, various preliminary meetings are held with officers/officials of all the concerned departments at Headquarter level to discuss Revised Estimates and Budget Estimates demand of their departments. Review meetings are also held regularly during the year to monitor the expenditure incurred under Welfare and Development schemes.

<b>Code No.</b>	<b>1-06-3454-02-001-95-51</b>
<b>Name of the Scheme</b>	<b>Modernization and Strengthening of State Statistical System</b>
<b>Outlay</b>	<b>₹1,28,00,000/-</b>

The Ministry of Statistics and Programme Implementation (MOSPI), Government of India had initiated the Indian Statistical Strengthening Project (ISSP), with an objective of achieving the recommendations of the National Statistical Commission (NSC), Government of India. The mission of the Indian Statistical System shall be to provide the decentralized structure of the system, reliable, timely & credible socio economic statistics, to assist decision making within & outside the Government, to stimulate research and promote informal debate relating conditions affecting people's life. The ISSP project is being implemented by Government of India (GoI) in two tiers. Tier-I comprises assessments and recommendations and Tier-II comprises implementation.

In Tier-I, MoSPI conducted a study to identify the specific requirements for State Statistical Bureaus (SSBs)/State Directorates of Economics and Statistics (DESSs). The objective of this study was to document the status of data collection, processing & the standards followed in each State, to assess the infrastructure & human resource

available and make recommendations for improving statistical capacity in each State. Some of the recommendations are given as under:-

1. Directorate of Economic and Statistics (DES) should be made a separate department in each State and be declared as Nodal Agency for providing all information related to statistics.
2. In most of the States, there is a system for collection of village level statistics. Therefore, this system should also be created in the remaining States and DES should also be involved in the process of generating local area development statistics.
3. Additional manpower needed to be provided for statistical activities especially at the primary local level.
4. ISSP is crucial for the development of State Statistical System and so it should be implemented as early as possible.
5. Most of the States have Common Statistical Cadre at least in respect of key departments. Having a common cadre is essential to generate quality statistics and to improve Statistical coordination. So, all States should work for common statistical cadre by covering Statistical Units/Cells functioning in various other departments of State Government.

Keeping in view the above mentioned recommendations by Ministry of Statistics and Programme Implementation (MoSPI) Government of India, there is also an urgent need to strengthen the State Statistical System of Haryana State so that an effective system could be developed at both levels for getting reliable and timely desired results.

Further, there is a proposal to hire vehicles for field offices during the year 2024-2025.

<b>Code No.</b>	<b>3-06-3454-02-001-92-51</b>
<b>Name of the Scheme</b>	<b>Seventh Economic Census in Haryana</b>
<b>Outlay</b>	<b>₹30,00,000/-</b>

In order to fill the vital data gaps and for providing the basic frame work and information for planning, policy formulation, economic administration and the estimation of National Income, a central scheme called “Economic Census and Surveys” was launched by the Government of India during the Fifth Five Year Plan period.

The Economic Census is the complete count of all entrepreneurial units located within the geographical boundaries of the country, involved in any economic activities of either agricultural (excluding crop production and plantation activities) or non-agricultural (excluding public administration, defence & compulsory social security activities) sectors of the economy, engaged in the production and/or distribution of goods and/or services not for the sole purpose of own consumption.

The Ministry of Statistics and Programme Implementation (MoSPI), Government of India is conducting the 7<sup>th</sup> Economic Census (ES) throughout the country. The 7<sup>th</sup> Economic Census proposes extensive use of technology for geographically mapping the establishments at the lowest level so that it becomes useful for local level planning. As an integral part of this Census, a dynamic National Statistical Business Register is proposed to be put in place to provide information on number of workers, turnover etc. for better economic planning.

With the use of IT Services for E-Governance Services (a SPV under Ministry of Electronics & Information Technology, Govt. of India), the field work of 7<sup>th</sup> Economic Census has been completed. The funds for honorarium etc. under 7<sup>th</sup> Economic Census is pending which will be transferred to the concerned officers/ officials through PFMS.

## DISTRICT PLAN PART-I STATE SCHEMES

(1)

<b>Code No.</b>	<b>1-06-5475-51-115-99-51</b>
<b>Name of the Scheme</b>	<b>Strengthening of District Plan</b>
<b>Outlay</b>	<b>₹242,00,00,000/-</b>

District Plan Scheme was introduced in Haryana State during the year 2008-09. Funds are allocated under this scheme to the districts on the basis of their population. 40% of the total funds are to be spent on the development work for Scheduled Castes.

The Government of Haryana constituted District Development and Monitoring Committees (DDMC) in all districts from the year 2012-13 with a view to ensure proper and timely utilization of District Plan funds in public interest and avoiding non-utilization of funds. The Committee in each district is chaired by the Minister heading the District Public Relations and Grievances Committee. The Deputy Commissioner of a district is the Vice-Chairman of the Committee and he also chairs the meeting of DDMC in the absence of Chairman. The DDMC is empowered to approve various development works as per local needs. These funds are released to Additional Deputy Commissioners-cum-Chief Planning & Development Officers for various development works.

Further, in view of necessity of the monitoring of development works, there is a proposal to purchase vehicles for Field offices during the year 2024-25.

<b>Name of the Scheme</b>	<b>Continuous and Comprehensive Evaluation</b>
<b>Outlay</b>	<b>₹ 5,00,00,000/-</b>

Teaching and evaluation have been taken together since long time in our education system. In traditional approaches, the area of assessment has been limited to the cognitive domain only and the objective of assessment has been just to declare how much the student has learnt. This approach encouraged rote learning to pass the examination. Therefore, it doesn't serve the needs of the present time and there is a need to equip schools with appropriate mechanism of evaluation for regular assessment of all aspects of pupil growth and development i.e. continuous and comprehensive evaluation. In the light of NCF-2005, Department of School Education, Haryana has decided to adopt continuous and comprehensive evaluation in its schools at Senior & Secondary level. In this process, department has started monthly, half yearly and annual assessment test from class 9<sup>th</sup> to 12<sup>th</sup>. These help in judging the level of the students regularly and take remedial action timely. About 7,00,000 students will be covered under this scheme.

## HEALTH SERVICES PART-I STATE SCHEMES

Code No.	(1)
Name of the Scheme	1-14-2210-01-110-96-51 Improvement and Expansion of Hospitals Renamed as Improvement and Expansion of various Health Institutions
Outlay	₹ 150,00,00,000/-

Under this scheme, the following five activities are merged. The brief description of these activities is as follows :

1. At present 72 Hospitals, 121 CHCs, 11 Urban Health Centres and 13 Poly Clinics, 409 PHCs, 2729 Sub Centres are functioning in the State. These institutions have been established as per the norms of National Health Policy of Government of India. As the Health facilities are expanding and in view of COVID-19, there is increasing need of equipment for providing better Health Services & better management of COVID-19 in all Health Facilities of the State. The requirement of medical equipment and hospitals furniture is received from the health institutions of the State. There is also need to upgrade the patient centric Health facilities in terms of Diagnostic, Orthopedics, Radiology, Dental, Maternal Health equipments and power backup i.e. Generator to strengthen the General Hospitals, SDHs & CHCs/ PHCs/ other Health Institutions and also provide Hospital Furniture etc.
2. To provide basic Health facilities to masses of the State is primary duty of the State Health Department. To fulfill the same, smooth & un-interrupted functioning of equipments and timely AMC/CMC/Repair and maintenance of Machinery & Equipment (Medical & Non- medical) is required. Moreover, various non-medical equipment like Medical gas pipeline (MGPS), CCTV's, Lifts, HVAC, EPBEX, RO Plant, Chiller Plant, DG set etc. are installed/commissioned in health facilities and being installed which also need to cover under AMC/CMC contract and need to be repaired time to time. Major portion of budget under this head is used for AMC/CMC & repair of major Medical and non-Medical equipment.
3. It is the primary duty of State Health Department to ensure adequate supply of essential life saving medicines/consumables to all the outdoor/ indoor patients free of charges. Although the population of the State has increased substantially over the years and the prices of the medicines have increased many-fold, yet the provision of funds for purchasing medicines, linen, X-Ray films, bandages, anti-sera, gloves, dental material, suture material etc. will be required.
4. Bio Medical Waste (Management & Handling) Rules have been notified in July 1998 and amended on 28.03.2016 with the objective of stopping indiscriminate disposal of Bio Medical Waste and to ensure that the waste is handled without any adverse effect on the human beings. If hazardous Bio Medical Waste is not handled properly, it may lead to spread infections causing serious health problems by the hospitals. The implementation of this scheme is mandatory as per Guidelines and in public interest.
- 5(a) In the hospitals, services like Operation Theaters, Labour Room, X-ray, ECG Machine, Lab-Services etc. are fully dependent on the uninterrupted power supply for their proper functioning. Frequent Power Break down/cut are there which adversely affect the delivery of the Primary/ Secondary Health Care. So, it is proposed to provide Independent Feeder Line in District Hospitals/Sub – Divisional Hospitals/CHCs to ensure un-interpreted Power Supply.
- (b) The Patients visiting to the OPDs and admitted in the wards and their attendants require lot of water throughout the day. Usually the water for the Public Health Water Supply is supplied once or twice a day and at times, the pressure is low with the result the water doesn't reaches the over head water tank which hampers the Health Care Services. It is proposed to augment the water storage capacity of the Hospitals/CHCs/PHCs in the State, by installation of more water storage tanks of large capacity, at the ground level and providing a booster, to lift the water, to the over head water storage tanks.

