The primary objectives of UT Ladakh Science & Technology Innovation Council are:-

- To act as a nodal agency for the Department of Science & Technology, Government of India.
- To advice UT Administration of policies and measures necessary to promote utilization of Science & Technology for the achievement of the socio-economic objectives.
- To identify areas in which Science and Technology can be utilized.
- To ensure Technology demonstration, extension and transfer.
- To initiate, support, promote and co-ordinate such research and development projects and programmes (including demonstration projects) as are likely to be relevant to the achievement of specific objectives and problems and help in the fruitful exploitation of the natural resources of the UT Ladakh.
- To establish or assist in the establishment of infrastructure (Institutions, Organizations, etc.) necessary to the Science and Technology of the UT Ladakh.

- To prepare Science and Technology plans and formulate research and development programmes, examine such programmes, if received from other institutions and finance and / or aid such projects by means of grants and supply of materials.
- To promote the popularization of Science and the spread of a scientific temper and attitude amongst the people of the UT and to disseminate scientific knowledge.
- To take all such measures which are likely to accelerate the process of modernization in UT Ladakh through the use of Science & Technology.

By order of the Administration of UT, Ladakh.
