## **VISION**

The quality of life of every person with mental retardation is equal to other citizens in the country; in that they live independently to the maximum extent possible.

## **MISSION**

Through constant professional endeavours, empowering the persons with mental retardation to access the state-of-the-art rehabilitation intervention viz., educational, therapeutic, vocational, employment, leisure and social, sports and cultural programmes and full participation.

## **VALUE STATEMENT**

NIMH values equal opportunity, protection of rights and full participation for the persons with mental retardation. NIMH believes in participation of the persons with disabilities, parents, professionals, employees and other stakeholders in the rehabilitation programmes that are client focused.

## Chapter - I

### 1.0 ABOUT THE INSTITUTE

#### 1.1 Introduction

Persons with disabilities have been there since the time when human beings evolved and started forming their assemblage. Out of all the types of disabilities, mental retardation i.e., intellectual impairment poses greater challenges than the others. The persons with mental retardation have a condition of arrested or incomplete development of mind, which is specially characterized by sub-normality of intelligence, thus restricting or causing lack of ability in performing certain activities in their life. This is owing to impairment in cognitive, emotional or behavioural endowment.

As per the report of NSSO in 1991, the surveys indicated 3% of the children between 0-14 years of age have developmental delays including mental retardation. Disability rehabilitation in India has a long past but a short scientific history. Several individuals and groups initiated measures for the betterment and improvement of the disabled. Rehabilitation services for the persons with disability in an organized manner started as a movement after independence. However, professional inputs, scientific service models, trained human resource, etc. were far and few till two decades back.

In order to impart the rehabilitation services in a professional manner, a need was felt to have trained manpower, development of service models suitable to Indian conditions, development of curriculum, teaching and learning materials for the children with mental retardation. Research and development in the area of mental retardation was felt as another priority need. Therefore, the Government of India initiated support-led strategy to promote professionalism and scientific approach in building the resources in terms of human resource development, development of service models, research and development in the country.

Accordingly, the National Institute for the Mentally Handicapped was established as an autonomous organization under the Ministry of Social Justice and Empowerment on February 22, 1984.

#### 1.2 Organizational Setup

NIMH has its headquarters at Secunderabad and Regional Centres located at Kolkata, Mumbai and New Delhi. It has established Composite Regional Centre at Bhopal in July, 2000. The management of Model School for the Mentally Deficient Children, New Delhi established by the then Ministry of Social Welfare, Government of India in the year 1964, was entrusted to NIMH in August 1986.

### 1.3 Significant Achievements/New Activities Taken up

During 2002-03, following significant achievements/new activities were taken up by the Institute.

- ▶ The District Disability Rehabilitation Centre at Madurai being implemented by the Institute won the "Best DDRC Award" during 2002-03 presented by His Excellency Dr.A.P.J.Abdul Kalam, President of India.
- ▶ Introduced Diploma in Early Childhood Special Education.
- ▶ Introduced Four Certificate Courses in Speech Therapy, Physiotherapy, Psychological Assessment and Vocational Training.
- ▶ Introduced master trainers' programmes on early intervention.
- ▶ Introduced afternoon services.
- ▶ Introduced workstations for vocational training of persons with mental retardation.
- ▶ Introduced resource room for visual acuity of persons with mental retardation.
- ▶ Introduced Resource room for open basic education coaching for NIOS examination.
- ▶ Introduced mobile services to provide services to persons with mental retardation in the unreached areas of Hyderabad and Secunderabad.
- ▶ Introduced "Manoranjanam" - Resource room for persons with profound mental retardation.
- ▶ Initiated 11 new research projects including 2 research projects funded by INDO - US Rupee Fund.
- ▶ Implemented ADIP Scheme by conducting Composite Rehabilitation Camps and providing aids and appliances in the States of Andhra Pradesh, Tamil Nadu and Kerala.
- ▶ Conducted awareness programmes for high school and college students and teachers.

Children learning cooking skills

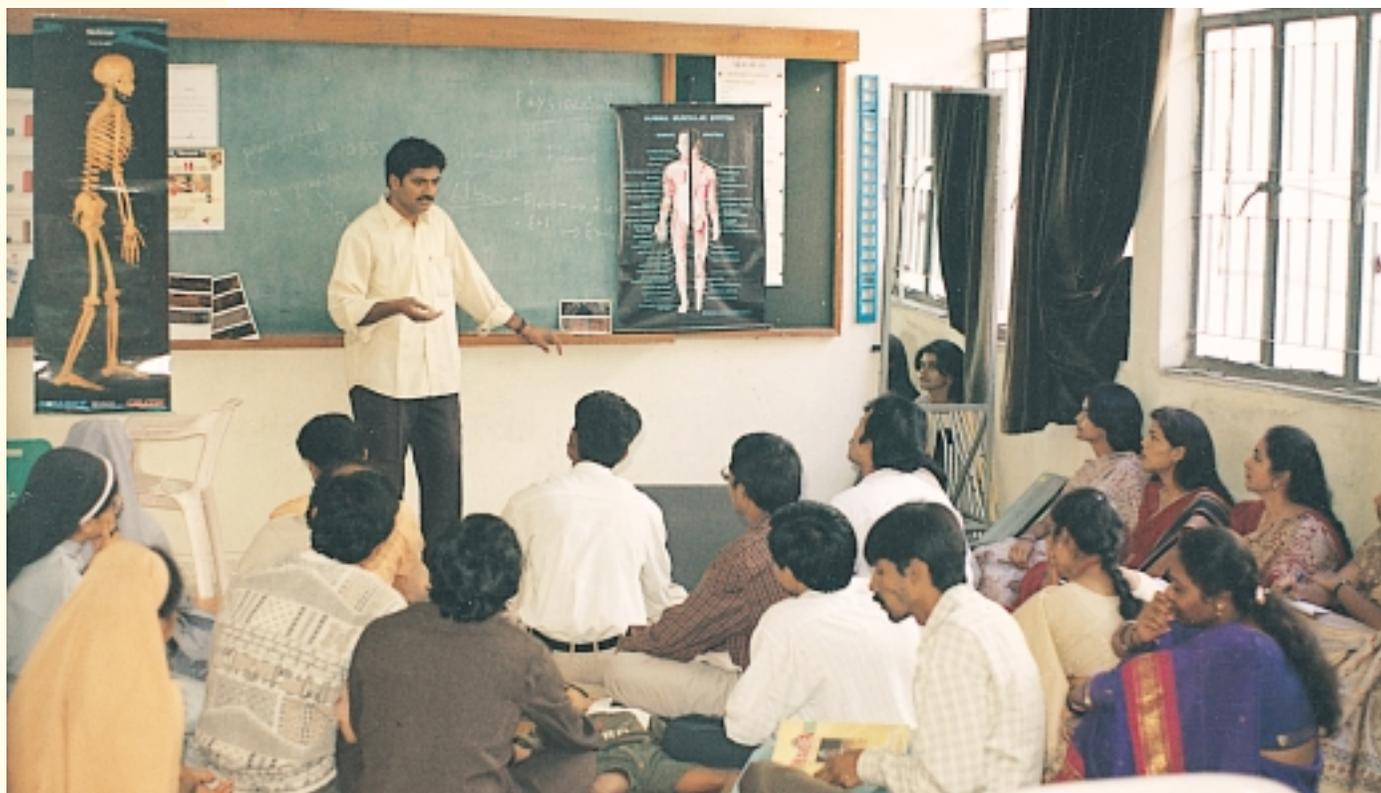

## Chapter - 2

### 2.0 OBJECTIVES

NIMH has the following objectives.

- ▶ Human Resources Development.
- ▶ Research and Development.
- ▶ Development of models of care and habilitation.
- ▶ Consultancy services to voluntary organizations.
- ▶ Documentation and dissemination.
- ▶ Extension and Out-reach programmes.