<b>Code No.</b>	<b>1-14-2210-01-110-37-51</b>
<b>Name of the Scheme</b>	<b>Haryana State Health Resources Centre for Quality Improvement of Health Institutions &amp; Health Management Information System</b>
<b>Outlay</b>	<b>₹ 21,35,00,000/-</b>

Government of Haryana has taken an initiative to improve quality of services at various Government health institutions. For improvement in quality of care at Government health facilities leading to better clinical outcomes, better access, better patient communication and reduction in patient waiting times and better infection control practices in Haryana, National Quality Assurance Standards (NQAS) developed by Ministry of Health & Family Welfare, Government of India, are being implemented in Public Health facilities of Haryana.

Kayakalp Award based program under “Swachh Bharat Abhiyan “ has been completed during the year for 1281 facilities across 22 districts including 23 DCHs, 46 CHs, 117 CHCs, 413 PHCs and 683 HWC- SCs facilities and the number may increase as per commencement of any new public health facilities in the health department. For provision of better health care services and aligning with National Guidelines, funds are annually required for activities like infection control practices in wards, O.Ts, ICUs etc. biomedical waste management, disaster management, fire safety and for patient rights component including “Sukoon Centres “ for sexual and gender based violence. Budget is also required for development of disable friendly hospital building, handicapped friendly toilets, handrails, signage, capacity building and other essential items/activities. Funds are also utilized for capacity building secessions/TOTs for booth at state and district level, review meetings at State Health Systems Resource Centre, felicitation ceremonies, office expenses etc.

Besides quality improvement, hospital management & information system project is to implement a state of art ICT enabled Hospital Management & Information system (HMIS) in order to improve the state hospitals. The e-Upchaar project has been implemented across 56 health care facilities of Haryana including 3 Govt. Medical Colleges and 22 district Civil Hospitals. Two Dashboards have been developed (Central & KPI dashboard) to review & monitor the performance of the healthcare facilities and to aid in the quality improvement process. The project is currently in Operation & Maintenance phase. The budget is required for payment of O&M phase, Data Centre, MPLS connectivity, Mobile App and other office expenses. Therefore, in nutshell, the funds are required to implement hospital management & information system and quality improvement.

The sex ratio (females against 1000 males) of Haryana has declined from 870 in the year 1981 to 865 in the year 1991, to 861 in the year 2001 which is a point of major concern. Presently the sex ratio has improved. In order to stabilize population of the State and to check the declining trend in the sex ratio, apart from already existing spacing and permanent methods, some innovative scheme is felt to be introduced in the State which can sensitize the community towards the need of adopting one child norm and spacing of children. It is important to promote these ideas especially among the newly wedded. A monthly incentive at the rates given below up to 20 years from the date of adoption of terminal method of Family Planning by either of the partner is given under the scheme:-

Sr.No.	Stage of adoption	Incentive amount per month
1	At the birth of first girl child	₹ 500/-
2	At the birth of first male child	₹ 200/-
3	At the birth of second girl child	₹ 200/-

This scheme relates to Small Family Norms. None of the partners constituting the couple should be an Income Tax Payee. Couples within the age group upto 45 years for Male and 40 years for female are covered under the scheme irrespective of their

date of marriage. The benefit will be available after terminal method is adopted or before the youngest child attains the age of 5 years.

Hon'ble Finance Minister of India in his budget speech on 1<sup>st</sup> February, 2018, announced to launch a flagship National Health Protection Scheme (NHPS) to cover approximately 10 crore poor and vulnerable families providing coverage up to ₹5.00 lakh per family per annum for secondary and tertiary care hospitalization. Government of India has conceptualized Ayushman Bharat National Health Protection Authority (AB-NHPA).

The AB-NHPA has subsumed extant RSBY and will be implemented in alliance with other State health insurance schemes. AB-NHPA, with its coverage of more than 50 crore lives, is the most ambitious scheme of its kind in the world. It seeks to cover nearly 1,350 procedures through a country wide network of empanelled hospitals in a cashless and paperless manner. Aided by a robust IT system, it intends to provide seamless portability of benefits to beneficiaries from one State to another, across the Country. An MOU was signed by the Government of Haryana with National Health Agency of Ministry of Health & Family Welfare, Government of India to implement the Ayushman Bharat Scheme in the State.

**Salient features of the Ayushman Bharat Scheme are as under:**

- 1) Cashless and paperless access to services for the beneficiaries at the point of services in any (both public and private) empanelled hospitals across India.
- 2) The benefit coverage of AB-NHPA covering 15.51 lakh families (identified through SECC database).
- 3) The scheme is on entitlement basis. Every family figuring in defined Socio-Economic Caste Census 2011 database is entitled to claim benefits under the scheme. The beneficiaries are being encouraged to bring Aadhaar for the purpose of identification. However, no person will be denied benefits under the scheme in the absence of Aadhaar.
- 4) Implementation Arrangement – Implementation is being done on Assurance Model with internal team of medical officers.
- 5) A well-defined Complaint and Public Grievance Redressal Mechanism actively utilizing electronic, mobile platform, internet as well as social media, has been put in place through which complaints/grievance will be registered, acknowledged, escalated for relevant action, resolved and monitored.
- 6) While ensuring user convenience, AB-NHPA would create robust safeguards to prevent misuse/fraud/abuse by providers and users. Pre-Authorization will be made mandatory for all tertiary care and selected secondary care packages.

<b>Name of the Scheme</b>	<b>Strengthening of Directorate of AYUSH at Head Quarter</b>
<b>Outlay</b>	<b>₹ 7,41,50,000/-</b>

In order to provide health services under Indian System of Medicine, Govt. created an AYUSH Department. The Indian System of Medicine (AYUSH) has very important role to play in providing health care to the masses. This Department has planned to provide AYUSH Health Care facilities to the masses by drawing big plans/schemes through expansion of the department.

This scheme, the expenditure for salaries of staff posted at Head Quarter are incurred. Non-development schemes have also has been merged in this scheme. At present, the directorate has 29 posts of different categories. Now, 4 more posts of Assistant Directors along with 2 Senior scale Stenographer and other ministerial staff have been proposed to create for monitoring the work of different branches and NRHM at Headquarters.

(2)

<b>Code No.</b>	<b>1-14-2210-02-101-92-98</b>
<b>Name of the Scheme</b>	<b>Strengthening of District Ayurveda Offices- Establishment Expenses</b>
<b>Outlay</b>	<b>₹ 22,18,15,000/-</b>

Under this scheme the following sub-schemes are being implemented:-  
Establishment of District Ayurvedic Offices:-

Most of the institutions of ISM&H are located in the remote rural areas. Govt. has posted District Ayurvedic Officers at each District to promote the ISM&H and to supervise and guide the existing dispensaries technically.

At present in all District Ayurvedic offices are functioning in the State. The sanctioned posts for the offices of District Ayurvedic Officers are to be continued during the next financial year. Further, there are only four vehicles available at District Head Quarters (Rohtak, Hisar, Karnal, Gurugram). Most of the Government Ayurvedic dispensaries are situated in rural and remote areas. Therefore, there is an urgent need of vehicles for monitoring/supervision and checking purpose to District Ayurvedic Officers (DAOs). The vehicles for the District Ayurvedic Offices has already been hired as per terms and conditions of Supplies and Disposals Department.

### **Establishment of Specialized Therapy Centre of AYUSH in PGIMS, Rohtak .**

The Government of India is laying a lot of emphasis on AYUSH with Indian Systems of medicines. Under NHM, Government of India has started a component for mainstreaming the AYUSH, where AYUSH services are being provided to people under one roof in all District Hospitals, CHCs and PHCs. In lines with this, in 2013, Government of India sanctioned establishment specialized therapy centre of AYUSH in PGIMS, Rohtak. The posts created under this scheme are to be continued during the year 2024-25.

### **Establishment of Specialised Therapy Centre of Ayush in Sector-9, Panchkula.**

As Panchkarma Therapies is Ayurveda's one of the ancient and important purification and detoxification treatments. AYUSH Department has embarked upon a journey to treat life style diseases by setting up State-of-the Art Panchkarma Centres in all the districts. The Panchkarma Centre at Panchkula is one such centre. The Panchkarma facilities have been set up in Government Ayurvedic Dispensary, Sector-9, Panchkula to provide better Health facilities to the people of Panchkula town and surrounding areas. In this centre, Panchkarma therapies are being used to treat patients suffering from chronic diseases. As per decision a proposal to take over the Panchkarma Centres under the State Govt. scheme was sent to Government. At present 6 Panchkarma Centres are functioning at Panchkula, Thapli, Bahadurgarh, Karnal (Padha), Ambala Cantt. and Ambala City on Pilot Basis.

