Sir/Madam,

2. As lives and education of children and young people have increasingly moved towards the online mode due to COVID-19, this has increased the risk of online violence. Hence, there is a need to create safe online learning spaces for all learners and prevention of cyber bullying. In this regard UNESCO, in collaboration with NCERT has developed following information resources and videos to ensure safe and secure online environment for children and teachers and for empowering them to stay safe online:

18/11/2021  
CP-3

- Information booklet-Safe online learning in times of COVID-19
- Animation Video-Promotion of Safe use of Internet, Gadgets and Media
- Presentation for students on Prevention of School-related gender-based violence
- Presentation for teachers on Prevention of School-related gender-based violence
- Set of 5 posters-Be a buddy-Not a Bully.

The weblinks of said resources are available on the websites of NCERT (Health and Wellness under GALLERY tab) and UNESCO and are also being shared with the States and UTs through e-mail.

3. It is requested that the said information resources and videos may be widely disseminated to all districts/schools in your State/UT. The State/UT may also consider to relay the videos and presentation through the education channels of the State Education Departments.

Yours faithfully,

CFMS 25152 DGEE
