FOREWORD

It gives me immense pleasure to record that the Directorate of Economics & Statistics (DES), Uttarakhand has brought out the fourth of its series of publications on "Estimates of State Domestic Product of Uttarakhand".

State Domestic Product is a reflection of economic development of the State and its derivative Per Capita Income is a suitable measure of the well-being of its citizens.

This publication presents the Estimates of Gross and Net Domestic Product by industry of origin, both at Current and Constant (1999-00) Prices from 1999-00 to 2006-07 along with per capita income, indices, growth rate and sectoral contribution. Besides this, disaggregated estimates for each sector are also presented in this publication.

I would like to place on record my deep appreciation for the efforts of officers and staff of the DES.

I hope the publication will be of immense help to policy makers, planners, development administrators, academicians and research scholars.

*(Radha Raturi)
Secretary (Planning)
Government of Uttarakhand
Dehradun*

PREFACE

The estimates of State Domestic Product (SDP) generally known as State Income are considered as the most important macro economic aggregates to measure the economic development of the state. It is also one of the important tools in the hands of Planning Commission and the Finance Commission for allocating funds from the Central pool to various States.

Directorate of Economics & Statistics, Uttarakhand introduced the first issue of the series, “Estimates of State Domestic Product of Uttarakhand (1993-94 to 2001-02)”, in Nov., 2004. Second and Third issue of Estimates of State Domestic Product of Uttarakhand were released respectively in March-2006 and March-2007. This Fourth issue, which is there in your hand, “Estimates of State Domestic Product of Uttarakhand (1999-00 to 2006-07)” presents the Revised Estimates (RE) of GSDP, NSDP and Per Capita Income for 1999-00 to 2004-05, Provisional Estimates (PE) for 2005-06 and Quick Estimates (QE) for 2006-07.

The co-operation extended by the Central Statistical Organisation and concerned departments of Uttarakhand state government in furnishing the required data for preparation of estimates is gratefully acknowledged.

I would like to express my sincere thanks to officers & staff of DES for putting their hard work in preparation of the publication.

Place – Dehradun

Year – 2008

P. S. Jangpangi
Add. Secretary (Planning) &
Director, DES (Uttarakhand), Dehradun