**Name of the Scheme** Opening/Continuation of Homeopathic Dispensaries  
**Outlay** ₹ 1,00,00,000/-

**Outlay**

The highest ideal of Homeopathy is to restore health rapidly, gently, permanently and to remove and destroy the whole disease in the shortest, surest, least harmful way, according to clearly comprehensible principles." The Departments long term objective is to provide Health Care to the people of the State through increased number of Homeopathic Clinics by adding new ones every year.

AYUSH dispensaries are very popular amongst masses due to adverse effect of Allopathic medicines and are therefore much accepted amongst the people of the State. The staff posted in these dispensaries are also fully involved in all the National and State Health Programmes. Now it is the policy of the Government of India to utilize the infrastructure of AYUSH at large for the Primary Health Care, RCH and other National Health Programmes. The Government is receiving more and more demands to open Homeopathic dispensaries in the Haryana state. The increased number of Homeopathic dispensaries will provide the better health facilities to rural population. At present 28 Homeopathic Dispensaries are running under this scheme.

<b>Outlay</b>	<b>₹ 191,75,00,000/-</b>

Under this scheme, the following components are being implemented during the year 2024-25.

#### **Opening/Continuation of Ayurvedic Dispensaries**

AYUSH Medicines are getting importance amongst masses due to adverse effect of Allopathic medicines. The staff posted in these institutions are also fully involved in all the National and State Health Programmes. Ayurvedic/Unani/ Homeopathic Dispensaries are so much acceptable to the people of the State that the Government is receiving more and more demands to open AYUSH Dispensaries in the State. 560 dispensaries already functioning under this component will continue its operations. More new AYUSH Dispensaries will be opened during the next financial year to provide better health facilities to the masses. Government of Haryana has launched an ambitious flagship programme of Yog and Vyayamshalas in the State. In the first phase, 1121 Yog and Vyayamshalas are to be made functional. This plan programme was being dealt by Sports and Youth Affairs Department, Haryana. Now the Government has decided Civil/non-civil furnishing of Vyayamshala and engagement of Yoga Volunteers to be dealt by the AYUSH Department Haryana in future, The Hon'ble CM has approved the proposal. To make functional Yog and Vyayamshalas 1000 posts of AYUSH Sahayak (on contractual basis) and 22 AYUSH Yog Coach (on regular basis) has been sanctioned during this year. The demand of 1000 AYUSH Sahayak has been sent to Haryana Kaushal Rozgar Nigam out of which 893 has been recruited. Recruitment of AYUSH Yog Coach is under process. To provide the AYUSH facilities at PHCs and Sub Centres of Health Department, the proposal to create 1085 posts of Ayurvedic Doctors have already been sanctioned.

#### **Improvement of existing Ayurvedic/Unani/Homeopathic dispensaries - Special Medicine for Women, Children and Aged.**

At present, approximately 579 Government institutions of AYUSH are working in the Haryana. Most of these institutions are functioning in remote rural areas, where patients can get medicines of general ailments free of cost. Most of the deliveries in rural areas are non institutional in nature. In some cases, mother and infants require immediate medical care. To provide proper and timely medical care to women, new born children/ aged and others such as accidental and incidental cases, medicines are procured under this scheme for Government Ayurvedic Homeo and Unani dispensaries.

#### **Up-gradation of Ayurvedic dispensaries into Ayurvedic Prathmic Swasthya Kendras (APSK)**

At present, 6 Ayurvedic Prathmic Swasthya Kendras are functioning in Haryana. There is a provision of one MPHWS each in the dispensaries upgraded into APSKs.

<b>Name of the Scheme</b>	<b>Rural Water Supply (SP)-Augmentation Water Supply</b>
<b>Outlay</b>	<b>₹ 160,00,00,000/-</b>

Public Health Engineering Department has provided drinking water in all the habitations of the State and at present focused attention is being given to the improvement of drinking water at a level of 55/70 LPCD.

For ensuring functionality of water taps, there is an essentiality to strengthen the existing infrastructure on a sustainable basis. Funds under Rural Augmentation are normally spent on multifarious activities namely, augmentation/improvement of drinking water, drilling new tube-well in lieu of failed tube-wells, construction of boosting stations, up-gradation/rejuvenation of existing damaged water works etc. The funds under Rural augmentation are the mainstay of the Department as the programme affords great flexibility in financing improvement of drinking water supply projects.

**Outlay** ₹ 25,00,00,000/-  
**Outlay** ₹ 25,00,00,000/-

Hon'ble Chief Minister, Haryana took a momentous decision of providing sewerage schemes in big villages having population 10000 persons or more based on 2011 census under Mahagram Yojana.

Concomitantly, it was also decided to improve the drinking water source in the project villages, at par, with the urban areas i.e. @ 135 LPCD for maximizing the performance of the sewerage system. Apart from this, it is also proposed to construct Sewage Treatment Plants for treatment of domestic sewage with the most preferred technological option.

141 villages are targeted under this scheme for providing water supply @ 135 LPCD and sewerage facility along with its treatment in the villages.

It is targeted to complete the works in all Mahagram villages by 31.12.2027. The outcomes are expected to be substantial as improved water supply and enhanced environment in the project villages are drivers of economic growth and prosperity.

Further, the provision of improved amenities in the project villages would also reduce the rural-urban divide and arrest the propensity of migration of rural youth to cities in quest for a better quality of life.

**Code No.** 1-20-4215-01-102-86-51  
**Name of the Scheme** Compensation for Acquired Land for Rural and Urban  
**Outlay** ₹ 50,00,00,000/-  
**Outlay** ₹ 50,00,00,000/-

Public Health Engineering Department takes up the work of construction of infrastructure related to Water Supply, Sewerage and Storm Water Drainage Schemes. For creating infrastructures availability of land is a major concern, in a developing State like Haryana it is a big challenge to arrange land free of cost. Where land is not available Department make acquisition of land. In recent past PHED has acquired land for construction of water works, sewerage treatment plants and storm water pumping stations under Land Acquisition Act 1984.

As a welfare state, the Government of Haryana recognizes that acquisition of land under the statute and the alienation of landowners from their source of livelihood could be a painful process, notwithstanding the payment of compensation for the same as per law. Therefore, it intends to minimize this pain of the affected persons Through a set of policy initiatives that include (a) payment of market value as compensation of land to the landowners with the revision and fine-tuning of minimum floor rates in respect of land situated in different parts of the state; (b) introduction of a special incentive for reducing litigation qua the compensation amount; (c) revision of the rates of Annuity payable for a period of 33 years as a social security benefit for the landowners; and (d) review and introduction of certain additional benefit over and above the one-time compensation paid in accordance with the law so as to provide for alternate means of sustenance for the landowners and other landless person/artisans who are dependent on the agriculture land being required for non-agricultural purpose.

In some of land acquisition cases, aggrieved with the amount of compensation awarded, the land owners so for litigation on various grounds like commercial value of land, potential value and advantageous location of land in question and other important factors as envisaged under section 23 of Land Acquisition Act for purpose of determining the market value of acquired land. In such cases petitioners pray for enhanced compensation of land along with other statutory benefits and interest awarded to them Hon'ble Courts orders, head for compensation of acquired land has been created.

The Government Departments acquiring land under a statute shall recover the amount required for discharging the Annuity obligations along with the compensation amount from the concerned agencies (for whom land is acquired) and shall ensure that the instrument of Annuity creating a right in favour of the erstwhile landowner is issued at the earliest.

**Name of the Scheme** Rural Sanitation-Mahagram Yojana for providing Sewerage System in Village  
**Outlay** ₹ 50,00,00,000/-

Hon'ble Chief Minister, Haryana took a momentous decision of providing sewerage schemes in big villages having population 10000 persons or more based on 2011 census under Mahagram Yojana.

Concomitantly, it was also decided to improve the drinking water source in the project villages, at par, with the urban areas i.e. @ 135 LPCD for maximizing the performance of the sewerage system. Apart from this, it is also proposed to construct Sewage Treatment Plants for treatment of domestic sewage with the most preferred technological option. 141 villages are targeted under this scheme for providing water supply @ 135LPCD and sewerage facility along with its treatment in the villages. It is targeted to complete the works in all Mahagram villages by 31.12.2027. The outcomes are expected to be substantial as improved water supply and enhanced environment in the project villages are drivers of economic growth and prosperity. Further, the provision of improved amenities in the project villages would also reduce the rural-urban divide and arrest the propensity of migration of rural youth to cities in quest for a better quality of life.

