The meeting commenced with Working Session - I on the topic "Challenges and Impediments faced in the implementation of NALSA's programmes in the North-Eastern States" and Working Session - II "Future Plan of Action and Solutions to the Impediments".

Hon'ble Mr. Justice T.S Thakur, Executive Chairman, NALSA in his valedictory address said that the purpose of holding regional conference of this nature was two fold, viz., (i) to review the progress made by the SLSAs after the Meet at Ranchi and New Delhi; and (ii) to identify certain thrust areas which are peculiar to the North-East region.

His Lordship stated that there needs to be a clear manifesto of our organization, a road map for the future to implement the policies effectively. In this manner, the SLSAs would be in a position to properly plan and spend the allocated budget. The inability of SLSAs to spend the allocated fund arises out of the lack of proper planning. Consequently, not only does the budget remain unspent but access the performance of SLSAs. Whereas, if SLSAs have definite focus areas and if the allocation is clearer, SLASs would have to spend the money for the said purpose and therefore, there would be no area which gets neglected.

His Lordship said that there are certain areas which are common for all the States, such as, labourers working in the unorganized sector, child trafficking, drug abuse, sex workers and their rehabilitation, etc. However, the purpose of regional meet is also to identify specific issue of this region which requires special attention. Schemes could be framed for the North-East region wherein five specific areas of concern could be included, viz. (i) tribal issues of the North-East States, (ii) ethnic conflict, (iii) administration of justice through customary Courts/concept of Gaon Buras, (iv) violation of rights of women in cases such as single mothers, substitute wives, grace wives, etc. and (v) shifting (jhum) cultivation.

His Lordship requested Hon'ble Mr. Justice Deepak Gutpa, Chief Justice, High Court of Tripura and Patron-in-Chief, Tripura SLSA, to coordinate with the Hon'ble Executive Chairmen of all the North-Eastern States in preparing a draft scheme on these subjects and other subjects that

may be of relevance to the Region to be considered by NALSA for framing a Policy which would be specific to the North-Eastern States.

Hon'ble Executive Chairman, NALSA said that legal awareness could be conducted with the aid of documentary films. To make it more effective, the panchayats are to be involved. It could be done in a way melas are organised, in partnership with other Government and Non Government Agencies. Educational institutions should also be used in generating legal awareness. His Lordship also spoke on the plight of the students from the North-East who travel to the other parts of the country for educational purpose and expressed that there is a common feeling amongst those students of not being treated fairly and being looked down upon. To deal with such complaints, his Lordship suggested that the concerned SLSAs could establish cells and provide guidance to such students.

The following resolutions were passed in the meeting:

1. *State Legal Services Authorities of the North-East States would request NALSA to take up with the concerned State Legal Services Authorities to establish cells for children/students from the North-East States who have become victim of racial harassment, to provide effective legal aid, assistance and guidance. So far as possible, people who are deputed to man these cells should be from the North-East States.*
2. *State Legal Services Authorities of the North-East States shall nominate up to four Gaon Buras from each State to attend a training programme at New Delhi to be conducted by NALSA.*

The meeting concluded with a vote of thanks proposed by Hon'ble Mr. Justice S. P. Wangdi, Executive Chairman, Sikkim SLA.
