Regional Review Meeting of

Central Sector Scheme

Digital India Land Records Programme

(DILRMP)

Date:06.09.2024   **Time :10.00AM**

Venue: Bengaluru

DEPARTMENT OF SURVEY AND SETTLEMENT,

GOVERNMENT OF TAMIL NADU

INDEX

Current status in Tamil Nadu with respect to the desired goals in respect of land records in Rural areas

S. No	Desired Goals	Current Status	Action plan for completion
1	Sub-division of all land parcels as per current ownership	▪ Scheme for Updation of Registry (UDR) was introduced in the year 1982 and land records were updated. ▪ Since then, as and when transactions take place and landowners apply for patta transfer, land records were updated. ▪ Computerized manuscript rural land records were brought online during the years 2014 to 2016. Since then, land records are mutated only through completely online workflow.	Land owners will be intimated to apply online for updation of their Records of Rights(RoR). The updation drive will be implemented intensively in the next one year.

Current status in Tamil Nadu with respect to the desired goals in respect of land records in Rural areas

S. No	Desired Goals	Current Status	Action plan for completion
2	Re-Survey and upgradation of RoRs and Cadastral Maps	In Progress	1) Resurvey using modern survey equipment viz., Differential Global Positioning System (DGPS) and Electronic total Stations (ETS) is in progress in 3 districts, viz. Kanniyakumari, Nilgiris and Krishnagiri will be expedited and completed in 2 years time. 2) Resurvey in 12 districts using Hybrid Technology (Drone and DGPS) which has been approved by DoLR will be taken up in the year 2025 and it will be completed in 3 years time. 3) After completing Resurvey, RoRs will be updated. 4) DoLR, GoI has been requested to revise the admissible rate for Resurvey as Rs.56,725/- per Sq.Km.

Current status in Tamil Nadu with respect to the desired goals in respect of land records in Rural areas(contd...)

S. No	Desired Goals	Current Status	Action plan for completion
3	Geo-referencing of all cadastral maps	Achieved (under 'Agristack' Project)	Digital Azmoish (Digital Crop Survey) is being done in Tamil Nadu to enumerate crops cultivated in Agricultural land by using the geo-referenced cadastral maps.
4	ULPIN (Bhu-Aadhaar) assignment	In progress	1) ULPIN has been generated on pilot basis for 57 villages of Hosur Taluk of Krishnagiri District, where Resurvey is completed 2) ULPIN will be assigned to all land parcels which have been geo-referenced under 'Agristack project'.
5	Registry process completely online and paperless	Achieved	-
6	Integration of Registration System with Land Records	Achieved	-

Current status in Tamil Nadu with respect to the desired goals

in respect of land records in Rural areas(contd...)

S. No	Desired Goals	Current Status	Action plan for completion
7	All legacy registries online and searchable by citizens	Achieved	-
8	Computerization of balance RoRs and Cadastral Maps	Achieved	-
9	Integration of all RoRs with Cadastral Maps	In Progress	1) Achieved in 2 Districts viz, Ariyalur and Thiruvannamalai. 2) This will be implemented in all remaining districts before 31.03.2025.
10	Availability of digitally signed RoRs online	Achieved	-

Current status in Tamil Nadu with respect to the desired goals in respect of land records in Rural areas (Contd...)

S. No	Desired Goals	Current Status	Action plan for completion
11	Consent based Aadhaar seeding and authentication in the RoRs	In progress	1) Aadhaar seeding software is ready. Seeding will be commenced in October 2024 and it will be completed in 1 year time.
12	Completely Online and Paperless Revenue Court Case Management System (RCCMS)	In progress	1) Software for e-RCMS has been developed . 2) It will be implemented in all districts before 31.03.2025.
13	Integration of RCCMS with Land Records	In progress	

Pilot Project on Digitisation of Land Records in Urban Areas

- Based on the guidelines of GoI, the following Ten Towns / Cities have been proposed for the pilot Implementation of Digitization of Urban Records.