**Name of the Scheme** Creation of Urban infrastructure under Urban Infrastructure Development Fund (UIDF) of National Housing Bank.  
**Outlay** ₹ 50,00,00,000/-

Urban Infrastructure in India refer to the basic physical structure, facilities and services needed for the functioning of cities and towns. In the budget speech, Union Finance Minister made the following statement for establishment of UIDF:-

Like the RIDF, an Urban Infrastructure Development Funds (UIDF) will be established through use of priority sector lending shortfall. This will be managed by the National Housing Bank, and will be used by public agencies to create urban infrastructure in Tier 2 and Tier 3 cities. States will be encouraged to leverage resources from the grants of the 15<sup>th</sup> Finance Commission as well as existing schemes, to adopt appropriate user charges while accessing the UIDF.

UIDF aims to supplement efforts of the State Governments for urban infrastructure development works implemented through Public/ State Agencies, Municipal Corporations, Urban Local Bodies in Tier 2 and Tier 3 cities by providing a stable and predictable source of financing. It allows for pooling of resources and expertise, enabling creation of comprehensive infrastructure solutions that address the unique need of each urban area.

Hon'ble Prime Minister launched Atal Mission for Rejuvenation and Urban Transformation 2.0 (AMRUT 2.0) on 1st October 2021. Its main aim is to provide basic urban services to households and build amenities in cities for improving the quality of life for all especially the urban poor and disadvantaged people as a national importance with the foremost priority of making cities water secure. A tripartite Agreement / Memorandum (MoU) has been signed on 01.10.2021 between three stakeholders i.e., Ministry of Housing and Urban Affairs (Nodal Department of GoI), State Govt. of Haryana & Urban Local Bodies of Haryana as a part of joint understanding for implementation of said scheme. All urban Local Bodies + Ambala Cantonment Board are covered under AMRUT 2.0 and signed this agreement. AMRUT 2.0 is a step towards Aatma Nirbhar Bharat with aim of making the cities 'water secure' and providing functional water tap connection to all households. This will be achieved through circular economy of water by effecting water source conservation, rejuvenation of water bodies and wells recycle/ reuse of treated used water, and rainwater harvesting by involving community at large. This mission will be run as people's program i.e, Jan Aandolan. Mission also targets to provide 100% sewage/ septage management in 500 AMRUT cities. Mission will focus on achieving functional outcomes through project implementation under AMRUT 2.0 as one of the means.

<b>Code No.</b>	<b>1-20-2217-80-800-76-51</b>
<b>Name of the Scheme</b>	<b>Shifting of Milk Dairies</b>
<b>Outlay</b>	<b>₹ 1,00,000/-</b>

The milk dairies existing in urban areas are very large which are situated in the inner parts of the town which are very congested. These dairies are health hazard and lead to spread of various types of diseases besides causing nuisance, creating insanitary conditions and environment pollution of air, water and land. After giving a serious thought to the nuisance of milk dairies and remedial measure to be adopted to keep the towns more clean and healthy, it was proposed that milk dairies existing in the cities may be shifted outside the town. Department is facing problem in implementation of various projects of shifting of Milk Dairies due to non-provision of funds for the scheme. Funds would be made available for various projects of shifting of Milk Dairies out of Municipal Committee limits.

<b>Code No.</b>	<b>1-20-2217-03-191-99-51</b>
<b>Name of the Scheme</b>	<b>Mukhyamantri Samagra Shahari Vikas Yojana</b>
<b>Outlay</b>	<b>₹ 700,00,00,000 /-</b>

Haryana exhibits a trend towards rapid urbanization. Urban Local Bodies are entrusted with responsibilities for addressing not only the existing needs of the ULBs, but also the future needs of the growing urban population. In order to cope up with the massive problems that have emerged as a result of rapid urban growth, it has become imperative to draw up a coherent urbanization policy/strategy to implement projects in cities of Haryana on mission mode. Presently, there are 86 Urban Local Bodies in the State of Haryana, consisting of 11 Municipal Corporations, 22 Municipal Councils and 53 Municipal Committees.

It is generally difficult for several municipal bodies, particularly representing small and medium sized cities, to formulate and execute need based projects due to lack of adequate capacity and resources. Thus there is need for concentrated efforts to improve the capacities and to ensure availability of resources to urban local bodies for improving

urban infrastructure, service delivery, and ultimately to help them in achieving the goal of self-sustainability.

In this view, the Government had decided to launch a new scheme namely "Mukhya Mantri Smagra Vikas Yojana" in all the Urban Local Bodies of the State in FY 2020-21. The major objectives of "Mukhya Mantri Smagra Vikas Yojana" would be an integrated development of the city/town in a holistic manner within a time frame, with focus on efficiency in urban infrastructure/services delivery mechanism, community participation and accountability of urban local bodies towards citizens. The other work assigned to ULB by Hon'ble CM through CM Announcement.

Duration of scheme would be five years beginning from 2020-21 to 2025-26. During this period, the scheme would seek to ensure sustainable development of cities in phased manner.

<b>Outlay</b>	<b>₹ 80,00,00,000/-</b>

Town & Country Planning Department deals with the Development of National Capital Region. The Scheme was introduced to provide funding of Metro Project in Haryana. Haryana Mass Rapid Transport Corporation Limited (HMRTC) was incorporated on 24.03.2012. HMRTC is a joint venture of State Govt., HUDA & HSIIDC. It was decided in the meeting held under the chairmanship of ACS, Finance, Haryana with PSTCP on 19.01.2017, wherein it was agreed to that metro project shall be funded by State Govt. through State Budget. It was concluded that HMRTC does not have any resources for Financing of metro projects and State Agency like HUDA, HSIIDC and IDF Board are unable to fulfill their commitment as per their agreed share due to financial constraints. The Finance Department agreed to include the financing of the metro projects in the State budget.

In a meeting held on 15.06.2018 under the Chairmanship of Hon'ble CM Haryana, the proposed alignment of the Regional Rapid Transit System (RRTs) projects of National Capital Region Transport Corporation falling in Haryana from Delhi to Gurugram border on old Delhi road upto the Haryana Rajasthan Border got approved. Another project has also been approved for the Millennium City Centre, Gurugram for Metro connectivity. HMRTC has conveyed that some more projects are under consideration under this Scheme.

Mangal Nagar Vikas Yojana was started from 01.04.2017. The receipt on account of EDC has been deposited in the Consolidated Fund of the State. The money collected on account of EDC is insufficient to carry out all the development works under EDC for the Urban Estates as per approved master plan. "Mangal Nagar Vikas Yojana" was introduced to provide the additional funds from the budget apart from EDC receipt to ensure that overall development of the Urban Estate does not suffer due to paucity of Funds.

The objective of the scheme is to execute development works in urban areas of the State pertaining to water supply, sewerage, drainage, necessary provisions of treatment and disposal of sewage, sullage and storm water, roads, electrical works, solid waste management and disposal, slaughterhouses, colleges, hospitals, stadium/sports complex, fire stations, grid sub-stations etc.

PART-I STATE SCHEMES**

<b>Code No.</b>	<b>1-16-2235-02-101-64-51</b>
<b>Name of the Scheme</b>	<b>Control of Drug Trafficking and setting up of De-addiction Centre in Haryana</b>
<b>Outlay</b>	<b>₹ 2,00,00,000/-</b>

The prevalence and use of drugs, alcohol and narcotic substances has been increasing worldwide as well as in the country. The State of Haryana has also been affected by these unhealthy trends. It is commonly felt that consumption of drugs has increased in both urban and rural areas. As far as the State of Haryana is concerned, the use of type of drugs varies in different parts of the State. The victims of this abuse are the middle class and the poor, who just use various drugs for the sake of enjoyment for a short time and do not hesitate to spend their hard-earned money which has resulted in destroying families, and dissolution of marriages. Accordingly, in order to get rid of this severe problem, a scheme has been framed for treatment of the drug-addicts, their rehabilitation and taking preventive measures.

The Government of India has formulated a scheme known as Central Sector Scheme of Assistance for Prevention of Alcoholism and Substance (Drugs) Abuse and for Social Defence Services. Accordingly, the State has also decided to make minimum criteria/benchmarks for various institutions like a Drug De-addiction Centres. It will supplement the Government of India Scheme wherever it falls short of the standards. This Scheme will aim at (i) setting up new model De-addiction Centres, (ii) Upgradation of the existing institutions by supplementing the funds received from Government of India.

The aims and objectives of the scheme for prevention of alcoholism and substance abuse will be same as laid down by the Government of India which are as follows:-

- To create awareness about the ill-effects of alcoholism and substance abuse to the individual, the family and the society at large.
- To provide range of community based services for the identification, motivation, counseling, de-addiction, after care and rehabilitation for Whole Person Recovery (WPR) of addicts;
- To alleviate the consequences of drug and alcohol dependence amongst the individual, the family and society at large;
- To facilitate research, training, documentation and collection of relevant information to strengthen the above mentioned objectives; and
- To support other activities which are in consonance with the mandate of the Ministry of Social Justice & Empowerment in this field.

