About MPSJA

The High Court of Madhya Pradesh did not have any institutionalized facility for imparting judicial education to members of District Judiciary. After their selection, Civil Judges and Additional District Judges used to be posted straight away to District Headquarters, where practical training was imparted to them under the supervision and guidance of the District Judge by senior Judges posted there, as per the scheme issued by the High Court. However, the training so imparted was never considered to be satisfactory and there was a crying need for a formal, institutionalized set up to educate, train and groom members of District Judiciary in such a manner as to equip them with requisite knowledge and skills. It was also felt necessary that ethical values should be inculcated in Judges of Subordinate Courts from the day one. Thus, the Institute aims at equipping the members of District Judiciary with up to date knowledge of laws and also inculcating and developing in them the qualities of a good Judge so that they can face the challenges of day-to-day judicial work. It was felt that such a conditioning would optimize the inherent qualities of a individual Judge, so that he is in a position to play his designated role effectively and efficiently in the justice delivery system.

Idea to have a Training Institute for the Judges of Subordinate Judiciary was conceived as early as the year 1974. In its report, a sub-committee comprising two Judges of the High Court of Madhya Pradesh, suggested the desirability of such an Institute. The idea was taken little further when in April

- This TAB gives brief introduction of Madhya Pradesh State Judicial Academy.

About Software

About Joti Journal Software

The first version of JOTI Journal Software was developed by the Academy (then JOTRI) in the year 2011-2012. The said software was developed under the guidance of Hon'ble Shri J.P. Gupta, the then Director and Shri Awdhesh Gupta, the then OSD. However, the software was limited to judgments published in the JOTI Journal.

Need was felt that a comprehensive software covering all parts of JOTI Journal is required to be developed. On the basis of regular feedback received from the Judges of District Judiciary, the task was undertaken in the year 2019 under the guidance of Shri Pradeep Kumar Vyas, the then Director. The said task was assigned to Shri Yashpal Singh, the then OSD and now Deputy Director, MPSJA.

Under the able guidance of Shri Ramkumar Choubey, present Director, the meticulous task of digitizing the entire record of JOTI Journal in searchable form has been completed. The software has been developed on PHP Platform. It covers all the matter published in JOTI Journal i.e. Articles, Judgments, Circulars and Notifications and Acts and Amendments. The entire matter is in searchable form and every effort has been taken to make it competitive with the proprietary softwares.

- This Tab gives the brief information about the development of Software and recognizes the efforts of all contributors.

Head Note

- FIR - Delay** - If explained properly, not fatal for prosecution, but at the same it should be borne in mind that deliberate **delay** in lodging **FIR** is fatal.
- The process of law cannot be abused, the Court proceeding ought not to be permitted to degenerate into a weapon of harassment and persecution.
- Delay** in sending a copy of **FIR** to Court - It is not a ground to throw out the prosecution case in its entirety particularly when **delay** is explained by leading unimpeachable evidence.
- Non-examination of independent witness - When two persons have been killed and one is seriously injured, no neighbour, even if he had seen the incident, would like

INDIAN PENAL CODE, 1860 - Section 376 (2) (g)
CRIMINAL PROCEDURE CODE, 1973- Section 154

Head Note 📄

Gang rape - Delay in lodging FIR: effect of - Held, when FIR by a Hindu lady is to be lodged with regard to such an offence, many questions would obviously crop up for consideration before one finally decides to lodge the FIR - Obviously, the prosecutrix must have also gone through great turmoil and only after giving it a serious thought, must have decided to lodge the FIR - Thus, it cannot be said that there has been inordinate or unexplained delay in lodging FIR.

- For example, write 'delay FIR effect' in Proximity Search with range '30' and click search. You will get 17 judgments in result. Now click on 'Search within Result' and write 'rape' in 'Held' portion box and click search within result. The result of 17 judgments will be reduced to only 02 where law relating to effect of delay in lodging FIR in rape cases has been dealt with.