S. No	Name of the Town/City [&District]	Population	Area (in Sq Km)	Criteria as the guidelines of GoI's letter dated 09.08.2024	Type of the city [as per GoI Letter No. 21014/04/2024 – LRD (e-3013932) dated 27.06.2024 received from the Department of Land Resources, Ministry of Rural Development, Government of India]
1	Maraimalainagar [Chengalpattu]	1,10,592	58.08	Category B (Population: From 1 Lakh to less than 2 Lakh)	b. Newly developed planned city with peri-urban areas
2	Kanchipuram [Kanchipuram]	2,89,484	36.14	Category A (Population: (2 Lakh and above)	a. Typical old city expanding horizontally

Pilot Project on Digitisation of Land Records in Urban Areas (Contd…)

S. No	Name of the Town/City [&District]	Population	Area (in Sq Km)	Criteria as the guidelines of GoI's letter dated 09.08.2024	Type of the city [as per GoI Letter No. 21014/04/2024 – LRD (e-3013932) dated 27.06.2024 received from the Department of Land Resources, Ministry of Rural Development, Government of India]
3	Tiruvannamalai [Tiruvannamalai]	1,65,025	13.64	Category B (Population: From 1 Lakh to less than 2 Lakh)	a. Typical old city expanding horizontally
4	Ariyalur [Ariyalur]	31,729	7.62	Category D (Population: (Less than 50,000)	a. Typical old city expanding horizontally
5	Thanjavur [Thanjavur]	2,45,795	36.31	Category A (Population: (2 Lakh and above)	a. Typical old city expanding horizontally
6	Dindigul [Dindigul]	2,26,924	14.01	Category A (Population: (2 Lakh and above)	a. Typical old city expanding horizontally

Pilot Project on Digitisation of Land Records in Urban Areas (Contd…)

S. No	Name of the Town/City [&District]	Population	Area (in Sq Km)	Criteria as the guidelines of GoI's letter dated 09.08.2024	Type of the city [as per GoI Letter No. 21014/04/2024 – LRD (e-3013932) dated 27.06.2024 received from the Department of Land Resources, Ministry of Rural Development, Government of India]
7	Karaikudi [Sivagangai]	1,22,714	13.75	Category B (Population: From 1 Lakh to less than 2 Lakh)	a. Typical old city expanding horizontally
8	Kovilpatti [Tuticorin]	1,07,050	6.48	Category B (Population: From 1 Lakh to less than 2 Lakh)	a. Typical old city expanding horizontally
9	Hosur [Krishnagiri]	3,16,151	72.41	Category A (Population: 2 Lakh and above)	c. City growing vertically at a rapid pace
10	Coimbatore [Coimbatore]	23,37,303	105.60	Category A (Population: 2 Lakh and above)	c. City growing vertically at a rapid pace

Special Assistance to States for Capital Investment 2024-25

Current status in respect of the Modernization and Digitization of Rural Land Records with reference to Milestones (vide Part-VIIA of the GoI's guidelines)

S. No	Milestone to be achieved to receive incentive	Admissible Incentive (Rs. in Crore)	Current Status in Tamil Nadu	Action Plan & Timeline for achieving the Milestone
1.	**Milestone -1 (Sub-Division / Survey/ Re-survey)** **(i) Sub-Division of all Land Parcels as per Current Ownership**: This involves sub-dividing land parcels to reflect current spatial ownership, past mutations and ensuring that land records accurately represent actual possession and use, and simultaneous updating of the Records of Rights (RoRs).	**1000.00** (For 3 sub-components. For partial achievement, a proportionate incentive amount will be provided.)	▪ Scheme for Updation of Registry (UDR) was introduced in the year 1982 and land records were updated. ▪ Since then, as and when transactions take place and landowners apply for patta transfer, land records were updated. ▪ Computerized manuscript rural land records were brought online during the years 2014 to 2016. Since then, land records are mutated only through completely online workflow.	▪ Online land records, by and large, reflect the actual ground reality. Special drive for updation will be taken up to fill the gap.

Special Assistance to States for Capital Investment 2024-25

Current status in respect of the Modernization and Digitization of Rural Land Records with reference to Milestones (vide Part-VIIA of the GoI's guidelines) – Contd.