<b>Code No.</b>	<b>1-16-2235-02-101-72-51</b>
<b>Name of the Scheme</b>	<b>Financial assistance to non-school going differently abled children.</b>
<b>Outlay</b>	<b>₹ 27,00,00,000/-</b>

Presently, Haryana Government is providing financial assistance in the form of scholarship to such disabled children of State who are below 18 years of age and are getting formal education in different schools, colleges, technical institutions, universities etc. Those disabled persons who are above 18 years of age are being provided financial assistance in the form of Disabled Pension. But there are some mentally retarded children in the age group of 0 to 18 years, who are in the category of profound & severe retardation and who are not able to attend formal education, training etc. due to their disability. They are totally dependent on their parents or relatives and need constant supervision and care of their families. Some of them require nursery care also. These

children because of their severity of retardation are looked down upon in society and are also forced to live in deplorable and humiliating environment. Their parents find it difficult to look after them properly either due to financial difficulties or otherwise. Therefore, it is felt that in order to boost the morale of these children as well as provide support to their parents some financial assistance should be given to them for their welfare and respectful upbringing. Keeping this in view, a scheme named "Financial Assistance to the Non- School going Disabled Children" is implemented aiming at providing financial assistance, to such parents who cannot send them for formal schooling and boarding of their disabled wards in the age group of below 18 years because of financial constraints or because of their mental disability. The Government is giving assistance of ₹ 2150/- from 01.04.2023.

The eligibility criteria is as under:-

- i) Child under 18 years of age who has been deprived of parental support or care by reason of death, continued absence from home of his father for the last 2 years, or father/mother has been sentenced imprisonment for a period not less than one year or physical or mental incapacity of a parent.
- ii) Income of parents/guardians should not exceed ₹2.00 lakh per annum.
- iii) Benefits upto two children of a family only.

<b>Code No.</b>	<b>1-16-2235-02-101-73-51</b>
<b>Name of the Scheme</b>	<b>State Level Project/Home for Mentally Handicapped</b>
<b>Outlay</b>	<b>₹ 5,00,00,000/-</b>

In Haryana, approximately 4.50 lakh children are Intellectually disabled and out of this, more than 50% fall in the category of educable and remaining 50% in the category of trainable group. Though a few special schools are being run by some voluntary organizations, yet it seems that these are not able to provide full facilities to the mentally challenged due to financial crunch or due to lack of Grant-in-Aid from funding agencies. These schools are providing educational facilities and elementary or vocational training to benefit the challenged of the limited area where these centres are situated. It is also observed that in these centres only Intellectually disabled are getting benefited and the children having cerebral palsy (complex, multi-challenged condition) are not getting benefited. These children also have number of other major impairment and locomotive disabilities.

Therefore, to provide full rehabilitation facilities under one roof to the Intellectually Disabled children with cerebral palsy, a State Institute for Rehabilitation Training & Research (SIRTAR) has been established by the State Government at Rohtak. A total of 62 employees (24 Teaching + 38 Non-teaching) have been engaged at the Institute and during the current academic year, a total of 151 students (110 Day scholars + 41 Hostellers) have been accommodated at the institute.

Under this scheme, the funds are required to provide full rehabilitation facilities under one roof to the Intellectually disabled children with cerebral palsy and other major impairment and locomotive disabilities.

<b>Name of the Scheme</b>	<b>Social and overall Development of Rohnat Village</b>
<b>Outlay</b>	<b>₹ 1,00,000/-</b>

On 23.03.2018, Hon'ble Chief Minister, Haryana announced the formation of Rohnat Freedom Trust in village Rohnat, District Bhiwani. Deputy Commissioner, Bhiwani has informed that Village Rohnat had played a pivotal role in the freedom struggle of the country. During India's First War of Independence in 1857, severe oppression was inflicted upon the villagers of Rohnat. The rebel sepoys from Rohnat village had broken the jail and released convicts and inmates due to which the British colonizers were furious and they invaded Rohnat, not sparing anyone, not even women and children.

As a mark of completion of 160 years of such oppression, when on 20<sup>th</sup> July 1858, the land of the villagers of Rohnat was auctioned; the need to create a Trust has arisen. The Trust would strive to undertake various activities in the field of education, vocational and skill training, creation of assets and physical development of the village, healthcare, focused development of youth, women, elderly etc. So that the inhabitants of the village can enjoy the benefits of independence under full concentration and focus of the district administration.

<b>Name of the Scheme</b>	<b>Operation of Maintenance and Appellate Tribunals for Senior Citizens under Haryana Maintenance of Parents and Senior Citizens Rules 2009</b>
<b>Outlay</b>	<b>₹ 15,00,000/-</b>

In Indian culture, high importance is given to provide care and protection for parents and elderly but the virtual disappearance of traditional joint family system has contributed to the challenges faced by elderly. Now a days they are forced to live alone and are facing various kinds of the problems such as lack of physical, social, emotional and financial support. To overcome such difficulties and to face new challenges, the Government of India has enacted Maintenance and Welfare of Parents and Senior Citizens Act, 2007 so as to provide maintenance and protection to parents and senior citizens. The basic objectives of the Act are to provide in-expensive and speedy procedure to claim monthly maintenance for parents and senior citizens. This Act casts obligations on children to maintain their parents/grandparents and also the relative of the senior citizen to maintain senior citizens.

Under this scheme, the funds are provided for the payment of Honorarium/ Meeting Allowances/ Travelling Expenses of the non-official members of Maintenance and Appellate Tribunals and 22 Appellate Tribunals, having 03 members each (total 66 members) and 74 Maintenance Tribunals, having 03 members each (total 222 members).

<b>Name of the Scheme</b>	<b>State awards for older persons</b>
<b>Outlay</b>	<b>₹ 20,00,000/-</b>

The Government of Haryana is making all efforts in providing social security to the senior citizens in the State. The percentage of persons above the age of 60 years among the total population is increasing. The joint family system has weakened and there is a marked trend in withdrawal of family support. It is the need of the hour to create such

favorable conditions so that the senior citizens could spend rest of their lives with dignity and recognize their long services in various fields to the society in general.

Under this scheme, the following awards have been notified :-

1. Centenarian Award
2. Best Mother Award
3. Courage & Bravery Award
4. Best Panchayat Award
5. Life Time Achievement Award

<b>Name of the Scheme</b>	<b>Mukhyamantri Antyodaya Parivar Utthan Mission</b>
<b>Outlay</b>	<b>₹ 300,00,000/-</b>

Each Government agency/department implements its own scheme independent of each other. Most schemes focus only on grants and assistance and are mostly output oriented and not outcome oriented. Therefore, in 2021 it was envisioned by the Hon'ble Chief Minister to have a program in 'mission' mode by organizing block/MC level Melas (fairs) for convergence of all the income generation and employment generation schemes/programs that are being run by different government departments/agencies under an umbrella scheme called Mukhyamantri Antyodaya Parivar Utthan Yojana (MMAPUY). It is a poverty alleviation program, initiated by the Haryana Government, with the objective of increasing the annual family income.

For achieving the objective of the scheme, the information about different schemes of concerned Departments is given to the families by the Zonal Committees in the Antyodaya Gram Utthan Melas so that identified families can get registered with the concerned scheme and in turn increase their income. A total of 427521 families have been identified and invited to the Melas out of which, 181796 families have turned up for the Melas and applications of 97928 families have been approved in principle, in order to link them with existing loan schemes, skill-development schemes, and private or wage employment schemes of different departments to facilitate an increase in their income.

To remove the sense of economic insecurity from the mind of parents who have only daughters, a Scheme on the pattern of Old Age Allowance scheme, has been started w.e.f. 1-1-2006. Under this scheme, a sum of ₹2,750/- per month per family is paid from the 45<sup>th</sup> birthday of father/mother. As the primary reasons for 'Son' preference is usually

the old age protection. A patriarchal society with the absence of social security and old age support system, the birth of a son is seen as insurance to all the problems related to old age especially the economic security. Since parents hope to live with their sons in their old age as a matter of right, as per the recognized Indian family pattern, the girl child is often seen as burden and liability.

The eligibility criteria is as under:-

1. Any family where biological single parent/ parents are domicile of Haryana or working for Government of Haryana and have no son, biological or adopted, but only daughter/daughters are eligible to get benefit @ ₹2,750/- per month under this scheme.
2. The gross annual income from all sources of the family must not exceed ₹2.00 lakh to be eligible for getting benefit under this scheme.
3. The eligible family will be entitled to receive benefit under this Scheme for a period of 15 years from the date when either of the two parents completes 45 years of age. The benefit will be paid to the mother, if surviving. In case the mother is not surviving, the benefit will be paid to the father.
4. The scheme will not be restricted to BPL/SC/ST families; it will be open for all sections of the society irrespective of their caste, race, creed, and religion.
5. The following persons shall be excluded for grant of benefit under this scheme:-
  - a. Those who themselves or their children are Income tax/sales tax assesses.