Training class of certificate course

## Chapter - 3

---

### 3.0 HUMAN RESOURCE DEVELOPMENT

To promote human resource development, the Institute conducts 6 long term training programmes viz., 1) Diploma in Special Education (Mental Retardation), 2) Diploma in Vocational Training and Employment (Mental Retardation), 3) Diploma in Early Childhood Special Education (Mental Retardation). 4) Bachelor's Degree in Rehabilitation Services (Mental Retardation), 5) Bachelor of Education, Special Education (Mental Retardation), 6) Bachelor of Education, Special Education (Distance Mode), 7) Post Graduate Diploma in Early Intervention and 8) Certificate Courses.

#### 3.1 Diploma in Special Education (Mental Retardation)

This program is of one year's duration aimed at developing special teachers, who are competent in screening, assessment, education and training for rehabilitation of persons with mental retardation.

During the year 2002-03, 965 special teachers appeared in the Annual Examination from 50 affiliated centres throughout the country and 927 candidates have passed, as given in Annexure-I.

#### 3.2 Diploma in Vocational Training & Employment (Mental Retardation)

DVTE(MR) with one year duration prepares vocational instructors in the field of mental retardation. This course is presently being offered at NIMH, Secunderabad and Navjyothi Trust, Chennai which is financially supported by NIMH. During 2002-03, one more centre namely, Govt. Institute for the Mentally Retarded Children, Chandigarh also offered this program. During 2002-03, 40 candidates were trained and 38 candidates passed the annual examination.

#### 3.3 Diploma in Early Childhood Special Education (Mental Retardation)

Diploma in Early Childhood Special Education (DECSE) which is offered at NIMH, Secunderabad and Vijay Human Services Chennai, focuses on children below 6 years of age and has various modes and approaches in imparting training based on the ability of the target group. This could be home based training, centre based training, placement in regular pre-schools, Anganwadis and Balwadis. This program provides training for reaching out to the families by being a home visitor or itinerant teacher and to manage children with disabilities in regular or special preschools. The early childhood special educator is also expected to work as a member in a multi-disciplinary team for designing and managing the curriculum, to enhance inclusion of the disabled children in the regular schools. During this year, all the 31 candidates admitted into the program passed the examination.

### **3.4 Bachelor in Rehabilitation Services (Mental Retardation)**

This program of 4 years' duration is affiliated to Osmania University and prepares professionals to be able to provide comprehensive services to persons with mental retardation. The course has inputs from neurobiology, psychology, special education, speech-language pathology, physiotherapy and occupational therapy.

### **3.5 Bachelor in Education - Special Education (Mental Retardation)**

Keeping in view the need for special teachers at various levels, NIMH conducts Bachelor in Education - Special Education (Mental Retardation) program of one year duration affiliated to Osmania University. During 2002-03, of the 19 candidates admitted, 17 passed the examination.

### **3.6 Bachelor in Education - Special Education (Distance Mode)**

B.Ed. Special Education (Distance Mode) programme, in collaboration with M.P.Bhoj University, Bhopal and Rehabilitation Council of India, New Delhi was conducted at Regional Centre, New Delhi. The program aims to develop teachers to enable them to impart education and training effectively to the persons with disabilities. During 2002-03, 40 students from different parts of the country completed the program.

### **3.7 Post Graduate Diploma in Early Intervention**

Children with developmental delays can show significant improvement if these are detected early and professional services are rendered early. These services are trans-disciplinary in nature covering child development practices, physiotherapy, occupational therapy and speech therapy. In order to meet this need, Post-Graduate Diploma in Early Intervention (PGDEI) of one year duration affiliated to Osmania University has been introduced from the year 2001-02. During 2002-03, all the 11 candidates admitted to the course and passed the final examination.

### **3.8 Certificate Courses**

Feedback from the field indicated that there is a need for intensive training on therapeutics to the special teachers who are to handle the day to day programmes for children with mental retardation. This is in the direction of equipping the special teachers for delivering quality services. Accordingly, from the year 2002-03, certificate courses of 4 to 8 weeks duration were planned and conducted on partial self-financing basis, by charging an amount of Rs.5,000/- per trainee for each programme. During 2002-03, four such programmes were conducted, the details of which are as under:

**TABLE-I**  
**DETAILS OF CERTIFICATE COURSES CONDUCTED DURING 2002-03**

Sl.No	Name of the course	Date	No.of participants
1	Certificate course in Speech therapy	19 <sup>th</sup> August to 11 <sup>th</sup> October, 2002	17
2	Certificate course in Physiotherapy	28 <sup>th</sup> October to 20 <sup>th</sup> December, 2002	26
3	Certificate course in Psychological Assessment	25 <sup>th</sup> November to 24 <sup>th</sup> December, 2002	13
4	Certificate course in Transition from school to work	6 <sup>th</sup> - 31 <sup>st</sup> January, 2003	12

A session of workshop on Behaviour skills

### 3.9 Short term courses

The short term training programmes are essentially designed as in-service training for the professionals and personnel working in the field of rehabilitation for the persons with mental retardation to meet their training needs.

During the year 2002-03, the Institute conducted 251 short term training programmes covering 15,742 beneficiaries, as per the details given in Annexure-II.

### 3.10 Awareness programmes for College and High School Students

It is an established fact that if awareness is created in the young minds, it will have a positive influence on them in understanding disability and rehabilitation and the youth can empathize with the persons with disabilities. This will have a long term effect in the society. Therefore, during 2002-03, a programme has been developed to create awareness among the high school and college students, in which teachers also participated. The feedback indicated that a positive mind set has been created among the youth towards disabilities and rehabilitation. During the year, 137 programmes have been conducted covering 21,099 high school and college students.

### 3.11 Training Programmes for Persons with Disability

#### 3.11.1 Vocational Training for persons with disability

A total of 86 training programmes for 5,898 persons with disability were organized in the District Disability Rehabilitation Centres. These programmes were primarily meant for imparting vocational skills and social integration.

### 3.12 National/Regional/State Level Programmes

#### 3.12.1 National meet of parent organizations

To improve the quality of life of persons with mental retardation, it is essential that parents are empowered. With this objective in view, NIMH has been conducting National Meet of Parent Organizations regularly. The 10<sup>th</sup> National Meet was organized at Bangalore in collaboration with Karnataka Parents Association for Mentally Retarded Citizens, Bangalore during 16-17 November, 2002, in which 200 parent members representing 78 registered parent organizations participated. The themes discussed during the meet were (a) Role of siblings, (b) Autism (c) Media and disabilities, (d) Medical advances, and (e) National Trust.

#### 3.12.2 National Conference on Mental Retardation

National annual conference gives an opportunity to the rehabilitation professionals to have a common platform to share information. This year the 16<sup>th</sup> national annual conference was held in Calicut in collaboration with Association for the Welfare of Mentally Handicapped, Calicut during 29-31 December, 2002. 400 participants attended the programme. The themes of the annual conference were (a) Clients satisfaction (b) Vocational training and job placement and (c) community based rehabilitation model.

Dr. L. Govinda Rao, Director, NIMH delivering Key note address in the National Conference

Delegates of the national conference

Smt. Minnie Mathew, Principal Secretary and Shri R. Sundaravadan, Commissioner, Disabled Welfare, Govt. Of A.P. Observing demonstration of Vocational Skills by Special Employees

### 3.12.3 National Meet of Special Employees

The Eighth national meet of special employees was held at Secunderabad during 21-22 November, 2002 which was attended by 75 special employees with 75 escorts from 16 States of India. These persons were selected based on their assessment as the best employees in their respective vocational training cum production centres. For creating public awareness and sensitizing the prospective employers, they demonstrated their capacity to avail productive employment.

### 3.12.4 World Day for the Disabled

On the occasion of World Day for the Disabled on 3<sup>rd</sup> December, 2002, the Institute conducted the following week-long celebrations in collaboration with Disabled Welfare Department, Government of Andhra Pradesh:

Smt. Haripriya Rangarajan, Lady Governor of AP interacting with the participants at the exhibition

- ▶ Workshop on "Prevention of disabilities, early detection, identification and intervention" inaugurated by the Chief Minister of Andhra Pradesh on 03.12.2002.
- ▶ Awareness Rally by persons with disabilities, parents, professionals, NGOs which was flagged off by the Governor of Andhra Pradesh on 03.12.2002.