S. No	Milestone to be achieved to receive incentive	Admissible Incentive (Rs. in Crore)	Current Status in Tamil Nadu	Action Plan & Timeline for achieving the Milestone
1. (contd)	**Milestone -1 (contd.)** **(ii) Re-Survey and Upgradation of RoRs and Cadastral Maps:** Re-surveying using various technologies and updating existing cadastral maps and RoRs to ensure that these are accurate, up-to-date, and geospatially enabled, reflecting the current state of land ownership and use.	**1000.00** (For 3 sub-components. For partial achievement, a proportionate incentive amount will be provided.)	▪ Resurvey using DGPS over CORS is in progress in Kanniyakumari, Krishnagiri and the Niligiris districts under the Central Sector Scheme Digital India Land Records Modernization Programme(DILRMP) . ▪ The Hon'ble Minister for Finance has announced in the Budget Session in the year 2021 that Resurvey using Modern Survey equipment will be taken up in the entire State.	▪ Under DILRMP, the DoLR of Government of India has approved a proposal for conducting Resurvey using Hybrid Technology (DGPS + UAV(drone) in 12 districts, viz. Ranipet, Thiruvallur, Chengalpattu, Kancheepuram, Thanjavur, Coimbatore, Tiruppur, Trichy, Karur, Pudukottai, Cuddalore and Perambalur, at a cost estimate of Rs. 125.96 Crore. ▪ The timeline for completing the Hybrid Survey in 12 districts will be 3-5 years.

Special Assistance to States for Capital Investment 2024-25

Current status in respect of the Modernization and Digitization of Rural Land Records with reference to Milestones (vide Part-VIIA of the GoI's guidelines) – Contd.

S. No	Milestone to be achieved to receive incentive	Admissible Incentive (Rs. in Crore)	Current Status in Tamil Nadu	Action Plan & Timeline for achieving the Milestone
1. (contd)	**Milestone -1 (contd.)** **(iii) Survey of Non-Cadastral Areas**: Conducting surveys in areas not previously mapped or where cadastral maps are destroyed, to ensure comprehensive land documentation.	**1000.00** (For 3 sub-components. For partial achievement, a proportionate incentive amount will be provided.)	Achieved. (There is no unsurveyed area in the State)	Achieved.
	Incentive Payment: Full incentive amount be payable to a State upon making the entire State's land records as reflected in maps and RoRs upto date using either of the methods mentioned in the milestone. For partial achievement, a proportionate incentive amount will be provided.		Incentive can be claimed for having computerised and bringing all types of land records online.	Once detailed guidelines are issued by the DoLR, GoI, proposal will be sent to Government of India for claiming admissible portion of incentives.

Special Assistance to States for Capital Investment 2024-25

Current status in respect of the Modernization and Digitization of Rural Land Records with reference to Milestones (vide Part-VIIA of the GoI's guidelines) – Contd.

S. No	Milestone to be achieved to receive incentive	Admissible Incentive (Rs. in Crore)	Current Status in Tamil Nadu	Action Plan & Timeline for achieving the Milestone
2.	**Milestone – 2** **(Unique Land Parcel Identification Number (Bhu-Aadhar) and (i) Assignment and Geo-referencing of All Land Parcels)** **(i) Geo-referencing of All Cadastral Maps**: Assigning geographic coordinates to all cadastral maps to enable precise identification and location of land parcels.	**100.00** (For 2 sub-components.)	• All village maps (16721) have been geo-referenced under the 'Agristack ' project of Agriculture department. • All Field Measurement sketches have been digitized using 'Collabland' software and geo-referenced for Digital Crop Survey.	• Achieved. • Proportionate incentive: **Rs. 50.00 Crore** may be released.

Special Assistance to States for Capital Investment 2024-25

Current status in respect of the Modernization and Digitization of Rural Land Records with reference to Milestones (vide Part-VIIA of the GoI's guidelines) – Contd.