#### OBJECTIVE & SCOPE

- a) Preventive Education and Awareness Generation: Programmes would be carried out to address specific target groups (vulnerable and at risk groups) in their neighborhood, educational institutions, workplace, slums etc. with purpose of sensitizing the target groups and the community about the impact of addiction and the need to take professional help for treatment.
- b) Treatment and Rehabilitation: Under this component, focus would be on establishment and assisting de-addiction centres in Government Hospitals, Medical Colleges, closed settings such as prisons and juvenile homes and residential stabilization programmes as Model Rehabilitation Centres.
- c) Setting Quality Standards: Efforts will be undertaken to develop modules for treatment of addicts of different categories and age groups in order to ensure quality and standardization in treatment protocol across the country. Recognition of de-addiction centres will also be done by resorting to third party accreditation through an appropriate Agency/Authority so as to standardize and improve the quality of the drug addiction treatment facilities across the country.
- d) Focused intervention in vulnerable area: Focused intervention programmes would be undertaken in vulnerable districts across the country with an aim to increase community participation and public cooperation in the reduction of demand for dependence- producing substances and promote collective initiatives and self help endeavour among individuals and groups vulnerable to addiction found at risk including persons who have undergone treatment at Integrated Rehabilitation Centres for Addicts (IRCAs) as a follow up measure. For this purpose, vulnerable districts would be identified in the country based on studies/surveys and feedback from IRCAs and other stakeholders and the following intervention programmes would be carried out.
  - i. **Community based peer led Intervention for Early Drug Use Prevention among Adolescents:** Through these programmes youth would be trained as peer Educators to lead peer led community intervention and implement early prevention education especially for vulnerable adolescents and youth in the community. This programme would also provide referral and linkage to counseling, treatment and rehabilitation services for drug dependent identified in the community.
  - ii. **Outreach and Drop in Centres (ODICs):** ODICs would be established in the identified districts to conduct outreach activities in the community for Prevention of drug abuse with a special focus on youth who are dependent on drugs. These centres shall have the provision of screening, essential counseling and would provide referral and linkage to treatment and rehabilitation service for dependent.
  - iii. **Skill Development, Vocational Training and Livelihood support of ex-drug addicts:** In order to promote meaningful livelihood activities and employment to install a sense of purpose and self-esteem in individual to steer them away for drugs, programmes for skill development , vocational training and livelihood support of ex-drug addicts would be carried out through Development Corporations of this Ministry and in collaboration with Ministry of

skill Development and Entrepreneurship and its affiliated institutes and State Governments.

- iv. **Programmes for Drug Demand Reduction by States /UTs:** Taking into account the local consideration, State/UT would devise specific and suitable strategies for drug demand reduction in their identified areas and send proposal which meet the objectives of NAPDDR.
- v. **Survey, Studies, Evaluation, Research and Innovation:** With an aim to develop measures based on scientific evidence that area relevant to different socio-cultural environments and social groups, continuous research and studies would be undertaken in collaboration with other apex institutions on drug use pattern and relevant area. To expand the coverage and quicken the process of treatment and rehabilitation, testing and implementation of innovative ideas shall be supported under NAPDDR.
- vi. **Programme Management:** At the national level, this Ministry would monitor the implementation of activities under the NAPDDR. However, in order to ensure effective implementation of programmes, State/UTs are also expended to devise specific monitoring mechanisms.
- vii. **Any other activities or item which will augment/ strengthen the implementation of NAPDDR:** Financial assistance would also be admissible to the activities/Programmes recommended by the State Government for strengthening the overall objective of the Scheme.

Code No.	3-16-2235-02-199-98-51
Name of the Scheme	National Action Plan for Senior Citizens
Outlay	₹ 1,00,00,000/-

The National Action Plan for Senior Citizens (NAPSrC) highlights all facets which are required to create an eco-system where all Indians can age gracefully and live a life of dignity. The NAPSrC includes ten components encompassing the needs of senior citizens. These are :-

- i) Financial Security
- ii) Health Care and Nutrition
- iii) Shelter and Welfare
- iv) Protection of life and property of Senior Citizens
- v) Active and Productive Ageing with Intergenerational Bonding and Skill development
- vi) Accessibility, transport and Age friendly environment
- vii) Awareness Generation and Capacity Building
- viii) Promoting Silver Economy : senior friendly industrial goods services in the society
- ix) Research and Study
- x) Project Management

Further, the Government of India has requested that each State/UT may strategize & frame their own State Action Plan for the Welfare of Senior Citizens (SAPSrC) by taking into account their local consideration and that State Action Plan may comprise a long term strategy as well as annual action plan. The Funds are being allocated to each State/UT for enabling implementation of the SAPSrC for the duration of NAPSrC, to ensure sustained implementation of the State Action Plan.

As the number of senior citizens increased from 10.3 crore in 2011 to an estimated 17.3 crore in 2026, the need for setting up Senior Citizens Homes for elderly, specially for the elderly women and indigents becomes crucial. This requirement is acute in both rural and urban areas with a large number of elderly population living below the poverty line where vulnerability of elderly people against crimes and alienation from their families is increasing. The MWPSC Act, 2007 provides for setting up of at least one such Senior Citizens Home by the State/UT Governments in each district of the State/UT for at least 150 indigent persons.

## LABOUR PART-I STATE SCHEMES

(1)

<b>Code No.</b>	<b>1-15-2230-01-102-98-51</b>
<b>Name of the Scheme</b>	<b>Strengthening of Safety and Health Inspection System in the Factories.</b>
<b>Outlay</b>	<b>₹ 10,00,000/-</b>

The purpose of this scheme is to ensure the safety, health and welfare of workers working in the factories and construction sites by conducting the inspections under the Factories Act, 1948 and Building & Other Construction Workers Act, 1996 and Rules framed there under the field functionaries of Industrial Safety & Health Wing.

The officers of the Industrial Safety & Health Wing are conducting the inspections as per available infrastructure and facilities but sometimes the officers are not able to achieve their assigned targets due to rapid growth in the number of industries and the construction sector in the State of Haryana. Also, the officers used to travel many kilometres as the factories and construction sites were located in remote areas. Sometimes some accident or dangerous occurrence happens in odd hours but to control the situation, the officers have to reach the spot immediately. Therefore, to strengthen the Safety and Health Inspection system in the factories and to conduct evidence-based inspections, the inspecting officers require the facility of vehicles and some equipment to measure various parameters such as earthing resistance, illumination level, noise level, temperature/humidity level and computer tablets for conducting the evidence-based inspections and submitting the same electronically within prescribed time.

<b>Name of the Scheme</b>	<b>Providing of Mobile Vans for Facilitating the Health Care of the Workers Working in Factories.</b>
<b>Outlay</b>	<b>₹ 60,00,000/-</b>

The objective of the scheme is focused on providing Mobile vans for Facilitating of health care of workers working in the factories. Haryana is one of the most industrialized states in the country; with the pace of time, the industries are increasing and so are dangers of increase in the form of occupational diseases. At present there are approx. 33981 factories and approximately 2701221 workers are employed in these factories. Further, there are large no. of construction sites in which approx.- 649000 workers will work.

As most of the occupational diseases are incurable at later stage, therefore, it was decided that fully equipped mobile vans equipped with X-ray machine, Snellen chart, Ishihara Chart, Stethoscope, B.P. Apparatus, audiometer etc. in all 22 districts of the State to be installed. Further the administrative approval was taken for the procurement of the medical mobile vans by the department but Hon'ble Chief Minister on 19.07.2022 made the announcement that 44 medical mobile vans will be purchased by Haryana Labour Welfare Board so the departmental scheme for procurement of vans was clubbed with Haryana Labour Welfare Board, so the budget was not utilized.

**Name of the scheme:** Rehabilitation of Destitute and Migrant Child Labour  
**Outlay:** ₹ 2,00,00,000/-

The concept of creation of Rehabilitation Centers is to address the needs of destitute child labour detected during the survey and surprises checks under the National Child Labour Projects.

To uplift the livelihood of destitute children who are migrated from other states in the vulnerability of being orphan, unaccompanied by any guardian or adult, poor health states, exposed to violence, social inequality, physical, mental and sexual abuse at work like situations. This situation has undoubtedly been grim since Covid-19. It is also understood that due to not being an adult, unawareness and lack of facilities, these children never get a chance of basic schooling, healthcare, social and legal counselling and skill to build and decide the course of their life.

Two Rehabilitation centres, one in Panipat and one in Yamuna Nagar are being run by the Department.

