6 th Year	8,00,000.00
7 th Year	8,00,000.00
8 th Year	8,00,000.00

SPECIFICATIONS:-

Technical Specifications of Genetic Analyzer/Automated DNA Sequencer:-

General Specifications:-

1. Electrical requirements: 220 V, Ac 50Hz.
2. Polymer-based 8 capillaries with upgradability feature automated DNA Analyzer/Sequencer with Auto sampler plate system with 6 dye-based chemistry or better.
3. CCD or latest advance technology Camera with solid-state long-life laser detector.
4. Should have latest version of equipment operation & data collection software. The vendor/supplier shall provide free of cost all subsequent equipment operation & data collection software upgrades for a period of five years from the date of supply. Manufacturers certificate/undertaking shall be attached with the technical specification offer documents.
5. Should have the latest version of validated software for fragment sizing (Forensic STR, Short Tandem Repeat, based human identification) with additional two user license along with necessary hardware for each license including networking & connectivity. The software should have features having extensive security, auditing capabilities supporting the latest published research papers.
6. Genetic Analyzer should be validated for forensic DNA analysis on international guidelines such as Scientific Working Group on DNA Analysis Methods (SWGDM).
7. Instrument should be an open platform supporting all the commercially available STR kits. The vendor/supplier shall submit certificate of conformity in this regard.
8. Should be supplied with Matrix Standards, Polymer containers, capillary arrays (36cm), Anode & Cathode buffers, Deionized Formamide, Reagents and consumables and plasticware etc and STR kits viz, Autosomal-STR (200 reactions), Y-STR (100 reactions).
9. The supplier should also provide turnkey solution for functionalizing the instrument which shall include but not limited to: suitable anti-vibration workbench, minispin, vortex, set of suitable variable volume pipettes, 96 well plate mini centrifuge, suitable capacity storage equipment for PCR kits and STR consumables having both 4°C and -20°C temperature range facility and suitable room cooling unit for maintaining ambient temperature required for optimum shelf life of chemicals loaded on equipment and its best performance.
10. Onsite training to scientists of the end-user user laboratory.
11. Complete onsite validation studies with complete IQ, OQ & PQ documentation.
12. Compatible online UPS with one hour backup (7 KVA).
13. Should be supplied with suitable high quality colored printer.
14. Warranty of 5 years from the date of installation and AMC for the subsequent 6 to 8 years with atleast one calibration and preventive maintenance visit every year.
15. Instrument Demo must be given if required by the end user technical team.

TERMS AND CONDITIONS:-

1. **F.O.R.**:- The above rates are FOR destination i.e. at FSL (H) Madhuban, Karnal & Gurugram Haryana at supplier's risk.
2. **GST** :- Inclusive in above rates.
3. **FREIGHT CHARGES**:-Inclusive in above rates.
4. **DELIVERY PERIOD**:- The delivery of the instrument should be completed within 90 days at Karnal or Gurugram..
5. **Warranty**:-05 years.
6. **PAYMENT TERMS** ;- 90% payment will be made within 30 days after a satisfactory inspection and delivery of the equipment 10% after satisfactory installation, commissioning, IQ, OQ & PQ and training.

The Indenting Departments would have option to release payments in RTGS/Electronics mode also.

Delay in payments to the suppliers beyond the stipulated credit period indicated in the supply order, unless supported by cogent reasons and approved by a higher authority, will attract penal interest on the defaulting amount @ Rs. 25/- per rupees one lakh per day of delay beyond the stipulated credit period. Non provision of adequate budget will be no ground for delay in payments to the supplier.

7. **INSPECTION**:- The Inspection would be carried out by the Inspection Committee formed by the Indenting Department.

In case, the material offered for inspection by the firm fails to meet the specifications stipulated in NIT/ Order/Contract and the samples are rejected by the inspection committee, the Indenting Department will have the right to levy a penalty at 0.1% of the total order value. In case, the material offered for inspection fails during the 2nd inspection also, the Indenting Department will have the right of increase the penalty to 0.25% of the total order value. In case the material offered fails during the 3rd inspection also, the firm will be liable for penal action including forfeiture of EMD, risk purchase, debarring/ blacklisting in future, and no further opportunity for inspection would be provided to the supplier firm.

8. **PRICE FALL CLAUSE**:- The price charged for the stores shall not exceed in any way the lowest price at which you quote/supply the stores of identical description of stores to GeM /State Govt./Central Govt./Institutions/ undertaking/any other person during the delivery period/currency period of the rate contracts. If at any time during the delivery/currency period, you reduce the rate, sale price of quoted stores to any person at the price lower than the price chargeable under this supply order/contract, you are required to inform this office and price payable under the

supply order/contract for the stores supplied after the date of coming into force of such reduction of rates shall stand correspondingly reduced to that level. You shall promptly notify the reduction of rates to this office as well as to concerned Indenting Officers/ Consignees. You shall also give a certificate on your bills that the rates charged by you are not in any way higher to these quoted to the GeM and other State Govt. Central Govt. Institutions etc. during the corresponding period. The Indenting Officer shall be required to ensure that requisite certificate is given by the concerned firm on the bills before releasing their payments.
