MINISTRY OF SCIENCE & TECHNOLOGY  
NEW DELHI**

## PREFACE

Since independence, a strong Science & Technology infrastructure has been established in the country. This covers a chain of national laboratories, specialized research centres, various R&D and academic institutions, research and training centre and others. Various policy measures and structures have also been evolved from time to time to meet the changing industrial and technological requirement of the country.

The Department of Scientific and Industrial Research (DSIR) is the nodal government department for granting recognition to in-house R&D units established by corporate companies and non-commercial Scientific & Industrial Research Organizations (SIROs) and registration to Public Funded Research Institutions (PFRIs), Universities, IITs, IISc, Regional Engineering Collages (RECs) other than Hospitals.

Government of India announced rationalization of Customs Duty Exemption vide Notification No. 51/96-Customs Dated 23.07.1996 to public funded Institutions and others. As per the notification, a PFRI or a university or an IIT or IISc, Bangalore or a REC other than a hospital should obtain registration certificate from DSIR, for purposes of availing customs duty exemption on imports for research purposes. Vide notification No. 10/97-Central Excise dt. 01.03.1997, these institutions have also been allowed to avail central excise duty exemption on domestic purchases for research purposes. The items covered under these notifications are scientific & technical instruments, equipments (including computers); accessories & spare parts and consumables; computer software, Compact Disc-Read Only Memory (CD-ROM), recorded magnetic tapes, microfilms, microfiches and prototypes, exclusively for research purposes only.

Vide Notification No.28/2003 dt.01.03.2003; Ministry of Finance has amended the Notification No.51/96-Customs dt.23.7.1996. As per the amendment, Departments & Laboratories of Central Government & State Governments (other than a hospital) do not need to get registered with DSIR for availing customs duty exemption on imports for research purposes. The head of the institution can issue a certificate of essentiality of the imports for research purposes. Accordingly, institutions falling in the above categories have been advised by DSIR that they do not need to submit applications for registration and renewal of registration, in future. However, for availing Excise Duty Exemption on domestic purchases for research purposes, these institutions may obtain registration from DSIR.

Registration to the PFRIs/Universities etc. is granted after the approval of Secretary, DSIR based on the recommendation of the Screening Committee. The registration is normally considered for a maximum period of 5 years. A directory of registered Public Funded Research Institutions was earlier brought out in 2004. Thereafter, a number of institutions have been registered and some have been lapsed. The present directory covers 559 institutions with their names and addresses, DSIR registration numbers & period of validity of the registration.

The main purpose of bringing out this directory is to provide a reference source to various industries, Government Departments, Customs and Excise Department, non commercial R&D institutions and others who may like to take the opportunity of initiating interaction with the institutions in various disciplines of scientific and/or industrial research. Although, due care has been taken to correctly indicate the period of registration in the directory, in case of any anomaly, actual registration letters should be referred to.

The efforts put by DSIR officers comprising of Shri Kuldip Rai, Scientist "F" and Shri S.K. Bhatnagar, Scientist "C" in bringing out this publication are acknowledged with appreciation.

**November 2007**  
**New Delhi**

**Shri R.R. Abhyankar**  
**Scientist-'G' & Head (RDI)**  
**Department of Scientific & Industrial Research (DSIR)**
