“15 DAYS LEGAL AWARENESS CAMPAIGN ON CHILD’S RIGHTS AND THEIR PROTECTION” ORGANIZED IN THE STATE OF UTTARAKHAND FROM 05th OCTOBER, 2023 TO 19th OCTOBER, 2023

Hon’ble Supreme Court of India in the case of *Satish Bali Vs. Union of India and Anr., 2013* made the following observation:--*“It cannot be questioned that Children are amongst the most vulnerable sections in any society. They represent almost one-third of the world’s population, and unless they are provided with proper opportunities, the opportunity of making them grow into responsible citizens of tomorrow will slip out of the hands of the present generation”.*

Further, India has the highest number of children in the world and children are particularly more vulnerable to exploitation and abuse than adults. Hence, they are more affected than any other age group by the actions and inactions. Moreover, it must be made sure not only by the government but by the people to try to do their part by trying to protect these fragile minds.

As we know that although in India, a child is referred to as a human being below the age of 14 years and from the age of 14 to 18, they are considered as an adolescent. All people under the age of 18 are entitled to the standards and rights guaranteed by the various laws established as per the mandate of the Constitution of India and accordingly, there is a constant need to bandwagon on Child rights, as the child rights are the subset of human rights.

Apart from this, National Legal Services Authority has also formulated a scheme namely; NALSA (Child Friendly Legal Services to Children and their Protection) Scheme, 2015.
