Judgement Search Portal

(Digital Repository of High Court Judgements)

1.Introduction:

Judgments & Final Orders search portal is a repository of judgments pronounced by various High Courts in the country. It provides the facility to search judgments and orders based on several search criteria. The most important feature of this portal is that it has a free text search engine, which culls out judgments based on a given keyword in the search box provided. Users can search on various criteria like High Court, Hon'ble Judge name, case number, acts, section, name of parties, decision date and disposal nature. A combination of several search options will assist the stakeholders in getting the desired results. The embedded filtering feature allows further filtering on available results, thus adding value to the search.
