# Step-by-Step Instructions for Filling the AISHE DCF Portal: College Edition

**Preliminary steps to fill up Data before proceeding to web DCF for data submission:**

1. **Log into the AISHE Portal:** Use your credentials to access the portal.
2. **Navigate to Institution Details:** Click on the "Institution Details" tab.
3. **Review Pre-filled Data:** Check all pre-filled information for accuracy.
4. **Save Changes:** After making necessary edits, ensure you save your changes before moving on to other tabs
5. **Go to Edit Registration Tab** and ensure that the Head of the institution details as well as Nodal Officer details are correct and updated.

**Proceed to Web DCF:** After verifying and saving all details, go to the "Web DCF" tab and select the survey year to enter the dashboard to fill up various modules i.e. Basic Information, Faculty Department & Programme, Student Enrolment, Foreign Student Enrolment, Examination Centres, Staff Information, Financial Information, Infrastructure, Scholarship Fellowship Loan, Accreditation, Regulatory Information, NEP Information, etc.

By following these steps and ensuring that all information is accurate and up-to-date, you will facilitate a smoother data entry process in the AISHE Web DCF portal.

## Detailed Instructions for Filling Data

1. When logging into the AISHE portal, you will see several tabs on the entry page:

- 1) Institution Details
- 2) Web DCF
- 3) Edit Registration
- 4) Change Password

### A. "Institution Details" Tab

Before filling out the Web DCF, it is important to carefully review the Institution Details tab and make any necessary corrections to address inaccuracies in the pre-filled data from the previous year.

**A1: Institute Type:** The Colleges registered with AISHE can be of the following Types:

- Central University

- Central Open University
- State Public University
- Institute of National Importance
- Institute under State Legislature Act
- State Open University
- State Private University
- State Private Open University
- Deemed University - Government
- Deemed University - Government Aided
- Deemed University - Private

**Note: To edit institute type, the institution must contact the Department of Higher Education, Ministry of Education at [aishe-helpdesk@nic.in](mailto:aishe-helpdesk@nic.in)**

**A2. Ownership Status of the Institution:** The ownership status can be edited in this tab. Different types of ownerships (Sponsoring body) for colleges include:

#### a) Central Government

- **Description:** Colleges maintained directly by the Central Government.
- **Example: University of Delhi** - A prominent central university offering various undergraduate and postgraduate programs, funded and governed by the Ministry of Education.

#### b) State Government

- **Description:** Colleges maintained by state governments, receiving funding and oversight from the respective state authorities.
- **Example: Choudhry Charan Singh University, Meerut** - A state university in Uttar Pradesh that receives maintenance grants from the Uttar Pradesh government.

#### c) Trust

- **Description:** Colleges established and managed by charitable trusts, focusing on educational development.
- **Example: Sushant University** - Founded by the Chiranjiv Charitable Trust, this university offers various programs in architecture, design, and management.

#### d) Society

- **Description:** Institutions established under the Societies Registration Act, typically focused on educational objectives.
- **Example: Manipal University** - Managed by the Manipal Academy of Higher Education Society, it has a strong emphasis on healthcare and engineering education.

#### e) Company

- **Description:** Colleges set up as companies under the Companies Act, often focusing on specific professional fields.
- **Example: Shiv Nadar University** - Established by the Shiv Nadar Foundation, it operates as a not-for-profit company aimed at providing quality higher education.

#### f) Public Private Partnership (PPP)

- **Description:** Institutions formed through collaboration between the government and private entities to enhance educational infrastructure and services.
- **Example: Gandhi Institute of Technology and Management (GITAM)** - While primarily a private institution, it has engaged in partnerships with government bodies for various initiatives.

#### g) Public Sector Undertakings (PSUs)

- **Description:** Some colleges or institutes are sponsored or supported by PSUs to enhance skill development and education in relevant fields.
- **Example: Steel Authority of India Limited (SAIL)** – Partners with institutions in various educational initiatives, particularly in metallurgy and material sciences.

Ensure that the ownership aligns with the institute type:

- A **State Private University** cannot be Central/State Government-owned.
- A **State Public University** cannot be Central Government-owned.

