- Work Start date - 30.09.2020 Date of completion - 1.10.2021
- Plants:- Guava, Mango and others

Sh Subhash s/o Sh Sube Singh has fertile 1.5 acre land and he desired to plant fruit trees instead of regular crop. The land was not much productive for the owner through traditional farming. He met Horticulture office staff and they guide him. Estimate was prepared by Horticulture department and sent for sanctioning from Jind HQ. Accordingly, Muster rolls were issued by MGNREGA, Pilukhera. MGNREGS workers dug pits in his Land and planted Guava along with fertilizer. He was guided by Horticulture department to plant guava fruits trees instead of traditional farming and manpower was provided by MGNREGS for plantation and giving fertilizer to plants. Now, he can plant other crops in free area of orchard to earn more. The total number of fruit plants that have been sown is 330, but only 280 of those have grown to full size. The beneficiary will start the business from next year and expected income is approx Rs.2.00 lakh.

Testimonial of Beneficiary Sh. Shubhash
