Member (Law)

Date of Hearing: November 05, 2024

Date of Order: November 05, 2024

ORDER

Heard the Petitioner and Respondents in the matter.

During the hearing, on being enquired by the Commission about the status of the construction of 132 kV switching station alongwith associated 132 kV line proposed for releasing total contracted load of 12000 kVA, Respondent No. 2 namely PTCUL could not

make submission to the satisfaction of the Commission with respect to cost estimates, time line, layout of the proposed scheme etc. Taking a serious view, the Commission feels that Respondent No. 2 namely PTCUL or for that matter any licensee should submit a comprehensive reply not only to interim connection arrangement but also on the final connection arrangement which is planned for releasing load to the consumer.

Based on the above, PTCUL is directed to make a written submission/reply with the supporting documents before the Commission within 15 days of this Order. While making the submission, PTCUL shall submit relevant facts and figures in chronological order along with the supporting documents of each event.

Ordered accordingly.