### A3. Institution Head Details:

Please ensure that the Head Details in AISHE are that of the incumbent Head of the Colleges. If not, the same may be updated in the **Edit Registration Tab**

### A4. Nodal Officer Details:

Please ensure that the nodal officer Details in AISHE are updated. If not, the same may be updated in the **Edit Registration Tab**

### A5. Address

When filling out the address details for your institution in the AISHE Web DCF, please ensure that all information is current and accurate. Follow these guidelines carefully:

#### 1. Editable Fields:

- All address fields are editable except for the **State** and **District**. Make sure to update all relevant fields, particularly the **Latitude** and **Longitude**.

#### 2. Latitude and Longitude Validation:

- The system will validate the correctness of the Latitude and Longitude up to the sub-district level. Ensure that you enter accurate coordinates; if incorrect values are provided, the system will prevent you from submitting and saving the Institution Details tab.

**Note:** Please ensure that the Latitude and Longitude of the **main administrative block institution's** may be updated using reliable geocoding tools to obtain precise coordinates.

#### 3. District Changes:

- To update District details (if required), you must contact the State Nodal Officer (SNO) or the Ministry of Education (MoE) for updating the same.

After verifying that all address details are correct, click update button to save your changes.

13. Longitude
14. Total Area
15. Total Construction Area

#### **Tab 4: Residential Facility**

### Q1: Staff Quarter Availability:

- If staff quarters are available, select the radio button 'Yes', and a table for submitting the number of Teaching and Non-Teaching Staff quarters will be activated. If not available, select 'No'.

### Q2: Student Hostel Availability:

- If student hostels are available, select the radio button 'Yes' and specify the number of hostels. A table will then appear for entering details such as Name, Type, Capacity, and Number of Residing Students.
- If there are multiple hostels, click the 'Add' radio button to include additional details in the hostel table.

### Tab 5: Institution Bank Details

- College must provide the details like Account Holder Name, Bank Name, Bank Address, IFSC Code, Account No., Conform Account No. and Type of Account.

## Module 2: Faculty Department & Programme

### Sub-Module 1: Details of Faculty and Department

#### Tab 1: Faculty

- A faculty is a broader organizational unit within a university, encompassing **multiple academic disciplines or departments**. It typically includes a group of related departments that focus on a specific area of study, such as the Faculty of Arts, Faculty of Science, or Faculty of Engineering. Each faculty is responsible for overseeing the academic programs and policies related to its constituent departments and may include various centres for specialized studies. **It does not pertain to individual teaching staff.**

#### Tab 2: Department

- A department, on the other hand, is a **more specialized unit within a faculty dedicated to a particular field of study or discipline**. For example, within the Faculty of Science, there might be separate departments for Physics, Chemistry, and Biology. Departments are primarily responsible for delivering courses, conducting research, and managing faculty members associated with their specific discipline

### Steps for adding Faculty

- For the purpose of survey, **the school will be treated similar to Faculty and Centre will be treated similar to the Department.**
- List all faculties relevant to the institution.
  - Each entry should only consist of the name of the faculty (e.g., Faculty of Arts).
- After completing the list of faculties, press the ‘**Save**’ button to save your entries.
- **Lock the tab** after saving to finalize the data. **If no faculty exists, simply lock the tab without adding anything.**

### Steps for adding Department

- **Prerequisite:** This tab becomes accessible only after the faculty tab is saved and locked.
- The Faculty/Institute Name will be selected from a dropdown list that displays the faculties added previously.
- Enter the name of the Department or Centre associated with the selected faculty and click the ‘**Add**’ button.
  - If there are no faculties in the institution, select “No Faculty” from the dropdown to proceed with adding departments.
- After adding all relevant departments, press ‘**Save**’ and **lock the tab** to finalize your entries.

### Sub-Module 2: Details of Programme

*The program details can only be accessed after the Faculty Tab and Department tab is saved and locked.*

Institutions must provide Details of Programmes for various modes of study—Regular, Distance, Private, Online, and Off-Campus. Each mode will appear as a tab. Previously filled programme details for each mode will be displayed in a grid format and can be edited as needed.

**If any new programme has to be added, the following details are to be entered:**

1. **Is this program being offered with any Indian language as a medium of instruction?**
  - **Options:** Yes or No. If Yes, select the appropriate language from the dropdown.

**Note:** For a program to be recognized as being offered in a specific Indian language as the medium of instruction, it is essential that both the course structures and instructional materials are provided in that language, and students must also have the option to write their examinations in the same language.

