

# Revolutionizing Case Management: The Unique Justice Platform of the Kerala High Court

---

Interoperability And Easy Access To Litigants, Advocates and Judges

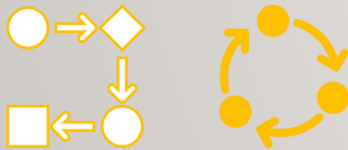

# KEY OBJECTIVES

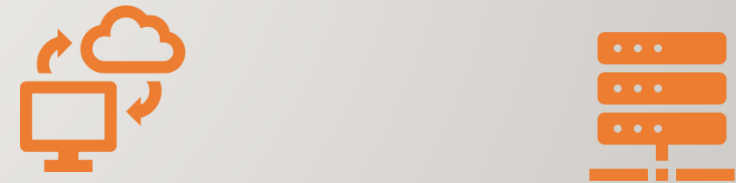

The Supreme Court e-Committee envisions a judicial system that is more accessible, efficient and equitable for every individual who seeks justice, or is part of the delivery of justice, in India. It envisions an infrastructure for the judicial system that is natively digital. Rather than focus on developing all the solutions itself, we wanted to curate the right environment and infrastructure for solutions to emerge rapidly from the ecosystem to create a multiplier effect for change.