**Name of the scheme:** Computerization of Labour Department—  
**Establishment Expenses**  
**Outlay** ₹ 10,00,00,000/-

All the services of the Labour Department are currently dealt through an online portal. These services were soft-launched on 16 December 2016 and formally launched

by Hon'ble CM on 19<sup>th</sup> January 2017. Incompliance of the "Business Reforms Action Plan (BRAP)" and "Ease of doing business", the IT cell keeps on updating the existing system database & integration with the other government department websites. The online portal also facilitates information for all the welfare schemes, registration/licensing of factories and labour contractors, and various integrations with SARAL, Eshram, MMPSY, CM Relief fund, Shram Suvidha Portal etc. which requires frequent updation /upgradation. Further, the department is also going to develop various applications that could not be completed in previous phases with the help of in-house IT Professionals such as mobile apps of various platforms, migration, backup of servers etc. There is also regular expenditure towards running the online applications which include Annual Maintenance Charges, Server hosting charges, cloud services, bandwidth charges etc. Further, the Inspections done by the field officers under various Labour Laws are to be uploaded mandatorily on the online portal in a time span of 24 hours. Therefore, in this regard, there is an urgent need of laptops along with high-speed internet data cards for all the departmental officers. The detailed Budgeted Heads under which the expenditure is proposed is mentioned below:

- (i) Rs. 5 crore in the budget for designing and development of designated portal under "The Haryana State Employment of Local Candidates Act, 2020" and for implementation of this Act.
- (ii) Rs. 250 Lakh for remuneration to IT Professionals engaged in the department.
- (iii) Rs. 100 Lakh for the Project Management Unit.
- (iv) Rs. 150 Lakh IT infrastructure such as Computers (Desktop and Laptops), Printers etc.

## WOMEN & CHILD DEVELOPMENT PART-I STATE SCHEMES

(1)

<b>Code No.</b>	<b>1-12-2235-02-001-95-51</b>
<b>Name of the Scheme</b>	<b>Communication and Publicity</b>
<b>Outlay</b>	<b>₹ 35,00,000/-</b>

Efforts are being made to meet the multifarious needs of children and women through various schemes, programmes and through convergence. The Government has accorded priority to women and children in the development programmes. Various indicators reveal that the routes of development have not flown to women and children due to existing social impediments in the development process, which include certain practices, behavioural patterns and attitude towards issues concerning child development especially the girl child and women. One of the other important reasons of low status of women in the society and low nutritional and health status of children is attributed to the lack of awareness and knowledge. Thus, the role of publicity in the context of child and women development is vital for furthering advocacy, social mobilization and Community Empowerment. This scheme aims to provide funds for these activities.

In order to combat the menace of Female Foeticide and to curb the problem of declining sex ratio, a scheme named "Aapki Beti Hamari Beti Scheme" was introduced by the Government in Haryana on dated 22-01-2015. The then existing Ladli Scheme has been subsumed into this scheme. Under the scheme, all Scheduled Castes and Below Poverty Line (BPL) families whose first girl child is born on or after 22<sup>nd</sup> January, 2015 shall be eligible to receive an amount of ₹21,000/- (One Time) and all families whose second girl child is born on or after 22<sup>nd</sup> January, 2015, receive an amount of ₹21,000/- (One Time) irrespective of their caste, creed, religion, income and number of sons. In special cases, when twin/ multiple girls are born on or after 22<sup>nd</sup> January, 2015, an amount of ₹21,000/- per girl child is given. This amount is invested in a group scheme "Aapki Beti Hamari Beti" of Life Insurance Corporation of India and the maturity amount of ₹1.00 lakh approximately is given to the girl after completing the age of 18 years provided that she is unmarried at that time. Haryana Government has also extended the benefit of the scheme to the birth of 3<sup>rd</sup> Girl Child w.e.f. 24-08-2015. Till now, 465227 beneficiaries have been covered under this scheme and approximately 40812 beneficiaries have been benefited upto November, 2023.

2. **Beti Bachao Beti Padhao Coordinator for PCPNDT Act:-**  
 Under the scheme, Beti Bachao Beti Padhao Coordinators are appointed for review of PCPNDT Act.
3. **Sexual harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act 2013:-**  
 This Act came into force w.e.f. 9<sup>th</sup> December, 2013. The Internal Complaints Committee, Local Complaints Committee and the State Resource Centre as Prevention of Sexual Harassment Cell has been constituted, for implementation of the Act. As per Section 16 of the Act, it is the duty of the employer to organise workshops and awareness programmes and meetings at regular intervals for achieving the goal of prevention of Sexual Harassment at workplace.

**4. Gender Sensitization Awareness :-**

The village community in general and women in particular come into frequent contact with various development functionaries and officials at the village level. These service providers are usually Doctors, MPHs, ANMs, Educationists, Panchayati Raj Personnel, Police, etc. It is often found that these officials lack gender sensitivity owing to the fact that they are also brought up and socialized in the same society as that of the community and efforts of women empowerment get diluted in the absence of support from service providers. It is, therefore, important to sensitize them towards women. The Department is making stringent efforts to achieve "Gender Equality".

Under this scheme, it is proposed to initially gender sensitize Panches and Sarpanches, Medical Officers and Police Personnel, Gender sensitization related awareness activities are also conducted under the scheme like, self defence training programmes, health hygiene and legal awareness, rights of women labourers, safe contraception methods, menstrual hygiene etc.

<b>Outlay</b>	<b>₹ 30,00,00,000/-</b>

The National Perspective Plan formulated by the Ministry of Education (formerly Ministry of Human Resources Development), Government of India, highlighted the role of voluntary sector in women empowerment. The development scenario, both at national as well as international level has shown the achievements of the Non-Governmental Organizations. The International Women's Conferences have clearly witnessed the contribution of voluntary sector in un-covering the realities of women's lives which resulted in making women friendly policies and programmes.

Under this scheme, financial assistance as grant-in-aid to "Haryana State Council for Child Welfare" is given. These funds are required for children related activities like adoption programme, sponsorship programmes for physically handicapped ex-servicemen, national painting competition, children's day celebration, bravery award for children, coaching classes for 10<sup>th</sup> and 12<sup>th</sup> classes, Sunday Hobby classes, Children Library etc.

**Outlay** ₹ 2,50,00,000/-

Haryana Women Development Corporation was incepted with a view to promote activities for women's development, awareness generation, vocational training and to arrange institutional finance for self-employment of women. To make women economically independent, more and more women are required to be channelized into income generating activities. But the women, without any resources are incapable of starting their ventures. Since group activities through community mobilization is over emphasized as an empowerment strategy, more and more SHGs are emerging at the village level. But, unless these women groups are linked with economic institutions, the vital issue of economic empowerment of women cannot be adequately addressed. Within this context, to make economic resources more easily accessible to women, Haryana Women Development Corporation (HWDC) plays a vital role through its loaning schemes.

It is envisaged to cover at least 10,000 prospective women entrepreneurs every year, not only to give direction and strength to the existing SHGs but also to motivate more and more women to take up income generating activities to become productive members of the society.

**Name of the Scheme** Haryana State Commission for Women-Financial Assistance to Women Awareness and Management Academy (WAMA)  
**Outlay** ₹ 40,00,000/-

Women Awareness and Management Academy (WAMA) at Rai was set up in January, 1995 which is registered under the Societies Act, 1860. The essence was to cater to the training needs of the rural women and other grass-root level functionaries. The need of the hour is to orient the development machinery on various gender issues, gender development, community mobilization, participatory approach etc. Consequently, this Institution was upgraded as Regional Level Gender Training Institute in the Women's Empowerment Year in 2001. This Institute has no resources of its own and depends upon State Government Grants. In order to achieve the desired goals, the institutional mechanism needs to be strengthened at regular intervals, not only from infra-structural point of view but also from management perspective as well.

**Name of the Scheme** Implementation of Juvenile Justice Act-Remand/ Observation Home.  
**Outlay** ₹ 40,00,00,000/-

Juvenile Justice (Care and Protection of Children) Act, 2000 has been enforced in the State of Haryana w.e.f. 01.04.2001. As per section 16, the Juvenile Justice Board is empowered to place a juvenile above the age of 16 years in a place of Safety if the Board is of the opinion that the seriousness of the offence and/or the said juvenile's behavior, makes it unsuitable for them to be placed in a Special Home.

Children in conflict with law who enters the juvenile justice system through the Juvenile Justice Boards (JJBs) are in need of adequate residential care and protection during the pendency of any inquiry and this Act empowers the State Governments to establish and maintain observation homes in every district or group of districts for their temporary reception.

The Children Homes and Shelter Homes have been set up at Chhachrauli and Rewari through district branches of Haryana State Council for Child Welfare, Haryana.

The Observation Home at Sonipat is housed in a building which was constructed only for 25 inmates. Now, as the age of juveniles has been increased from 16 to 18 years, therefore the actual strength of inmates have also got increased to 100 thus, to solve the problem of over-crowding in Observation Home at Sonipat, additional Observation Home at Faridabad has been set up. One Observation Home for Female under trial juveniles, has been set up at Karnal and two additional Observation Homes at Ambala and Hisar are also being constructed under this scheme.