- ▶ Workshop with NGOs on consultative process of VELUGU Sub-Project inaugurated by Minister for Tribal Welfare and Disabled Welfare, Government of Andhra Pradesh on 04.12.2002.
- ▶ Carnival at N.T.R. Stadium, Hyderabad on 9<sup>th</sup> December, 2002 including exhibition of vocational products of various NGOs in twin cities, demonstration of vocational skills by persons with mental retardation, cultural programmes performed by persons with mental retardation. 48 NGOs participated in this Carnival.

Smt. Mani Kumari, Minister for Disabled welfare, Govt of AP releasing a document on Velugu

### 3.13 Parent Training Programmes

The objective of this programme is to involve the parents in the care, management and training of their children, encourage mutual support amongst parents, exchange ideas and information. A total of 117 parent training programmes benefitting 3,434 parents were conducted during the year under report. Details of the programmes conducted during the year are given in Annexure-III.

## Chapter - 4

---

### 4.0 RESEARCH AND DEVELOPMENT PROJECTS

NIMH has undertaken research projects in collaboration with US-India Rupee Fund, UNICEF, UNDP, ICSSR, S&T Mission Mode. So far, 35 research projects have been completed as shown in Annexure-V.

#### 4.1 Research Projects Completed

During 2002-03, following projects were completed.

1. Family intervention and support programmes for persons with mental retardation
2. Development of teaching and training material on physiotherapy in the field of mental retardation
3. Adaptation in gait training
4. Preparation of stimulation material for the overall development of rural infants and toddlers.
5. Independent dressing for persons with mental retardation
6. A study of human resource development in north east region in the field of mental retardation - current status and future perspectives.
7. Preparation of training packages on sexuality development in mentally retarded persons.
8. Adaptations for training children with mental retardation for independent living.
9. Awareness materials on employment of persons with mental retardation.
10. Positioning and stimulating activities for infants and young children.

## 4.2 On-going Research Projects:

Presently there are 14 ongoing research projects, as per the details given below.

### 4.2.1 Degree of visual disability detection in persons with mental retardation

Usually the difficulties in “seeing” of the persons with mental retardation go unnoticed. As per our experience, it was found that many children have visual problems. Therefore, a project has been undertaken to study the extent of the visual disability in the children with mental retardation and possibly work out plan for developing the standard assessment tools. The findings of the study have indicated that 47% having visual problems, 3.6% with low vision and 3.7% blindness. The present assessment charts are in the lab stage, which need to be field tested for the purpose of standardization, for which collaboration with L.V.Prasad Eye Institute is being worked out. A separate project will be undertaken for the development of the assessment charts.

### 4.2.2 Development of tool for assessing the functions of the organizations in the area of disability and their utilization of funds

With the advent of legislations, and support-led strategies of the Government of India, the services for persons with disability in India are gaining momentum. Mostly, the service providers are non-governmental organizations with varied objectives and infrastructural facilities. A proper mechanism to evaluate their functioning in a uniform manner is yet to be developed. This study intends to develop tools which can be used for evaluating standards of services and functioning of the NGOs.

### 4.2.3 Educational programming for students with profound mental retardation

The project has been initiated with an objective to develop curriculum and intervention strategies to teach persons with profound mental retardation. These children will have associated problems such as epilepsy and physical disabilities, which contribute to the poor prognosis. The research studies stated that intervention when given during the alert periods indicated a positive effect in terms of achievement of skills among persons with PMR. Based on the above research studies, the present project was initiated.

### 4.2.4 Support to Children with Disabilities - UNDP Project

This is a project funded by UNDP to try out models of education to all children with disabilities without excluding any child irrespective of the extent of his/her disability.

NIMH provided technical guidance and HRD support to the projects of Uttar Pradesh and Karnataka. Printing and teaching materials were provided to the States. In addition, NIMH undertook study of the following:

- (A) status of education of children with disabilities
- (B) status of girls with disabilities
- (C) compendium of research in education of children with disabilities
- (D) content specific practices in education of children with disabilities

Besides providing technical guidance, NIMH has taken up the responsibility of documentation of the project and creating database on the existing programmes.

#### **4.2.5 Respite care for persons with mental retardation**

This project aims at developing a model to provide respite to the parents and families of children with mental retardation. Under the project a respite care centre was started from November, 2002 in Hyderabad. Efforts are being made to establish one more centre in rural set-up. After six months of the establishment of the centre, feedback from parents will be collected to review the functioning of the centre and incorporate modifications.

#### **4.2.6 Development of stimulation activities for visually impaired infants and toddlers**

Stimulation becomes an essential component to help an infant with visual impairment. The stimulation activities cater to the child's gross motor development, development of hand function, residual, visual and hearing development and other sensory development and development of speech and language. The present project was initiated to develop stimulation package for infants with visual impairment.

#### **4.2.7 Study of indigenous practices in north eastern region for children of 0-3 years of age for intervention**

This project was initiated to find out the child rearing practices in north east region and develop a module for intervention consisting of positive practices, and correction of negative practices for training of children between 0-3 years of age.

#### **4.2.8 Early intervention to infants and toddlers with disabilities in rural areas**

This project was initiated with the funding from US-India Rupee Fund to develop an intervention package specific to the needs of infants and toddlers in rural areas and a manual for master trainers to prepare the professionals, who can provide services in rural areas.

#### **4.2.9 Drool control and tongue thrust therapy**

This project was initiated with an aim to develop the most effective therapeutic techniques to control drooling. The data collected is being evaluated.

#### **4.2.10 Development of adaptive devices to improve locomotor function and skills**

This project was initiated to develop three devices,

- Cervical collar to facilitate head and neck control
- Walker to facilitate walking
- Lip sensor to control drooling.

#### **4.2.11 Development of resource education programmes for students with learning problems in academics**

The project was undertaken with an aim to study the existing education system and collect data from primary school teachers with regard to the difficulties faced by them in teaching the children with learning problems and develop remedial package for teaching children with learning problems in regular schools.

#### **4.2.12 Service models for children with autism and mental retardation**

This project was taken up to explore suitable training models and develop resource materials for use by the teachers in special schools to meet the education needs of autistic children.

#### **4.2.13 Service models for children with multi sensory impairments and mental retardation**

This project was initiated with an objective to develop appropriate service models including the education set up, methods, materials and teacher preparation to enable inclusion of children with multisensory impairments and mental retardation in the existing educational set up.

#### **4.2.14 Development of manual on vocational training for persons with mental retardation**

This project was taken up to develop a manual for training persons with mental retardation in various work activities including adaptations/restructuring required in work environment to facilitate working of persons with mental retardation.

### **4.3 Visit of U.S. Team and Visit of NIMH Faculty to USA**

A team of four members namely, Dr.Robert Jaegar, Dr.Paul Ackerman, Dr.Theresa Hamlin and Mr.Harry Teder from NIDRR, USA visited NIMH during 9-10 April, 2002. The team had seen various activities of the Institute and observed that NIMH had adequate facilities to render comprehensive services to persons with mental retardation. They were apprised of the R&D and HRD programmes undertaken by the Institute. They expressed a keen desire to collaborate with NIMH in R&D programmes for mutual advantage.

Subsequently, the Joint Working Group (JWG) of US and Indian Governments met at New Delhi on 16-17 April, 2002. The JWG cleared two projects for funding and suggested exchange of faculty visits. As a result, Shri T.C.Siva Kumar, Head, Department of Adult Independent Living and Dr.Om Sai Ramesh, Lecturer in Psychiatry visited US during 4-14 June, 2002.