S. No	Milestone to be achieved to receive incentive	Admissible Incentive (Rs. in Crore)	Current Status in Tamil Nadu	Action Plan & Timeline for achieving the Milestone
2. (contd)	**Milestone -2 (contd.)** **(ii) ULPIN (Bhu-Aadhar) Assignment for All Land Parcels**: Assigning a Unique Land Parcel Identification Number (ULPIN), also known as Bhu-Aadhar, to each land parcel, creating a standardized and unique identifier for land records, which would be extremely helpful in ensuring inter-operability between various GIS/MIS systems, Geo-referencing may be used for ULPIN assignment.	**100.00** (For 2 sub-components.)	▪ ULPIN generation is in progress in 3 districts where Resurvey is in progress.	▪ ULPIN generation will be carried out using currently available geo-referenced maps for Digital Crop Survey. ▪ It will be completed before 31.03.2025

Special Assistance to States for Capital Investment 2024-25

Current status in respect of the Modernization and Digitization of Rural Land Records

with reference to Milestones (vide Part-VIIA of the GoI's guidelines) – Contd.

S. No	Milestone to be achieved to receive incentive	Admissible Incentive (Rs. in Crore)	Current Status in Tamil Nadu	Action Plan & Timeline for achieving the Milestone
3.	**Milestone – 3 (Land Registry and Inter-linkage with Other Systems)** (i) **Registry Process Completely Online and Paperless**: Transforming the land registry process into a fully digital and paperless system, making it more efficient and accessible.	**200.00** (For sub-components (i) and (ii)) 100.00	• All types of land records have been computerised and brought online using Web-based Tamil Nilam software with completely online workflow. • Land registry processing is a fully digital and paperless system, more efficient and accessible to all.	• Achieved. • Proportionate incentive:**Rs.100.00 Crore** may be released for Milestone-3 (i) & 3(ii) together.

Special Assistance to States for Capital Investment 2024-25

Current status in respect of the Modernization and Digitization of Rural Land Records

with reference to Milestones (vide Part-VIIA of the GoI's guidelines) – Contd.

S. No	Milestone to be achieved to receive incentive	Admissible Incentive (Rs. in Crore)	Current Status in Tamil Nadu	Action Plan & Timeline for achieving the Milestone
3. (contd)	**Milestone – 3 (contd.)** **(ii) Integration of Registration System with Land Records**: Integrating the land registration system with the broader land records system to ensure seamless updating and synchronization of data across platforms including auto-mutation triggers.	100.00	• Web-based software of Registration Department and Web-based Tamil Nilam have been integrated in the year 2018 itself. • As soon as registrations of land properties are completed, the registration details are sent through online mode to Web-based Tamil Nilam software to commence the online processing for mutation of land records. • Automatic Mutation is being implemented from the year 2021 for transactions which do not require creation of subdivision of the lands.	▪ Achieved. ▪ Proportionate incentive:**Rs.100.00 Crore** may be released for Milestone-3(i) and 3(ii) together.

Special Assistance to States for Capital Investment 2024-25

Current status in respect of the Modernization and Digitization of Rural Land Records with reference to Milestones (vide Part-VIIA of the GoI's guidelines) – Contd.

S. No	Milestone to be achieved to receive incentive	Admissible Incentive (Rs. in Crore)	Current Status in Tamil Nadu	Action Plan & Timeline for achieving the Milestone
3. (contd)	**Milestone – 3 (contd.)** **(iii) All Legacy Registries Online and Searchable by Citizens**: Digitizing all legacy land registries and making them available online, allowing officials and citizens to easily search and access historical land records.	100.00	▪ Encumbrance details of Registration are already available online.	▪ Encumbrance details since 1908 are online with search facility. ▪ Hence, incentive of **Rs.100.00 Crore** may be released.

Special Assistance to States for Capital Investment 2024-25

** The balance amount will be utilized towards internet charges and other permissible expenditures.

Status of Urban Land Records

- In Tamil Nadu for survey of Urban Lands, a different methodology is used (compared with survey methodology used for Rural lands).

- The Urban Land records are more accurate than the Rural Land records.

- Each land parcel has been assigned a separate Town Survey Number (TS No).

- A Town consists of Wards within which Blocks are created and the blocks comprised of Town Survey Numbers (individual land parcels).

- All 21 corporations and 89 out of 140 Municipalities have been surveyed and land records have been created.
