## Message from SIO Goa ”

Shri. Sameer P Datar, Senior Director (IT) & State Informatics Officer Goa

---

I express my sincere appreciation for the remarkable work undertaken by the e-DAR team. e-DAR an extension of i-RAD Project and its implementation will help towards enhancing road safety, identifying black spots, ensuring better coordination with stakeholder departments and for speedy claim settlements of road accident victims.

The initiatives implemented under this system demonstrate a commitment to enhancing road safety while simultaneously improving the overall experience for citizens.

Kudos to the e-DAR team for their outstanding contribution to the advancement of legal processes and citizen-centric services. Your efforts are truly commendable and have undoubtedly made a positive impact.