## Chapter - 5

### 5.0 NIMH PUBLICATIONS

With the total number of original publications being 70, NIMH published 308 books, manuals, guides and other materials in the area of rehabilitation for persons with mental retardation as a result of the research and developmental activities, including translations into Hindi, Kannada, Malayalam, Marathi, Oriya, Tamil, Telugu, and north eastern languages of Ao (Tribal), Assamese, Bengali, Garo, Khasi, Manipuri, Mizo, Nagamese, Urdu & Kashmiri.

During the year, the Institute brought out 6 new publications, viz. (1) Curriculum for Vocational Education of persons with MR, 2002 series - 2, (2) Early Intervention - A Service Model, (3) Manual for preparation of stimulation material in English and Hindi languages (4) HRD in Education of Children with MR in North Eastern region (5) Hope beyond hope - Some success stories (6) Curriculum for Vocational Education of persons with MR, 2001 (Hindi). A set of 6 posters on Employment Awareness of persons with MR and the 5<sup>th</sup> edition of Directory of Institutions for persons with mental retardation in India were also printed during the year.

## Chapter - 6

### 6.0 CONSULTANCY AND TECHNICAL SUPPORT

#### 6.1 National Trust

NIMH had developed the Master Level-1 training programmes for Care Givers and conducted three Master Level-1 programmes during 2001-02. The Master trainers are expected to initiate, plan and conduct Care Givers Training Programme in their respective organizations. To continue the training of master trainers, during 2002-03, two more programmes were conducted in addition to refresher course for the trained master trainers. The details are as under:

**TABLE-II**  
**DETAILS OF MASTER TRAINERS' PROGRAMMES OF NATIONAL TRUST**  
**CONDUCTED DURING 2002-03**

Programme	Date	No. of persons attended	Representing States	Sp. Ed.	Th	S.W.	Total
First Master Trainers Programme	15 -26 July, 2002	22	Andhra Pradesh, Chandigarh, Gujarat, Himachal Pradesh, Karnataka, Maharashtra, Madhya Pradesh, Meghalaya, Orissa, Pondicherry, Punjab, Rajasthan, Uttar Pradesh,	18	2	2	22
Second Master Trainers Programme	20-31 January, 2003	21	Andhra Pradesh, Bihar, Chandigarh, Chattisgarh, Gujarat, Goa, Himachal Pradesh, Madhya Pradesh, Manipur, Mizoram, New Delhi, Orissa, Rajasthan, Uttar Pradesh, Uttaranchal, West Bengal	18	2	1	21

Refresher Course	18-20 December, 2002	25	Andhra Pradesh, Assam, Bihar, Chandigarh, Gujarat, Karnataka, Kerala, Maharashtra, Madhya Pradesh, New Delhi, Orissa, Pondicherry, Punjab, Rajasthan, Tamil Nadu, Uttar Pradesh, West Bengal	20	4	1	25
<b>Total</b>		<b>68</b>		<b>56</b>	<b>8</b>	<b>4</b>	<b>68</b>

\*Sp.Ed.: Special Educators, Th.: Therapists, S.W.: Social Workers

The Information Centre on the activities of National Trust, started by the Institute during 2001-02, continued to disseminate information about the National Trust to parents, family members, professionals and others working in the field of rehabilitation during the year 2002-03. In addition, a lecture on activities of National Trust is included as a part of curriculum content in every short term course conducted at NIMH. Inspections of the NGOs which had submitted proposals to receive financial assistance under reach and relief schemes of National Trust had been carried out by staff of NIMH to assess the credibility of the organizations for funding. The organizations in need of technical support were also provided technical guidance in implementing their projects.

## 6.2 Rehabilitation Council of India / M.P.Bhoj University

The Rehabilitation Council of India had launched a 3-month foundation course to sensitize regular teachers to meet the needs of children with disabilities in collaboration with M.P.Bhoj Open University. The 3-month programme included 3 weeks of face-to-face contact programme in two phases and term examination after the second contact programme. The Institute offered this course as a study centre. One such course was completed and admissions for the second course are in process.

The staff of the Institute participated in the meeting of Rehabilitation Council of India in developing and evaluating the curricula for various courses.

### **6.3 Technical Appraisal of NGO applications for Grant-in-aid from Government of India**

Under this scheme to promote voluntary action for persons with disabilities, Ministry of Social Justice & Empowerment gives grants to the Non Government organizations in the country. On the request of the Ministry, the Institute undertook technical evaluation of various programmes implemented by NGOs. During the year, NIMH conducted technical evaluation of 210 NGOs and submitted the reports.

### **6.4 National Handicapped Finance and Development Corporation**

NIMH is the constituent member of the State Level Scrutinizing Committee for processing NHFDC applications of A.P. State beneficiaries. Guidance was extended to 75 parents/beneficiaries/NGOs regarding NHFDC schemes and NIMH also guided the NGO representatives to popularise the schemes, besides undertaking 21 inspections of NGOs as per the request of NHFDC. Director, NIMH, who is a member on the Advisory Committee of NHFDC contributed in the deliberations of the meetings.

### **6.5 Special Employment Cell**

During 2002-03, 4 persons with disabilities were registered in the Special Employment Cell set up at NIMH. 3 candidates were sponsored for employment by government and public sector undertakings.

### **6.6 National Open School**

NIMH provided information to 4 organizations regarding Special Accredited Institution for Education of Disadvantaged (SAIED) under National Open School.

### **6.7 Pulse Polio Immunization**

As part of the national intensive pulse polio programme, the staff of NIMH organized in the scheduled programme for immunizing children of 0-5 years, at its headquarters covering 1,407 children.

## Chapter - 7

### 7.0 EXTENSION AND OUT-REACH PROGRAMMES

#### 7.1 District Disability Rehabilitation Centres (DDRCs)

**The District Disability Rehabilitation Centre at Madurai being supported by the Institute won the "Best DDRC Award" presented by His Excellency Dr.A.P.J.Abdul Kalam, President of India, during 2002-03.**

The District Disability Rehabilitation centres have the following objectives:

- ▶ To manufacture and assemble aids and appliances, and to distribute them to the needy through ADIP scheme.
- ▶ To provide information services to the persons with disabilities.
- ▶ To undertake services, training programmes for personnel in the field of rehabilitation of the persons with disabilities and promote CBR mode of services.

Fitting the artificial limb to the disabled person

A camp of Aids and appliances distribution

### 7.1.2 Services provided at the Centre

Detailed assessment and evaluation of the needs of persons with disabilities in the following areas:

Distribution of aids and appliances

- Fabrication of Orthotic/Prosthetic aids
- Hearing evaluation & Hearing aids
- Speech - Language services
- Physiotherapy/Occupational Therapy Services
- Medical services, issue of disability certificates
- Special Education
- Vocational Training
- Counselling services

- ▶ Information on benefits under various schemes.
- ▶ Information on referral services wherever necessary.
- ▶ Manufacture, trial fitment, final fitment and training in the use of aids and appliances.

### 7.1.3 Details of new clients and follow-up visits seen and assistive devices distributed during the year in all DDRCs are shown in Table-III.

**TABLE-III**

### 7.1.4 Training programmes conducted in all DDRCs during the year 2002-03 are shown in Table-IV.

**TABLE-IV**  
**DETAILS OF TRAINING PROGRAMMES CONDUCTED DURING 2002-03**

Name of the Programme	No. of programmes	No. Of Beneficiaries
Grassroot level workers, Teachers and others	86	5282
Parent training programme	83	2513
Special programme for Persons with disabilities	86	5898
<b>Total</b>	<b>255</b>	<b>13,693</b>

Fitting of artificial limb in the camp

## 7.2 Camps

During the year under report, the Institute conducted 365 camps covering 44,483 persons with disabilities as given in Annexure-IV. These include the camps undertaken by NIMH, Regional Centres and DDRCs. The beneficiaries identified in the camps were provided with aids and appliances under ADIP Scheme of Ministry, wherever necessary.