2. **Is this program accredited by NBA?**
  - **Options:** Yes or No.

### 3. **Faculty/School**

- Select the relevant Faculty from the dropdown list.

### 4. **Department/Centre**

- This dropdown will dynamically display options based on the selected Faculty.

### 5. **Level of the course offered**

- **Options** include:
  - Integrated
  - Certificate
  - Diploma
  - PG Diploma
  - Under Graduate
  - Post Graduate
  - M.Phil.
  - Ph.D.
- Higher degrees like D.Litt. and D.Sc. are considered Ph.D. level.

### 6. **Broad Discipline Group Category**

- Select the relevant category from the drop down. Eg: For M.Sc. Chemistry, Broad Discipline Group Category will be Science.

### 7. **Broad Discipline Group Name**

- Select the relevant category from the drop down. Eg: For M.Sc. Chemistry, Broad Discipline Group Name will be Chemistry

### 8. **Discipline Name**

- Record the specific discipline (e.g., for M.Sc. Botany, enter "Botany").

### 9. **Admission Criterion**

- **Options:**
  - All India Level Examination
  - State Level Examination
  - University Level Examination
  - Direct Admission
- Choose the criterion that most students are admitted through.

### 10. **Examination System**

- **Options:**
  - Annual
  - Semester
  - Tri-Semester
  - Not Applicable

- Select the applicable examination system.

#### 11. Course Duration

- Record the duration in years and months (e.g., 2 years, 10 months is entered as '2' and '10').

#### 12. Whether Vocational Course

- Indicate if the program is vocational or not.

#### 13. Year of Start

- Record when the program started

#### 14. University through which course is approved

- Enter the university's official name.

#### 15. Statutory Body through which course is approved

- Record the name of the body that approved the program (e.g., Rehabilitation Council of India).

#### 16. Approved Intake for Current Academic Year (Sanctioned by any regulatory body and only for first year)

- Record the permitted strength of students for admission into the discipline.

The approved intake must reflect the actual distribution of **first year sanctioned seats** across different categories (e.g., General, SC, ST, OBC) rather than the categories used for admissions.

#### 17. Supernumerary Seats

- Additional seats over and above the sanctioned intake in first year.

## Module 3: Student Enrolment

### Module Overview:

This block is intended to record the number of students enrolled in various disciplines at the university, encompassing data from all faculties, schools, and departments. However, the university should not fill in data for the number of students enrolled in colleges, off-campus centres, PG centres, and similar institutions affiliated with the university that have their own AISHE codes, provided those institutions are submitting their own data. **The university must ensure there is no duplication of data for such institutions that possess separate AISHE codes.**

- Students enrolled in Ph.D. programs at research laboratories affiliated with the university for the purpose of awarding Ph.D. degrees will be included in the university's Ph.D. enrolment figures. For instance, students from the Institute of Genomics & Integrative Biology, a CSIR research laboratory associated with the

University of Pune for Ph.D. degree awards, will be counted in the Ph.D. enrolment of the University of Pune.

- **Student enrolment in Regular Courses:** This item is meant for recording the information in respect of students enrolled under regular mode of study in the Institution. For each of the regular programme, grids for different years of study will be generated to fill up student information. Enrolment is to be recorded for each Programme and Discipline.
- **Student enrolment in Distance Courses:** This item is meant for recording the information in respect of students enrolled under distance mode of study in the Institution. Enrolment details should be recorded under **Distance Mode** only if the students are directly associated with the university's programs, and not through regional centres. **Regional Centre(s) Distance Mode tab** shall be used to fill up student enrolled for distance courses in Regional centre(s) of the University. **Care should be taken not to repeat the same enrolment in Distance Mode Tab as well as Regional Centre(s) Distance Mode in student enrolment module.**
- **Student enrolment in Private (External) Mode:** In private mode, 'External Student' means a student who is registered at College for an award but study independently outside the College.
- **Student enrolment in Online Mode:** Online Mode refers to a flexible learning approach that utilizes the internet to deliver educational content, allowing for interaction between teachers and students through various digital platforms. As per UGC guidelines, Institutions can offer Certificate, Diploma, and Degree programs in online mode in disciplines where they already provide similar courses in regular or Open and Distance Learning (ODL) modes. However, certain fields such as engineering, law, medicine, and others are prohibited from being offered in online mode due to their practical requirements.
- **Foreign Students studying in the Institution will also be included as General Category students.**
- Care should be taken to avoid Duplicity in Enrolment- i.e., the enrolment data should be filled up program wise only and not subject wise.
- If a particular program is multi-disciplinary, spread across different departments, then the broad discipline group category may be repeated as Broad discipline group name. Eg: For B.Sc. in Mathematics & Statistics, Programme Details will be selected as B.Sc., Broad Discipline Group Category will be Science and Broad Discipline Group Name will be Science.

