## PREFACE TO REPRINTED EDITION

The District Gazetteer is a miniature encyclopaedia and a good guide. It describes all important aspects and features of the district; historical, physical, social, economic and cultural. Officials, and other persons desirous of acquainting themselves with the salient features of the district would find a study of the Gazetteer rewarding. It is of immense use for research scholars.

The old gazetteers of the State published in the British regime contained very valuable information, which was not wholly reproduced in the revised volume. These gazetteers have gone out of stock and are not easily available. There is a demand for these volumes by research scholars and educationists. As such, the scheme of reprinting of old gazetteers was taken on the initiative of the Hon'ble Chief Minister of Haryana.

The Hissar District Gazetteer of 1915 was brought out in the first series of the gazetteers under the aegis of the British Government. It was drafted by P.J. Fagan, ICS and revised by C.A.H. Townsend, ICS.

The Volume is the reprinted edition of the Hissar District Gazetteer of 1915. This is the second in the series of reprinted gazetteers of Haryana. Every care has been taken in maintaining the complete originality of the old gazetteer while reprinting. I extend my appreciation to Sh. A.K. Jain, Editor, Gazetteers and Sh. J.S. Nayyar, Assistant, who have handled the work with efficiency and care in the reprinting of this volume.

I am very thankful to the Controller, Printing and Stationery, Haryana and his staff in the press for expeditiously completing the work of reprinting.

## PREFACE TO REPRINTED EDITION

The Dialect Gazetteer is a valuable ethnographic and a good language. It describes the important aspects and features of the dialect, linguistic, social, economic and cultural. Otherwise, no other person deserves to be associated with the series' success of the dialect. Many find a study of the Gazetteer rewarding. It is of interest to the reader who is studying the British colonies.

The old Gazetteer of the State published in the British colonies contained very valuable information which was not widely known and in its revised form. This Gazetteer gave place to the social and political changes and developments. There is a demand for these volumes by researchers and scholars. As such, the author of the old Gazetteer and his colleagues and associates have done a great service to the people of the British colonies. He has done a great service to the people of the British colonies.

The Hissar-Delhi Gazetteer of 1912 was printed out in the first series of the Gazetteer under the care of the British Government. It was edited by P.T. Fisher, H.C. and revised by C.W. Townend, F.C.S.