## 7.3 Orientation programme for Anganwadi workers

During 2002-03, 32 orientation programmes for Anganwadi workers covering 2,681 beneficiaries were conducted to orient them in identifying the persons with disabilities and referring them to the screening camps for assessment and evaluation under ADIP Scheme.

## Chapter - 8

### 8.0 SERVICES

#### 8.1 General Services

The Institute undertakes assessment and evaluation covering case history taking, physical and medical examination, intellectual and developmental assessment, special educational assessment, therapeutic needs assessment, vocational assessment and basic biochemical screening and examination. A programme plan is made for home based training and demonstrations are given to the parents for carrying out the skill training or therapy programme for home management. 3,123 clients were seen at NIMH, Secunderabad and Regional Centres at New Delhi, Kolkata and Mumbai during the year 2002-03, as shown in Table-V.

**TABLE-V**  
**NEW CLIENTS SEEN DURING THE YEAR 2002-03**

Services	2001-02	2002-03

Resource room (Visual acuity)	-	756

## 8.2 Special Services

Special services are aimed at augmenting home based training by developing management plan for implementation. For the persons coming from outside, family cottage facility is made available. Wherever necessary, appropriate referrals are provided to the clients for obtaining services from the local institutions, while the periodic consultation at NIMH continues. The back up support to special services is provided through supply of folders, posters and books brought out by the Institute at nominal cost for information and guidance of parents and family members and organisation of parent training programmes at periodic intervals.

During the year 39,061 follow up clients were seen in the special services as against 33,112 clients during the last year as shown in Table VI.

**TABLE VI**

### 8.2.1 Medical Services

Clients with mental retardation with associated medical conditions such as epilepsy, hyperkinetic behaviour, upper respiratory tract infections, nutritional problems are provided with drugs and related medical advice. The Institute has in-house experts in paediatrics and psychiatry. Clients are referred to outside experts if necessary. Drugs are provided free of cost to the families with low income.

Demonstration of early intervention techniques to the parents

### 8.2.2 Early intervention

Infants and toddlers with suspected or at-risk of delayed development in the age group of 0-3 years are provided services of early intervention which constitute nearly one third of total number of clients seen in general services. These services are provided by a multi-disciplinary team of experts. The parents are given guidance regarding immunization, nutrition, feeding, sensory-motor development, speech and language development and psycho-social interventions.

### 8.2.3 Special education services

Children with mental retardation are assessed on current level of functioning in the various skill areas such as self-help skills, gross and fine motor skills, functional reading and writing skills, time, money and related cognitive skills. Parents are involved in all stages of assessment, planning of an individualised educational programme and implementation of the IEP. Learning aids and appliances as appropriate to Indian context are utilised. Computer assisted training modules are also utilised in needy clients to speed up the efficiency of the special education services.

Persons with mental retardation work in the garden

#### **8.2.4 Behaviour modification services**

Persons with mental retardation having problematic behaviours like disobedience, head banging, self-biting, self-injuring, excessive crying and other wide variety of problematic behaviours are taken up in this service. After making detailed assessment for finding out the frequency and severity of behaviour, functional analysis is made to find out the factors influencing such behaviours. Programme is developed and parents are given instructions on suitable interventions in the event of occurrence of the target behaviour. Follow up takes place at regular intervals to maintain the progress.

#### **8.2.5 Guidance and counselling services**

Apart from tackling misconceptions among the parents, guidance is given to understand the nature of mental retardation and the needs of the child at different stages of life. Parental expectations are worked out to promote harmonious development of the child in the family setting. Emotional problems of the parents are also addressed.

#### **8.2.6 Speech pathology and audiology**

Delayed development of speech and language is one of the features of mental retardation. Many children also present a variety of hearing defects. Those clients requiring services are taken up for detailed assessment. Speech and language intervention package is developed according to the individual needs of the child. Parents are guided to carry out intervention at home under the advice of the professionals.

#### **8.2.7 Physiotherapy**

Children with mental retardation develop motor skills such as, sitting and walking slower than normal children. About 15 percent of them also have cerebral palsy and other physical impairment. After detailed assessment, demonstration of therapeutic exercises for correcting posture and movement is given. Clients requiring assistive devices and appliances as also corrective surgery are referred to appropriate agencies.

#### **8.2.8 Multiple disability unit**

Children with mental retardation having additional problems such as hearing impairment, visual impairment and physical impairment are provided special attention in this service. Comprehensive services are provided by a team of multidisciplinary professionals.

#### **8.2.9 Genetic clinic**

Parents seeking expert advice regarding the probability of occurrence of genetic or birth defects in the future offspring are offered services of genetic counselling. Biochemical, chromosomal and cytogenetic investigations are obtained by referring the clients to collaborating institutions such as Institute of Genetics

and Centre for Cellular and Molecular Biology located at Hyderabad. A team of medical and genetic experts offer counselling services.

### **8.2.10 Vocational training**

Socio-economic rehabilitation of persons with mental retardation is promoted through the services of vocational training and job placement. Adults with mental retardation are placed in generic training initially and on-the-job training subsequently. On-the-job training varies from one client to the other depending upon the job opportunities available to the client in the locality where he lives. Long term support is provided to the client till he/she is able to carry on the job independently at the site where the job is located.

Person with mental retardation at goldsmithy work

### **8.2.11 Family cottage services**

The facility of family cottage is available for the families visiting NIMH from far-off places. They can stay for a period of one week and receive the professional services and training, such as skill training, individual family counselling, management of problem behaviours, speech-language therapy, medical advice, physiotherapy, recreational activities and other needed help. These cottages offer an excellent opportunity for parents to concentrate on the needs of the child away from their daily life routine.

### 8.2.12 Hydrotherapy services

Hydrotherapy is of unique advantage in treating persons with mental retardation particularly those suffering from joint pains, swellings, stiffness, muscle weakness, spasticity etc. The Institute has started providing hydrotherapy services to the persons with mental retardation having various physical problems.

### 8.2.13 Computer Assisted Instruction

In the past, software packages were developed for use by children with mental retardation through three different projects. Packages suitable for persons with mental retardation have also been procured from other agencies. Regular services are being offered to the persons registered at the Institute and the students of the special school by giving them access to the computer and suitable software. Minor adaptations on the mouse and key board and such other hardware peripherals were made to make it easy for the children to handle the computers.

### 8.2.14 Autism and Mental Retardation

It is estimated that 75% of persons with autism are mentally retarded. As the children with mental retardation and autism are found in schools for the persons with mental retardation it is essential that appropriate educational services are provided to them to achieve 'zero reject'. With this end in view

Children with artistic problems enjoying play

exclusive services for persons with autism and mental retardation were started. Specially trained teachers in autism and mental retardation provide one-to-one attention to these children. In addition, they are enrolled in special schools or regular schools, as the case may be, so as to give them the group experience also.

### **8.2.15 Mental Retardation and Sensory Impairment**

Children with mental retardation along with impairment in vision and/or hearing require special education in addition to the group training. As both the senses of vision and hearing are impaired in them, the training methods and materials require adaptations. Keeping this in view, exclusive services for such children were started. These children get one to one attention from the trained teachers in addition to their classroom experience. Environmental modifications were also made to meet their special needs.

### **8.2.16 Resource Room for Slow Learners**

A large number of students with borderline intelligence or mild mental retardation attend regular schools. However, they require additional support to cope with mainstream education which is not currently being provided in special schools. To bridge the gap, NIMH has started a resource room for slow learners where such children get additional support beyond their school hours. The resource room teacher also works in coordination with the regular class teacher so that there is a continuity in the training.