## Steps to enter student enrolment data

1. For each mode, to add the student enrolment details, click on “**Add new Entry**” Tab
2. Select **Faculty/School** from the drop down (If no faculty is available for the institution, “No Faculty” can be selected from the drop down)
3. Select **Department** from the drop down (If no Department is available for the institution, “No Department” can be selected from the drop down)
4. Select the course details under “**Discipline**” drop down for which the enrolment details have to be filled up. (The information entered in the '**Faculty Department & Programme**' Module will determine the **Faculty, Department and Discipline** options.)
5. On selecting the Discipline, the following question will be displayed:
  - Whether this programme has been migrated to NEP mode of course duration 4 years: “Yes”, “No”: If Yes is selected, move to next question:
  - If migrated to NEP mode with 4-year course duration, year of Migration: (Drop down of years)
6. If the course has been migrated to NEP mode, then based on the year of start of the programme and Year of Migration to NEP mode, enough number of grids will be provided to fill up non-NEP data and NEP data.

For Eg: if the programme (with 3-year course duration) has been migrated to NEP mode with 4-year course duration in 2022-23, then for the academic year 2023-24, data of two NEP years will be there. 2022-23 (year 1) and 2023-24 (year 2). And data pertaining to non-NEP years (2021-22 admission– (year 3)). The data has to be filed up in the grids as below:

- a) First grid: Students in 1<sup>st</sup> year in current academic year (NEP)
  - b) Second grid: Students in second year in current academic year (NEP)
  - c) Third grid: Students in third year in current academic year (non-NEP)
7. The question "Other Minority Breakup (Available):" must be selected. If "Yes" is chosen, an option will be provided to fill in the breakup of other minorities across different categories: Christians, Sikhs, Buddhists, Zoroastrians (Parsis), and Jains
  8. If specific data on religious minorities or category-wise data is unavailable, leave the fields blank and select appropriate remarks from the dropdown (e.g., "Minority data not maintained" or "OBC data not maintained").
  9. In case of Ph.D., for a particular discipline, only one grid will be provided for filling up the complete enrolment for all years. The total students enrolled in Ph.D. in the current academic session in that discipline, for all years must be entered in single grid.

10. After filling out all necessary details, click on the 'Add' button to include the entered data in the system
11. To enter another program, click on **Add New Entry** Tab and repeat the above process.
12. Remember to **Save** and **Lock** the tab once all entries are complete.

### **Important points to note while filling up Student Enrolment details:**

#### **To understand the matrix of Enrolment in Student Enrolment Module**

**To the right:** In first row, the total enrolment should be bifurcated into General, SC, ST and OBC categories to the right side. Out of General category, EWS students has to be provided in columns adjacent to General column. **SC, ST, OBC and General adds up to Total**

#### **Downward:**

- Out of the total students recorded in first row, number of students belonging to Muslims and Other religious minority category, will be recorded separately in the third and fourth rows.
- Six religious' communities, viz; Muslims, Christians, Sikhs, Jain, Buddhists and Zorastrians (Parsis) have been notified as minority communities by the Union Government.
- The enrolment figures for Persons with Benchmark Disabilities (PWBD), out of total enrolment has to be reported in second row
- The General, SC, ST,OBC break up of PWBD, Muslim Minority and Other Minority has also to be provided to the right of second ,third and fourth row.

#### **More points to be noted while filling up student enrolment:**

- EWS, SC, ST, OBC: Ensure that these categories are filled out accurately.
- Enrolment should be given as per student's actual social category and not based on the category in which he/she is admitted. E.g.: Even if a student belonging to SC category is admitted in General Category based on his merit, the student must be reported in SC category as it is his actual category.
- Provide data separately for Male, Female, and Transgender students.

