

Directives by the Governor of Maharashtra under Rule 7 of the Development Boards for Vidarbha, Marathwada and rest of Maharashtra Order, 1994 regarding the region-wise distribution of outlay in the Irrigation Sector in the Annual Plan 2004-05.

1. Background

1.1 The State of Maharashtra (Special Responsibility of Governor for Vidarbha, Marathwada and the rest of Maharashtra) Order, 1994 made by the President of India under Article 371(2) of the Constitution of India has assigned the Governor of Maharashtra special responsibility for matters specified in sub Clauses (b) and (c) of Clause (2) of Article 371 of the Constitution in respect of the areas of Development Boards for Vidarbha, Marathwada and the rest of Maharashtra. On 30 April 1994, the Governor of Maharashtra issued the “Development Boards for Vidarbha, Marathwada and the rest of Maharashtra Order, 1994” (hereinafter referred to as the Order) constituting separate Development Boards for the said three regions.

1.2 According to Rule 7 of the said Order, the Governor of Maharashtra has the special responsibility of ensuring equitable allocation of funds for development expenditure over the areas of Development Boards, subject to the requirements of the State as a whole.

1.3 According to Rule 8 of the said Order, the allocation of funds or outlays made by the Governor shall be reflected in the Annual Financial Statement to be placed before the State Legislature and the development activities with regard to the outlays as aforesaid, shall be carried out or caused to be carried out by the State Government and the funds so allocated shall be non-divertible from the area of one Board to that of another Board.

1.4 These Directives are in continuation of the earlier Directives issued on 15 December 2001 and 12 March 2003.

1.5 The region-wise allocation of outlay in the Irrigation Sector as per the Governor's Directives of 15 December 2001 and 12 March 2003 was made in 2002-03 and 2003-04. Since information on region-wise expenditure for the year 2003-04 is not available at this stage, the region-wise shortfall/excess in expenditure in the Irrigation Sector in 2003-04 will therefore be made good while making allocation of outlay in the Irrigation Sector in the Annual Plan 2005-06.

2. Allocation in Irrigation Sector

2.1 In the Directives issued by the Governor on 15 December 2001, a workable calendar was specified for the allocation of funds in the Irrigation Sector over the period from 2002-03 to 2005-06 by assigning weightages to backlog, population and net sown area.

Year	Weightages to		
	Backlog	Population	Net Sown Area
2002-03	35	40	25
2003-04	45	30	25
2004-05	55	20	25
2005-06	65	10	25

While specifying this calendar for the allocation of funds, the Governor had considered his earlier Directives to the State Government that the backlog in the Irrigation Sector should be liquidated within the period of five years beginning from the financial year 2001-02.

2.2 The remaining backlog as on 1 April 2002 in the Irrigation Sector after taking into account the expenditure incurred during 2000-01 and 2001-02 would be Rs.5501.67 crore (**Annexure-II**) Assigning 50%

weightage to backlog in overall allocation in the Irrigation Sector as stipulated in the Directives of 15 December 2001, an amount of Rs.2750.84 crore would be the minimum allocation in the Irrigation Sector for the next 3 years beginning from 2003-04. **The Governor had therefore directed that a minimum of Rs.2751 crore should be allocated to the Irrigation Sector in the Annual Plan 2003-04.**

2.3 In the Annual Plan 2004-05 **the Governor has directed that a minimum of Rs.2751 crore should be allocated to the Irrigation Sector.** Further, the allocation to the three regions out of this total overall allocation in the Irrigation Sector should be done by assigning weightage to **backlog at 55%, population at 20% and net sown area at 25%** as prescribed in the Directives of 15 December 2001. The weighted average factors for the three regions for distributing the allocation in the Irrigation Sector in the Annual Plan 2004-05 have been shown in **Annexure-I.**

Sr. No.	Region	Weighted average (55% backlog, population 20% and net sown area 25%)	Allocation on the basis of weighted average for 2004-05 (Rs. in crore)
1.	Vidarbha	46.14	1269.32
2.	Marathwada	28.46	782.93
3.	Rest of Maharashtra	25.40	698.75
4.	Total	100.00	2751.00

The statement of the region-wise percentage of population and net sown area for working out the weighted average factors are given at **Annexure-II-A**.

2.3 The Directives of 15 December 2001 had stipulated that if the State Government raises the non-Budgetable resources in the Irrigation Sector from the market, these should be raised for the State as a whole and

distributed amongst the areas of the three Development Boards equitably in accordance with the formula prescribed in the Directives.

2.4 Shortfalls in allocation in the Irrigation sector in the Annual Plan 2002-03

The region-wise allocation of outlay in the Irrigation Sector as per the Governor's Directives of 15 December 2001 was made for the first time in 2002-03. Since information on region-wise expenditure for the year 2002-03 has been submitted by the Planning Department, it is observed that there is a shortfall in expenditure to the extent of Rs. 1884.25 crore.

The following table shows outlay and actual distribution in Irrigation sector in the Annual 2002-03:

The Governor has directed that Rs. 299.06 crore be deducted from the allocation on the basis of weighted average i.e. Rs.698.75 crore and the net outlay of Rs. 399.69 crore be allocated to Rest of Maharashtra region in the Irrigation sector.