## **8.3 New services initiated during the year**

### **8.3.1 Workstations for vocational training of persons with mental retardation**

There are more than 1,000 organizations imparting special education to persons with mental retardation in the country. These organizations provide rehabilitation services to persons with mental retardation in the age range of 5-18 years. Post school programmes for vocational training are comparatively less in number. Among the few vocational training centres available, most offer shelter based training. As such, no prescribed norms are available for a systematic and regularized pattern for vocational training. To streamline the process of vocational training, NIMH initiated workstations to have a phase wise training programme for persons with mental retardation. After assessment of generic skills of the persons with mental retardation, a management plan will be made to stimulate the cognitive, motor and social functioning and they will be placed in different workstations. At the workstations, initially the persons with mental retardation will be given exposure to varied settings to develop work skills and provide training in various activities. After successful completion of training for a period of six months, the trainees will be placed in open/supported/self-supported/sheltered employment. Efforts will be made for identifying jobs and advising the parents to pursue the future placement.

### 8.3.2 Resource room for visual acuity of persons with mental retardation

The condition of mental retardation with visual disability is not very uncommon. But, the visual disability in persons with mental retardation poses difficulty in terms of assessment and management. As review of literature indicates that visual acuity of persons with mental retardation has not been paid adequate attention, it is felt that an accurate assessment of persons with mental retardation having visual disability will definitely help them reach their potentials. It is also important to be aware of their attitudes and their limitations due to this multiple disability. With this in view, a resource facility for visual acuity of persons with mental retardation was initiated for proper assessment of the degree of visual disability of persons with mental retardation so as to plan better management programmes.

### 8.3.3 Resource room for Open Basic Education coaching for NIOS examination

The National Institute of Open Schooling has started "Open Basic Education programme through distance education mode" in collaboration with accredited organizations throughout the country and conducted examinations at Primary and Upper Primary levels.

Many children with mild mental retardation and borderline intelligence do not have the right education facility as they do not fit in special school system and regular education. These children will benefit from the Open Basic Education programme of NIOS due to the simplified phased out system of learning in NIOS. This will also bridge the gap between special school and regular school systems.

With this in view, during 2002-03, the Institute started a resource room to train the children with borderline intelligence and mild mental retardation, who can appear for the Open Basic Education programme of NIOS and qualify themselves. During 2002-03, 13 students have been admitted and trained for the NIOS examination.

Shri Jannat Hussain, Principal Secretary, Govt. of A.P. inaugurating the Mobile services

### **8.3.4 Mobile service for persons with mental retardation in unreached areas of Hyderabad and Secunderabad**

The cases living in twin cities registered at NIMH are not regular in attending the follow up services either due to financial problems, or mobility problems. In addition, some persons with mental retardation are unable to avail the services as they are not aware of the facilities. To reach out such persons and provide services, the Institute initiated Mobile services for the follow up cases in and around twin cities of Hyderabad and Secunderabad. The Institute vehicle will go to different localities in the twin cities along with a special teacher to provide services to the persons with mental retardation living in that area. Coverage of persons with mental retardation of severe and profound categories will provide data for research purposes. The response to these services is encouraging and the Institute plans to extend the services to more areas.

### **8.3.5 "Manoranjanam" - Resource room for persons with profound mental retardation**

Although the service programmes for persons with mental retardation have been increased over years, a very few organizations are offering services to persons with profound mental retardation since they require more specialized services and professionals to train them. Another reason for inadequate services

Shri Jannat Hussain, Principal Secretary, Govt of AP interacting with the parents at the inauguration of "Manoranjanam"

for this category of persons with mental retardation is limitation on mobility and transport. This need arises as a majority of children with profound mental retardation suffer from physical disability and perhaps epilepsy apart from mental retardation. However, the research studies on education of children with profound mental retardation indicate that, given systematic training, the children with profound mental retardation are also capable of learning basic skills such as drinking, eating, toileting, communication that reduces the dependency on others to some extent. In view of this, the Institute started a service facility called "Manoranjanam" for training children with profound mental retardation during this year.

## Chapter - 9

### 9.0 DOCUMENTATION & DISSEMINATION

The Institute has got fully equipped resource centre with adequate collection of books and journals in the area of mental retardation and allied fields. The Institute supplies photocopies of journal articles, distributes NIMH publications, video cassettes and floppies, provides routine library services, preparation of reading lists and newspaper clippings and provides information services through the internet. The Institute publishes a quarterly newsletter - "Karavalmaban" and bi-monthly "Mentard bulletin" and distributes them to a large number of professionals, organisations, parents and other concerned with mental retardation. The Karavalmaban newsletter is also sent to Members of Parliament, all Universities, State Welfare Directorates and other Government Departments.

During the current year, the Institute distributed 15,160 of its publications to parents and professionals. 24 'select contents' issues were brought out; 263 newspaper clippings were added and 6 mentard bulletin issues were printed during the year. About 26,000 persons visited and utilized the Institute's library and 5,960 books were issued during the current year. 197 new books were added, 56,553 books were referred by the users, 850 E-mail transactions were made during the current year.

### 9.1 Public Awareness

The Institute continued to undertake public awareness programmes such as printing posters, publishing information materials, flip charts for grassroot workers to identify disabilities.

An awareness-cum-distribution camp organized in presence of Jagadguru Jayendra Saraswati, Shri K. Raja Raman, District Collector, Kanchipuram Dist., Tamilnadu and Shri Nanda Kumar, Member, Executive Council, NIMH

## 9.2 Exhibitions

### 9.2.1 Social Development Fair

The Institute participated in the Social Development Fair organized by ITPO at Pragati Maidan from 7<sup>th</sup> to 15<sup>th</sup> December, 2002. The Institute displayed the teaching learning material, teacher made aids, softwares, products of vocational section, daily living adaptations and publications developed by the Institute. Awareness material and educational folders were distributed free of cost to the visitors. On the spot assessment of children was made and guidance and counselling was provided to the parents.

### 9.2.2 Exhibition at Ujjain

On the occasion of annual day celebrations of DDRC, Ujjain an exhibition of centres and services for persons with disability in the country was organized on 27.12.2002, in which the Institute participated and displayed the teaching/learning material, teacher-made aids, softwares, products of vocational section, daily living adaptations and publications developed by the Institute.

Dr. Satyanarayan Jatiya, Union Minister for Social Justice and Empowerment watching the Posters developed by DDRC, Ujjain

### 9.2.3 ACCESS 2003

ACCESS 2003 - An exhibition on assistive devices, teaching kits and non-handicapping environment for persons with disabilities was held at Guwahati from 9-12 February, 2003, in which NIMH displayed the publication and teaching learning material brought out by the Institute. The exhibition was inaugurated by Dr.Satyanarayan Jatiya, Hon'ble Minister for Social Justice and Empowerment.

Smt. Rajwant Sandhu, Joint Secretary, Ministry of Social Justice and Empowerment observing the stall of NIMH

#### **9.2.4 Exhibition at the Annual Conference of Indian Psychiatry Society**

An exhibition of teaching aids, clothing adaptations, daily living skills kit, activity flow charts, adaptive devices and publications of NIMH was conducted during the Annual Conference of Indian Psychiatric Society held at Hyderabad from 9<sup>th</sup> to 12<sup>th</sup> January, 2003.

#### **9.2.5 Exhibition at Pratibondhi Kalyan Mela**

The Institute participated in the Pratibondhi Kalyan Mela organized by Nadia Zila Pratibondhi Kalyan Samithi at Krishna Nagar, Nadia District, West Bengal during 21-23 February, 2003 and exhibited the teaching learning material, softwares, products of vocational section, daily living adaptations and publications developed by the Institute.

#### **9.2.6 DISA 2003**

The Institute participated in DISA 2003 organized by Department of Social Welfare, Government of West Bengal at Nimtri, East Midnapur District, West Bengal from 24<sup>th</sup> February to 1<sup>st</sup> March, 2003. The teaching learning material, softwares, products of vocational section, daily living adaptations and publications developed by the Institute were displayed during the exhibition.

### **9.3 Educational visits**

During the year, 1,680 students and others visited the Institute. They were oriented on rehabilitation of the persons with mental retardation. The visitors included students of B.Ed. (Sp.Edn.), P.G.Diploma in Early Childhood Education, DVTE (MR), General Nursing, M.Sc. (Home science), PGDDR, BPT, DSE (MR), BSW/MSW, health supervisors, medical doctors, psychologists, CBR workers, MRWs, regular school teachers and Government officials.