One of the guiding principles of the care and protection of children under the Juvenile Justice Act asserts that a child shall be placed in institutional care as a measure of last resort. In this spirit, the Juvenile Justice (Care and Protection of Children) Act, 2015 and the Model Rules framed under accord priority to non- Institutional care in the rehabilitation and reintegration of children through Sponsorship, Foster Care, adoption and After Care in a family and community based alternatives for care.

**Sponsorship:** Financial support may be extended to vulnerable children living with extended families/biological relatives for supporting their education, nutrition and health needs.

**Foster Care:** The responsibility of the child is undertaken by an unrelated family for care protection and rehabilitation of the child. Financial support is provided to biologically unrelated Foster Parents for nurturing the child.

**After Care:** Children who are leaving a Child Care Institution on completion of 18 years of age may be provided with financial support to facilitate the child's re-integration into mainstream of society. Such support may be given from the age of 18 years up to 21 years, extendable up to 23 years of age to help her/him become self-dependent. A monthly grant of Rs. 4000/- per child shall be provided for Sponsorship or Foster Care or After Care to the state government.

Under this Scheme, Women in Haryana, who have to stay away from their Homes for job purpose or do not have anyone to house them, often suffer from insecurities related to safety. The Central Government has passed a new scheme under Mission Shakti that is designed for meeting the housing requirement of working women. The Name of the scheme is "Sakhi Niwas" (Working Women Hostel Scheme) and will also include children under special circumstances.

**Facility for Creches:**

It is not possible for the working mothers to take their children with them to their office. For the assistance of such mothers, the Hostel authority will provide crèches facility as well as per the National Creche Facility norm. Here, the children will be looked after when their mothers are not around.

**Mission of the Scheme:**

The Mission for running the Sakhi Niwas Scheme is to make the hostel facilities available to the maximum number of girls and women who are coming to work in Haryana from different parts of India, irrespective of their caste, religion and creed. The main objective is to make the hostel facilities available at an affordable price to those candidates who are coming from low income groups and are vulnerable sections of the society. However, the requirement of the high income groups are also not ignored.

#### **Construction of Juvenile Justice Boards and Child Welfare Committees:**

The Juvenile Justice (Care and Protection of Children) Act, 2015 makes it mandatory to establish at least one Juvenile Justice Board (JJB) and Child Welfare Committee (CWC) in each district as the authority to dispose of matters related to Children in conflict with law and Children in Need of Care and Protection respectively. Mission Vatsalya shall provide infrastructure and financial support to the States for facilitating setting up of JJB and CWC in every district and to ensure their effective functioning. JJB shall hold its sittings in the premises of an Observation Home. CWC shall hold its sitting in the premises of a Children Home.

**Infrastructure for JJB:** The Observation Homes being constructed shall have two rooms of 300 Sq. ft. each for the JJB, where an existing Observation Home has the required space available within the premises, the same shall be provided to the Board. However, in districts where there is no Observation Home or the existing Observation Home has no space for the JJB, funds will be provided under the Mission for constructing or renting suitable premises for the JJB. The Board shall hold its sittings in one room while the other room should be used as the waiting area for Children and their families.

**Infrastructure for CWC:** The Children Home being constructed shall have two rooms of 300 Sq. ft. each for the CWC, where an existing Children Home has the required space available within the premises, the same shall be provided to the Committee. However, in districts where there is no Children Home or the existing Children Home has no space for the CWC, funds will be provided under the Mission for constructing or renting suitable premises for the CWC.

**Vatsalya Sadan** will be an Integrated Home Complex of CCIs (Children Home, Observation Home, Special Home, Place of Safety) along with JJB and CWC shall be located within single premises for implementation of the Juvenile Justice Act. Vatsalya Sadan (Integrated Home Complex) may be proposed for unit of 50 and 25 children in each Home. Time to time, states have submitted proposals for Integrated Home Complex based on their requirement. Therefore, to address this need, it has been decided to provide for construction of "Vatsalya Sadan" under the Mission Vatsalya. The benefits of having "Vatsalya Sadan" would help to avoid/minimize disruption, travelling time for case needs and ensure security provision.

<b>Outlay</b>	<b>₹8,00,00,000/-</b>
	<b>Centre Share: ₹ 4,80,00,000/-</b>
	<b>State Share : ₹ 3,20,00,000/-</b>

This is Centrally Sponsored Scheme on Sharing basis between Centre and State Government in sharing ratio of 60:40. The Scheme envisages providing cash incentive directly to pregnant & lactating women during pregnancy and lactation in response to individual, fulfilling specific conditions. It would address short term income support objectives with long term objective of behaviour and attitudinal change. The scheme attempts to partly compensate for weight loss to pregnant & lactating women both prior to and after delivery of the child. The scheme is implemented using the platform of ICDS with the objectives to improve the health and nutritional status of pregnant, lactating women and infants by :

- (I) Promoting appropriate practices, care and service utilization during pregnancy, safe delivery and lactation ;
- (II) Encouraging the women to follow (optimal) Infant and Young Child Feeding (IYCF) practices including early and exclusive breast feeding for six months ;
- (III) Contributing to better environment by providing cash incentives for improvement in health and nutrition, to pregnant and nursing mothers.

Under the scheme, pregnant women for first live birth are entitled for benefits. All Government (Central & State or PSUs) employees are excluded from the scheme as they are entitled for paid maternity leave and those who are in receipt of similar benefits under any law for the time being in force, shall also be excluded.

As per revised guidelines of PMMVY, the benefit is available to women belonging to socially and economically disadvantaged sections of society for the first two living children provided the second child is a girl. In case of the first child an amount of ₹ 5000/- in two instalments and for the second child, the benefit of ₹6000/- is provided subject to second child is a girl child in one instalment. However, for availing benefits for second child, registration during the pregnancy shall be mandatory. This would contribute to improve the sex ratio at birth and to prevent female foeticide.

To promote the scheme and for motivation, Anganwadi Workers (AWWs) and Anganwadi Helpers (AWHs) receives an incentive of ₹200/- and ₹ 100/- respectively per pregnant & lactating woman after all the due cash transfers to the beneficiary are completed under flexi funds component of the scheme.

This Scheme was started under Integrated Child Development Scheme (ICDS) in the State during 1975-76. The expenditure of Supplementary Nutrition Programme (SNP) is being shared by Centre & State in the ratio of 50:50. The State Government is providing Supplementary Nutrition programme (SNP) containing an average nutritive value as per norms fixed i.e. in case of Pregnant/Lactating mothers 600 calories and 18-20 gm. protein, in case of children 500 calories and 12-15 gm. protein and in case of severely mal-nourished children 800 calories and 20-25 gm. protein @ ₹9.50/- per mother, ₹ 8/- per child and ₹12/- per mal-nourished child respectively, per day for 300 days in a year. Presently, 9.11 lakh children and 2.81 lakh pregnant/ lactating mothers are covered under Supplementary Nutrition Programme. The recipes provided under ICDS are Poshtic Panjiri, Bharwa Parantha, Aloo puri, Meetha Chawal, Meetha Dalia, Pulao. Gulgale and Chana, Murmura & Mungfali Mixture etc. At present, two Panjiri Plants, one at Gharaundha (Karnal) and another one at Gurugram are functioning in the State. These Panjiri Plants are producing 3.5 MT Panjiri per month. The Panjiri produced by these Panjiri Plants is fortified with micronutrients and is being given to the children in age group of 6 to 18 months of Anganwadi Centres. At present, these plants are producing Panjiri which caters only 14% requirements. To upgrade these Panjiri Plants, consultant has been appointed. There is proposal to set up a Panjiri Plant at Paplohain district Panchkula. The Panjiri is to be given as Take Home Ration (THR) to approximately 2.6 lakh children between 6-18 months of age.

<b>Name of the Scheme</b>	<b>Training for Senior Officers in Haryana State</b>
<b>Outlay</b>	<b>₹ 22,00,000/-</b>

The goal/objective of training is to develop a professional, impartial and efficient civil service that is responsive to the need of the citizens. In doing so, care will be taken to emphasize the development of proper ethics, commitment to work and empathy for the vulnerable sections such as differently abled, senior citizens, SCs, STs etc. The competency framework will be used to ensure that civil servants have the requisite knowledge, skills and attitude to effectively perform the functions they are entrusted with. The success of training will lie in actual improvement in the performance of civil servants.

The objectives of the training can best be described in capacity building and enhancement of Human Capital through an integrated framework of knowledge, Skill and Attitude. Capacity Building in Government of Haryana shall strive to achieve the following objectives:

- i) Keeping up-to-date and enhancing professional knowledge and skills needed for better performance of individuals and organizations;
- ii) Promoting better understanding of professional requirements as well as sensitization towards the socio-economic and political environment in which government work is done; and
- iii) Bringing about right attitudinal orientation.
