

Report on the visit of Director General, NIC to NIC Tamil Nadu State Centre 5th April 2025

The Director General of NIC, **Shri Inder Pal Singh Sethi** visited the **NIC Tamil Nadu State Centre** on 5th April 2025 and interacted with the officials working at both the State and District Centres. DDG & State Coordinator, Smt. Alka Mishra was also present during the occasion.

DG, NIC and State Coordinator was extended warm welcome by DDG & SIO, Shri M. Kamalakkannan, Senior officers, and staff of the Tamil Nadu State Centre.

DDG & SIO, TNSC initiated the discussion with a presentation and during the interaction, project heads provided an in-depth view of their respective projects, showcasing the wide array of ICT initiatives, projects, and e-Governance solutions undertaken by the Tamil Nadu State Centre. The presentation covered key projects such as:

- State-wide implementation of various digital services and platforms.
- Support for state departments in mission-critical applications
- Innovations in web applications, mobile services, and data analytics
- Achievements of District Centres in extending IT support to District Administration.

Director General, NIC appreciated the dedication and efforts of the NIC Tamil Nadu team in driving digital transformation at the grassroots level. Valuable suggestions and insights were shared for enhancing efficiency, scalability, emphasis on citizen-centric service delivery, roll-out of successful project to other States and pro-active promotion of in-house developed products.

The session concluded with interaction with Director General, State Coordinator and the officers from the State and District Centres and Central Projects such as IVFRT, eProcurement and Customs, about various technical challenges, administrative aspects, general issues etc., followed by a visit to NIC centres located within the Rajaji Bhavan campus.

DG with NIC Officers

NIC Tamil Nadu Officials expressed their sincere gratitude to Director General for the visit, encouragement, and his continued support.