#### **Validations**

- **Zero Enrolment:** Zero enrolment is not allowed for any program in any year. Additionally, zero enrolment is not permitted for a specific program across all years. However, if an institution has a program that is still ongoing but has no enrolment in any of its years, the university can select the "Continue, but No Enrolment" status. To do so, the institution must navigate to the **Details of Programme** module and select the appropriate option to indicate that the program is continuing without enrolment.

- **PwBD = Persons with benchmark disability:**

Number of PwBD of any fields cannot be greater than the 'respective fields' in any of the categories (Male/Female/Transgender) of any Blocks (General/EWS/SC/ST/OBC)

- **Muslim/Other Minority:** Number of 'Muslim Minority and Other Minority' cannot be greater than the respective fields in any of the categories (Male/Female/Transgender) of any Blocks (General/EWS/SC/ST/OBC)
- **EWS students:** The number of EWS students out the students admitted in General Category has to be furnished. Number of 'EWS (Out of General)' of any fields cannot be greater than the 'respective fields' of the Block 'General'

## Module 4: Foreign Student Enrolment

This item is designed for recording separate information about the foreign students (Foreign students in India are individuals from outside the country who come to pursue higher education)

Non-Resident Indians (NRIs) and Persons of Indian Origin (PIOs) are considered foreign students when they study in India.

**Information on foreign students is kept separately in most of the Institutions and they are to be counted as General Category Students for the purpose of recording student enrolment in various discipline.**

### Steps to enter foreign student enrolment data

Upon selecting 'Yes' in the prompt "**Whether Foreign Students are enrolled in the University**", tabs for different modes of study displays in the foreign student enrolment module, Regular, Distance and Online

1. Click on **Add New Entry** Tab
2. Select Faculty/School → Select Department/Centre → Select the Discipline for which enrolment has to be filled.
3. Fill up the method of admission
  - Direct
  - Study in India
  - Exchange Program
  - Others
4. After filling up above details, select country of origin of student from drop

down and enter the number of NRI, PIO and other foreign national students in the grid provided, gender wise. (Transgender students may be put in male category).

5. If students are from more than one country, use the "Add (+)" button to enter the names of additional countries one at a time, along with the count of NRI, PIO, and foreign students from each country separately.
6. Once all fields are completed, click the "Add" button to record the number of foreign students for that specific Discipline across different countries.
7. To add another Discipline, repeat steps 1 to 6.

## Module 5: Examination Result/Out Turn

### Sub Module: Details of Examination Result

This section is for recording the examination results of the institution, specifically focusing on the final year examinations for each program reported in Details of Programme module.

- **Scope:** Only results from **final year examinations (Results of Academic session 2022-23)** will be recorded. For example, only the number of students who completed the BA program will be included, excluding results from first-year, second-year, or other semester examinations.
- **Out-Turn Definition:** Out-turn refers to the number of final year students who successfully completed their program by passing the final year examination.
- **Data Collection:** Information will be collected for students who graduated or were awarded degrees in the past academic year (2022-23).
- **Ph.D. Records:** The number of students awarded Ph.D. degrees during the 2022-23 academic session will be recorded as Ph.D. out-turn.

### Steps to fill up Examination Results:

1. The examination results have to be separately recorded in different modes of study (Regular, Distance, Private, Online) and also for off-campus centers in separate tabs available in the module.
2. In each mode of study or in off-campus tab, click on Add New Entry tab
3. Select the Faculty, Department/Centre and Discipline from the drop down.
4. Two grids will be provided for recording the result details. In first grid, as in the enrolment module, **the total students appeared in 2022-23 academic year** in final year examinations have to be filled up category wise. Out of the total appeared, it has to separately record, PwBD, Muslim Minority and Other Minority students who have

appeared in final year examinations in 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> rows of the grid provided.

5. In second grid, **the total students passed, out of the total appeared in 2022-23 academic year** in final year examinations must be filled up category wise. Out of the total passed, it has to separately record, PwBD, Muslim Minority and Other Minority students who have passed in final year examinations in 2<sup>nd</sup>, 3<sup>rd</sup> and 4<sup>th</sup> rows of the grid provided.
6. After filling up information in both grids, click add button. The data will get saved and the same will be displayed in a grid.
7. To add result details of another programme, click on Add New Entry and repeat the above steps.
8. Once you have added result details for all programs, scroll down the page and click **Save and Lock** the module before proceeding to the next module.

