1. INTRODUCTION

Different Departments of the Government have constituted different committees for fixation of reserve/ market rate of land for various purposes. In this regard, the Urban Local Bodies Department have constituted a committee comprising of Divisional Commissioner; Deputy Commissioner; Commissioner, Municipal Corporation concerned; Special Secretary; Joint Commissioner and District Town Planner concerned in respect of Municipal Corporations other than Faridabad and Gurugram. Similarly, the said Department has constituted a committee for Municipal Corporation Faridabad comprising of Divisional Commissioner, Faridabad; Deputy Commissioner Faridabad; Commissioner Municipal Corporation Faridabad and Chief Town Planner Faridabad. In addition, the said Department, has constituted a committee for Municipal Corporation Gurugram, comprising of Divisional Commissioner, Gurugram; Deputy Commissioner Gurugram; Commissioner Municipal Commissioner Gurugram, Joint Secretary of the Department and Chief Town Planner. Other Departments might have constituted similar committees for the valuation of market rate of land and there is every likelihood that different yardsticks by different committees might have been adopted in the matter. Consequently, this gives rise to multiplicity of legal complications. Therefore, there is a need to provide a policy for fixation of market rate of land in the State for all the Departments of the Government, Boards, Corporations, Panchayati Raj Institutions & Urban Local Bodies.

2. SHORT TITLE

This Policy may be called the Policy for Fixation of Market Rate of land in the State for All the Departments of the Government, Boards, Corporations, Panchayati Raj Institutions & Urban Local Bodies.

3. Objectives

One of the objectives of the policy is that in the absence of crystal clear guidelines, many Departments of the Government including their entities have been experiencing difficulties in transferring their unutilized lands of minor nature including its abandoned paths etc. to the private bodies, being situated in between their lands and is thus, a stumbling block in the fast development of their projects, besides, affecting the revenue of the State to a considerable extent. More to it, there is encroachment or authorized/unauthorized possession over such lands/immovable properties

resulting in unfruitful litigation under the different relevant statutes viz. the Punjab Village Common Lands (Regulations) Act, 1961 (Punjab Act No.18 of 1961);the Haryana Public Premises and Land (Eviction And Rent Recovery) Act, 1972 (Act No. 24 Of 1972) and other relevant statutes including Rules framed thereunder, besides, involvement of human resources without any tangible results.