## Chapter - 10

### 10.0 SPECIAL EDUCATION CENTRE

The special education centre serves as a model and demonstrative laboratory. 100 children attended the school regularly during the year 2002-03. They participated in the following events.

Children in lunch session

Participating in cooking activities

Gardening skills

- State level Special Olympics held from 21-23 April, 2002.
- Summer camp to promote special interest talents from 13<sup>th</sup> to 31<sup>st</sup> May, 2002.
- IV National Special Olympics Basket Ball competition held at Pondicherry.
- National Games held at Delhi.
- District level sports competitions.
- Drawing competitions organized by Salar Jung Museum.
- National level special Olympics football tournament held at Cochin.
- Roller skating competition held at Bangalore.
- Inter Institutional Sports Meet organized by Jaycees Club and THPI on 25.03.2003.
- The school children also witnessed the dog show organized by Commando-Pedigree at Medchal on 03.12.2002.
- Visited Bhopal on educational tour during 24-28 February, 2003.

A total of 3,585 students attended the group activity offered in the school.

## Chapter - 11

### 11.0 MODEL SCHOOL FOR MENTALLY DEFICIENT CHILDREN, NEW DELHI

The number of children on the rolls was 101 of whom 38 were hostellers and 63 were non-residential students. During the year, 668 children were provided guidance and referral services

During the year, the following training programmes were conducted by MSMDC:

Target group	No.of participants
Siblings	20
Community level workers	30
Teachers	16
Parents	125
Balwadi teachers	15
Orientation programme to students	55

The students of MSMDC participated in the following programmes.

- ▶ Cultural function put up by "Impressario India".
- ▶ Painting competition organized by VSAI.
- ▶ Health run held on World Health Day ie., 07.04.2002.
- ▶ Workshop on Animation film making conducted by Leo Arts.
- ▶ Workshop on dance and drama conducted by VSAI.
- ▶ Special Olympics torch run organized by Special Olympics Bharat.
- ▶ National Games 2002.
- ▶ Painting competition organized by YMCS.
- ▶ Toy making competition organized by Uncle Babjie's organization.

### 12.0 COMPOSITE REGIONAL CENTRE, BHOPAL

#### 12.1 Following are the objectives of CRC:

- Human Resource Development
- Delivery of rehabilitation services
- Research and development
- Documentation and dissemination
- Consultancy and network with other organizations

Presently the centre is housed in four temporary sheds having 7,500 sq.ft. of area with three play areas namely, sensory park, children play park and simulated village park. The centre which was established in November, 2000 is offering the following services at present:

- Special Education Assessment (MR)
- Individualized Education Programme
- Group Therapy
- Vocational Assessment And Guidance
- Psychological Assessment
- Behaviour Modification
- Parent Counselling
- Special Education And Orientation Of Mobility Training
- Speech Therapy And Hearing Assessment
- Occupational Therapy, ADL Training
- Physiotherapy
- Distribution Of Assistive Devices

The Union Minister for Social Justice & Empowerment, Dr.Satyanarayan Jatiya visited CRC, Bhopal and distributed assistive devices to needy persons with disability at CRC. An exhibition was organized on the occasion.

### 13.0 REGIONAL REHABILITATION CENTRE FOR SPINAL INJURIES, JABALPUR

The Regional Rehabilitation Centre for Spinal Injuries is an autonomous body of the State Government and funded by the Government of India. Presently, the RRC is under the control of Zilla Viklang Kalyan tatha Vikas Samiti with the District Collector, Jabalpur as ex-officio President of the Samiti.

**During the year 2002-03, the services provided by the centre are as under :**

Spine Patients Admitted	202
Operative Spine cases	41
Physiotherapy services	133
Out patients	340

The construction of permanent buildings was completed and the centre was shifted to permanent buildings where it is presently functioning

## Chapter - 14

### 14.0 VISITS

#### 14.1 Committee on Papers Laid on the Table of Rajya Sabha

The Committee on Papers laid on the table of Rajya Sabha headed by Dr. Alladi Raj Kumar visited Hyderabad during 6-7 January, 2003. As per the schedule, the time slot for NIMH was given on 7<sup>th</sup> January, 2003. The Director of the Institute made a presentation on the activities and achievements of the Institute. The committee enquired about the delay on laying of Annual Report on the Table of Rajya Sabha for the years 1998-99 to 2000-01. Shri C.S. Mohapatra, Director (NI) who attended the meeting clarified the reasons for delay.

#### 14.2 Hon'ble Minister for Social Justice and Empowerment, Government of India

Dr. Satyanarayan Jatiya, Union Minister for Social Justice and Empowerment, Government of India visited the Institute on 14<sup>th</sup> January, 2003. The Director of the Institute made a presentation on the activities

and achievements of the Institute. After the presentation, the Minister had a brief discussion with the faculty members of the Institute. He witnessed the programmes and services offered by the Institute and distributed flowers to the children.

Union Minister planting a sapling during his visit

### 14.3 Secretary, Ministry of Social Justice and Empowerment, Government of India

Shri C.Gopal Reddy, Secretary to Government of India, Ministry of Social Justice and Empowerment visited the Institute on 6<sup>th</sup> June, 2002. During his visit, he has gone to each Department and interacted with the Faculty and also met the parents. The Secretary desired that NIMH should:

- ▶ Rise to National stature like AIIMS, NIMHANS, etc.
- ▶ Enhance interaction with State Governments.
- ▶ Create extensive awareness about the Institute so that people across the country access the services.
- ▶ Increase networking with international bodies.

Shri C. Gopal Reddy, Secretary, Ministry of Social Justice and Empowerment interacting with faculty members

#### **14.4 Chairperson, Advisory Committee on Disabilities, Ministry of Social Justice and Empowerment, Government of India**

Shri M.C.Nahata, Chairperson, Advisory Committee on Disabilities, Ministry of Social Justice and Empowerment visited the Institute during 13-15 May, 2002. During the visit, he was shown various activities of the Institute and discussed the programmes undertaken by the Institute.

#### **14.5 Chairman, Satyam Committee on NGOs of Ministry of Social Justice and Empowerment, Government of India**

Shri Satyam, Chairman of Advisory Committee constituted by the Ministry of Social Justice and Empowerment to discuss the streamlining of Grant-in-Aid schemes being operated by the Ministry of Social Justice and Empowerment, visited NIMH on 27<sup>th</sup> March, 2003. The following meetings were conducted during his visit.

- ▶ Meeting with the Minister for Disabled Welfare, Principal Secretary, Commissioner and other officials of Government of Andhra Pradesh.
- ▶ Meeting with the representatives of NGOs, where a total of 139 NGO representatives attended the meeting.

## Chapter - 15

### 15.0 ADMINISTRATION

#### 15.1 Staff Strength and Implementation of Reservation Policy

The revised post based rosters as per Govt. of India, Ministry of Personnel & Training, Dept. of Personnel, Public Grievances and Pension contained in O.M. No.36012/2/96-Estt.(Res.) dated 2.7.1997 was adopted and followed.

As on 31<sup>st</sup> March, 2003 the total number of posts and reservation made is given under:

Group	Sanctioned Strength	No.of posts Filled			
		TOTAL	SC (%)	ST (%)	OBC (%)
<b>NIMH &amp; RCs</b>					
A	26	24	5 (20.83)	1 (4.16)	4(16.66)

B	1	1	0	0	0
C	24	23	4 (17.39)	1 (4.34)	2 (8.69)
D	15	7	7 (100)	0	0
<b>Total</b>	<b>41</b>	<b>32</b>	<b>11 (34.38)</b>	<b>1 (3.12)</b>	<b>2 (6.25)</b>

#### 15.2 Implementation of O.L. act

During 2002-03, the correspondence in Hindi to Region A and B was increased and an appreciation letter from the Ministry has been received. Following activities were undertaken in the area of Official Language.

