Message from SIO Goa ”

Shri. Sameer P Datar, Senior Director (IT) & State Informatics Officer Goa

I express my sincere appreciation for the remarkable work undertaken by the ePrison team. The innovative ePrison Suite not only ensures the seamless delivery of technological benefits in legal matters but also prioritizes citizen-centric services.

The initiatives implemented under this system demonstrate a commitment to enhancing the efficiency of prison administration while simultaneously improving the overall experience for citizens.

Kudos to the ePrison team for their outstanding contribution to the advancement of legal processes and citizen-centric services. Your efforts are truly commendable and have undoubtedly made a positive impact.
