Currently, about 15,993 guest teachers are working in the Govt. Schools of the State. The guest faculty teachers were to be continued up to 31.3.2012 as per directions of the Hon'ble High Court. - ◆ Areas with low female literacy; or
- ◆ Areas with a large number of small, scattered habitations that do not qualify for a school

The criteria of eligible blocks have been revised with effect from 1st April, 2008 to include the following:

- ◆ An additional 316 Educationally backward blocks with rural female literacy below 30%; and
- ◆ 94 Towns/cities having minority concentration (as per the list identified by Ministry of Minority Affairs) with female literacy rate below the national average (53.67%: Census 2001).

## Objective

Gender disparities still persist in rural areas and among disadvantaged communities. Looking at enrolment trends, there remain significant gaps in the enrolment of girls at the elementary level as compared to boys, especially at the upper primary levels. The objective of KGBV is to ensure access and quality education to the girls of disadvantaged groups of society by setting up residential schools at upper primary level.

## Strategies

Such residential schools will be set up only in those backward blocks that do not have residential schools at upper primary level for girls under any other scheme of Ministry of Social Justice & Empowerment and Ministry of Tribal Affairs. This shall be ensured by the district level authority of SSA at the time of actual district level planning of KGBV initiatives by co-ordinating with the other Departments/Ministries.