## Sub-Module 2: Placement Details

### Placement Cell Information:

This sub-module is activated only if the institution has a placement cell. Users will select 'Yes' or 'No' in response to the query “Whether the institution have placement cell.”

**If 'Yes' is selected:** Users will be prompted to fill in following details related to placement activities.

- Number of students placed (Male)
- Number of students placed (Female)
- Median Annual Salary of Placed Students

After filling up the details, save and lock the module.

**If 'No' is selected:** The form will simply require the user to save and lock the data without additional placement details.

## Module 6: Staff Information

This module is designed to record essential information about both Teaching and Non-Teaching Staff at the college or institution level. It consists of two main sub-modules:

1. **Teaching Staff Information**
2. **Non-Teaching Staff Information**

### Sub-Module 1: Teaching Staff Information

This sub-module contains two tabs:

- **Field 1: Staff Details**
- **Field 2: Designation-wise Sanctioned Strength**

#### Field 1: Staff Details

*This section captures detailed information about each teaching staff member:*

The list of teachers whose details have been filled up during the last participated survey of the institution will be available in a grid. If there are any details to edit for in the list filled up in the previous years, the eye button to the right of each teacher detail can be clicked and editing can be done. To add a new teacher in the Teacher information Module, the steps below are to be followed:

1. Select “**Add New Entry**” button
2. **Country Name:** Select from a drop-down list.
3. **Passport Number:** Record the passport number of the teacher.
4. **Faculty/School:** Select the Faculty/School to which the teacher belongs. If institution has no faculty/School, then select “No Faculty” option from the dropdown.
5. **Department/Centre:** Select the Department/Centre to which the teacher belongs. If institution has no Department, then select “No Department” option from the dropdown.
6. **Name of the Employee:** This field is meant to record the complete name of the Teacher as per official records of the Institution.
7. **Gender:** Choose from Male, Female, or Transgender

## Module 12: NEP

The National Education Policy (NEP) 2020 is a pivotal framework aimed at transforming India's education system through holistic, inclusive, and multidisciplinary learning. It focuses on enhancing quality, accessibility, and relevance, with the goal of increasing the Gross Enrolment Ratio in higher education to 50% by 2035. To effectively monitor the implementation of the NEP across states, the All-India Survey on Higher Education (AISHE) introduced an NEP module in the 2021-22 survey. It is crucial to fill out the details carefully and accurately to ensure that the Department of Higher Education (DoHE) can efficiently track and assess the progress of the NEP initiatives.

### NEP BASIC INFORMATION

#### Sub module 1: Introduction

##### 1. National Higher Education Qualifications Framework (NHEQF)

i) Whether your institution has adopted NHEQF (National Higher Education Qualifications Framework)? **Yes or No has to be selected.**

 The National Higher Education Qualifications Framework (NHEQF) is designed to ensure that qualifications from higher education institutions (HEIs) in India are consistent, standardized, and of high quality. It categorizes qualifications into levels, from undergraduate to doctoral, each with specific criteria for learning outcomes, skills, and knowledge. The NHEQF outlines specific learning outcomes such as critical thinking and ethical practices, provides quality assurance guidelines, and aligns Indian qualifications with international standards for global recognition. Its benefits include standardization across institutions, improved employability, enhanced student mobility, and better alignment with global educational systems.

**ii) Whether your institution has adopted the National Curriculum and Credit Framework for Undergraduate Programmes? Yes or No has to be selected**

✚ The National Curriculum and Credit Framework (NCCF) aims to standardize the curriculum and credit systems for undergraduate programs in Indian higher education, promoting flexibility, quality assurance, and consistency across institutions. It outlines the design of the curriculum, including the distribution of core, elective, and interdisciplinary subjects, and defines a credit system where typically 1 credit corresponds to 1 hour of lecture per week or 2-3 hours of lab work. The framework allows for a diverse range of elective courses, enabling specialization while adhering to core requirements. Key benefits include uniformity in curriculum design, flexibility in course selection, a focus on skills and employability, standardized evaluation methods, and enhanced academic mobility through a clear credit transfer system.
