## FOREWORD

**H**aryana State Biodiversity Board is engaged in conservation of Biodiversity, sustainable use of its components and equitable sharing of the benefits arising out of the utilization of biological resources in the State. As per Section 41 of the Biological Diversity Act, 2002 Biodiversity Management Committees (BMCs) have been constituted at every local body level i.e Gram Panchayat level, Block Samiti level and Zila Parishad level. A total of 6435 BMCs have been constituted in the State.

The Forest Department undertakes plantation on Government Forest Lands, Institutional Lands, Panchayat Lands, Community Lands and Private Farm Lands. For last two years, Plantation is being undertaken taking village as a unit. During current year, plantation is being done by Forest Department in about 2200 villages in the State.

Under the directive of the State Government, Haryana State Biodiversity Board took a decision that the BMCs should take participation in the plantation this year. District Coordinators, HSBB were sensitized to motivate at least 50 active BMCs to undertake plantations in their villages. The BMCs actively participated in this plantation programme.

As a special campaign, a plantation drive was undertaken during the week (16th-22nd August, 2021) on the eve of Raksha Bandhan. The women members of the BMCs and other women of the villages undertook plantation in their villages as well as tied a ceremonial Rakhi to plants, symbolising a commitment to look after/take care of the plants, so planted.

During the month of July and August, 2021, a total number of 5551 plants have been planted by 1110 BMCs in the State. About 64433 numbers of plants have also been distributed with the help of BMCs in these villages.

**Chairman**  
Haryana State Biodiversity Board
