STATEMENT B.

Detailed Statement of Pattidári Jágirs, Ambála District.

NOTE.—(1). In some of these *jágirs* the villages are scattered through two or more tahsils, but for convenience the *jágir* is classified under one head according to the tahsil in which the principal share lies.

(2). The distribution of villages as wholly or partly *jágir* is only approximately accurate. If calculated strictly, the number of partly *jágir*, i. e. shared, villages would be rather larger than as shown in this statement.