- ▶ Eight officers have successfully completed Prabodh/Praveen/Pragya Examination.
- ▶ One typist was trained in Hindi typewriting (Computer).

- ▶ All the documents as per Section 3(3) of the O.L. Act were issued both in Hindi and English.
- ▶ Letters received in Hindi were replied to in Hindi.
- ▶ All the question papers of various examinations conducted by the Institute were set in bilingual mode and the candidates were given the option to write answers in Hindi also.
- ▶ Flip charts on childhood disabilities, awareness posters, calendar of teaching and training programmes, Institute's information brochure, list of publications of the Institute and the books titled (1) Preparation of stimulation material and (2) Curriculum for vocational training were translated and printed in Hindi.
- ▶ Hindi fortnight was celebrated during 1<sup>st</sup> to 15<sup>th</sup> September, 2002. Karvalamban Newsletter continued to carry one article in Hindi.
- ▶ The Official Language Implementation Committee met four times during the year.

### **15.3 Construction of building**

The permanent building for MSMDC was proposed to be constructed at Noida Sector-40. The designs prepared by the CPWD were approved by the competent authority.

Construction of the new buildings of CRC, Bhopal was taken up at Kajurikala Road, Near SOS Village, Bhopal. The construction of the boundary wall at the new site was completed. The construction of the main buildings would be started shortly by the CPWD. The design, drawings and the estimates were prepared by CPWD and were under scrutiny by the competent authority.

The construction of Phase II works for combined building of AYJNIHH and NIMH Regional Centres at Kolkata were in progress. In this phase staff quarters and hostel were constructed.

### **15.4 Activities and achievements of vigilance unit**

The rate contracts for printing, security, horticulture, cleaning, electrical and plumbing operation, repairing of vehicles and procurement of drugs were continued during the year under report. Stock verification of all the departments and regional centres including MSMDC were carried out for the year ending March, 2003. The quarterly, half yearly and annual returns of vigilance cases were sent to various vigilance authorities as per Government directions.

### **15.5 Council meetings**

Four meetings of the Executive Council were held on 17.04.2002, 14.06.2002, 23.09.2002 and 21.01.2003.

The Annual General Meeting of the General Council was held on 27.09.2002. The annual report and audit report for the year 2001-02 were approved by the General Council along with the annual plan for the year 2003-04 and budget estimates 2003-04.

As per the recommendation of the Academic Committee, an Ethics Committee was formed with the approval of the competent authority and the first meeting of the Ethics Committee was held on 21<sup>st</sup> October, 2002. This cleared the projects taken up by the Institute from the ethical point of view.

The Academic Committee meeting was held on 14 December, 2002. The Committee reviewed the progress of the ongoing projects and cleared the new projects proposed.

The performance of the Institute was reviewed by the Advisory Committee on Disabilities, Ministry of Social Justice and Empowerment held at IPH, New Delhi on 19.06.2002.

### **15.6 Institute accounts**

During the year under report, the Institute received an amount of 1096 lakhs from the Government of India, Ministry of Social Justice & Empowerment, New Delhi as grants-in-aid. There was an opening balance of Rs. 135.12 lakhs and an amount of Rs. 42.56 lakhs was generated through internal resources in addition to Rs. 228.87 lakhs received from other sources. All these amounts totalling Rs. 1502.55 lakhs as receipts were credited to the Institute's Savings Bank account in Public Sector Banks.

Out of the amount of Rs. 1502.55 lakhs, a sum of Rs. 1422.05 lakhs was spent during the year under report on Plan programmes and activities.

The receipts and payments account for the year 2002-03, income and expenditure account for the year 2002-03 and the balance sheet at the end of March 31, 2003 of the Institute along with the audit certificate are attached to this annual report.

## AUDIT CERTIFICATE

I have examined the Receipts and Payments Account, Income and Expenditure Accounts for the year ended 31 March, 2003 and the Balance Sheet as on 31 March, 2003 of National Institute for the Mentally Handicapped, Secunderabad. I have obtained all the information and explanations that I have required and subject to the observations in the appended Audit Report, I certify, as a result of my audit, that in my opinion these accounts and Balance Sheet are properly drawn up so as to exhibit a true and fair view of the state of affairs of the National Institute for the Mentally Handicapped, Secunderabad according to the best of information and explanations given to me and as shown by the books of the Organization.

### Audit Report on the accounts of National Institute for the Mentally Handicapped, Secunderabad for the year 2002-03

#### 1. INTRODUCTION

National Institute for the Mentally Handicapped, Secunderabad, was established in the year 1984 as a registered Society. The organization has three regional centres at Mumbai, Kolkata and New Delhi, a Model School for the Mentally Deficient Children at New Delhi.

1.1 The aims and objectives of the Institute are:

- (i) to conduct, sponsor, coordinate or subsidise research into all aspects of the education and rehabilitation of the mentally handicapped;
- (ii) to undertake, sponsor, coordinate or subsidise research into biomedical engineering leading to effective evaluation of aids or suitable surgical or medical procedures or the development of new aids;
- (iii) to undertake or sponsor the training of trainees and teachers, employment of officers, psychologists, vocational counsellors and such other personnel as may be deemed necessary by the Institute for promoting the education, training or rehabilitation of the mentally handicapped; and
- (iv) to distribute or promote or subsidise the manufacture of prototypes and distribution of any or all aids designed to promote any aspects of the education, rehabilitation of therapy of the mentally handicapped.

1.2 Audit of the accounts of the organization has been entrusted to the Comptroller and Auditor General of India, for a period of 5 years, from 1999-2000 to 2003-2004 under Section 20(1) of the Comptroller and Auditor General's (Duties, Powers and Conditions of Service) Act, 1971.

## 2 FINANCIAL POSITION

During the year 2002-2003, the institute received grants-in-aid of Rs.1098.44 lakh (Plan: Rs: 540.00 lakh, Non-plan: Rs.231.00 lakh, for specific purpose - Assistance to Disabled and Impaired Persons scheme: Rs. 325.00 lakh and Rs. 2.44 lakh under Science and Technology project) from Government of India; Rs. 68.94 lakh from Ali Yavar Jung National Institute for the Hearing Handicapped; and Rs.1.00 lakh from World Health Organization.

## 3. COMMENTS ON ACCOUNTS

### Revision of Accounts

The Institute revised its accounts in the light of audit observations made during the course of audit. The impact of the revision, as also mentioned vide resolution of the Executive Council dated 05.06.2003, has been that the excess of expenditure over income (Rs.54.53 lakh) has been reduced to Rs.13.39 lakh.

## 4. General

- (i) The accounts of the Institute were not compiled in the common format for Central Autonomous Bodies. The Institute stated (May 2003) that the format is awaited from Ministry of Social Justice and Empowerment.
- (ii) The Institute released a grant of Rs. 113.00 lakh received from Government of India for the Madhya Pradesh State Government programme to be implemented by Regional Rehabilitation Centre, Jabalpur (RRC). Though the statement of accounts of the RRC, Jabalpur certified by the Chartered Accountant for the year 2002-03, were submitted the correctness or otherwise of the Receipts and Payments, Income and Expenditure, and Balance Sheet could not be checked due to non-production of supporting records. The Institute stated that it has no role to play in maintenance of accounts of the RRC, Jabalpur.
- (iii) Physical Verification of the Assets for the year ended 31.03.2003 is stated to be in progress, hence the correctness or otherwise of the value of Assets as exhibited in the Accounts could not be ensured in Audit.

### RESEARCH PROJECTS COMPLETED

#### Up to 2000-01 ( during the past 17 years )

- A model of services for pre-school handicapped children in rural areas - US Funded.
- Early Intervention to IUGR children at-risk for developmental delay - US Funded.
- Development of material for creation of awareness in the parents of mentally handicapped persons and in the community - UNICEF funded.
- Development of training materials for workers in rural areas - UNICEF funded.
- Screening of pre-school children for early identification of mentally handicapped - UNICEF funded.
