

10. I know how to search for hidden objects.

12. I can point to body parts like hands, eyes, tummy.

14. I can discriminate size and match objects by colours, shapes and sizes.

11. I can follow simple commands, requests like "please give me ball" etc.

13. I am learning how certain objects are meant to be used such as a broom, comb etc.

Your child is trying to solve simple problems by using trial and error. So provide him toys objects to enrich his learning experiences.

See my participation and exploration

12-18 Month :

Now that my first birthday is over, see how i am trying to do things on my own!

I also participate along with my family members.

1. I am learning simple ways of using objects and toys and can use trial and error to solve simple problems.

2. I am learning to do things for myself, so i am interested in knowing how things work.

3. I become upset when I can't see my mother near me while at play.

4. I like to pull things, pick them up and play with them, so as to solve simple problems, like opening the bottle lids.

5. I like to go in and out of the house and watch things, that catch my attention.

6. I like to imitate small actions like coughing, sneezing, nose-blowing, eating etc.

7. I can react to expressions shown by my parents. I start crying when mother looks at me angrily.

8. I am happy when I achieve something while at play.

9. I like to play with other children of my age.
